PRESIDENTIAL ELECTION-1840. FOR PRESIDENT,

MARTIN VAN BUREN. FOR VICE PRESIDENT,

RICHARD M. JOHNSON. AND THE

CONSTITUTIONAL TREASURY.

CONFERENCE.

The 6th Conference District of the Evangelical Lutheran Synod of Pennsylvania, will meet in Cattawissa, on the 1st day of January next. Service in the English language may be expected on New Year's Eve, and also on the two preceding days.

WILLIAM J. EYER.

Dec. 14. 1839.

U. S. SENATOR.

A number of gentlemen have been named for this high and important station, by their respective friends, in almost every portion of the state. All of them good sound democrats, and many of sierling talents. It will, of course, be one of the first acts of the Legislature, which meets on the 7th of next month, to make the appointment, and we hope and trust that the honor will fall upon some one of the most talented members of the party, as at the present time, particularly, the interest of the state and nation require that we should be well and ably represented in that body. It is true that we now have a Senator (Mr. Buchanan) who is not inferior to any other member, but yet it is necessary that we should have another who can stand side by side with him in defence of the democracy of the country and the rights of the people. We have many such men, & we hope and trust, that the Legislature will not disappoint the expectations of the people.

The Warren Advocate in extracting the proesedings of the November Danville meeting, publishes the resolution relating to the Harrisburg papers, as a part of the adopted p occedings. If the editor will refer to our paper from which he took the proceedings, he will find that we stated that the resolution referred to, did not receive the counte nance of the meeting, but was voted down. Will the Advocate, in justice to the Democracy of Columbia county, make the correction. They do not wish to be considered as having passed a resolution calculated to do injustice to a highly respected democratic paper merely to gratify the personal feeling | Cape Ann. says : of the " Chairman of the Committee,"

BEAUTIFUL TRANSPORT

We are much pleased to learn that at an election held at Washington, in this county, on Saturday last, our friend, JAMES McCORMICK,was elected major of that Battallion of Militia, by a very handsome majority over his competitor, Mr. Fulmer.

For McCormick, Fulmer, 190

Majority,

* Winter has commenced in earnest, snow having fell on Sunday last, eight or ten inches deep, which gave us fine sleighing for Christmas. We learn by the papers from the south that the snow storm was much more severe, rendering the roads almost impassable. Forty miles north of us, but little fell.

On Friday, the 20th inst. Henry Kobler Musselman was executed in the goal yard, in Lancaster, for the murder of Lazarus Zellerbach. He declared his innocence to the last.

Tommy bawls lustily for " MORE ROPE," We would advise him to take a trip to Northumberland county, he can there find one that the Courts of that county out in twain to enable him to leave for his present location. It is said to be lengthy, and in the possession of several poor people, who would be glad to exchange it for something mortangible. They do not want the body, for that prould be dead weight.

In New York a few days since, Judge Edwards, in sentencing John Smock to death for the murder of his wife, stated, that within the last nine years eleven men had been arraigned before him for murdering their wives-10 of whom, like the prisoner now under sentence, were drunkards .-Judge Edwards gave it as his opinion, that three-fourths of the crimes committed in Imp." The scene must have been curithis country were from intemperance.

The surplus wheat of Michagan, Illinois and Indiana is estimated at 16,000,000 bushels. Two or three millions of bushels are now in the hands of farmers in the state of Michigan, which cannot be shipped till nex tencing.

From the N. Y. Commercial of Tuesday. SEVERE SNOW STORM.

Those who were at the fire in Cedar street, on Saturday night, will long reccolleer the deluge of rain which fell until after midnight. As we supposed, while the rain was pouring down in this city, there was a severe snow storm at no great distance from us. The steamboat Swallow, which left this city on Saturday evening, was unable to proceed further than Hudson whence she returned this morning, without

The pilot of the Swallow, who has been on the river for many years, informs us that the snow sterm on Saturday night was heavier than any within his reccollection. At Hudson and its vicinity the snow fell 18 inches on a level. The river was not frozen over, but there was too much fleating ice between Albany and Hudson to render it safe for the boat to proceed farther than Hudson. She will go up to-night, but will probably not be able to proceed farther than Catskill.

At the Eastward, the snow fell in prodi-gious quantities. We are told that it lay two feet deep on the ground at New Haven. The cars could hardly be dragged upon the railway, with all the power of steam that could be raised, so that three hours were required to work their way to Meridan. Within twenty miles of this city the snow represented to be from eighteen inches to two feet in depth.

Since the above was in type another boat has arrived and brought the mail. We copy the following from the Argus of yes-

terday. THE WEATHER-AND THE MAILS.

Snow began to fall at about 11 o'clock on Saturday night; and continued falling, without intermission, during all yesterday. So that at night it was, at an average, of great depth, and in some streets and places, owing to the drift impassable. As it had not ceased snowing when our paper was put to press last night, it is impossible to predict the end of it.

Of course the mails were impeded in every direction. None arrived during the day, by rail road or steamboat, or from any quarter. It is supposed that the steam-boat has not ventured above. Hudson, and that the roads are little better than impassable between that place and this. Our latest dates, therefore, from Washington, are of Wednesday, and from New York of

DESTRUCTIVE STORM, AND LOSS OF LIFE.

The Boston papers of Monday evening the 16th inform us that, that city and the neighboring towns were, on Sunday night and Monday morning, visited with the most tremendous gale that has occurred in that section of country for many years. The destruction of property was immense, and it is already ascertained that more than FIFTY LIVES WERE LOST.

Of 60 vessels in the outer harbor of Gloucester, 21 were driven ashere-of which latter, only one was not a total loss. Three sunk, and the crews are probably lost.

A letter in the Mercantile Journal, dated

"At the commencement of the gale, a great many coasters entered the harbor, and the most of them were compelled to anchor at the entrance. About 20 of these coasting vessels were driven ashere, of which 16 went to pieces, and many of the individuals on board, probably a fourth part, were drowned. Our informant saw 17 dead bodies lying on the beach; among them was the body of a woman, found lashed to the windlass bitts of a Castine schooner;-two of the crew of this schooner were lost.

"The scenes which occurred during the violent gale yesterday, where truly heart rendering. The vessels which drifted a-shore lay within 30 yards of terra firms, between which and them dashed the formidable waves, breaking with great fury, insomach that assistance by means of boats could not be rendered. Some was washed ashore and escaped with life-and others on rafts, or by ropes, reached the shore nathe year of our Lord one thousand eight hund much exhausted. Eighteen or twenty sail nd thirty-nine, and to me directed for holding

while entering the harbor, and went instantly to pieces. It is thought that all on board were drowned."

Cheap Living .- A Virginia paper states, that it is the intention of the hotel and boarding house keepers in Richmond to charge \$18 a week for board during the ensuing session of the Legislature.

Remarkable Death .- Jacob Snyder, Jr. was found dead in a house in Hudson Sireet, New York, and what was singular he was standing erect, and held in his death-grasp a bottle of whiskey, which was extricated with difficulty. He was a victum to intemperance. The coroner found his subject standing, as if in mockery of the levelling powers of the "Bottle

A disgraceful riot of about 100 blacks came off in Philadelphia on Sunday last .-One of the rioters named Blake, has been committed in default of \$1000 bail, for assault and battery on officer M'Lean; while endeavoring to make poace.

By the Pittsburg Advocate and Emporium we learn that a gentleman of Zanesville, Ohio, a few days ago offered 1020 bls of Flour, at two dollars and seventy-five cents per barrel, and could not find a purchaser.

A lad, fourteen years of age, was recently brought before the police of Boston, and sent to the House of Correction as a common drunkard. Boys take warning.
