

**THE RESURRECTION OR, PERSIAN PILLS.**

**SUPERIOR TO THE HYGEAN, BRANDETH'S, EYAN'S** SINDIAN PERSICATIVE, the MATCHLESS (priced) SERRATIVE, or any other pills or compound before the public, as certified by Physicians and others. Let none condemn them until they have tried them, and then we are certain they will not. It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-eminently the best and most efficacious Family Medicine that has yet been used in America. If every family could become acquainted with their Sovereign power over disease, they would keep them and be prepared with a sure remedy to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place dependence upon.

**The Resurrection, or Persian Pills.**

The name of these pills originated from the circumstance of the medicine being found only in the cemeteries of Persia. This vegetable production being of a peculiar kind, led to experiments as to its medicinal qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this singular production was introduced into some parts of Europe in the year 1783, and used by many celebrated Physicians in curing certain diseases, where all other medicine has been used in vain. Early in the year 1792, the extract was combined with a certain vegetable medicine imported from Dura Bacia, in the East Indies, and formed into Pills. The admirable effect of this compound upon the human system, led physicians and families into its general use. Their long established character their universal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Republic.

**CERTIFICATES.**

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Persian Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, as an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

CHARLES BACKUS, M. D.  
Rochester, N. Y. Sept. 21, 1837.

**TO MOTHERS.**

Messrs. E. Chase & Co.—Gents.—Hearing much said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of them. My wife was at that time the mother of five children, and had suffered the most tedious and excruciating pains during and after her confinement of each. She had tried every means and taken much medicine, but found little or no relief. She commenced taking the Persian Pills about three months before her confinement (her health being very poor about this length of time previous) and in a short time she was enabled by their use to attend to the cares of a mother to her family until her confinement. At the time she commenced taking the Persian Pills, and for several weeks previous, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All those that have taken them in our neighborhood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the danger of other dangers setting in after confinement, where these Pills are taken.—We unhesitatingly say, let none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which females can easily procure which tends to lessen the world of suffering, which many of them have to bear, and perhaps save the lives of thousands which would otherwise be lost.

ANN O. ROBERTS.

ROCHESTER, Sept. 24, 1836.

**Messrs. E. Chase & Co.**

I think it my duty to let you know what a great cure your Pills have performed on me—I had been sick about 7 years about 2 years and a half confined to my bed. I had been given over as incurable, with Consumption, by twelve physicians of the first standing; my lungs were seriously affected; I had 3 ulcers gather and break; my cough was dry and harsh most of the time; my liver was much swollen, and my stomach very dyspeptic. I had chills, fever, and night sweat, accompanied with extreme irritability of the nervous system, and other difficulties which I forbear to mention. After I was given over, I tried almost all medicines which were advertised, but to no advantage, until I tried your Vegetable Persian Pills. I began to gain in a short time after I commenced taking them; and, to be brief, before I took 3 boxes, I was able to ride out and to take considerable exercise, and at this time I enjoy good health, and am able to do good day's work. If any one wishes a more particular history of my sufferings, he may call on me, at the corner of Main and Clinton-streets, Rochester.

RUBY ADAMS.

**FITS CURED**—The undersigned hereby certify, that we are the Parents of two children who have been afflicted with fits more or less from their infancy, and that we have spared no pains or expense in endeavoring to effect a cure, but without any beneficial effect, until hearing of the Resurrection or Persian Pills, when four boxes were immediately procured, and before three boxes were taken, the fits had abated in frequency, and every symptom much improved, and now we are happy to state that our children by the use of the Persian Pills, with the blessing of God, are entirely cured, and have no symptom or appearance of fits, will find in the Persian Pills a sure and perfect cure.

**SEVEN REASONS WHY DR. LEIDY'S**

**SARSAPARILLA BLOOD PILLS,**

SHOULD receive a preference over all Pills now in existence:

First—Because they are composed of Vegetable extracts, free from minerals; and may be taken at all times with perfect safety by young and old, without restraint from occupation, temperate living, or fear of taking cold.

Second—Because they are composed of such medicinal extracts, as have been employed by all the most celebrated, and respectable Physicians for more than a century past, in purifying the Blood and Animal fluid of the body.

Third—Because they may be employed as a mild or active purgative, according to the quantity taken, and their operation will not be attended with griping of the bowels, sickness at the stomach, prostration of the system, &c., as are produced by other pills.

Fourth—Because they possess a combined action, not possessed by any other pills, mixture or preparation whatever. Their first effect is in correcting all impurities with which the blood and fluids of the body may be affected, and by their gently operative effect, removing such impurities from the system.

Fifth—Because they are the terror of Quacks and Impositors, for most persons are obliged to take the Sarsaparilla Blood Pills, after taking their vile and destructive nostrums, to counteract and prevent their mischievous and baneful effects.

Sixth—Because they are the only pills in which Physicians have sufficient confidence to recommend to their patients, and employ in their practice, as they know they are Anti Quack, Anti Mercurial, Anti Billious as well as a good and safe purgative and purifier of the Blood and Animal Fluids.

Seventh and last—But not the least important, because they are prepared by a regular Apothecary and Physician, attested by Drs. Physic, Horner, Chapman, Dewees, James, Gibson, Jackson, Cox, Hare, &c., &c., which alone is sufficient to entitle them to great confidence.

Certificates and Recommendations from Physicians and others accompany the directions around each box.

**COMMUNICATION**—How few they are that happen to be afflicted with Coughs or Colds pay attention to them. How many thousands from such neglect shorten their days, and hasten their final dissolution. Parents neglect them in their children, and thus form the foundation for Consumption, and hundreds of parents annually follow their own children to the grave, having died from some affections of the Breast and Lungs, which were neglected in their first stages.

Coughs and Colds, whether existing among young or old, ought at all times be attended to early, and not suffered to continue any length of time, for the Lungs once affected, disease soon makes rapid strides, ending in the most fatal of all diseases, namely Consumption.

Dr. BECHTER'S PULMONARY PRESERVATIVE for Coughs, Colds, Catarrhs, Influenza, Shortness of Breath, Whooping Cough, Pain in the Breast or Side, all affections of the Breast and Lungs, and arrest of approaching Consumption, is the most popular medicine used throughout all Germany—is becoming equally popular in the United States, and has established for itself a reputation not possessed by any other medicine for the same class of diseases. (See certificates and recommendations from Parents, Physicians, and others, accompanying the directions.) It is a preparation perfectly safe and harmless, pleasant to the taste, and may be given to the youngest infant. It is warranted free from mercury and the minerals, and is a preparation of a regular Apothecary and Physician, attested by Drs. Physic, Chapman, Gibson, Jackson, Horner, Dewees, Cox, James, &c. a circumstance alone sufficient to induce a trial of it.

Dr. N. B. Leidy, Proprietor of the above medicine, confidently recommends it to all, and assures all most positively that it is an invaluable medicine and would not himself recommend it, but for its known efficacy.

"The life of the flesh is in the blood" so saith the scriptures.—Leviticus c. xvii v. ii.

**DR. LEIDY'S BLOOD PILLS.**—What better than scripture testimony can we have of the life of the flesh depending upon the condition of the blood? If impure or diseased, the flesh must of course be diseased thereby, and the whole system partake of such disease. If the doctrine be true, and there is not a doubt of it (for it is a fact attested to by all, that the scriptures, are true beyond a doubt,) then it behooves us to guard against the consequences of such impurities, and thus preserve the flesh healthy. If the flesh be healthy, constituting as it does the principal portion of the human body, then must the whole body be healthy.

In vegetables only can we find the medicine whereby all impurities of the blood may be removed.—Upwards of one hundred years experience of the most celebrated, the wisest and best physicians have proved certain vegetables to possess purifying properties. These vegetables will not here be named, and Dr. Leidy wishes to remunerate himself, and profit by the long, laborious, and costly experiments necessary to be made, that the active principles of those vegetables might be extracted and reduced to such form as makes them easy, safe and pleasant to be taken.

These vegetables are contained in the justly celebrated Blood Pills, manufactured only by Dr. N. Leidy, a regular Druggist and Physician, attested by Drs. Physic, Chapman, Jackson, Horner, Gibson Dewees, James, Hare, Cox, &c.

The above Pills may be employed as a mild or active purgative. Their action is easy, and may be employed by all persons under all circumstances.—They will at all times be found serviceable, when the least sickness is present. They require no change of diet, restraint from occupation, or fear of taking cold from their use. They are daily prescribed by numerous physicians; certificates of the fact accompany the directions. They are the most effective purifier of the blood and other fluids of the human body ever discovered. Persons having once used, will ever after, as occasion may acquire, have recourse to them.

**TO THE PUBLIC. Semi-Weekly State Capitol Gazette.**

The proprietors of the State Capitol Gazette embrace this opportunity to return their sincere thanks to their friends and the public, for the very liberal patronage which they are pleased to have in their power to say, has thus far been extended towards them, and respectfully announce that the future course of their journal shall be such as they trust will continue to receive the confidence and support of the Democratic party. They assure the public that no exertion on their part shall be wanting to effect this object, and they flatter themselves that they will be able to render their paper such a vehicle of usefulness and information, as will not fail to give entire satisfaction to every friend of republican principles.

The approaching session of the Legislature, will unquestionably, be one of great and unusual interest. There has not, perhaps, been a time before, when the attention of the public was so much engaged upon any one subject as it is at present upon the derangement of the currency, arising from the abuses of banking; and as the deliberation of the ensuing Legislature, will in all probability be mainly directed to this important subject, it cannot be otherwise than that every thing which transpires at the seat of government in relation thereto, will be eagerly sought after. With these considerations in view, the undersigned have made ample arrangements for laying before their readers full reports of the proceedings in both branches of the State Legislature, together with the speeches of members, reports, and other matter which they think will be interesting. In addition to this, it is the intention of the undersigned to employ able correspondents at the seat of the general government, by which means, they will be able, also, to place in their semi-weekly sheet early reports of the deliberation of Congress.

The presidential contest of 1840 is rapidly approaching. The flag at our mast-head indicates fully the course we intend to pursue in the relation to this great question; and as we have already given our opinion at length on this subject, in a former prospectus, we deem it needless at present to tire our readers, by going over the same ground. Suffice it to say, that we shall give our united support and energies towards the re-election of present able Chief Magistrate of the Union, and our humble aid in behalf of establishing a Constitutional Treasury.

**TERMS:** THE STATE CAPITOL GAZETTE will be published twice a week during the sittings of the Legislature, and once a week for the remainder of the year, at the following prices: The whole year, \$3 00 The session only, (twice a week,) 2 00 Postmasters and others friendly to the Democratic cause are respectfully requested to receive and forward subscriptions to this paper. Any person sending us five good subscribers, shall be entitled to the sixth copy gratis. HOLBROOK, HENLOCK & BRATTON. Harrisburg, October 30, 1839.

**TO THE PUBLIC. LEGISLATIVE KEYSTONE.**

During the approaching session of the Legislature, the KEYSTONE will, as usual, be published TWICE A WEEK, and contain full reports of the proceedings in both branches of the legislature, including the speeches of members, legislative reports &c. For this purpose, the editors will have competent reporters in both houses of our legislature, as well as at Washington city, thus enabling them to furnish not only a complete report of the proceedings of our own legislature, but also of the approaching session of Congress. Having made ample arrangements for the bestowal of increased attention to the legislative department of their newspaper, they cherish the conviction, that they will render entire satisfaction in this respect not only to the members of the legislature, but to the reading community generally.

As it is more than probable, that the all-engrossing subject of the derangement of the currency under which the community now laboring, and the condition of the several banking institutions of our state, will constitute topics of speedy legislative action, the proceedings of the approaching session will be fraught with unusual interest, and render a paper published at the seat of government, which bestows upon them constant attention, a vehicle of intelligence "most devoutly wished!"

We would also call to the minds of our readers that the great Presidential contest of 1840 is approaching with rapid stride, which is to decide, whether our National Government shall continue to be administered upon the truly republican principles of its present illustrious head, Martin Van Buren, or whether the reins of power shall be committed to the hands of ultra Federalists and friends of a great and blighting monopoly in the shape of a National Bank. The Keystone, being indissolubly wedded to the support of the republican cause, will in this momentous conflict, battle manfully on the side of Van Buren and a Constitutional Treasury, and contribute its mite to the advancement and ultimate triumph of the democratic cause. We shall continue unceasingly to expose the dangerous heresies of the Federalists and advocates of an overruling monied monopoly, and spare no exertions, to render the "Keystone" an effective weapon in the hands of the Democracy of the State and Union.

Grateful for the liberal patronage hitherto bestowed upon them by the community—a patronage, which has given the "Keystone" a circulation beyond that of any other paper at the seat of government—they look forward with confidence to its continuance, and will spare neither time nor labor to make it deserved.

**TERMS.**

For the Keystone yearly, twice a week, during the session of the Legislature, and once a week for the remainder of the year \$3.00 During the Session of the Legislature twice a week 2.00 All Postmasters, and other Democratic citizens are requested to receive and forward subscriptions to us.
