

THE RESURRECTION OR, PERSIAN PILLS.

SUPERIOR TO THE HIGLEY, BRANDETH'S, EVANS INDIAN PURGATIVE, THE MATCHLESS (priced) CATHARTIC, or any other pills or compound before the public, as certified to by Physicians and others. Let none condemn them until they have tried them, and then we are certain they will not.

It is now a settled point with all who have used the Vegetable Persian Pills that they are pre-eminently the best and most efficacious Family Medicine that has yet been used in America. If every family could become acquainted with their Sovereign power over disease, they would keep them and be prepared with a sure remedy to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place dependence upon.

The Resurrection, or Persian Pills.

The name of these pills originated from the circumstance of the medicine being found only in the cataracts of Persia. This vegetable production being of a peculiar kind, led to experiments as to its medicinal qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this singular production was introduced into some parts of Europe in the year 1783, and used by many celebrated Physicians in curing certain diseases, where all other medicine has been used in vain. Early in the year 1792, the extract was combined with a certain vegetable medicine imported from Dura Bera, in the East Indies, and formed into Pills. The admirable effect of this compound upon the human system, led physicians and families into its general use. Their long established character their universal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Republic.

CERTIFICATES.

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Persian Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, as an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

CHARLES BACKUS, M. D. Rochester, N. Y. Sept. 21, 1837.

TO MOTHERS.

Messrs. E. Chase & Co.—Gents.—Hearing much said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of them. My wife was at that time the mother of five children, and had suffered the most tedious and excruciating pains during and after her confinement of each. She had tried every means and taken much medicine, but found little or no relief. She commenced taking the Persian Pills about three months before her confinement (her health being very poor about this length of time previous) and in a short time she was enabled by their use to attend to the cares of a mother to her family until her confinement. At the time she commenced taking the Persian Pills, and for several weeks previous, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All those that have taken them in our neighborhood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the danger of other purgatives setting in after confinement, where these Pills are taken.—We unitedly say, let none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which females can easily procure which tends to lessen the world of suffering, which many of them have to bear, and perhaps save the lives of thousands which would otherwise be lost.

S. ROBERTS, ANN O. ROBERTS.

Rochester, Sept. 24, 1836.

Messrs. E. Chase & Co.

I think it my duty to let you know what a great cure your Pills have performed on me—I had been sick about 7 years—about 2 years and a half confined to my bed. I had been given over as incurable, with Consumption, by twelve physicians of the first standing; my lungs were seriously affected; I had 8 ulcers gather and break; my cough was dry and harsh most of the time; my liver was much swollen, and my stomach very dyspeptic. I had chills, fever, and night sweat, accompanied with extreme irritability of the nervous system, and other difficulties which I forbear to mention. After I was given over, I tried almost all medicines which were advertised, but to no advantage, until I tried your Vegetable Persian Pills. I began to gain in a short time after I commenced taking them; and, to be brief, before I took 3 boxes, I was able to ride out and to take considerable exercise, and at this time I enjoy good health, and am able to do good day's work. If any one wishes a more particular history of my sufferings, he may call on me, at the corner of Main and Clinton-streets, Rochester.

KEEP IT BEFORE THE PEOPLE

DR. JOSEPH PRIESTLEY PETERS,

Celebrated Vegetable Antibilious Pills,

Are effectual in some of the most astonishing and wonderful cures that have ever been known. The town and county are filled with their praise. The Palace and Poor house alike echo with their virtues. In all climates they still retain their wonderful virtues.

Extract from a letter written by Dr. Francis Bogart, of Providence, R. I. Dec. 7, 1828.

"Peters' Pills are an excellent aperient and cathartic medicine, (those effects being produced by the difference of the quantity taken,) and are decidedly superior to Lee's, Brandreth's Morrison's pills!"

Extract from a letter by Hopkins, of Bangor, Maine, Jan. 9, 1838.

"They are a peculiarly mild, yet efficient purgative medicine; and produce little, if any griping or nausea. I have prescribed them with much success in sick headaches and slight bilious fevers."

Extract from a letter by Dr. Joseph Williams, of Burlington, Vt. July 9, 1837.

"I cordially recommend Peter's Peters' Pills as a mildly effective, and in no case dangerous family medicine. They are peculiarly influential in constiveness and all the usual diseases of the digestive organs."

Extract of a letter from Dr. Edward Smith, of Montreal, U. C., Sept. 29, 1836.

"I never knew a single patent medicine that I could put the slightest confidence in but Dr. Peters' Vegetable Pills, which are really a valuable discovery. I have no hesitation in having it known that I use them extensively in my practice, for all complaints, (and they are not a few,) which have their source in the impurity of the blood."

Extract of a letter from Dr. Pye, of Quebec, L. C. March 6, 1837.

"For bilious fevers, sick headache, torpidity of the bowels, and enlargement of spleen, Dr. Peters' Pills are an excellent medicine."

Extract of a letter from Dr. Gurney, of New Orleans, La. Oct. 9, 1837.

"I have received much assistance in my practice—especially in jaundice and yellow fever—from the use of Peters' Pills. I presume, that on an average, I prescribe a hundred boxes a month."

Extract of a letter from Dr. Reynolds, of Galveston, Texas, April 5, 1838.

"They are certainly an excellent general family medicine, and there is no quackery about them."

Extract of a letter from Dr. Pritchard, of Hudson, N. Y. June 3, 1836.

"I was aware that Dr. Peters was one of the best chemists in the United States, and felt assured that he would some day—from his intimate knowledge of the properties of herbs and drugs—produce an efficient medicine, and I must acknowledge that his Vegetable Pills fully respond to my expectations. They are indeed a superior medicine, and reflect credit alike upon the chemist—the physician and the philosopher."

Extract of a letter from Dr. Waines, of Philadelphia, Feb. 2, 1839.

"Your pills are the mildest in their operations, and yet most powerful in their effects, of any that I have ever met with in a practice of eight and twenty years. Their action on the chy is and hence on the impurities of the blood, is evidently very surprising."

Extract of a letter from Dr. Scott, of Baltimore, Dec. 17, 1836.

"I am in the daily habit of prescribing them—(Peters' Pills)—and they in nearly all cases, answer my purpose. I have discarded other medicines, some of them very good ones, in their favor."

Extract from an address delivered on the evening of the 14th May, 1837, before the Medical Board of New York, by Dr. Emerson. See New York Medical Reports, for 1837.

"As a body I know that we have set our face against the generality of patent medicines, and experience has taught us that the great bulk of them are mere catch penny trash; but I feel called upon to make an honorable exception in favor of the Vegetable Pills of our worthy and skillful fellow laborer and citizen, Dr. Joseph Priestley Peters, of which, (in consequence of their peculiarly nutritious action on the blood,) I, and several members of this honorable Society, are ardent patrons." This friendly allusion to the Vegetable Pills was received with a warm round of applause by all the members present. A fresh supply of the valuable Pills just received by John R. Moyer, and D. S. Tobias, Bloomsburg and William Biddle, Danville.

(Price 25 cents per Box.) October 31, 1840.

Dyspepsia! Dyspepsia!

THAT troublesome and peace-destroying disease. The thousands and tens of thousands suffer from that common and distressing complaint.—Dyspepsia is frequently caused by overloading or distending the stomach by excessive eating or drinking—indigestible and acrid substances taken into the stomach, or from long continued constipation of the bowels, a sedentary life, fear, grief, anxiety, a copious draft of cold water, drastic purgative medicines, dysentery, miscarriages, intermittent and spasmodic affections of the stomach and bowels, irregular meals, late hours, and too frequent use of spirituous liquors.

The symptoms of Dyspepsia may be described as a want of appetite, or an unnatural or voracious one, nausea and sometimes bilious vomiting, sudden and transient distensions of the stomach after eating, acid and putrescent eructations, water brash, pain in the region of the stomach, costiveness, palpitation of the heart, dizziness and dimness of the sight, disturbed rest, tremors, mental despondency, flatulency, spasms, nervous irritability, chilliness, sallowness of complexion, great oppression after eating, languor and general debility, sick headache, &c.

CURE—At the head of all remedies stands Dr. Harlich's Compound Strengthening Tonic and German Aperient Pills, which act greatly upon the peristaltic motion of the intestines, thereby producing regularity of the bowels, at the same time improving the functions of the debilitated organs, thus invigorating and restoring the digestive organs to a healthy action. This medicine seldom fails in producing relief.

Full and explicit directions accompany the above medicine. Likewise a pamphlet which describes diseases, the manner of treating, &c. For sale at Tobias' Health Emporium Bloomsburg. Nov. 7 1840.

DR. SWAYNE'S COMPOUND SYRUP OF PRUNUS VIRGINIANA OR WILD CHERRY, For Coughs, Colds, Asthmas, Spitting of Blood, Soreness of Throat, Whooping Cough, and all Diseases indicative of CONSUMPTION.

DELAYS ARE DANGEROUS.—So it is with those who neglect their COLDS and COUGHS.—At first you complain of having a Cold, which is neglected; after which a soreness is experienced in the Bronchia, with a Hacking Cough, and finally the disease settles upon the lungs, which the patient will soon perceive by a wasting away of the body, attended with hectic fevers and spitting up of florid blood and matter from ulcers on the lungs; a pain and weight is also experienced at the affected part of the lungs; the functions of the animal economy grow languid; the body becomes dry; the eyes sink deep within their cavities; at length the patient pays the debt of nature, when he is flattering himself with the hopes of a speedy recovery. To obviate all those distressing symptoms "Spare no Time" in procuring the above Invaluable Medicine at the very commencement of your Cold and Coughs whereby your health may be secured and time and money saved. For sale at Tobias' Health Emporium Bloomsburg.

RHEUMATISM Entirely cured by the use of Dr. O. P. Harlich's Compound Strengthening and German Aperient Pills.

Mr. Solomon Wilson, of Chester County Pa., afflicted for two years with the above distressing disease of which he had to use his crutches for eighteen months, his symptoms were excruciating pain in all his joints, especially in his hips, shoulders and ankles, pain increasing towards evening, attended with heat. Mr. Wilson, was at one time not able to move his limbs on account of the pain being so great; he being advised by a friend of his to procure Dr. Harlich's Pills for which he sent to the agent in West Chester, and procure some; on using the medicine the third day, the pain disappeared and his strength increasing fast, and in three weeks was able to attend to his business, which he had not done for eighteen months; for the benefit of others afflicted, he wishes these lines published that they may be relieved, and again enjoy the pleasures of healthy life. For sale at Tobias' Health Emporium Bloomsburg. Nov. 7, 1840.

MORE POSITIVE PROOFS, Of the efficacy of Dr. Harlich's Compound Strengthening and German Aperient Pills.

ALLEGHANY, JAN. 8, 1840. To Dr. Harlich's Agent—Sir: I wish to state for the benefit of those who may be afflicted, that Dr. HARLICH'S PILLS have entirely cured me of Dyspepsia, of which I have been afflicted for many years. I used both kinds, the Aperient and Strengthening, and I am constrained to say, that they are a valuable discovery, and act upon the system mildly, but very effectually. I found the Tonic Pills to quicken the circulation and cause a determination to the surface, and to strengthen the weak stomach and increase its powers. The Aperient Pills are the best cathartic I ever used. I am confident all Dyspeptics would do well to make immediate trial and be relieved. Any one can call at my house and be satisfied of the above at pleasure. DAVID R. POPE. N. B. The original certificates may be seen at the office of the "Spirit of the Times." GRAHAM'S MAGAZINE, And the Ladies' and Gentleman's World of Literature and Fashion

(The Casket and the Gentleman's united.) A New Volume, under the above title, of the well established and fashionable Magazine, the Philadelphia Casket in conjunction with the Gentleman's Magazine, which has been every where pronounced the most readable and popular of the day, will be opened on the first day of January, 1841, with an array of contributors secured by the union of talent and fame, which no periodical in the country can boast or pretend to rival. The December number will, however, be a specimen of the new volume. The volume will be opened with new and beautiful type, the finest white paper and with the first of a series of embellishments unsurpassed by any which have yet appeared in any Magazine. The style of elegance, the beauty and finish of these illustrations, and the extensive improvements which will be made, its typographical appearance, and above all, the tone of its literary department, by the brilliant array of contributors, whose articles have enriched the pages of each number, will give it a character second to no Magazine in the Union.—The character of the articles which shall appear in its pages, will be equally removed from a sickly sentimentality, and from an affectation of morality, but while a true delineation of human nature in every variety of passion is aimed at, nothing shall be found in its pages to cause a blush upon the cheek of the most pure.

The Literary Character will be sufficiently guaranteed by the reputation of both Magazines thus united, for years past. Writers of the first rank have been regular contributors to their pages, and the tales and sketches published in them have been widely copied and read, and the firm and independent tone of the criticisms, upon the current literature of the day, has been everywhere approved and commended.

The List of contributors embraces the names of most of the principal writers in America, with a respectable number of English authors. Original articles have appeared, during the last year, from the pens of the following—Professors Ingraham, Frost N. C. Brooks, C. F. Wins, Captain Marryat, Hon. R. T. Conrad, Morton McMichael, Willis Gaylor, Clarke, Esq. Charles J. Peterson Rev. Thomas H. Stockton, Samuel W. Stockton, E. Armstrong, Esq. General G. P. Morris, Leigh Hunt, England, Mrs. Fanny Kemble Butler, Park Benjamin, Douglas Jerrold, England, Joseph C. Neal, James F. Ois, R. S. Elliot, David Huffman, Charles West Thompson, Judge Trempier, John Du Solle, Esq. P. B. Elder, Grenville Melton, Edgar A. Poe, T. G. Spear, Mrs. L. Sigourney, Miss Catharine H. Waterman, Mrs. Ann Stephens, Beuson Hill, England, Dr. J. K. Mitchell, James Montgomery, England, A. M. Makin and E. Holden, J. Beauchamp Jones, J. E. Dow, Mrs. E. F. Ellett, Dr. Thomas Dunn English.

In addition to this brilliant array of names known to fame, the distinguished services of a host of anonymous writers of no ordinary abilities, have given worth and character to the pages of the Magazine. The series of well known nautical papers entitled "Cruising in the Last War," have had a run, unequalled by any series published in any Magazine for years. The author promises to open a new series of Tales of the Sea, and from his known abilities as a depictr of sea scenes and life, much may be relied upon him in maintaining the popularity of the Magazine. Papers may be expected during the volume also from the author of the well known articles entitled "The Log of Old Ironside,"—and from the author of "Syrian Letters." The valuable aid of the author of "Leaves from a Lawyer's Port Folio," has also been secured—and we may expect something still more thrilling from the capacious stores which a long life in the profession has enabled him to amass. An occasional Chat with "Jeremy Short," and "Oliver Oldfellow," is also promised; with a variety of choice articles in prose and verse from various writers of celebrity. The editors of both Magazines continue their services under the new arrangement. With such an array of talent, a Magazine of unrivalled attractions may safely be promised the coming volume.

FASHIONS AND ENGRAVINGS.

In compliance with the almost unanimous wish of our lady subscribers, we shall the ensuing volume furnish them with a beautiful and correct plate of Fashions monthly, a feature, it is believed, that will neither be unwelcome nor unpopular. These fashion plates shall be drawn from original designs from Paris and London, and may also be depended on as the prevailing style in Philadelphia and New York for the month in which they are issued.—These, however shall in no wise interfere with the regular and choice engravings, and music which accompany each number of the work. The splendid Mezzotint engravings from the burin of Sartain, which have been justly admired, will be followed during the volume by several from the same hand, while the steel engravings in the best of style of the art, from interesting scenes shall still enrich the Magazine. The choicest pieces of music for the Piano and Guitar shall accompany each number of the work.

TIME OF PUBLICATION.

The work will be published on the first of every month in every quarter of the Union. The most distant subscribers consequently receive it on that day, as well as those who reside in Philadelphia.—In all the principal cities agents have been established, by which means subscribers can obtain their copies free of postage.

TERMS.—Three dollars per annum, in advance—two copies for five dollars. No new subscriber received without the money. For the accommodation of those who may wish to subscribe for either of the following Philadelphia periodicals, this liberal proposal is made. For five dollars current money free of postage we will forward Graham's Magazine and Godey's Lady's Book, for one year. Address GEO. R. GRAHAM, South west corner of Chesnut and Third streets. Philadelphia, Nov. 1840.
