SEVEN REASONS WHY

DR. LEIDY'S

SARSAPARILLA BLOOD PILLS,

SHOULD receive a preference over all Pills now in existence:

First—Because they are composed of Vegetable extracts, free from minerals; and may be taken at all times with perfect safety by young and old, without restraint from occupation, temperate living, or fear of taking cold.

Second—Because they are composed of such medicinal extracts, as have been employed by all the most celebrated and respectable Physicians for more than a century past, in purifying the Blood and Animal fluid of the body.

Third—Because they may be employed as a mild or active purgative, according to the quantity taken, and their operation will not be attended with griping of the bowels, sickness at the stomach, prostration of the system, &c., as are produced by other pills.

Fourth—Because they possess a combined action, not possessed by any other pills, mixture or preparation whatever. Their first effect is in correcting all impurities with which the blood and fluids of the body may be affected, and by their gently operative effect, removing such impurities from the system.

Fifth—Because they are the terror of Quacks and Imposters, for most persons are obliged to take the Sarsaparilla Blood Pills, after taking their vile and destructive nostrums, to counteract and prevent their mischievous and baneful effects.

Sixth—Because they are the only pills in which Physicians have sufficient confidence to recommend to their patients, and employ in their practice, as they know they are Anti Quack, Anti Mercural, Anti Billious as well as a good and safe purgative and purifier of the Blood and Animal Fluids.

Seventh and last—But not the least important, be because they are prepared by a regular Apothecary and Physician, attested by Drs. Physic, Horner, Chapman, Dewees, James, Gibson, Jackson, Coxe, Hare, &c., &c., which alone is sufficient to entitle them to great confidence.

Certificates and Recommendations from Physicians and others accompany the directions around each box.

COMMUNICATION.—How few they are that happen to be afflicted with Coughs or Colds pay attention to them. How many thousands from such neglect shorten their days, and hasten their final dissolution. Parents neglect them in their children, and thus form the foundation for Consumption, and hundreds of parents annually follow their own children to the grave, having died from some affections of the Breat and Lungs, which were neglected in their first stages.

Coughs and Colds, whether existing among young or old, ought at all times be attended to early, and not suffered to continue any length of time, for the Lungs once affected, disease soon makes rapid strides, ending in the most fatal of all diseases, namely Consumption.

DR. BECHTER'S PULMONARY PRESERVATIVE for Coughs, Colds, Catarrhs, Influenzas, Shortness of Breath, Whooping Cough, Pain in the Breast or Side, all affection of the Breast and Lungs, and arrest of approaching Consumption, is the most popular medicine used throughout all Germany—is becoming equally popular in the United States, and has established for itself a reputation not possessed by any other medicine for the same class of diseases. (See certificates and recommendations from Parents, Physicians, and others, accompaning the directions.) It is a preparation perfectly safe and harmless, pleasant to the taste, and may be given to the youngest infant. It is warranted free from mercury and the minerals, and is a preparation of a regular Apothecary and Physician, attested by Drs. Physic, Chapman, Gibson, Jackson, Horner, Dewees, Coxe, James, &c. a circumstance alone sufficient to induce a trial of it

Dr. N. B. Leidy, Proprietor of the above medicine, confidently recommends it to all, and assures all most positively that it is an invaluable medicine and would not himself recommend it, but for it, known efficacy.

THE RESURRECTION OR, PERSIAN PILLS.

SUPERIOR TO THE HYGEAN, BRANDETH'S, EVAN'S INDIAN PURGATIVE, the MATCHLESS (priced) SANATIVE, or any other pills or compound before the public, as certified to by Physicians and others

Let none condemn them until they have tried them, and then we are certain they will not.

It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-eminently the best and most efficacious Family Medicine that has yet been used in America. If every family could become acquainted with their Sovereign power over disease, they would keep them and be prepared with a sure remedy to apply on the firs appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place dependence upon.

The Resurrection, or Persian Pills.

The name of these pills orginated from the circumstance of the medicine being found only in the cemetaries of Persia. This vegetable production being of a peculiar kind, led to experiments as to its medicinal qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this singular production was introduced into some parts of Europe in the year 1783, and used by many celebrated Physicians in curing certain diseases, where all other medicine has been used in vain. Early in the year 1792, the extract was combined with a certain vegetable medicine imported from Dura Baca, in the East Indies, and formed into Pills. The admirable effect of this compound upon the human system, led physicans and families into its general use. Their long established character their universal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Republic.

CERTIFICATES.

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest reputs in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Persain Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, as an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

CHARLES BACKUS, M. D.

Rochester, N. Y. Sept. 21, 1837.

TO MOTHERS.

Messrs. E. Chase & Co.—Gents.—Hearing much said about the extraordinary effects of the Resurrection or *Persian Pills*, upon those about to become mothers, we were induced to make a trial of them. My wife was at that time the mother of five children, and had suffered the most tedious and excruciating pains during and after her confinement of each. She had tried every means and taken much medicine, but found little or no relief. She commenced taking the *Persian Pills* about three months before her confinement (her health being very poor about this length of time previous) and in a short time she was enabled by their use to attend to the cares of a mother to her family until her confinement. At the time she commenced taking the *Persian Pills*, and for several weeks previous, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the *Pills* entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All those that have taken them in our neighborhood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the danger of other dangers setting in after confinement, where these Pills are taken.—We unitedly say, let none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which females can easily procure which tends to lessen the world of suffering, which many of them have to bear, and perhaps save the lives of thousands which would otherwise be lost.

ROCHESTER, Sept. 24, 1836.

Messrs. E. Chase & Co.

I think it my duty to let you know what a great cure your Pills have performed on me—I had been sick about 7 years—about 2 years and a half confined to my bed. I had been given over as incurable, with Consumption, by twelve physicians of the first standing; my lungs were severely affected; I had 3 ulcers gather and break; my cough was dry and harsh most of the time; my limbs much swollen, and my stomach very d[illegible] I had chills, fever, and night sweat, accompanied with extreme irritableness of the nervous system and other difficulties which I forbear to mention. After I was given over, I tried almost all medicines which were advertised, but to no advantage, until I got your Vegetable Persian Pills. I began to gain for a time after I commenced taking them, before I took 3 boxes, I was able to take considerable exercise, and at this time enjoy good health, and am able to do good day's work. If any one wishes a more particular history of my sufferings, he may call on me, at the corner of Main and Clinton-streets, Rochester.

RUBY ADAMS.

FITS CURED—The undersigned hereby certify, that we are the Parents of two children who have been afflicted with fits more or less from their infancy, and that we have spared no pains or expense in endeavoring to effect a cure, but without any beneficial effect, until hearing of the Resurrection or Persian Pills, when four boxes were immediately procured, and before three boxes were taken, the fits had abated in frequency, and every symtom much improved, and now we are happy to state that our children by the use of the Persian Pills, with the blessing of God, are entirely cured, and have no symtom or appearance of fits, will find in the Persian Pills a sure and perfect cure.

"The life of the flesh is in the blood," so saith the scriptures.—Leviticus c. xvii vii.

DR. LEIDY'S BLOOD PILLS.—What better than scripture testimony can we have of the life of the flesh depending upon the condition of the blood? If impure or diseased, the flesh must of course be diseased thereby, and the whole system partake of such disease. If the doctrine be true, and there is not a doubt of it (for it is a fact acceeded to by all, that the scriptures, are true beyond a doubt,) then it behooves us to guard against the consequences of such impurities, and thus preserve the flesh healthy. If the flesh be healthy, constituting as it does the principal portion of the human body then must the whole body be healthy.

In vegetables only can we find the medicine whereby all impurities of the blood may be removed.—Upwards of one hundred years experience of the most celebrated, the wisest and best physicians have proved certain vegetables to possess purifying properties. These vegetables will not here be named, and Dr. Leidy wishes to remunerate himself, and profit by the long, laborious, and costly experiments necessary to be made, that the active principles of those vegetables might be retracted and reduced to such form as makes them easy, safe and pleasant to be taken.

These vegetables are contained in the justly celebrated Blood Pills, manufantured only by Dr. N. Leidy, a regular Druggist and Physician, attested by Drs. Physic, Chapman, Jackson, Horner, Gibson Dewees, James, Hare, Cox, &c.

The above Pills may be employed as a mild or active purgative. Their action is easy, and may be employed by all persons under all circumstances.—They will at all times be found serviceable, when the least sickness is present. They require no change of diet, restraint from occupation, or fear of taking cold from their use. They are daily prescribed by numerous physicians; certificates of the fact accompany the directions. They are the most affective purifier of the blood and other fluids of the human body ever discovered. Persons having once used, will ever after, as occasion may acquire, have resourse to them.

FURTHER UNDOUBTED PROOFS THAT THE LIFE PILLS AND PHENIX BITTERS are excellent family Medicines.—The proprietor of these Medicines cannot too deeply impress upon the public mind the high importance of an early or timely attention to sound health. There are very many in this community who do not appreciate good health, until attacked by some violent disease, when they think they must immediately send for a physician, and in consequence, they are perhaps confined to their beds for weeks, or even months. Almost every one is liable to be unwell at times, and by neglect of proper treatment of themselves, on such occasions, it is very often the case that a severe attack of disease is the consequence. Such results may be easily avoided, and should be; and it is in a great measure the object of Mr. MOFFAT, that his publication should continually remind such persons of their danger. The following letters go to show that the Life Pills and Phenix Bitters are not only excellent family medicines, but that they will, in very many instances, supercede the necessity of calling a phisician. The principal office is at 375 Broadway, where thousands of similar letters to Mr. Moffat, may be examined.

The following letter was received from a gentleman who, a few months since, purchased some of the Life Medicines for the use of his family, and a few of his friends:—

Napoli, N. Y., July 27, 1838.

Mr. W. B. Moffat—Dear Sir—The Life Pills and Phenix Bitters surpass every medicine I have been acquainted with. In every instance where it has been used, a benefit has been derived, and every person is satisfied. One man, troubled with a scrofulous humor, has been all but raised from the dead. Another person, a female who has been unable to leave her room for the last two years, has been restored to health. Another troubled with sore throat for more than a year, and also a burning sensatian in her stomach and bowls, was completely cured by three doses of your Pills. Another, troubled with a severe nervous affection, attend with dyspepsia and continued head-ache, and was so reduced as to be unable to leave her bed, was, by the use of one box of Pills and bottle of Bitters, so far restored as to be able to attend to her domestic concerns. And lastly, an acquaintance of mine, has by the use of a bottle of Bitters and two boxes of Pills, been made a perfectly sound and healthy man. He had been laboring under a complication of diseases for the last five years. I could mention numerous other instances, but these are sufficient to show the effects of the medicine upon a few of my neighbors and friends. Your obedient servant,

CYRUS THACHER.

The following is part of a letter written by a gentleman in the country to his brother in this city, from whom he had received a box of Life Pills and Phenix Bitters:

Thompsonville, Conn., June 26, 1838.

Dear Brother—I embrace the present opportunity of writing you a few lines. I received the Life Pills and Phenix Bitters you sent me, for which I can never thank you enough, as they have proved, I hope, a perfect cure to me. I had for two years been troubled with a severe pain in my side, I applied to all the doctors in this neighborhood, but got no relief until I took the Pills and Bitters you sent me. Since I have taken them I have been as well as ever I was in my life.

Yours affectionately, DAVID MCGILL.

The following is a copy of a letter from Terre Haute Indiana:

Mr. W. B. Moffat—Dear Sir—I wrote you a few days since stating, briefly, the quantity of Life Pills and Phenix Bitters, I should want the coming season. When I accepted the agency of this Medicine in June last, (although your application was accompanied by documents, attesting the great benefit of this medicine,) I had no expectaion that it would equal the description given of it, or give such general satisfaction as the experiment of a few months has proved. I can only say that all who have used it bear testimony of its great value and efficiency. I know of no instance where it has been thought in the slightest degree injurious, and, even those who are afflicted beyond hope of cure, bear testimony of its salutary influence upon their general health. The great and increasing demand for this article is the best assurance of its usefulness, and I would not wish to be without it for a single day. Respectfully, yours, J. F. KING.

The following is a copy of a letter from a lady in East Lyme, Connecticut, to Mr. Moffat's agent:

East Lyme, Conn., May 6th, 1839.

Mr. Bradford—Sir—In regard to Dr. W. B. Moffat's Life Pills and Phenix Bitters, I can truly say from experience, they are the best medicine I have any knowledge of. Incredible as it may appear, I have for eight months scarcely been able to walk across a room, one month could not feed myself, had the attendance of the best of physicians for months, once and twice a day—have taken Patent Medicine as far as directions would permit. Also, a celebrated Doctor's prescriptions, all of which has been a course of the greatest perseverance I was capable of. Yet I have received no more than present relief; to give a similitude of my sufferings is indescribable. Yet I will write the symtoms of my disease. For ten years I have suffered with a nervous affection in my head and face; a place as large as a hand in the left side of my back, connecting the shoulder described; a sensation of soreness, frequently became as cold as if life had departed. In July, 1839, in consequence of overdoing, taking a hard cold, I was seized with a numbness in the system, faintness, flatulency, pain in the head, voracious appetite, and at times deficient appetite, great loss of muscular power, pain in the left side, also in the shoulder and arm to the greatest extent, palpitation of the heart, great distress in the back, gnawing in the stomach when empty, pressure after meals, amounting almost to suffocation, stricture across the breast, sore throat; also a tickling, attended with a convulsive cough, spitting of purulent matter, night sweats, cold feet and hands, foetid breath, costiveness, piles, loss of memory, affection of sight and hearing, dizziness, deafness, the mind became desponding, other disagreeables not mentioned, which caused great weakness, &c. I happily, and can truly say, that by the blessing of Heaven, and the restorative properties of the Life Pills and Phenix Bitters, I am restored to health, which no other medicine could do. Yours, &c.

Isabella A. Rogers, East Lyme, Conn.

To which men are addicted.

Which all the world are praising,
For never did the gods provide
A med'cine so amazing.

Tho' Spleen or Chol'ra rack you through,
With this you need not fear them;
If Gout afflict, and Colic too,
A box or too will clear them:
And if your liver's out of tune;
If wild your head is aching;
If jaundice dies you like the moon;
Or ague sets you shaking;
If grim dyspepsia thins your chyle;
If devils blue are grinding;
If you are plagued with gripe or bile,
Or fevers loose or binding;
O tell no doctor of your ills,
Nor trust to baths or lancing;
But face the rogues with PETERS' PILLS
And soon you'll send them prancing.

These valuable pills are Superior to Lee's, Brandreth's, Moffett's, Evans, Hunts, the *Persian* or in fact to any other pill ever brought before the public. One 25 Cent Box will prove their virtue in this county, as their surprising virtues are established all over the United States, Canadas, Texas, Mexico and the West Indies.
