SEVEN REASONS WHY DR. LEIDY'S

SARSAPARILLA BLOOD PILLS, HOULD receive a preference over all Pills now 2 in existence.

First-Because they are composed of Vegetable extracts, free from minerals; and may be taken at all times with perfect safety by young and old, with-out restraint from occupation, temperate living, or fear of taking cold.

Second-Because they are composed of such medicinal extracts, as have been employed by all the most celebrated and respectable Physicians for more than a century past, in purifying the Blood and Animal fluid of the body.

Third-Because they may be employed as a mild or active purgative, according to the quantity taken, and their operation will not be attended with griping of the bowels, sickness at the stomach, prostration of the system, &c., as are produced by other pills.

Fourth-Because they possess a combined action, not possessed by any other pills, mixture or prepar-ation whatever. Their first effect is in correcting all impurities with which the blood and fluids of the body may be affected, and by their gently operative effect, removing such impurities from the sys-

Fifth-Because they are the terror of Quarks and Imposters, for most persons are obliged to take the Sarsaparilla Blood Pills, after taking their vile and destructive nostrums, to counteract and prevent their mischievons and baneful effects.

Sixth-Because they are the only pills in which Physicians have sufficient confidence to recommend to their patients, and employ in their practice, as they know they are Anti Quack, Anti Mercural, Anti Billious as well as a good and safe purgative and purifier of the Blood and Animal Fluids. Seventh and last-But not the least important.

be because they are prepared by a regular Apothecary and Physician, attested by Drs. Physic, Hor-ner, Chapman, Dewces, James, Gibson, Jackson, Coxe, Hare, &c., &c., which alone is sufficient to entitle them to great confidence.

Certificates and Recommendations from Physicians and others accompany the directions around each box.

THE RESURRECTION OR, PERSIAN PILLS.

SUBSTITUTE OF THE HEREAN, BRANDETE'S, EVAN'S ISDIAN PERDATIVE, the MATCHLESS (priced) BAWATIVE, or any other pills or compound before the public, as certified to by Physicians and others. Let none condemn them until they have tried them, and then we are certain they will not.

It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-emi-nently the best and most efficacious Family Medi-cins that has yet been used in America. If every family could become acquainted with their Sover eign power over disease, they would keep them and be prepared with a sure remedy to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place dependence upon.

The Resurrection, or Persian Pills.

The name of these pills orginated from the circumstance of the medicine being found only in the

cometaries of Persia, This vegetable production being of a peculiar kind, led to experiments as to ita medicinal qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this singular production was introduced into some parts of Europe in the year 1783, and used by many celebrated Physicians in curing certain discusses, where all other medicine has been used in vain. Early in the year 1792, the extract was combined with a certain vegetable medicine imported from Dura Baca, in the East Indies, and formed into Pills. The admirable effect of this compound upon the human system, led physicans and families into its general Their long established character their univer-USE: sal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Repub-

CERTIFICATES.

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Persain Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, as an easy and effectual remady, than the Resurrection

or Persian Pills, in most cases of disease. CHARLES BACKUS, M. D. Rochester, N. Y. Sept. 21, 1837.

Messrs. E. Chase & Co .-- Gents .-- Hearing much said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of ry poor about this length of time prevent IF short time she was enabled in covers oeing ve-the cares of a month in a finement, ad county - by this use to attend to mean address to her family until her con-

was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All those that have taken them in our neighborhood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the dauger of other daugers setting n after confinement, where these Pills are taken,-We unitedly' say, let none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which females can easily procure which tends to lessen the world of suffering, which many of them have to bear, and pechaps save the lives of thousands which would

R. LEIDV'S BLOOD PILLS.—What better than scripture testimony can we have of the inte of the flesh depending upon the condition of the blood ! If impure or diseased, the flesh must of course be diseased thereby, and the whole sys-tem partake of such disease. If the doctrine be true, and there is not a doubt of it (for it is a fact accesded to by all, that the scriptures, are true beyond a doubt,) then it behooves us to guard against the consequences of such impurities, and thus preserve the field healthy. If the field he healthy, consti-tating as it does the principal portion of the human yody, then must the whole body be healthy. In vegetables only can we find the needleine where-by all impurities of the blood may be removed.—

Upwards of one hundred years experience of the nost celebrated, the wisest and best physicians have proved certain vegetables to possess purifying prop erties. These vegetables will not here be manad, and Dr. Leidy wishes to remunerate himself, and profit by the long, laborious, and costly experiments necessary to be made, that the active principles of those vegetables might be retracted and reduced to such form as makes them easy, safe and pleasant to be taken.

These vegetables are contained in the justly celbrated Blood Pills, manufamured only by Dr. N. Leidy, a regular Druggist and Physician, attested by Dre, Physic, Chapman, Jackaoi, Horner, Gibson Dewces, James, Hare, Cox, &c. The above Pills may be employed as a mild or active purgative. Their action is easy, and may be employed by all screams each all direct and may be

employed by all persons under all circumstances.— They will at all times be found serviceable, when the least sickness is present. They require no change of diet, restraint from occupation, or fear of taking cold from their use. They are daily prescribed by numerous physicians; certificates of the fact accompany the directions. They are the most affec-tive purifier of the blood and other fluids of the human body ever discovered. Persons having once used, will ever after, as occasion may acquire, have resourse to them.

Price Twenty Five Cents a box.
