A NEW VOLUME

OF THE

Saturday Chronicle.

INCREASED ATTRACTION,

WE are gratified in being able to annonnce to our numerous readers that we are making arrangements for commencing our new vo-lume under the most favorable auspices. The con-stantly increasing patronage of the Chronicle is well calculated to produce corresponding efforts on the part of the publishers, and it is therefore that we are determined to spare neither pains nor expense in the determination to render this family newspaper at least equal, if not superior to any similar publica-tion in this country. The fourth volume will com-mence on the 18th of May ensuing, and for that day we have already secured contributions from several of the ablest writers in the country. In evidence of this we can promise the following sriicles. A powerfully written tale, of Domestic Life, by Robert Morris, editor of the Penn-ylvaniaInquirer

A Poem by Miss Mary Emily Jackson.

A Humorous Sketch, by Edgar A. Poe, Esq. late editor of the Southern Literary Messenger. A Humorous Poem, by L. I. Wilmer, Esq.
An Essay by John Du Solle, Esq. editor of the Spirit of the Times.

A Poem, by Willis G. Clarke, Esq. editor of the Philadelphia Gazette.

And also articles by Mrs. Lydia Jane Pierson, J. R. Hart, Esq. John Clarke, Esq. Chas. West Thomson, Esq. Dr. Alexander C. Draper, and others where reducible aid her beauty and for the control of the contr whose valuable aid has been secured for the next

But it is not alone in the original department that for elegant and interesting extracts from European periodicals, and the works of popular English writers, have been greatly enlarged. We are now in the receipt of most of the leading London, Edinburgh and Paris periodicals, and from time to time shall avail ourselves of their contents, as they may seem calculated to amuse or instruct.

In addition to these features, the new volume will contain a variety of interesting wood cut in-gravings, as well as all the most fashionable ballade melodies and congs, set to music, so that the " gen tier" portion of our renders may feel assured of obtaining through this medium every thing that possomes interest or merit in the musical world.

Our object in short throughout our future course will be to increase the cisims and merit, and thus enhance the reputation of our journal-diligent from weak to week to cull out every thing calculated to entertain or inform, and at the same time careful to exclude every thing calculated to offend providty and virrue, or to weaken or insult the moral tone of the thousands of families to whose tastes, curiosity and amusement it is our business as well as our pleasure to administer.

Our list is already large-but our expenses are by no means inconsiderable, and while the former shall continue to increase, through the kindness and partiality of our friends, we shall not heritate in relation to the latter. It is the object of our amnition to render the Saturday Chronicle just such a public, journal as the mother may delight in commemiling to her daughter, the father to the son, and

the philanthropist to the community at large.

R. LEIDY'S MEDICATED EXTRACT OF SARSAPARILLA, having become so servedly popular, on account of its superior strength to any other preparation of Sarsaparilla inexistence, it is thought unnecessary to make much comment upon its virtues. Suffice it to say, one bottle of the above contains treics as much of the active principles of Sarsaparilla and other ingredients, as any extract in existeene, in the same quantity, and is equal to one gallon of Syrup of Sarza-parilla, for making which druggists and others pur-chase the above properation. Caution.—Persons should be particularly careful in getting a preparation that may be relied upon; there being many in existence, not properly prepared, unfit for use, and almost ment; possessed of no

Innumerable attempts have been made to accomplish this important object, but all failed. It is imstant, because the Sarsaparilla, as a medicine, in all diseases to which mankind is subject is productive of more real good, than the whole catalogue of medicine in use.

Ask all respectable physicians the question,— What is the most effectual purifier of the blood, and the most popular medicine used?" they will answer unanimously, Sarsaparilla. What better recommendation can be asked?

DR. LEIDY'S SARSAPARILLA OR BLOOD PILLS, Price, Twenty-five Cents a Box.

They must surely command a preference, for they re not composed of Sareaparilla alone, but contain in a concentrated state, in the form of a pill, the virtues of the principal ingredients contained in the compound fluid, extracts, syrups, and other preparations of Sarsaparilla.

They are highly recommended by numerous physicians, and others, (see directions around each bot-(le) in
