

THE RESURRECTION OR, PERSIAN PILLS.

SUPERIOR TO THE HYGEAN, BRANDETH'S, EVANS' SANSAPIT, or any other pills or compound before the public, as certified to by Physicians and others.

Let none condemn them until they have tried them, and then you are certain they will not.

The Resurrection, or Persian Pills.

The name of these pills originated from the circumstance of the medicine being found only in the cemeteries of Persia. This vegetable production being of a peculiar kind, led to experiments as to its medicinal qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this singular production was introduced into some parts of Europe in the year 1783, and used by many celebrated Physicians in curing certain diseases, where all other medicines had been used in vain. Early in the year 1792, the extract was combined with a certain vegetable medicine imported from Dura Bacc, in the East Indies, and formed into Pills. The admirable effect of this compound upon the human system, led physicians and families into its general use. Their long established character, their universal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Republic.

CERTIFICATES.

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Persian Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, as an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

TO MOTHERS.

Messrs. E. Chase & Co.—Gents.—Hearing much said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of them. My wife was at that time the mother of five children, and had suffered the most tedious and excruciating pains during and after her confinement of each. She had tried every means and taken much medicine, but found little or no relief. She commenced taking the Persian Pills about three months before her confinement (her health being very poor about this length of time previous) and in a short time she was enabled by their use to attend to the cares of a mother to her family until her confinement. At the time she commenced taking the Persian Pills, and for several weeks previous, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to become mothers to make use of the Persian Pills. All those that have taken them in our neighborhood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the danger of other dangers setting in after confinement, where these Pills are taken.—We unfeignedly say, let none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which females can easily procure which tends to lessen the world of suffering, which many of them have to bear, and perhaps save the lives of thousands which would otherwise be lost.

S. ROBERTS,
AND O. ROBERTS.

Rochester, Sept. 24, 1836.

Messrs. E. Chase & Co.

I think it my duty to let you know what a great cure your Pills have performed on me—I had been sick about 7 years—about 2 years and a half confined to my bed. I had been given over as incurable, with Consumption, by twelve physicians of the first standing; my lungs were seriously affected; I had 3 attacks of fever and break; my cough was dry and harsh most of the time; my liver was much swollen, and my stomach very dyspeptic. I had chills, fever, and night sweat, accompanied with extreme irritability of the nervous system, and other difficulties which I forbear to mention. After I was given over, I tried almost all medicines which were advertised, but to no advantage, until I tried your Vegetable Persian Pills. I began to gain in a short time after I commenced taking them; and, to be brief, before I took 3 boxes, I was able to ride out and to take considerable exercise, and at this time I enjoy good health, and am able to do good day's work. If any one wishes a more particular history of my sufferings, he may call on me, at the corner of Main and Clinton streets, Rochester.

RUBY ADAMS.

FITS CURED.—The undersigned hereby certify, that we are the Parents of two children who have been afflicted with fits more or less from their infancy, and that we have spared no pains or expense in endeavoring to effect a cure, but without any beneficial effect, until hearing of the Resurrection or Persian Pills, when four boxes were immediately procured, and before three boxes were taken, the fits had abated in frequency, and every symptom much improved, and now we are happy to state that our children by the use of the Persian Pills, with the blessing of God, are entirely cured and have no symptom or appearance of fits, will find in the Persian Pills a sure and perfect cure.

KEEP IT BEFORE THE PEOPLE

DR. JOSEPH PRIESTLEY PETERS,
Celebrated Vegetable Antibilious Pills,

Are effecting some of the most astonishing and wonderful cures that have ever been known. The town and county are filled with their praise. The Palace and Poor house alike echo with their virtues. In all climates they still retain their wonderful virtues.

Extract from a letter written by Dr. Francis Bogart, of Providence, R. I. Dec. 7, 1838.

"Peter's Pills are an excellent aperient and cathartic medicine, (those effects being produced by the difference of the quantity taken,) and are decidedly superior to Lee's, Brandeith's, Morrison's pills."

Extract from a letter by Hopkins, of Bangor, Maine, Jan. 9, 1838.

"They are a peculiarly mild, yet efficient purgative medicine, and produce little, if any griping of the bowels. I have prescribed them with much success in sick headaches and slight bilious fevers."

Extract from a letter by Dr. Joseph Williams, of Burlington, Vt. July 9, 1837.

"I cordially recommend Peter's Peters' Pills as a mildly effective, and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs."

Extract of a letter from Dr. Edward Smith, of Montreal, U. C. Sept. 29 1836.

"I never knew a single patent medicine that I could put the slightest confidence in but Dr. Peters' Vegetable Pills, which are really a valuable discovery. I have no hesitation in having it known that I use them extensively in my practice, for all complaints, (and they are not a few,) which have their source in the impurity of the blood."

Extract of a letter from Dr. P. G. of Quebec, L. C. March 6, 1837.

"For bilious fevers, sick headache, torpidity of the bowels, and enlargement of spleen, Dr. Peters' Pills are an excellent medicine."

Extract of a letter from Dr. Gurney, of New Orleans, La. Oct. 9, 1837.

"I have received much assistance in my practice—especially in jaundice and yellow fever—from the use of Peters' Pills. I presume, that on an average, I prescribe a hundred boxes a month."

Extract of a letter from Dr. Reynolds, of Galveston, Texas, April 5, 1838.

"They are certainly an excellent general family medicine, and there is no quackery about them."

Extract of a letter from Dr. Pritchard, of Hudson, N. Y. June 3, 1836.

"I was aware that Dr. Peters was one of the best chemists in the United States, and felt assured that he would some day—(from his intimate knowledge of the properties of herbs and drugs)—produce an efficient medicine, and I must acknowledge that his Vegetable Pills fully respond to my expectations. They are indeed a superior medicine, and reflect credit alike upon the chemist—the physician and the philosopher."

Extract of a letter from Dr. Waives, of Philadelphia, Feb. 2, 1838.

"Your pills are the mildest in their operations, and yet most powerful in their effects, of any that I have ever met with in a practice of eight and twenty years. Their action on the chyle and hence on the impurities of the blood, is evidently very surprising."

Extract of a letter from Dr. Scott, of Baltimore, Dec. 17, 1836.

"I am in the daily habit of prescribing them—(Peter's Pills)—and they in nearly all cases, answered my purpose. I have discarded other medicines, and of them very good ones, in their favor."

Extract from an address delivered on the evening of the 14th May, 1837, before the Medical Board of New York, by Dr. Emerson. See New York Medical Reports, for 1837.

"As a body I know that we have set our face against the generality of patent medicines, and experience has taught us that the great bulk of them are mere catch penny trash; but I feel called upon to make an honorable exception in favor of the Vegetable Pills of our worthy and skillful fellow laborer and citizen, Dr. Joseph Priestley Peters, of which (in consequence of their peculiarly nutritious action on the blood,) I, and several members of this honorable Society, are ardent patrons." This friendly allusion to the Vegetable Pills was received with a warm round of applause by all the members present. A fresh supply of the valuable Pills just received by John R. Moyer, and D. S. Tobias, Bloomsburg had William Biddle, Danville.

Dyspepsia! Dyspepsia!

THAT troublesome and peace-destroying disease. The usual and true cause of thousands of suffering from that common and distressing complaint—Dyspepsia is frequently caused by overloading or distending the stomach by excessive eating or drinking—indigestible and acid substances taken into the stomach, or from long continued constipation of the bowels, a sedentary life, fear, grief, anxiety, a copious draft of cold water, drastic purgative medicine, dysentery, miscarriages, intermittent and spasmodic affections of the stomach and bowels, irregular meals, late hours, and too frequent use of spirituous liquors.

The symptoms of Dyspepsia may be described as a want of appetite, or an unusual or voracious one, nausea and sometimes bilious vomiting, sudden and transient distensions of the stomach after eating, acid and putrescent eructations, water brash, pain in the region of the stomach, costiveness, palpitation of the heart, dizziness and dimness of the sight, disturbed rest, tremors, mental despondency, flatulency, spasms, nervous irritability, chilliness, sallowness of complexion, great oppression after eating, languor and general debility, sick head-ache, &c.

CURE—At the head of all remedies stands Dr. Harlich's Compound Strengthening Tonic and German Aperient Pills, which act greatly upon the peristaltic motion of the intestines, thereby producing regularity of the bowels, at the same time improving the functions of the debilitated organs, thus invigorating and restoring the digestive organs to a healthy action. This medicine seldom fails in producing relief.

Full and explicit directions accompany the above medicine. Likewise a pamphlet which describes diseases, the manner of treating, &c. For sale at Tobias' Health Emporium Bloomsburg Nov. 7 1840.

DR. SWAYNE'S
COMPOUND SYRUP OF
PRUNUS VIRGINIANA
OR
WILD CHERRY,
For Coughs, Colds, Asthma, Spitting of Blood, Soreness of Throat, Whooping Cough, and all Diseases indicative of CONSUMPTION.

DELAYS ARE DANGEROUS.—So it is with those who neglect their COLDS and COUGH.—At first you complain of having a Cold, which is neglected, after which a soreness is experienced in the Bronchia, with a hacking Cough, and finally the disease settles upon the lungs, which the patient will soon perceive by a wasting away of the body, attended with hectic fevers and spitting up of florid blood and matter from ulcers on the lungs; a pain and weight is also experienced at the affected part of the lungs; the functions of the animal economy grow languid; the body becomes dry; the eyes sink deep within their cavities; at length the patient pays the debt of nature, when he is flattering himself with the hopes of a speedy recovery. To obviate all those distressing symptoms "Spare no Time" in procuring the above invaluable Medicine at the very commencement of your Cold and Coughs whereby your health may be secured and time and money saved. RHEUMATISM
Entirely cured by the use of Dr. O. P. Harlich's Compound Strengthening and German Aperient Pills.

Mr. Solomon Wilson, of Chester County Pa., afflicted for two years with the above distressing disease of which he had to use his crutches for eighteen months, his symptoms were excruciating pain in all his joints, especially in his hips, shoulders and ankles, pain increasing towards evening, attended with heat. Mr. Wilson, was at one time not able to move his limbs on account of the pain being so great; he being advised by a friend of his to procure Dr. Harlich's Pills for which he sent to the agent in West Chester, and procure some; on using the medicine the third day the pain disappeared and his strength increasing fast, and in three weeks was able to attend to his business, which he had not done for eighteen months; for the benefit of others afflicted, he wishes these lines published that they may be relieved, and again enjoy the pleasures of healthy life. MORE POSITIVE PROOFS,
Of the efficacy of Dr. Harlich's Compound Strengthening and German Aperient Pills.

ALLEGHANY, JAN. 8, 1840.
To Dr. Harlich's Agent—Sir: I wish to state for the benefit of those who may be afflicted, that Dr. Harlich's Pills have entirely cured me of Dyspepsia, of which I have been afflicted for many years. I used both kinds, the Aperient and Strengthening, and I am constrained to say, that they are a valuable discovery, and act upon the system mildly, but very effectually. I found the Tonic Pills to quicken the circulation and cause a determination to the surface, and to strengthen the weak stomach and increase its powers. The Aperient Pills are the best cathartic I ever used. I am confident all Dyspepsias would do well to make immediate trial and be relieved. Any one can call at my house and be satisfied of the above at pleasure.

CURE YOUR COUGH BEFORE IT IS TOO LATE.—REMEMBER, delays are dangerous. Thousands die annually from that dreadful disease CONSUMPTION, which might have been checked at the commencement, and disappointed of its prey, if proper means had been resorted to. The very many who have thus been snatched from that fatal ravager, by the timely use of Dr. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY, bear testimony to this day, announcing the cures, the wonderful cures, performed by the use of this invaluable medicine. COMMON SCHOOLS.

IN pursuance of a law passed, June 13th, 1836, the annexed statement is published for the information of the Directors of the Common Schools of Columbia County, transmitted by the Superintendent of Common Schools.

JOHN McHENRY,
JOHN DIETERICH,
CHRISTIAN WOLF,
Commissioners.

Commissioners' Office,
Danville, March 2, 1841.

To the Directors of Common Schools in Columbia County.

GENERALITY.—The following statement is made in accordance with the School Law passed in 1836. The amount of tax every district must levy to entitle itself to the share of State Appropriation, is a sum equal to at least SIXTY CENTS for every taxable inhabitant in the district, according to the last triennial enumeration made in the spring of 1829. A list of taxables in each district is hereto annexed.

Districts that have already accepted the Common School System, and received their share of the appropriation for former years, will on levying the proper amount of tax, be entitled under existing laws to receive for the school year 1842, which commences on the first Monday of next June, ONE DOLLAR for every taxable.

Districts which have not received any part of the appropriation of former years, but which accept the system FOR THE FIRST TIME, at the annual election in March next, and levy the proper amount of tax, will under existing laws receive \$4.40 for every taxable in the district, in 1841, and \$3.00 for every taxable in 1842, according to the annexed list. These sums by a resolution passed April 13th, 1840, will remain in the State Treasury for the use of non-accepting districts, until the first of November, 1841, and no longer.

Number of Taxable inhabitants in the several School districts of the county, according to the enumerations of 1835 and 1839.

THE BOSTON NOTION IS NOW THE LARGEST, CHEAPEST, AND HANDSOMEST PAPER

PUBLISHED IN AMERICA! ON Saturday, Dec. 10th, 1840, the BOSTON NOTION appeared in an entire new dress—new type, heading, &c. &c. The heading was designed by Johnston, (the Craftsman of America) and is one of his happiest efforts. It unites the comical with the serious, and presents a splendid heading for the LARGEST and CHEAPEST PAPER the world has yet known. The publisher would state, that, as, during the

Articles—Political and Commercial Intelligence of the day. No efforts or expense will be spared to make it. THE BEST AND MOST ACCEPTABLE FAMILY NEWSPAPER in the world—and every way worthy a continuance of the immense patronage it has thus far received. The Notion has been in existence but little more than one year, and it now enjoys the unparalleled weekly circulation of

27,000 COPIES!
New subscribers are constantly pouring in, and before another year is past, the subscriber flatters himself the circulation will be doubled. Specimen copies will be sent to those who may wish it. THE DOUBLE NOTION will be published occasionally during the year, and sent to all those subscribers who pay for one year's subscription. TERMS—THREE DOLLARS a year, always in advance—no orders, no matter from what source will be attended to unless accompanied with the CASH. Single copies SIX CENTS EACH. Postmasters or others remitting weekly dollars shall have eight copies sent to such persons and places as they may designate, and be entitled to the ninth copy gratis. Mail subscribers will have their papers deposited in the Post Office, in this city, every Thursday evening.
