

**SEVEN REASONS WHY DR. LEIDY'S SARSAPARILLA BLOOD PILLS SHOULD receive a preference over all Pills now in existence:**

First—Because they are composed of Vegetable extracts, free from mineral, and may be taken at all times with perfect safety by young and old, without restraint from occupation, temperate living, or fear of taking cold.

Second—Because they are composed of such medicinal extracts, as have been employed by all the most celebrated and respectable Physicians for more than a century past, in purifying the Blood and Animal fluid of the body.

Third—Because they may be employed as a mild or active purgative, according to the quantity taken, and their operation will not be attended with griping of the bowels, sickness at the stomach, prostration of the system, &c., as are produced by other pills.

Fourth—Because they possess a combined action, not possessed by any other pills, mixture or preparation whatever. Their first effect is in correcting all impurities with which the blood and fluids of the body may be affected, and by their gently operative effect, removing such impurities from the system.

Fifth—Because they are the terror of Quacks and impostors, for most persons are obliged to take the Sarsaparilla Blood Pills, after taking their vile and destructive nostrums, to counteract and prevent their mischievous and baneful effects.

Sixth—Because they are the only pills in which Physicians have sufficient confidence to recommend to their patients, and employ in their practice, as they know they are Anti Quack, Anti Mercenary, Anti Billious as well as a good and safe purgative and purifier of the Blood and Animal Fluids.

Seventh and last—But not the least important, because they are prepared by a regular Apothecary and Physician, attested by Drs. Physic, Homer, Chapman, Dewees, James, Gibson, Jackson, Cox, Hare, &c., &c., which alone is sufficient to entitle them to great confidence.

Certificates and Recommendations from Physicians and others accompany the directions around each box.

**COMMUNICATION.**—How few are they that happen to be afflicted with Coughs or Colds pay attention to them. How many thousands from such neglect shorten their days, and hasten their final dissolution. Parents neglect them in their children, and thus form the foundation for Consumption, and hundreds of parents annually follow their own children to the grave, having died from some affection of the Breat and Lungs, which were neglected in their first stages.

Coughs and Colds, whether existing among young or old, ought at all times to be attended to early, and not suffered to continue any length of time, for the Lungs once affected, disease soon makes rapid strides, ending in the most fatal of all diseases, namely Consumption.

**DR. BECHTER'S PULMONARY PRESERVATIVE** for Coughs, Colds, Catarrhs, Influenza, Shortness of Breath, Whooping Cough, Pain in the Breast or Side, all affection of the Breat and Lungs, and arrest of approaching Consumption, is the most popular medicine used throughout all Germany—is becoming equally popular in the United States, and has established for itself a reputation not possessed by any other medicine for the same class of diseases. (See certificates and recommendations from Parents, Physicians, and others, accompanying the directions.) It is a preparation perfectly safe and harmless, pleasant to the taste, and may be given to the youngest infant. It is warranted free from mercury and the minerals, and is a preparation of a regular Apothecary and Physician, attested by Drs. Physic, Chapman, Gibson, Jackson, Homer, Dewees, Cox, James, &c. a circumstance alone sufficient to induce a trial of it.

Dr. N. B. Leidy, Proprietor of the above medicine, confidently recommends it to all, and assures all most positively that it is an invaluable medicine and would not himself recommend it, but for its known efficacy.

**THE RESURRECTION OR, PERSIAN PILLS.**

**SUPERIOR TO THE HYGEAN, BRANDRETH'S, EVAN INDIAN PURGATIVE, THE MATCHLESS (priced) SENSITIVE, or any other pills or compound before the public, as certified to by Physicians and others.**

Let none condemn them until they have tried them, and then we are certain they will not.

It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-eminently the best and most efficacious Family Medicine that has yet been used in America. If every family could become acquainted with their Sovereign power over disease, they would keep them and be prepared with a sure remedy to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place dependence upon.

*The Resurrection, or Persian Pills.*

The name of these pills originated from the circumstance of the medicine being found only in the cemeteries of Persia. This vegetable production being of a peculiar kind, led to experiments as to its medicinal qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this singular production was introduced into some parts of Europe in the year 1783, and used by many celebrated Physicians in curing certain diseases, where all other medicine has been used in vain. Early in the year 1792, the extract was combined with a certain vegetable medicine imported from Dura Baco, in the East Indies, and formed into Pills. The admirable effect of this compound upon the human system, led physicians and families into its general use. Their long established character their universal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Republic.

**CERTIFICATES.**

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Persian Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, as an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

CHARLES BACKUS, M. D. Rochester, N. Y. Sept. 21, 1837.

**TO MOTHERS.**

Messrs. E. Chase & Co.—Gents.—Hearing much said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of them. My wife was at that time the mother of five children, and had suffered the most tedious and excruciating pains during and after her confinement of each. She had tried every means and taken much medicine, but found little or no relief. She commenced taking the Persian Pills about three months before her confinement (her health being very poor about this length of time previous) and in a short time she was enabled by their use to attend to the cares of a mother to her family until her confinement. At the time she commenced taking the Persian Pills, and for several weeks previous, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All those that have taken them in our neighborhood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the danger of other dangers setting in after confinement, where these Pills are taken. We unfeignedly say, let none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which females can easily procure which tends to lessen the world of suffering, which many of them have to bear, and perhaps save the lives of thousands which would otherwise be lost.

ROCHESTER, Sept. 24, 1836.

**Messrs. E. Chase & Co.**

I think it my duty to let you know what a great cure your Pills have performed on me—I had been sick about 7 years—about 2 years and a half confined to my bed. I had been given over as incurable, with Consumption, by twelve physicians of the first standing; my lungs were seriously affected; I had 3 ulcers gather and break; my cough was dry and harsh most of the time; my liver was much swollen, and my stomach very dyspeptic. I had chills, fever, and night sweat, accompanied with extreme irritability of the nervous system, and other difficulties which I forbear to mention. After I was given over, I tried almost all medicines which were advertised, but to no advantage, until I tried your Vegetable Persian Pills. I began to gain in a short time after I commenced taking them; and, to be brief, before I took 3 boxes, I was able to rise out and to take considerable exercise, and at this time I enjoy good health, and am able to do good day's work. If any one wishes a more particular history of my sufferings, he may call on me, at the corner of Main and Clinton-streets, Rochester.

**FITS CURED.**—The undersigned hereby certify, that we are the Parents of two children who have been afflicted with fits more or less from their infancy, and that we have spared no pains or expense in endeavoring to effect a cure, but without any beneficial effect, until hearing of the Resurrection or Persian Pills, when four boxes were immediately procured, and before three boxes were taken, the fits had abated in frequency, and every symptom much improved, and now we are happy to state that our children by the use of the Persian Pills, with the blessing of God, are entirely cured, and have no symptom or appearance of fits, will find in the Persian Pills a sure and perfect cure.

**PROCLAMATION.**

WHEREAS, the honorable ELLIS LEWIS President of the Courts of Oyer and Terminer and General Jail Delivery, Court of Quarter Sessions of the Peace, and Court of Common Pleas, and Orphan's Court, in the eighth Judicial District, composed of the counties of Northumberland, Union, Columbia and Lycoming; and the Hon. WILLIAM DONALDSON and GEORGE MAEK Esquires, associate Judges in Columbia county, have issued their precept bearing date the 27th day of August in the year of our Lord one thousand eight hundred and forty, and to me directed for holding

*A Court of Oyer and Terminer and General Jail Delivery, General Quarter Sessions of the Peace, Common Pleas, and Orphan's Court.*

IN DANVILLE, in the county of Columbia, on the third Monday of Nov. next, (being the 16th day) and to continue two weeks.

NOTICE is therefore hereby given to the Coroner, the Justices of the Peace, and Constables of the said County of Columbia, that they be then and there in their proper persons, at ten o'clock, in the forenoon of said day, with their records, inquisitions and other remembrances to do those things which to their offices appertain to be done. And those that are bound by recognizances to prosecute against the prisoners that are or may be in the jail of said county of Columbia, are to be then and there to prosecute against them as shall be just. Jurors are requested to be punctual in their attendance, agreeably to their notices.

Dated at Danville, the 18th day of October, in the year of our Lord one thousand eight hundred and forty and in the 66th year of the independence of the United States of America.

WILLIAM KITCHEN, Sheriff. Sheriff's Office, Danville, 3 Oct. 16th 1840.

**KEEP IT BEFORE THE PEOPLE.**

DR. JOSEPH PRIESTLEY PETERS,

*Celebrated Vegetable Antibilious Pills.*

Are effecting some of the most astonishing and wonderful cures that have ever been known. The town and county are filled with their praise. The Palace and Poor house alike echo with their virtues. In all climates they still retain their wonderful virtues.

Extract from a letter written by Dr. Francis Bogart, of Providence, R. I. Dec. 7, 1838.

"Peters' Pills are an excellent aperient and cathartic medicine, [those effects being produced by the difference of the quantity taken.] and are decidedly superior to Lee's, Brandreth's Morrison's pills!"

Extract from a letter by Hopkins, of Bangor, Maine, Jan. 9, 1838.

"They are a peculiarly mild, yet efficient purgative medicine; and produce little, if any griping or nausea. I have prescribed them with much success in sick headaches and slight bilious fevers."

Extract from a letter by Dr. Joseph Williams, of Burlington, Vt. July 9, 1837.

"I cordially recommend Peter's Pills as a mildly effective, and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs."

Extract of a letter from Dr. Edward Smith, of Montreal, U. C., Sept. 29 1836.

"I never knew a single patent medicine that I could put the slightest confidence in but Dr. Peters' Vegetable Pills, which are really a valuable discovery. I have no hesitation in having it known that I use them extensively in my practice, for all complaints, (and they are not a few,) which have their source in the impurity of the blood."

Extract of a letter from Dr. Fye, of Quebec, L. C. March 6, 1837.

"For bilious fevers, sick headaches, torpidity of the bowels, and enlargement of spleen, Dr. Peters' Pills are an excellent medicine."

Extract of a letter from Dr. Gurney, of New Orleans, La. Oct. 9, 1837.

"I have received much assistance in my practice—especially in jaundice and yellow fever—from the use of Peters' Pills. I presume, that on an average, I prescribe a hundred boxes a month."

Extract of a letter from Dr. Reynolds, of Galveston, Texas, April 5, 1838.

"They are certainly an excellent general family medicine, and there is no quackery about them."

Extract of a letter from Dr. Pritchard, of Hudson, N. Y. June 3, 1836.

"I was aware that Dr. Peters was one of the best chemists in the United States, and felt assured that he would some day—(from his intimate knowledge of the properties of herbs and drugs)—produce an efficient medicine, and I must acknowledge that his Vegetable Pills fully respond to my expectations. They are indeed a superior medicine, and reflect credit alike upon the chemist—the physician and the philosopher."

Extract of a letter from Dr. Waines, of Philadelphia, Feb. 2, 1838.

"Your pills are the mildest in their operations, and yet most powerful in their effects, of any that I have ever met with in a practice of eight and twenty years. Their action on the chyle and hence on the impurities of the blood, is evidently very surprising."

Extract of a letter from Dr. Scott, of Baltimore, Dec. 17, 1839.

"I am in the daily habit of prescribing them—(Peters' Pills)—and they in nearly all cases, answer my purpose. I have discarded other medicines, some of them very good ones, in their favor."

Extract from an address delivered on the evening of the 14th May, 1837, before the Medical Board of New York, by Dr. Emerson. See New York Medical Reports, for 1837.

"As a body I know that we have set our face against the generality of patent medicines, and experience has taught us that the great bulk of them are mere catch penny trash; but I feel called upon to make an honorable exception in favor of the Vegetable Pills of our worthy and skillful fellow laborer and citizen, Dr. Joseph Priestley Peters, of which, (in consequence of their peculiarly nutritious action on the blood,) I, and several members of this honorable Society, are ardent patrons." This friendly allusion to the Vegetable Pills was received with a warm round of applause by all the members present.

A fresh supply of the valuable Pills just received by John R. Moyer, and D. S. Tobias, Bloomsburg, and William Biddle, Danville.

(Price 25 cents per Box.) October 31, 1840.

DR. SWAYNE'S COMPOUND SYRUP OF PRUNUS VIRGINIANA OR

**WILD CHERRY,** For Coughs, Colds, Athmas, Spitting of Blood, Soreness of Throat, Whooping Cough, and all Diseases indicative of CONSUMPTION.

DELAYS ARE DANGEROUS.—So it is with those who neglect their COLDS and COUGH.—At first you complain of having a Cold, which is neglected; after which a soreness is experienced in the Bronchia, with a Hacking Cough, and finally the disease settles upon the lungs, which the patient will soon perceive by a wasting away of the body, attended with hectic fevers and spitting up of fluid blood and matter from ulcers on the lungs; a pain and weight is also experienced at the affected part of the lungs; the functions of the animal economy grow languid; the body becomes dry; the eyes sink deep within their cavities; at length the patient pays the debt of nature, when he is flattering himself with the hopes of a speedy recovery. To obviate all those distressing symptoms "Spare no Time" in procuring the above Invaluable Medicine at the very commencement of your Cold and Coughs whereby your health may be secured and time and money saved.

Not having any orders to publish the Register's Notice, we again publish them without FEE OR REWARD, that the centre portion of the county may not be wholly excluded from a knowledge of the official business of that office, as we know that several of our subscribers are interested in the settlement of the estates mentioned, notwithstanding the Register appears to think otherwise, by publishing them only in the papers at the two extremes of the county.

**NOTICE IS HEREBY GIVEN,**
