specially the best and most efficacious. Family Medicine that has yet been used in America. If every family could become acquainted with their Sovereign power over disease, they would keep them and be prepared with a sure remody to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are harried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place deion of a remedy which they can place de pendence upon.

The Resurrection, or Persian Pills.

The name of these pills orginated from the circumstance of the medicine being found only in the cemetaries of Persia. This vegetable production being of a peculiar kind, led to experiments as to ita medicinal qualities and virtues. In half a cen-ture it became an established medicine for the disenes of that country. The extract of this singu-Lar production was introduced into some parts of Eu-rope in the year 1783, and used by many celebrated Physicians in curing certain discusses, where all oth-er medicine has been used in vain. Early in the year 1732, the extract was combined with a certain vegetable medicine imported from Dura Baca, in the East Indies, and formed into Pills. The admir-able effect of this compound upon the human sys-tem, led physicans and families into its general use. Their bing established character their universal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Repub-

CERTIFICATES.

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Person Pills; and the public may re-t assured that none among the whole catalogue has answered a better purpose, as an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

TO MOTHERS.

Mesers. E. Chuse & Co .- Gents .- Hearing much said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of them. My wife was at that time the mother of five child on and had suffered the most tedious and excraciating pains during and after her confinement of each. She had tried every means and taken much medicine, but found little or no relief. She commerced taking the Persian Pills about three months efore her confinement (her health being very poor about this length of time previous) and in a short time she was enabled by their use to attend to the cares of a mother to hu family until her confinement. At the time she commenced taking the Persian Pills, and for several weeks previous, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mathers to make use of the Persian Pills. become mothers to make use of the Persian Pills. All those that have taken them in our neighborhool have got along in the same easy manner, and are ab an the house in a few days. There does not appear to be half the danger of other dangers setting in after confinement, where these Pills are taken,— We unitedly say, let none neglect taking them, for We are in the reach of the poor as well as the rich.
We are truly thankful that there is a remedy which
femules can easily procure which tends to lessen the
v orld of suffering, which many of them have to bear, v orld of suffering, which many of them have to bear, therwise be lost.

Mesars. E. Chase & Co. I think it my duty to let you know what a great cure your Pills have performed on me—I had been sick about 7 years about 2 years and a half con-fined to my bed. I had been given over as incurable, with Commption, by twelve physicians of the first standing; my lungs were seriously affected; I had a ulers gather and break; my cough was dry and hoost most of the time; my liver was much swollen, and my stomach very dyspeptic. I had chills, fover, and night sweat, accompanied with extreme irrita-bleness of the nervous system, and other difficulties bleness of the nervous system, and other difficulties which I forbear to mention. After I was given over, I tried almost all medicines which were advertised, but a no advantage, until I tried your Vegetable Persian Pills. I began to gain in a short time after I commanded taking them; and, to be brief, before I took 3 bexes, I was able to ride out and to take considerable exercise, and at this time I enjoy good heath, and am able to do good day's work. If any noe wishes a more particular history of my suffer-lines, he may call on me, at the corner of Main and Charen-streets, Rochester.

Dyspepsia! Dyspepsia!

FATHAT troubjesome and peace-destroying dis-case. The usands and tens of thousands suffer from that common and distressing complaint.-Dyspepsia is frequently caused by overloading or distending the stomach by excessive eating or drinking-indigestible and acrid substances taken into the stomach, or from long continued constipation of the howels, a sedentary life, fear, grief, anxiety, a copious draft of cold water, drastic purgative cines, dysentery, miscarriages, intermittent and spas-modic affections of the stomach and bowels, irregufar meals, late hours, and too frequent use of spirituous liquors.

The symptoms of Dyspepsia may be described as a want of appetite, or an unnatural or veracious ne, nauses and sometimes bilious vomiling, sudden and transient distensions of the storach after entiog, acid and patrescent cructions, water brash, pain in the region of the stomach, costiveness, palpitation f the heart, dizziness and dimness of the sight, dis turbels rest, tremers, mental despondency, flatulency, spanns, nervous irritability, chillness, sellowness of

spaams, nervous irritability, childress, selfowness of complexion, great oppression after eating, languar and general debility, sick head-ache, &c.

CURE—At the head of all remedies stands Dr. Harlich's Compound Strengthening Tonic and German Aperical Pills, which act greatly upon the peristaltic motion of the intestines, thereby producing regularity of the lowels, at the same time improving the functions of the debiliated organs, thus invigarating and restoring the digestive organs to a invigorating and restoring the digestive organs to a bealthy action. This medicine action fails in producing relief.

To Dr. Harlich's Agent-Sir: I wish to state for the benefit of those who may be afflicted, that Dr. Hannica's Pills have entirely cured me of Dyspepsia, of which I have been ufficted for many years. I used both kinds, the Aperient and Strengthening, and I am constrained to say, that they are a valuable discovery, and act upon the sys tem mildly, but very effectually. I found the Tonic Pills to quicken the circulation and cause a determination to the surface, and to strengthen the weak stomach and increase its powers. The Aperient Pills are the best cathertic I ever used. I am confide t all Dyspepties would do well to make imme-diate trial and be relieved. Any one can call at my house and be satisfied of the above at pleasure.

Commissioners' Office. Danville, March 2, 1841.

To the Directors of Common Schools in Columbia County.

GENTLEMEN:-The following statement is made n accordance with the School Law passed in 1806. The amount of tax every district must levy to en-title itself to the share of State Appropriation, is a sum equal to at least SIXTY CENTS for every taxable inhabitant in the district, according to the last triennial enumeration made in the spring of 1939. A list of taxables in each district is hereto annexed.

Districts that have already accepted the Common Celool System, and received their share of the appropriation for former years, will on levying the proper amount of tax, be entitled under existing laws to receive for the school year 1842, which commences on the first Monday of next June, ONE

DOLLAR for every taxable.

Districts which have not received any part the appropriation of former years, but which accept the system FOR THE FIRST TIME, at the annual election in March next, and levy the proper smount of tax, will under existing laws re-ceive \$4.40 for every taxable in the district, in 1835, and \$3.00 for every taxable in 1838, according to the annexed list. These sums by a resolu-tion passed April 13th, 1840, will remain in the State Treasury for the use of non-accepting dis-tricts, until the first of November, 1841, and no
