SEVEN REASONS WIFE DR. LEIDY'S

SARSAPARILLA BLOOD PILLS,

HOULD receive a preference over all Pills now in existence: First-Sucause they are composed of Vegetable extracts, free from minerals; and may be taken at sli times with perfect safety by young and old, without restraint from occupation, temperate living, or fear of taking cold,

Spound-Because they are composed of such medicinal extracts, as have been employed by all the most celebrated and respectable Physicians for more then a century past, in purifying the Blood and Annual fluid of the body.

Third-Because they may be employed as a mild or active purgative, according to the quantity taken, and their operation will not be attended with griping of the bowels, sickness at the stomach. prostration of the system, &cc., ss are produced by other pills.

Pourth-Because they possess a combined action, not possessed by any other pills, mixture or preparation whatever. Their first effect is in correcting all impurities with which the blood and fluids of the node may be affected, and by their gently operatave effect, removing such impurities from the sys

rifth-Because they are the terror of Quacks and Imposters, for most persons are obliged to take the Sarsapprilla Blood Pills, after taking their vile and destructive nostrums, to counteract and prevent their mischievens and baneful effects.

Sixth-Because they are the only pills in which Physicians have sufficient confidence to recommend to their putients, and employ in their practice, as they know they are Anti Quack, Anti Mercural, Anti Billious as well as a good and safe purgative and purifier of the Blood and Animal Fluids.

Seventh and last-But not the least important, be because they are prepared by a regular Apothecary and Physician, attested by Drs. Physic, Hornor, Chapman, Dewees James, Gibson, Jackson, Caxe. Hare &c., &c., which slone is sufficient to entitle them to great confidence.

THE RESURRECTION OR, PERSIAN PILLS.

STABLES PURGATIVE, the MATCHESS (priced) he public, as certified to by Physicians and others.

Let none condemn them until they have tried

them, and then we are certain they will not.

It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-emi-neutly the best and most efficacious Family Medicine that has yet been used in America. If every family could become acquainted with their Sover eign power over disease, they would keep them and be prepared with a sure remedy to apply on the first appearance of disease, and then how much distress would be avoided and money sived, as well as the lives of thousands who are hurriest out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place dependence upon.

The Resurrection, or Persian Pills.

The name of these pills orginated from the circonstance of the medicine being found only in the emetaries of Persia. This vegetable production being of a poculiar kind, led to experiments as to ita medicinal qualities and virtues. In half a century it became an established medicine for the discases of that country. The extract of this singu lar production was introduced into some parts of Europe in the year 1783, and used by many celebrated Physicians in curing certain diseases, where all other medicine has been used in vain. Early in the year 1792, the extract was combined with a corbinvegetable medicine imported from Dura Baca, in the Bast Indies, and formed into Pills. The admirable effect of this compound upon the human system, led physicans and families into its general use. Their long established character their univer-sal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Repub-

CERTIFICATES.

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Persain Pills; and the public may rest assured that none among the whole entalogue has answered a better purpose, as an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

Casaxas Backus, M. D.

Ruchester, N. Y. Sept. 21, 1837.

TO MOTHERS.

Messrs. E. Chase & Co .- Gents .- Hearing much said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to secome mothers, we were induced to make a trial of them. My wife was at that time the mother of five children, and had suffered the most tedious and excruciating pains during and after her confinement of each. She bul tried every means and taken much medicine, but found little or no relief. She commenced taking the Persian Pills about three months before her confinement (her health being ve ry poor about this length of time previous) and in a short time she was embled by their use to attend to the cases of a mother to his family until her confinement. At the tim, she commenced taking the Pensian Pills, and for several weeks previous, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pilla entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All those that have taken them in our neighbora ood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the danger of other dangers setting n after confinement, where these t'ills are taken,-We unitedly saydet none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which females can easily procure which tends to leasen the world of suffering, which many of them have to bear, and perhaps save the lives of thousands which would

Rochesten, Sept. 24, 1836. Mensys. E. Chave & Co.

I think it my duty to let you know what a great cure your Pills have performed on me-I had been sick about 7 years about 2 years and a half confined to my bed. I had been given over as incorable with Consumption, by twelve physicines of the first standing; my lungs were seriously affected; I had 3 ulcers gather and break; my cough was dry and harsh most of the time; my liver was much swollen, and my stomach very dyspeptie. I had chills, fever, and night sweat, accompanied with extreme inita-bleness of the nervous system, and other difficulties which I forbear to mention. After I was given over, I tried almost all medicines which were advertised, but to no advantage, until I tried your Vegetable Persian Pills. I began to gain in a shor; time after I commenced taking them; and, to be brief, before I took I hoxes, I was able to ride out and to take considerable exercise, and at this time I enjoy good health, and am able to do good day's work. If any noe wishes a more particular history of my suffer ingo, he may call on me, at the corner of Main and Clinton-streets, Nochester.

RUBY ADAMS.

Fire Conne-The undersigned hereby certify, that we are the Parents of two children who have neen afflicted with fits more or less from their infuncy, and that we have spared no pains or expense in ende avoring to effect a cure, but without any beneficial effect, until hearing of the Resurrection or Persian Pills, when four boxes were immediately procured, and before three boxes were taken, the fits had abated in frequency, and every symtom much improved, and now we are happy to state that our children by the use of the Person Pills, with the blessing of God, are entirely cured, and have no symtom or appearance of fits, will find n the Persian Pills a sure and perfect cure.

Ezra Taylor, agent for he State of Pennsylva-nia residing at Rochester N. Y. to whom all orders can be addressed

" The life of the flesh is in the blood," so saith the scriptures .- Leviticus c. xv ii

R. LEIDY'S BLOOD PH.LS.—What better the of the flesh depending upon the condition of the blood! If impure or diseased, the flesh must of course be diseased thereby, and the whole system pariske at such disease. If the doctrine is true, and there is not a doubt of it (for it is a fact accesded to by all, that the scriptures, are true beyond a doubt,) then it behooves us to guard against the consequences of such impurities, and thus preserve the flesh healthy. If the flesh be bealthy, census tuding as it does the principal pertion of the human yody then must the whole body be healthy.

In vegetables only can we fine the medicine whereby all impurities of the blood may be removed .pwants of one hundred years experience of the most celebrated, the wisest and best physicians have proved certain vegetables to possess purifying prop erties. These vegetables will not here be named, and Dr. Leidy wishes to remunerate himself, and profit by the long, laborious, and costly experiments necessary to be made, that the active principles of those vegetables might be retracted and reduced to such form as makes them easy, safe and pleasant to he taken.

These vegetables are contained in the justly celel-rated Blood Pills, manufactured only by Dr. N. Leidy, a regular Druggist and Physician, attested by Drs. Physic, Chapman, lackson, Horner, Gillson

Dewees, James, Hare, Coz, &c. The above Pills may be employed as a mild or active purgative. Their action is easy, and may be employed by all persons under all circumstances.— They will at all times be found serviceable, when the least sickness is present. They require no change of die , restraint from occupation, or fear of taking cold from their use. They are daily prescribed by numerous physicians; certificates of the fact accompany the directions. They are the most affective purifier of the blood and other fluids of the human body ever discovered. Persons having once used, will ever after, as occasion may acquire, have resourse to them.

IPAT WHELD IPININGER 8

THAT THE LIFE PILLS AND PHE GREAT ARRIVAL FROM N. YORK NA BITTERS are excellent fan i'y Medicines .-The proprietor of these Medicines cannot too deep ly in press upon the public mind the high impotance of an early or timely attention to sound health There are very many in this community who de not appreciate good health, until attacked by some violent disease, when they think they must immediately send for a physician, and in consequence, they are perhaps confined to their beds for works, or eve months. Almost every one is listle to be unwell a times, and by neglect of proper treatment of them selves, on such occasions, it is very often the cass that a severe attack of disease is the consequence. Such results may be easily avoided, and she and it is in a great measure the object of Mr. MOE + AT, that his publication should concinually remind such persons of their danger. The following letters go to show that the Life Pills and Phenio Bitters are not only excellent family medicines, but that they will, in very many instances, supercrule the necessity of calling a phisician. The principal office is at 375 Broadway, where thousands of similar letters to Mr. Moffal, may be examined.

The following letter was received from a gentleman who, a few months since, purchased some of the Life Medicines for the use o, his family, and a few of his friends :-

Napell, N. Y., July 27, 1818.

Mr. W. B. Moffat-Dear Sir-The Life Fans and Phenix Bitters surpass every medicine I have been acquainted with. In every instance where it has been used, a benefit has been derived, and every person is satisfied. One man, troubled with a scroiulous humor, has been all but raised from the dead-Another person, a female who has been unable to leave her room for the lest two years, iras been restored to health. Another troubled with sore throat for more than a year, and also a burning sensatian in her stomach and bowls, was completely cured by three doses of your Pills. Another, troubled with a severe nervous affection, attend with dyspepala and continued head-ache, and was so reduced unable to leave her bed, was, by the nee of one box of Pills and lottle of Bitters, so far restored as to be side to attend to her domestic concerns. And lastly, an acquaintance of mine, has by the use of a bottle of Enters and two boxes of Fills, been made a perfectly actual and healthy man. He had been laboring under a complication of diseases for the last five years. I could mention numerous other instances, but these are sufficient to show the effects of the medicine upon a tew of my neighbors and friends. Your obedient servant,

The following is part of a letter written by a gentleman in the country to his brother in this city, from whom he had received a box of Life Fills and Phenix Bitters:

Thompsonville, Conn., June 26, 1838. Dear Brother-1 embrace the present opportunity of writing you a few lines. I received the Life Pills and Thenix Bliters you sent me for which I can never thank you enough, as they have proved. I hope, a perfect cure to me. I had for two years been troubled with a severe pain in my side, I applied to all the doctors in this neighborhood, but got no relief until I took the Fills and Bitters you sent me. Since I have taken them I have been as well as ever I was in my life.

Yours affectio ately. DAVID McGrit. The following is a copy of a letter from Terre Haute Indiana:

Mr. W. B. Moffat-Dear Sir-I wrote you a few days since stating, briefly, the quantity of Life Fills and Phenix Bitters, I should want the coming sen-When I accepted the agency of this Mediine in June 1-st, (although your application was recompanied by documents, attesting the great bencht of this medicine,) I had no expectation that it would equal the description given of it, or give such general satisfaction as the experiment of a few months has proved. I can only say that all who have used it bear testimony of its great value and efficiency. I know of no instance where it has been thought in the alightest degree injurious, and, even those who are affliced beyond boye of cure, car testimony of its adutary influence upon their curral health. The great and increasing demand for this article is the best assurance of its nacfulness, and I would not wish to be without it for a single day, Respectfully, yours, J. F. Kiss. The following is a copy of a letter from a lady in

East Lyme, Connecticut, to Mr. Moffit's agent: East Lyme. Conn., May 6th, 1819. Mr. Bradford—Sir In regard to Dr. W. D. Mar-

at's Life Pills and Phonix Ditters, I can truly say from experience, they are the best medicine I have may knowledge of. Incredible as it may appear, I have for eight mouths scarcely been able to walk aoss a room, one month could not feed myself, had he attendance of the best of physicians for months, mee and twice a day - have taken Patent Medicine as far as directions would permit. Also, a celebrated Doctor's prescriptions, all of which has been a course of the greatest perseverance I was capable Yet I have received no more than present relief; to give a similitude of my sufferings is inde-Yet I will write the syntoms of my disase. For ten years I have suffered with a nervous effection in my head and face; a place as large as a hand in the left side of my back, connecting the shoulder described; a sensation of soreness, frequenty became us cold as if life had departed. In July 839, in consequence of overdoing, taking a hard old, I was seized with a numbress in the system, aininess, flatnlency, pain in the head, varacious ap-etire, and at times deficient appetite, great loss of poscular power painin the left side also in the shoulfer and arm to the greatest extent, pulpitation of the heart, great distress in the back gurwing in the stomach when empty, pressure after meals, automoting almost to suffication, stricture across the breast, ore throughlso a tickling, attended with a convolcive rough, spitting of paradent matter, night sweats, cold feet and hands, feeted breath, costiveness, piles, less of memory, sfection of eight and hearing, disiness, desfiness, the mind became despanding, other disagreeables not mentioned, which caused great we kness, &c. I happily, and can tenly say, that by the blessing of Heaven, and the restmative proper tles of the Life Pills and Phenix Bitters, I am restored to health, which no other medicine could do. Yours, &c.

Isabella A. Rogers, East Lyme, Conn. For additional particulars of the above moticines see Moffat's "Good Bamaritan," a copy of which accompanies the medicines; a copy can be obtained of the different Agents who have the medicines for

French, German, and Spanish directions can be obtained on applicat on at the office, 375 Broad-
