First-Because they are composed of Vegetable extracts, free from minerals; and may be taken at all times with perfect safety by young and old, without restraint from occupation, temperate living, r feur of taking cold.

Second-Pecause they are composed of such medicinal extracts, as have been employed by all the most celebrated and respectable Physicians for more than a century past, in purifying the Blood and Animal fluid of the body.

Third-Because they may be employed as a mild or active purgative, according to the quantity taken, and their operation will not be attended with griping of the bowels, sickness at the stomach, prostration of the system, &c., as are produced by

Fourth-Because they possess a combined action, not possessed by any other pills, mixture or preparation whatever. Their first effect is in correcting all impurities with which the blood and fluids of the body may be affected, and by their gently operative effect, removing such impurities from the sys-

Fifth-Because they are the terror of Quacks and Imposters, for most persons are obliged to take the Sarsaparilla Blood Pitls, after taking their vice and destrue, ive nostrums, to counteract and prevent their mischiovous and baneful effects.

Sixth-Because they are the only pills in which Physicians have sufficient confidence to recommend to their patients, and employ in their practice, as they know they are Anti Quack, Anti Mercaral, Anti Billious as well as a good and safe purgative and purifier of the Blood and Animal Fluids. Seventh and last-But not the least important,

be because they are prepared by a regular Apothecary and Physician, attested by Drs. Physic, Horner, Chapman, Dewees, James, Gibson, Jackson, Coxe, Hare, &c., &c., which alone is sufficient to entitle them to great confidence,

COMMUNICATION.—How few they are that happen to be afflicted with Courhs or Colds pay attention to them. How many thousands from such neglect shorten their days, and hosten their final dissolution. Parents neglect them in their chilfren, and thus form the foundation for Consumption, and hundreds of parents annually follow their own children to the grave, having died from some affections of the Brest and Lungs, which were neglected in their first stages.

Coughs and Colds, whether existing among young or old, ought at all times be attended to early, and not suffered to continue any length of time, for the Lungs once affected disease soon makes rapid strices, ending in the most fatal of all diseases, namely Con-

THE RESURRECTION OR, PERSIAN PILLS.

SANATIVE, OF BRY OTHER PHILES (PRICE) the public, as certified to by Physicians and others Let none condemn them until they have tried them, and then we are certain they will not.

It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-emi-nently the best and most efficacions Family Medicine that has yet been used in America. If every family could become acquainted with their Sover eign power over disease, they would keep them and be prepared with a sure remedy to apply on the firs appearance of disease, and then how much distress would be avoided and money sayed, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place dependence upon.

The Resurrection, or Persian Pills.

The name of these pills orginated from the cirince of the medicine being found only in the cometaries of Persia. This vegetable production being of a peculiar kind, led to experiments as to ta medicinal qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this singular production was introduced into some parts of Europe in the year 1783, and used by many celebrates Physicians in curing certain discuses, where all other medicine has been used in vain. Early in the your 1792, the extract was combined with a certain vegetable medicine imported from Dura Baca, in the East Indies, and formed into Pills. The admirable effect of this compound upon the human sys tem, led physicans and families into its general Their long established character their universal and healing virties, the detergent and cleaning qualities of their specific action upon the glandular part of the system, are such as will sustain their reestation and general use in the American Repub-

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest reputs in the public estimation, that have been offered for sale in this vicinity for the last five years, inclinting those called the Resurrection or Persain Pills; and the public may rest assured that more among the whole estalogue has answered a better purpose, as an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease

TO MOTHERS.

Measurs, E. Chase & Co .- Gents .- Hearing much said about the extmordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of hem. My wife was at that time the mother of five children, and had suffered the most tedious and exeruciating pains during and after her combinement of each. She had tried every means and taken much medicine, but found fittle or no relief. She ommenced taking the Persian Pills about three arouths before her confinement (her health being ve-ry poor about this length of time previous) and in a ort time she was enabled by their use to attend to he cares of a mother to her family until her coninement. At the time site commenced taking the Persian Pills, and for several weeks previous, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All these that have taken them in our neighborhood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the danger of other dangers setting in after confinement, where these Pills are taken,-We unitedly say, let none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which males can easily procure which tends to lessen the vorld of suffering, which many of them have to bear, and perhaps save the lives of thousands which, would Rochester, May 14, 1838; corner of Callidonian

Rachesten, Sept. 24, 1836. Messes. E. Chase & Co.

I think it my duty to let you know what a great cure your Pills have performed on me—I had been sick about 7 years—about 2 years and a half conhed to my hed. I had been given over as incurable with Consumption, by twelve physicians of the tire tanding; my lungs were seriously affected; I had sulcers gather and break; my cough was dry and harsh most of the time; my liver was much swollen and my stomach very dyspeptic. I had chills, fever and night sweat, accompanied with extreme inita-bleness of the nervous system, and other difficulties which I forhear to mention. After I was given over I tried almost all inclicines which were alvertised but to no advantage, until I tried your Vegetable Persian Fills. I began to gain in a short time after commenced taking them; and, to be brief, before I took 3 boxes, I was able to ride out and to take cor siderable exercise, and at this time I enjoy good maith, and an able to do good day's work. If any noe wishes a more particular history of my suffer-ings, he may call on me, at the corner of Main and Clinton-streets, Rochester.
