It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-emi-nently the best and most efficacious Family Medi-cine that has yet been used in America. If every family could become acquainted with their Sover eign power over disease, they would keep them and be prapared with a sure remedy to apply on the firs appearance of disease, and then how much distress could be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place de-

The Resurrection, or Persian Pills.

The name of these pills orginated from the circumstance of the medicine being found only in the cometaries of Persia. This vegetable production being of a peculiar kind, led to experiments as to its medicinal qualities and virtues. In half a cen-tury it became an established medicine for the dis-eases of that country. The extract of this singu-lar preduction was introduced into some parts of Europe in the year 1783, and used by many celebrated Physicians in curing certain diseases, where all other medicine has been used in vain. Farly in the year 1792, the extract was combined vith a certain vegetable medicine imported from thra Baca, in the East Indies, and formed into Pills. The admirable effect of this compound upon the human system, led physicans and families into its general Their long established characte their univeral and healing virtues, the detergen and cleansing valities of their specific action upo the glandular per of the system, are such as will ustain their reputaion and general use in the Aserican Repub-

"The life of the flesh is in the blood," so saith the scriptures .- Leviticus c. xvii,

R. LEIDY'S BLOOD PILLS.—What better than scripture testimony can we have of the ife of the flesh depending upon the condition of the blood? If impure or diseased, the flesh must of course be diseased thereby, and the whole system partake of such lisease. If the doctrine be true, and there is not a drubt of it (for it is a fact acceeded to by all, that the scriptures, are true beyond a doubt,) then it behoves us to guard against the consequences of such impurities, and thus preserve the flesh healthy. If the flesh be healthy, consti-tuting as it does the principal pertion of the human yody, then must the whole body be healthy.

In vegetables only can we find the medicine where by all impurities of the blood may be removed,-Upwards of one hundred years experience of the most celebrated, he wisest and best physicians have proved certain vegetables to possess purifying properties. These vigetables will not here be named, and Dr. Leidy wishes to remunerate himself, and profit by the long, laborious, and costly experiments necessary to be male, that the active principles of those vegetables might be retracted and reduced to such form as makes them easy, safe and pleasant to be taken.

These vegetables are contained in the justly celebrated Blood Pills, manufantured only by Dr. N. Leidy, a regular Dauggist and Physician, attested by Drs. Physic, Chapman, Jackson, Horner, Gibson Dewees, James, Hare, Cox, &c.

The above Pills may be employed as a mild or active purgative. Their action is easy, and may be employed by all persons under all circumstances. They will at all times be found serviceable, when the least sickness is present. They require no change of diet, restraint from occupation, or fear of taking cold from their use. They are daily prescrib-ed by numerous physicians; certificates of the fact accompany the directions. THAT THE LIFE PILLS AND PHE-NIX BITTERS are excellent family Medicines.— The proprietor of these Medicines cannot too deep ly impress upon the public mind the high impor-tance of an early or timely attention to sound health. There are very many in this community who do not appreciate good health, until attacked by some ately send for a physician, and in consequence, they are perhaps confined to their beds for weeks, or even months. Almost every one is liable to be unwell at times, and by neglect of proper treatment of themselves, on such occasions, it is very often the case that a severe attack of disease is the consequence. Such results may be easily avoided, and should be; and it is in a great measure the object of Mr. MOF. mind such persons of their danger. The following letters go to show that the Life Pills and Phenia Bitters are not only excellent family medicines, but that they will, in very many instances, supercede the necessity of calling a phinician. The principal office is at 375 Broadway, where thousands of sur iiar letters to Mr. Moffst, may be examined.

The following letter was received from a gentleman who, a few months since, purchased some of the Life Medicines for the use of his family, and a few of his friends :-

Napoli, N. Y., July 27, 1838.

Mr. W. B. Moffat-Dear Sir-The Life Pills and Phenix Bitters surpass every medicine I have been acquainted with. In every instance where it has been used, a benefit has been derived, and every person is satisfied. One man, troubled with a scrof-ulous humor, has been all but raised from the dead. Another person, a femule who has been unable to leave her room for the last two years, has been restored to health. Another troubled with sore throat for more than a year, and also a burning sensatian in her stomach and bowls, was completely cured by three doses of your Pills. Another, troubled with a severe nervous affection, attend with dyspensia and continued head-sche, and was so reduced as to be unable to leave her bed, was, by the use of one box of Pills and bottle of Bitters, so far restored as to be able to attend to her domestic concerns. And lastly, an acquaintance of mine, has by the use of a bottle of Bitters and two boxes of Pills, been made a perfectly sound and healthy man. He had been laboring under a complication of diseases for the last five years. I could mention numerous other instances, but these are sufficient to show the offects of the medicine upon a taw of my neighbors and friends. Your obedient servant,

CTRUS THACKER. The following is part of a letter written by a gentleman in the country to his brother in this city, from whom he had received a box of Life Pills and Phenix Bitters:

Thompsonville, Conn., June 26, 1938. Dear Brother—I embrace the present opportunity of writing you a few lines. I received the Life Pills and Phenix Bitters you sent me, for which I can never thank you enough, as they have proved, I hope, a perfect cure to me. I had for two years been troubled with a severe pain in my side, I applied to all the doctors in this neighborhood, but go no relief until I took the Pills and Bitters you sent me. Since I have taken them I have been as well as ever I was in my life.

East Lyme, Conn., May 6th, 1839. Mr. Bradford—Sir - In regard to Dr. W. B. Moffat's Life Pills and Phenix Bitters, I can truly say from experience, they are the best medicine I have any knowledge of. Incredible as it may appear, I have for eight mouths scarcely been able to walk across a room, one month could not feed myself, had the attendance of the best of physicians for months, once and twice a day - have taken Patent Medicine as far as directions would permit. Also, a celebrated Doctor's prescriptions, all of which has been a course of the greatest perseverance I was capable of. Yet I have received no more than present relief; to give a similitude of my sufferings is indescribable. Yet I will write the symtoms of my discase. For ten years I have suffered with a nervous affection in my head and face; a place as large as a hand in the left side of my back, connecting the shoulder described; a sensation of soreness, frequent ly became as cold as if life had departed. In July, 1833, in consequence of overdoing, taking a hard cold, I was seized with a numbriess in the system. faininess, flatulency, pain in the head, voracious appetite, and at times deficient appetite, great loss of muscular power, painin the left side, also in the shoulder and arm to the greatest extent, palpitation of the heart, great distress in the back, gnawing in the stomach whon empty, pressure after meals, amounting almost to sufficition, stricture across the breast, sore throat; also a tickling, attended with a convuisive cough, spitting of purulent matter, night aweats, sive cough, spitting of purplent matter, night aweats, cold feet and hands, feeted breath, costiveness, piles, loss of memory, affection of sight and hearing, dixtness, deafness, the mind became desponding, other disagreeables not mentioned, which caused great weakness, &c. I happily, and can truly say, that by the blessing of Heaven, and the restorative properties of the Life Pills and Phenix Bitters, I am restored to health, which no other medicine could do.

## COMMON SCHOOLS.

PURSUANT to Law. We the nuders signed publish the following statements transmitted by the "Superintendant of Common Schools," in conformity to law.

JOSEPH BROBST,

JOHN DEITRICH, Comm'rs, of Columbia county.

Commissioners Office, } Feb. 24, 1840.

TO THE DIRECTORS OF COMMON SCHOOLS IN COLUMBIA COUNTY.

THE following statement is made in compliance with the tenth section of the School Law, of June, 1830.

Districts that have accepted the Common School System.

The amount which each accepting School District is entitled to receive the ensuing, year, commencing on the first Tuesday of June next, out of the annual State appropriation, is a sum equal to ONE DOLLAR for each taxable inhabitant in the District.

The amount of School Tax required to be levied to entitle a District to its share of the State appropriation, must be a sum of qual to at least sixty cents, for each taxable inhabitant in the district.

Districts that have not accepted the Common School System.

The amount of undrawn balances remainng for the use of non accepting districts. or the school years 1835, 1836, 1837, 1838 and 1839, is FOUR DOLLARS AND FORTY CENTS, for each taxable inhabitant in a district, according the enumeration of 1835; and for the school year 1840 and 1841, it is TWO DOLLARS for each taxable inhabitant, accorping to the enumeration on the first Tuesday of June next.

Hence it follows that each non-accepting School District, in which the qualified einzens accept the system, at the next Spring Elections, and lay a tax equal to sixty cents for each taxable inhabitant, will be entitled to receive out of the State appropriations, a sum equal to more than SIX DOLLARS, for each taxable inhabitant in the district.

By a resolution of the Legislature, passed the twenty-fourth day of June, 1839, the above undrawn balances are to be retained for the use of non-accepting districts onby until the first of November, 1840. On hich day they are to be repaid into the common school fund.

Hence it follows, that as the law now stands, unless the non-accepting districts accept the system at the next Spring Elections, these undrawn balances amounting Now to a sum adequate to the erection of School Houses, and putting the System into complete operation, will be forfened.

Taxable Inhabitants in the Districts.
