WOOD, WOOD.

The printer wants a load of wood, and if some of his friends would furnish him with one, they would oblige him much.

It will be remembered that Saturday, the 31st inst, is the day for choosing delegates to the county convention, between the hours of 3 and 6 in the afternoon.

RECYCLOPED HOUSE We are requested to announce the name of PETER KLINE, of Roaringcreek, as

a candidate for REGISTER AND RE-CORDER.

Mr. Webb. I wish to present the name of DANIEL SNYDER,

as a Candidate for the Legislature. He is too well known throughout the county, as a firm, decided, undeviating Democrat and Anti-Bank man, and as a friend to the farmer and mechanic, to need any eulogy from me, to procure him a handsome support. FISHINGCREEK.

Please announce through your paper the name of

JACOB EYRELY,

as a suitable person to fill the office of PROTHONOTARY of Columbia county, and oblige a HEMLOCKER.

Mr. Webb.

Be so good as to bring before the public the name of THOMAS A. FUNSTON,

of Madison, a Democrat of the old school. as a candidate for the office of Treasurer of

Columbia county, and confer a favor on a VOTER OF BRIERCREEK. Mr. Webb.

I wish to present to the Electors of Columbia county,

JOHN DIETRICK.

of Monteur, as a candidate for COMMIS-SIONER. As that section of the county is entitled to a Commissioner, and as Mr. Districk is a decided friend of 'equal rights, I have no hesitation in saying that I believe he will receive the support of the Democratie party. A DEMOCRAT.

As I wish to have an efficient AUDIT-OR from the upper section of the county, please mention the name of

JAMES DEWITT,

of Greenwood, as a suitable person for that office, and oblige a MT. PLEASANT DEMOCRAT.

State Loan.-We understand no offer was made for the loan of two millions and filly-four thousand dollars, authorized by act of the legislature, receivable this day, and for the purpose of earrying on the works anthorized by the internal improvement late of last session. This will be bad news for the public creditor, and will show him that no dependence can be placed on our trolled by a " MONSTER !!"

THE LETTING.

On Thursday last, we attended the letting at Berwick. A large number of contractors were present, and all appeared very Lehigh and Susquehanna Railroad. anxious to procure work. A more gentlemenly, intelligent and business set of men we have seldom met. We understood that the biddings were almost unumerable notwithstanding the most of the work is to be completed during the coming winter. We were happy to see two of the Canal Commissioners, Messrs. Packer and Hubley, present, which gave confidence to the bidders that the work would be fairly allotted.

THE REBEL CASES.

The conspiracy cases came up for trial at Harrisburg, last week, upon an indictment sent to the court by the grand Jury. Upon application of the defendants, the court quashed the indictment, upon the grounds that the grand jury had been illegally impannelled, or in other words, that they had been packed by the Anti-masonic commissioners of Dauphin county, expressly for the purposes of this case.

A Large Haul,-We learn from the Philadelphia papers, that the officers of the customs have seized British goods to the value of several hundred thousand dollars, which have been either smuggled into this country in violation of the revenue laws, or entered by false invoices. Those guilty of this breach, and for which they will be made to pay smartly, are said to be foreign importers. The goods, it appears, were entered at New, York, and brought on from there to Philadelphia for sale.

HORRIBLE TRAGEDY.

The malady of madness is more entitled to human sympathy than any other affliction from nature, and yet it received lessit requires more care asd watching than any other disease, and yet it too often receives less. A shocking tragedy resulting from aberration of intellect, has just occured. A Mrs. Barnard, a pious women, member of the church at Andover, Mass. and wife of a respectable farmer, was attacked with a fit of inscuity on Tuesday, seized one of her own children, a boy of ten years old, and nearly severed his head from the body; stabbed another, and then pursued knife in hand, a women who rescued the children and fied with them to the road, where she stabbed another woman who came up in several places; when she was at length secured.

A family of eight persons, residing near Charleston, Va. were near losing their lives in consequence of a negro girl mixing arsenic with the coffee. By the application of suitable remedies they were all saved. North American.

Mr. Huntly, the father of Mrs. Sigourney died last week in Hartford, Conn. He was a very aged, and a very excellent man; the pious and most excellent and worthy father of a pious and most excellent daughter. He was nearly ninety years old.

General Jackson .- The Nashville Union of the 12th inst, anounces the arrival of the venerable ex-President at that place, on his road to the Tryce Springs. He was ac-

companied by the Attorney General, Mr.

More of the last Hornet Sloop of War. The Galveston Gazette of 2d instant conmins this note, found in a bottle, corked and scaled, and all coverd with barnacles, on Point Bolivar, by a Mr. Dunman, who lives there. The MS, has been forward to Washington with an expectation that the hand-writing might possibly be identified. On board sloop Hornet, U. S.

31 August, 1829 We are all lost-a tremendous gale has foundred the vessel off Galveston Island, about sixty or seventy miles distant.

Another Wurlike Demonstration .- The American Steamboat St. Lawrence had three muskets fired upon her by a British armed scooner, as she was passing down the St. Lawrence near Brookville. A cannon was also got out for the purpose of being used, but the steamboat got out of its reach. The cause of this aggression was that the captain refused to hoist his colours when ordered to do so by the schooner. Capt. Landon, commander of the British naval forces on the Lakes, expressed his regret at the transaction to Capt. Whitney, who was despatched to investigate it, and said he would send immediately for the officer commanding the schooner and investigate the subject, and make such other explanation as the case would admit of.

Strongly Marked .- A couple of hard looking customers set upon the steps of Tammany, the other day, conversing about the recognition of friends in a future state. One says to the other, "Do you suppose you would know me in another world!

"I know you, Tom! I'd know ye if I were to see ye in the Texas of eternityjust by that old straw hat of your'n."

THE RESURRECTION, OR PERSIAN PILLS

SUPERIOR TO THE HYGEAN, BRANDETH'S, EVAN'S INDIAN PURGATIVE, the MATCHESS (priced) SASATIVE, or any other pills or compound before the public, as certified to by Physicians and others. Let none condemn them until they have tried

them, and then we are certain they will not.

It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-eminently the best and most efficacious Family Medi cine that has yet been used in America. If every family could become acquainted with their Sovereign power over disease, they would keep them and be prepared with a sure remedy to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place deendence upon.

The Resurrection, or Persian Pills.

The name of these pills orginated from the circumstance of the medicine being found only in the cemetaries of Persia. This vegetable production being of a peculiar kind, led to experiments as to its medicinal qualities and virtues. In half a century it became an established medicine for the discases of that country. The extract of this singular production was introduced into some parts of Europe in the year 1783, and used by many celebrated Physicians in curing certain diseases, where all other medicine has been used in vain. Early in the year 1792, the extract was combined with a certain regetable medicine imported from Dura Baca, in the East Indies, and formed into Pills. The admirable effect of this compound upon the human system, led physicans and families into its general use. Their long established character their univer-sal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their re-putation and general use in the American Repub-

CERTIFICATES.

I certify that I have, by way of experiment, used the Hygean, and most of the sarious kinds of Pills in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Persain Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, a an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

TO MOTHERS.

Messrs. E. Chase & Co .- Gents .- Hearing much said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of them. My wife was at that time the mother of five children, and had suffered the most tedious and excruciating pains during and after her confinement of each. She had tried every means and taken much medicine, but found little or no relief. commenced taking the Persian Pills about three months before her confinement (her health being very poor about this length of time previous) and in a ort time she was enabled by their use to attend to the cares of a mother to her family until her confinement. At the time she commenced taking the Persian Pills, and for several weeks previous, she was afflicted with a d y hard cough, and frequent severe cramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All those that have taken them in our neighborhood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the danger of other dangers setting in after confinement, where these Pills are taken.--We unitedly say,let none neglect taking them, for they are in the reach of the poor as well as the rich-We are truly thankful that there is a remetly which females can easily procure which tends to lessen the world of suffering, which many of them have to bear, and perhaps save the lives of thousands which would

ROCHESTER, Sept. 24, 1836. Messrs. E. Chase & Co.

I think it my duty to let you know what a great cure your Pills have performed on me—I had been sick about 7 years-about 2 years and a half confined to my bed. I had been given over as incurable, with Consumption, by twelve physicians of the first standing; my lungs were seriously affected; I had 3 ulcors gather and break; my cough was dry and harsh most of the time; my liver was much swollen, and my stumach very dyspeptic. I had chills, fever, and night sweat, accompanied with extreme initableness of the nervous system, and other difficulties which I forbear to mention. After I was given over. I tried almost all medicines which were advertised, but to no advantage, until I tried your Vegetable Persian Pills. I began to gain in a short time after I commenced taking them; and, to be brief, before I took 3 boxes, I was able to ride out and to take considerable exercise, and at this time I enjoy good health, and am able to do good day's work. If any one wishes a more particular history of my suffer-ings, he may call on me, at the corner of Main and Clinton-streets, Rechester.
