

THE RESURRECTION, OR PERSIAN PILLS.

SUPERIOR TO THE HYGEAN, BRANDETH'S, EVAN'S, SINDIAN P-P-SITIVE, THE MATCHLESS (PRICED) SENSITIVE, OR ANY OTHER PILLS OR COMPOUND BEFORE THE PUBLIC, AS CERTIFIED TO BY PHYSICIANS AND OTHERS.

Let none condemn them until they have tried them, and then we are certain they will not.

It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-eminently the best and most efficacious Family Medicine that has yet been used in America. If every family could become acquainted with their Sovereign power over disease, they would keep them and be prepared with a sure remedy to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place dependence upon.

The Resurrection, or Persian Pills.

The name of these pills originated from the circumstance of the medicine being found only in the countries of Persia. This vegetable production being of a peculiar kind, led to experiments as to its medicinal qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this singular production was introduced into some parts of Europe in the year 1783, and used by many celebrated Physicians in curing certain diseases, where all other medicine has been used in vain. Early in the year 1792, the extract was combined with a certain vegetable medicine imported from Dura Baga, in the East Indies, and formed into Pills. The admirable effect of this compound upon the human system, led physicians and families into its general use. Their long established character their universal and healing virtues, the demulcent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Republics.

CERTIFICATES.

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Persian Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, as an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

CHARLES BACKUS, M. D.
Rochester, N. Y. Sept. 21, 1837.

TO MOTHERS.

Messrs. E. Chase & Co.—Gents.—Hearing much said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of them. My wife was at that time the mother of five children, and had suffered the most tedious and excruciating pains during and after her confinement of each. She had tried every means and taken much medicine, but found little or no relief. She commenced taking the Persian Pills about three months before her confinement (her health being very poor about this length of time previous) and in a short time she was enabled by their use to attend to the care of a mother to her family until her confinement. At the time she commenced taking the Persian Pills, and for several weeks previous, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All those that have taken them in our neighborhood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the danger of other dangers setting in after confinement, where these Pills are taken.—We suitably say let none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which females can easily procure which tends to lessen the world of suffering, which many of them have to bear, and perhaps save the lives of thousands which would otherwise be lost.

Rochester, May 14, 1838; corner of Callianian square, Edinburg street; for further particulars see subscribers.

S. ROBERTS,
AND O. ROBERTS.

ROCHESTER, Sept. 24, 1836.

Messrs. E. Chase & Co.
I think it my duty to let you know what a great cure your Pills have performed on me—I had been sick about 7 years—about 2 years and a half confined to my bed. I had been given over as incurable, with Consumption, by twelve physicians of the first standing; my lungs were seriously affected; I had 3 ulcers gather and break; my cough was dry and harsh most of the time; my liver was much swollen, and my stomach very dyspeptic. I had chills, fever, and night sweats, accompanied with extreme irritability of the nervous system, and other difficulties which I forbear to mention. After I was given over, I tried almost all medicines which were advertised, but to no advantage, until I tried your Vegetable Persian Pills. I began to gain in a short time after I commenced taking them; and, to be brief, before I took 3 boxes, I was able to ride out and to take considerable exercise, and at this time I enjoy good health, and am able to do good day's work. If any one wishes a more particular history of my sufferings, he may call on me, at the corner of Main and Clinton-streets, Rochester.

RUBY ADAMS.

FIVE CENTS.—The undersigned hereby certify, that we are the Parents of two children who have been afflicted with fits more or less from their infancy, and that we have spared no pains or expense in endeavoring to effect a cure, but without any beneficial effect, until hearing of the Resurrection or Persian Pills, when four boxes were immediately procured, and before three boxes were taken, the fits had abated in frequency, and every symptom much improved, and now we are happy to state that our children by the use of the Persian Pills, with the blessing of God, are entirely cured, and have no symptom or appearance of fits, will find in the Persian Pills a sure and perfect cure.

JOHN & MARTHA JOHNSON.
Canton N. Y. Dec. 10, 1837.

The above pills may be had of the following agents—John Moyer, Bloomsburg; H. Miller, Berwick; J. Cooper & Sons, Hazleton; C. Hartman, Piquette; John Shopp, Catawissa; Lyman Shultz, Danville.

Eva Taylor, agent for the State of Pennsylvania, residing at Rochester, N. Y., to whom all orders may be addressed.

SEVEN REASONS WHY

DR. LEIDY'S

SARSAPARILLA BLOOD PILLS.

SHOULD receive a preference over all Pills now in existence:

First—Because they are composed of Vegetable extracts, free from mineral; and may be taken at all times with perfect safety by young and old, without restraint from occupation, temperate living, or fear of taking cold.

Second—Because they are composed of such medicinal extracts, as have been employed by all the most celebrated and respectable Physicians for more than a century past, in purifying the Blood and Animal fluid of the body.

Third—Because they may be employed as a mild or active purgative, according to the quantity taken, and their operation will not be attended with griping of the bowels, sickness at the stomach, prostration of the system, &c., as are produced by other pills.

Fourth—Because they possess a combined action, not possessed by any other pills, mixture or preparation whatever. Their first effect is in correcting all impurities with which the blood and fluids of the body may be affected, and by their gently operative effect, removing such impurities from the system.

Fifth—Because they are the terror of Quacks and Impostors, for most persons are obliged to take the Sarsaparilla Blood Pills, after taking their vile and destructive nostrums, to counteract and prevent their mischievous and baneful effects.

Sixth—Because they are the only pills in which Physicians have sufficient confidence to recommend to their patients, and employ in their practice, as they know they are Anti Quack, Anti Mercenary, Anti Bilious as well as a good and safe purgative and purifier of the Blood and Animal Fluids.

Seventh and last—But not the least important, because they are prepared by a regular Apothecary and Physician, attested by Drs. Physic, Horner, Chapman, Dewees, James, Gibson, Jackson, Cox, Hare, &c., &c., which alone is sufficient to entitle them to great confidence.

Certificates and Recommendations from Physicians and others accompany the directions around each box.

Price Twenty Five Cents a Box.

COMMUNICATION.—How few they are that happen to be afflicted with Coughs or Colds pay attention to them. How many thousands from such neglect shorten their days, and hasten their final dissolution. Parents neglect them in their children, and thus form the foundation for Consumption, and hundreds of parents annually follow their own children to the grave, having died from some affections of the Breast and Lungs, which were neglected in their first stages.

Coughs and Colds, whether existing among young or old, ought at all times to be attended to early, and not suffered to continue any length of time, for the Lungs once affected, disease soon makes rapid strides, ending in the most fatal of all diseases, namely Consumption.

DR. BECHTER'S PULMONARY PRESERVATIVE FOR Coughs, Colds, Catarrhs, Influenza, Shortness of Breath, Whooping Cough, Pain in the Breast or Side, all affections of the Breast and Lungs, and arrest of approaching Consumption, is the most popular medicine used throughout all Germany—is becoming equally popular in the United States, and has established for itself a reputation never possessed by any other medicine for the same class of diseases. (See certificates and recommendations from Parents, Physicians, and others, accompanying the directions.) It is a preparation perfectly safe and harmless, pleasant to the taste, and may be given to the youngest infant. It is warranted free from mercury and the minerals, and is a preparation of a regular Apothecary and Physician, attested by Drs. Physic, Chapman, Gibson, Jackson, Horner, Dewees, Cox, Hare, James, &c. a circumstance alone sufficient to induce a trial of it.

Dr. N. B. Leidy, Proprietor of the above medicine, confidently recommends it to all, and assures all most positively that it is an invaluable medicine and would not himself recommend it, but for its known efficacy.

Notice.

IN pursuance of the Constitution of the Commonwealth of Pennsylvania—Notice is hereby given by the subscribers, citizens of said Commonwealth, that they and others, will make application to the next Legislature, for the creation of a corporate Body with Banking and discounting privileges, of the name and style of the

Farmers and Mechanics Bank of Columbia County.

to be located at such site or place within said County of Columbia, as shall be fixed upon by Commissioners appointed in such manner as the Legislature shall direct for fixing the location of said Bank, and with a capital of two hundred thousand dollars. Said corporate body to be created for the object of securing to the citizens of the Commonwealth, and of the County of Columbia, the benefits of a banking Institution, with the rights, powers and privileges of the Bank of Northumberland.

A. B. SHUMAM,
S. E. CRAIG.

"The life of the flesh is in the blood" so saith the scriptures.—Leviticus c. xvii v. ii.

DR. LEIDY'S BLOOD PILLS.—What better than scripture testimony can we have of the life of the flesh depending upon the condition of the blood? If impure or diseased, the flesh must of course be diseased thereby, and the whole system partake of such disease. If the doctrine be true, and there is not a doubt of it (for it is a fact attested to by all, that the scriptures, are true beyond a doubt,) then it behooves us to guard against the consequences of such impurities, and thus preserve the flesh healthy. If the flesh be healthy, constituting as it does the principal portion of the human body, then must the whole body be healthy.

In vegetables only can we find the medicine where-by all impurities of the blood may be removed.—Upwards of one hundred years experience of the most celebrated, the wisest and best physicians have proved certain vegetables to possess purifying properties. These vegetables will not here be named, and Dr. Leidy wishes to remunerate himself, and pay by the long, laborious, and costly experiments necessary to be made, that the active principles of those vegetables might be extracted and reduced to such form as makes them easy, safe and pleasant to be taken.

These vegetables are contained in the justly celebrated Blood Pills, manufactured only by Dr. N. Leidy, a regular Druggist and Physician, attested by Drs. Physic, Chapman, Jackson, Horner, Gibson Dewees, James, Hare, Cox, &c.

The above Pills may be employed as a mild or active purgative. Their action is easy, and may be employed by all persons under all circumstances.—They will at all times be found serviceable, when the least sickness is present. They require no change of diet, restraint from occupation, or fear of taking cold from their use. They are daily prescribed by numerous physicians; certificates of the fact accompany the directions. They are the most effective purifier of the blood and other fluids of the human body ever discovered. Persons having once used, will ever after, as occasion may acquire, have recourse to them.

Price Twenty Five Cents a box.

Dr. Brandreth's
VEGETABLE UNIVERSAL
PILLS.

THESE pills have obtained a celebrity for curing most diseases to which the human system is liable, unexampled in the history of the healing art. They expel by the action of the stomach and bowels, all bad humours from the blood, causing a free circulation of the fluids, and restores a sound state of health.

The thousands who use and recommend them, is proof positive of their extraordinary and beneficial effects.

The subscriber has received the appointment of Agent, for the sale of Dr. Brandreth's Pills in Bloomsburg. None are genuine that are offered for sale, without a certificate of appointment signed by the proprietor and countersigned by Branch Green, general agent; and no certificate is ever given to those engaged in the Drug business.
