

**SEVEN REASONS WHY  
DR. LEIDY'S**

**SARSAPARILLA BLOOD PILLS.**

SHOULD receive a preference over all Pills now in existence:

First—Because they are composed of Vegetable extracts, free from mineral, and may be taken at all times with perfect safety by young and old, without restraint from occupation, temperate living, or fear of taking cold.

Second—Because they are composed of such medicinal extracts, as have been employed by all the most celebrated and respectable Physicians for more than a century past, in purifying the Blood and Animal fluid of the body.

Third—Because they may be employed as a mild or active purgative, according to the quantity taken, and their operation will not be attended with griping of the bowels, sickness at the stomach, prostration of the system, &c., as are produced by other pills.

Fourth—Because they possess a combined action, not possessed by any other pills, mixture or preparation whatever. Their first effect is in correcting all impurities with which the blood and fluids of the body may be affected, and by their gently operative effect, removing such impurities from the system.

Fifth—Because they are the terror of Quacks and Impostors, for most persons are obliged to take the SARSAPARILLA BLOOD PILLS, after taking their vile and destructive nostrums, to counteract and prevent their mischievous and baneful effects.

Sixth—Because they are the only pills in which Physicians have sufficient confidence to recommend to their patients, and employ in their practice, as they know they are Anti Quack, Anti Mercenary, Anti Billious as well as a good and safe purgative and purifier of the Blood and Animal Fluids.

Seventh and last—But not the least important, because they are prepared by a regular Apothecary and Physician, attested by Drs. Physic, Horner, Chapman, Dewees, James, Gibson, Jackson, Cox, Hare, &c., &c., which alone is sufficient to entitle them to great confidence.

Certificates and Recommendations from Physicians and others accompany the directions around each box.

COMMUNICATION.—How few they are that happen to be afflicted with Coughs or Colds pay attention to them. How many thousands from such neglect shorten their days, and hasten their final dissolution. Parents neglect them in their children, and thus form the foundation for Consumption, and hundreds of parents annually follow their own children to the grave, having died from some affection of the Breat and Lungs, which were neglected in their first stages.

Coughs and Colds, whether existing among young or old, ought at all times be attended to early, and not suffered to continue any length of time, for the Lungs once affected, disease soon makes rapid strides, ending in the most fatal of all diseases, namely Consumption.

Dr. BECHTER'S PULMONARY PRESERVATIVE for Coughs, Colds, Catarrhs, Influenzas, Shortness of Breath, Whooping Cough, Pain in the Breast or Side, all affections of the Breast and Lungs, and arrest of approaching Consumption, is the most popular medicine used throughout all Germany—is becoming equally popular in the United States, and has established for itself a reputation not possessed by any other medicine for the same class of diseases. (See certificates and recommendations from Parents, Physicians, and others, accompanying the directions.) It is a preparation perfectly safe and harmless, pleasant to the taste, and may be given to the youngest infant. It is warranted free from mercury and the minerals, and is a preparation of a regular Apothecary and Physician, attested by Drs. Physic, Chapman, Gibson, Jackson, Horner, Dewees, Cox, James, &c., a circumstance alone sufficient to induce a trial of it.

Dr. N. B. Leidy, Proprietor of the above medicine, confidently recommends it to all, and assures all most positively that it is an invaluable medicine, and would not himself recommend it, but for its known efficacy.

"The life of the flesh is in the blood," so saith the scriptures.—Leviticus c. xvii. v. ii.

DR. LEIDY'S BLOOD PILLS.—What better than scripture testimony can we have of the life of the flesh depending upon the condition of the blood? If impure or diseased, the flesh must of course be diseased thereby, and the whole system partake of such disease. If the doctrine be true, and there is not a doubt of it (for it is a fact accorded to by all, that the scriptures, are true beyond a doubt,) then it behooves us to guard against the consequences of such impurities, and thus preserve the flesh healthy. If the flesh be healthy, constituting as it does the principal portion of the human body, then must the whole body be healthy.

In vegetables only can we find the medicine whereby all impurities of the blood may be removed.—Upwards of one hundred years experience of the most celebrated, the wisest and best physicians have proved certain vegetables to possess purifying properties. These vegetables will not here be named, and Dr. Leidy wishes to remunerate himself, and profit by the long, laborious, and costly experiments necessary to be made, that the active principles of these vegetables might be extracted and reduced to such form as makes them easy, safe and pleasant to be taken.

These vegetables are contained in the justly celebrated Blood Pills, manufactured only by Dr. N. Leidy, a regular Druggist and Physician, attested by Drs. Physic, Chapman, Jackson, Horner, Gibson, Dewees, James, Hare, Cox, &c.

The above Pills may be employed as a mild or active purgative. Their action is easy, and may be employed by all persons under all circumstances.—They will at all times be found serviceable, when the least sickness is present. They require no change of diet, restraint from occupation, or fear of taking cold from their use. They are daily prescribed by numerous physicians; certificates of the fact accompany the directions. They are the most effective purifier of the blood and other fluids of the human body ever discovered. Persons having once used, will ever after, as occasion may acquire, have recourse to them.

**PROSPECTUS  
For publishing a new paper in the borough  
of Harrisburg, entitled the  
State Capitol Gazette.**

By HOSBROOK, HENLOCK & BRATTON,

THE Subscribers propose to publish a newspaper in the borough of Harrisburg, with the title of the "State Capitol Gazette." The Gazette will be devoted to the support and advancement of democratic principles, based upon the political and philosophical truths of universal equality of right; and the sovereignty of the people's will designated by the voice of the majority—That all civil government and law emanate from the people, exist only by their assent or permission, and that they have an inalienable right to remodel, alter or abolish either at their pleasure, whenever they may deem it necessary for their welfare and happiness, and that every thing which tends to weaken or subvert those principles, goes directly to sap the foundation of our republican institutions, and should be checked with a prompt hand and vigorous energy.

"Measures and not men," shall ever be the rule by which the political course of the Gazette will be governed. We shall never quarrel with our political brethren about the individual whom the majority may fairly select, to carry out any measures consistent with our democratic principles. In his honest—his capable, and will he obey the voice of his constituents, shall be the leading enquiries as to the qualifications of a candidate for office. If capable, honest and willing to acknowledge the supreme will of the majority, every individual in society shall have an equal claim on us for our countenance and support. We abhor all fiction and combination of individual interest to accomplish individual purposes. Every thing of that sort, shall receive from us a most hearty and decided opposition. Honesty, economy and strict accountability in all public functionaries, and their disbursements of the public moneys, shall be freely examined and fully discussed.

The Gazette will sustain the administration of the General Government, upon the principles pursued by its present patriotic and enlightened chief magistrate—Martin Van Buren, and will cheerfully lend its support to his re-election, to complete his measure of two terms of office, in accordance with the uniform practice exercised towards his republican predecessors. In discussing national policy, we shall advocate at all times every measure tending to strengthen the bonds of the common Union, and to promote the peace, security and happiness of the whole, so far as it can be done without compromising any rights that may belong to an individual state as a separate and independent sovereignty.

The Gazette will also support the administration of our worthy Executive of Pennsylvania—Governor Porter, and its editors will ever cherish the principles which triumphed in his election, and which through all the deperate and dangerous machinations put in requisition to defeat his inauguration, by a reckless and abandoned party, established in the executive chair, as the landmark of our republican safety and happiness. It shall also be the study of the editors to promote the best interest of our vast chain of internal improvements, and urging to a speedy completion all the links necessary to secure its immense connection, and to turn it to lasting and profitable use.

Our foreign relations shall be attended to, and the public seasonably advised of every transaction abroad, calculated to affect their political interests, or awaken in private life a spirit of enquiry and research in the various fields of philosophy, mechanics or literature.

The Gazette will be printed on a fine double medium sheet, and new type, and every attention bestowed to render its mechanically execution perfect. The first number of the Gazette will appear on or about the thirteenth of June. Persons holding the proposals will be punctual to return the same by the thirteenth of May. Letters by mail, post paid will receive prompt attention.
