Ctorsaton To THE HYDRAN, BRANDER'S. ETAN' SISBARS PURGATIVE, the MATCHETSS (priced) SANATIVE, or any other pills or compound before the public, as certified to by Physicians and others, Let none condemn them until they have tried them, and then we are certain they will not.

It is now a settled point with all who have used the Vogetable Persian Pills that they are pre-aminently the best and most efficacious Femily Medicine that has yet been used in America. If every family could become acquainted with their Sover-nign power over disease, they would keep them and be prepared with a sure remedy to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place dependence upon.

The Resurrection, or Persian Pills.

The name of these pills orginated from the circumstance of the medicine being found only in the cemetatics of Persia. This vegetable production being of a peculiar kind, led to experiments us to its medicinal qualities and virtues. In half a cen-tury it became an established medicine for the dis-To half a ceneases of that country. The extract of this singular production was introduced into some parts of Euor medicine has been used in vain. Early in the year 1792, the extract was combined with a cortain vegetable medicine imported from Dura Baca, in the East Indies, and formed into Pills. The admirtem, led physicans and families into its general use. Their long established character their univer-sal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandula putation and general use in the American Repuis-

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resonantion or Persain Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, as an easy and effectual remedy, thun the itesurrection or Persian Pills, in most cases of disease.

TO MOTHERS.

Mesars, E. Chase & Co .- Gants .- Heating much said about the estraordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of them. My wife was at that time the mother of five children, and had sufficient the most tedious and excruciating pains during and after her confinement of each. She had tried every means and taken much medicine, but found little or no relief. She commenced taking the Persian Pills about three manths before her coolinement (har health being ve-ry provabout this length of time previous) and in a short time she was enabled by their use to attend to the cares of a mother to ha family until her confinement. At the time she commenced taking the Persian Pills, and for several works previous, she was afflicted with a dry hard cough, and frequent severe eramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to Locame mathers to make use of the Persian Pills. All those that have taken, them, in our neighborhood have got along in the sums basy manner, and are about the house in a few days. There does not appear to he half the danger of other dangers setting in after confinement, where these Pills are taken, -We unitedly say let none neglect taking them; for they are in the reach of the poor as well as the rich. We are traly thankful that there is a remedy which femsles can easily procure which tends to lessen the world of sufficing, which many of them have to bear, as save the lives of thousands which would

R. LEIDY'S BLOOD PHLES.- What better than scripture testimony can we have of the use of the fiesh depending upon the condition of he blood? If impure or discased, the flesh mus of course he discused thereby, and the whole sys-tem partake of such discuse. If the doctrine he true, ind there is not a doubt of it (for it is a fact acceeded to by all, that the scriptures, are true beyond a doubt.) then it beheaves us to guard against the consequences of such impurities, and thus preserve the flesh healthy. If the flesh be healthy, constituting as it does the principal portion of the human yody, if on must the whole body he healthy.

In vegetables only can we find the medleine whereby all impurities of the blood may be removed. Upwards of one hundred years experience of the out celebrated, the wavest and best physicians have proved evitain vegetables to possess purifying prop-crites. These vegetables will not here be named and Dr. Leidy wishes to remunerate himself, and profit by the long, laborious, and costly experiments necessary to be made, that the active principles of those vegetables might be retracted and reduced to such form as makes them easy, cafe and pleasant to Southerna .

These vegetables are contained in the justly celclimited Blood Pills, municipation only by Dr. N. Leidy, a regular Druggiot and Physician, attested by Drs. Physic, Chapman, Jachaor, Horner, Gibson Dewees, James, Hure, Cox, &c.

The shows Fills may be employed as a mild of active purgetave. Their action is easy, and may be employed by all persons under all circumstances,-They will at all times be found serviceable, when the least eickness is present. They require no change of die , restraint from occupation, or fear of taking cold from their use. They are daily preserie-ed by numerous physicians; certificates of the fact accompany the directions.
