AND DESCRIPTION OF THE PERSON OF THE PARTY O SEVEN BESSONS WHY DR. LEIDY'S

SARSAPARILLA BLOOD PILLS, SHOULD receive a preference over all Pills now in existence:

First-Because they are composed of Vegetable extracts, free from minerals; and may be taken at all times with perfect safety by young and old, without restraint from occupation, temperate living, or fear of taking cold.

Second.—Because they are composed of such reddefinal extracts, as have been employed by all the most celebrated and respectable Physicians for more than a century post, in parifying the Blood

and Animal field of the body.

Third—Because they may be employed as a mild or setive purgative, according to the quantity taken, and it sir operation will not be attended with griping of the burrels, sickness at the stomach, prestration of the system, &c., as are produced by other pills.

Fourth-Because they possess a combined action not passessed by any other pills, mixture or prepar ation whatever. Their first effect is in correcting all impurities with which the blood and fluids of the body may be affected, and by their gently operative effect, removing such impurities from the sys

tem. Fifth-Because they are the terrer of Quacks and imposters, for most persons are obliged to take the Sarsaparilla Blood Pills, after taking their vile and destructive nostrums, to counteract and prevent their mischievens and bareful effects.

Sixth -Porage they are the only pills in which Physicians have sufficient confidence to recommend to their patients, and employ in their practice, a they know they are Anti Quack, Anti Mercural Anti Billious as well as a good and safe purgative and purifier of the Blood and Animal Fluids. Seventh and last-But not the least importan

be because they are prepared by a regular Apothe cary and Physician, attented by Drs. Physic, Hornor, Chapman, Dewees, James, Gibson, Jackson, Coxe, Hare, &cc., &cc., which alone is sufficient to entile them to great confidence.

THE RESURRECTION OR, PERSIAN PILLS

SUPERIOR TO THE HTGEAN, BRANDETH'S, EVAN INDIAN PURGATIVE, the MATCHESS (priced) Sanarive, or any other pills or compound before the public, as certified to by Physicians and others Let none condemn them until they have tried them, and then we are certain they will not.

It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-emineutly the best and most efficacious Pamily Medially could become acquainted with their Sov ign power over disease, they would keep them and prepared with a sure remedy to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being ssion of a remedy which they can place dependence upon.

The Resurrection, or Persian Pills.

The name of these pills orginated from the circumstance of the medicine being found only in the cemetaries of Persia. This vegetable production being of a peculiar kind, led to experita melicinal qualities and virtues. In half a cen-tury it became an established medicine for the diseases of that country. The extract of this singufar production was introduced into some parts of Eu rope in the year 1783, and used by many celebrate. Physicians in curing cermin diseases, where all other medicine has been used in vain. Early in the year 1792, the extract was combined with a certain vegetable medicine imported from Dura Baca, in the East Indies, and formed into Pills. The admir able effect of this compound upon the handn system, led physicians and families into its genera Their long established character their univer sal and healing virtues, the detergent and cleansin qualities of their specific action upon the glandula part of the system, are such as will sustain their re putation and general use in the American Repul-

CERTIFICATES.

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Fills in my practice, which have borns the highest repute in the public estimation, that have been offered sale in this vicinity for the last five years, including those called the Resurrection or Permin Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, a an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of discuse.

TO MOTHERS.

Memors. E. Chase & Co .- Gents .- Hearing such said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of them. Bly wife was at that time the mother of five children, and had suffered the most tedious and exeruciating pains during and after her confinement of cach. She had tried every means and taken much medicine, but found little or no relief. She communed taking the Pensian Pills about three months before her confinement (her health being very poor about this length of time previous) and in a ort time she was enabled by their use to attend to the cares of a mother to her family until her confinement. At the time she commenced taking the Persian Pills, and for several weeks pravious, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pilla entirely removed before using half a box. It is with to greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All those that have taken them in our neighborhood have got along in the same casy manner, and are about the house in a few days. There does not appear to be half the danger of other dangers setting after confinement, where these Pills are taken,-We unitedly say,let none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which termiles can easily procure which tends to lessen the world of suffering, which many of them have to bear, and perhaps save the lives of thousands which, would otherwise be lost.

I think it my duty to let you know what a great are your Pills have performed on me-i had been about 7 years - about 2 years and a helf cor fined to my bed. I had been given over as incurable with Consumption, by twelve physicisms of the first acading; my lungs were seriously affected; I had Sulvers gather and break; my cough was dry and harsh most of the time; my liver was much swollen. and my stomach very dyspeptic. I had can be never, and night sweat, accompanied with extreme irrita-bleness of the nervous system, and other difficulties hich I forhear to mention. After I was given over, I tried almost all medicines which were advertised, but to no advantage, until I tried your Vegetalie Persian Pins. I began to gain it without time after I commenced taking them; and, to be brief, before I took 3 boxes, I was able to ride out and to take considerable exercise, and at this time I enjoy good esith, and am able to do good day's work. If any noe wishes a more purticular blistory of my suffer-ings, he may call on me, at the curner of Main and Clinton-streets, Rochester.

PR. LEIDY'S BLOOD PILLS.—What better than scripture testimeny can we have of the ife of the flesh depending upon the condition of the blood? If impure or diseased, the fles's must of course be diseased thereby, and the whole system partake of such disease. If the doctrine be true, and there is not a doubt of it (for it is a feet accesded to by all, that the scriptures, are true beyond a doubt,) then it behooves us to guard against the consequences of such impurities, and thus preserve the flesh healthy. If the flesh he healthy, constituting as it does the principal portion of the human your then must the whole body be healthy.

In vegetables only can we find the medicine where-by all importities of the blood may be removed,wards of one hundred years experience of the most celebrated, the wisest and best physicians have proved cectain vegetables to possess purifying prop-These vegetables will not here be n and Dr. Leidy wishes to remunerate himself, and profit by the long, laborious, and costly experiments necessary to be made, that the active principles of those vegetables might be retracted and reduced to such form as makes them easy, safe and pleasant to be taken.

VIX BITTER Sare execution family Medicines, The proprietor of these Medicines cannot too deep ly impress upon the public mind the high imporof an early or timely attention to sound health. There are very many in, his community who do not appreciate good health, until attacked by some violent disease, when they think they must immedistely send for a physician, and in consequence, they are perhaps confined to their balls for weeks, or even months. Almost every one is liable to be unwell at times, and by neglect of proper treatment of them-seives, on such occasions, it is very often the case that a severe attack of the case is the consequent Such results may be easily avoided, and should be; and it is in a great measure the object of Mr. MOF-FAT, that his publication should continually remind such persons of their danger. The following letters go to show that the Life Pilfs and Phenix Bitters are not only excellent family medicines, but that they will, in very many instances, supercede the necessity of calling a phisician. The principal office is at 375 Broadway, where thousands of sim-Har letters to Mr. Moffat, may be examined.

The following letter was received from a gentleman who, a few months since, purchased some of the Life Medicines for the use of his family, and a few of his friends :-Napoli, N. Y., July 27, 1838.

Mr. W. B. Moffet Dear Sir The Life Pills and Phenix Biners surpass every medicine I have been acquainted with. In every instance where it has been used, a benefit has been durived, and every person is satisfied. One mun, troubled with a scrofplans humor, has been all but raised from the dead. Another person, a famale who has been unable to leave her room for the last two years, has been restered to health. Another troubled with sore throat for more than a year, and also a burning sensatian in her stomach and howls, was completely cured by three doses of your Pills. Another, troubled with a severe nervous affection, attend with dyspepsia and continued head-sche, and was so reduced as to be smalls to leave her bed, was, by the mas of one bas of Pills and bottle of Bitters, so far restored as to be able to attend to her domestic concurrs. And lastly, an acquaintance of mine, has by the use of a bettle of Bitters and two cores of Pills, been made a perfectly sound and healthy man. He had been laboring under a complication of diseases for the last five years. I could mention numerous other instances, but these are sufficient to show the effects of the medicine upon a tow of my neighbors and friends. Your obedient servant,

Craus Tracues. The following is part of a letter written by a gra-tlemen in the country to his brother in this city, from whom he had received a box of Life Fills and Phenix Butters:

Thompsonville, Conn., June 26, 1838. Dear Brother-I embrace the present opportun of writing you a few lines. I received the Life Pills and Phenix Bitters you sent me for which I can never thank you enough, as they have proved. I hope, a perfect care to me. I had for two years been troubled with a severe pain in my side. I applied to all the doctors in this neighborhood, but got so relief until I took the Pills and Bitters you sent me. Since I have taken them I have been as well as over I was in my life,

Yours effectionately, DAVID McGetta. The following is a copy of a letter from Terre

Haute Indiana; Mr. W. B. Moffat-Dear Sir-I wrote you a few lays since stating, briefly, the quantity of Life Pills and Phenix Bitters, I should want the coming season. When I accepted the agency of this Medicine in June 14st, (although your application was accompanied by documents, attesting the great ben efit of this medicine,) I had no expectation that it would equal the description given of it, or give such general satisfaction as the experiment of a few months has proved. I can only say that all who have used it bear testimony of its great value and efficiency. I know of no instance where it has been thought in the slightest degree injurious, and even those who are afficied beyond hope of cure bear testimony of its salutary influence upon their general health. The great and increasing domain for this article is the best assurance of its usefulness and I would not wish to be without it for a single

day. Respectfully, yours. J. F. Kino.
The following is a copy of a letter from a lady in East Lyme, Connecticut, to Mr. Moffat's agent: East Lyme, Conn., May 6th, 1839.

rd to Dr. W. B. Mc at's Life Pills and Phonix Bitters, I can truly say from experience, they are the best medicine I have any knowledge of. Incredible as it may appear, I have for eight mouths scarcely been able to cross a room, one month could not feed myself, had the attendance of the best of physicians for months, once and twice a day—have taken Patent Medicine as far as directions would permit. Also, a celebrated Doctor's prescriptions, all of which has been a course of the greatest perseverance I was capable of. Yet I have received no more than present re-lief; to give a similitude of my sufferinge is indes-cribable. Yet I will write the syntams of my dismee. For ten years I have suffered with a nervous afflection in my head and factor place as large as a hand in the left side of my back, connecting the shoulder described; a scientian of sozeres, frequent-ly became as cold as if file had departed. In July, 1839, in consequence of overloing, taking a hard cold, I was seized with a numbers in the system, faininess, shaulency, pain in the head, voracious ap-petite, and at times deficient appetite, great loss of nuscular power, paints the left side also in the shortder and arm to the greatest extent, polymation of the heart, great distress in the back, grawing in the atomach when empty, premure after meals, amount-ing almost to sufficiency stricture across the breast, ore throat; also a tickling, attended with a convulsive cough, spitting of purulent matter, night sweats cold feet and hands, forted breath, contiveress, piles loss of memory, affection of sight and bearing, dix iness, destress, the mind became desponding, other design cables not mentioned, which caused great weakness, &c. I happily, and can unity say, that by the blessing of Heaven, and the restorative proper-ties of the Life Pills and Phesix Eliters, I am restored techealth, which no other medicine could do
