It is now a settled point with all who have used
the Vegetable Persian Pills that they are pre-eminently the best and most officacious Family Medicine that has yet been used in America. If everfamily could become acquainted with their Sover
eign power over disease, they would keep them and

appearance of disease, and then how much distress
would be avoided and money saved, as well as the
lives of thousands who are hurried out of time by
neglecting disease in its first stages, or by not being
in possession of a remedy which they can place dependence upon. in possession of pendence upon.

The Resurrection, or Persian Pills.

The name of these pills orginated from the circumstance of the medicine being found only in the cemetaries of Persia. This vegetable production being of a peculiar kind, led to experiments as to its medicinal qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this singular production was introduced into support of the diseases. lar production was introduced into some parts of Eu rope in the year 1783, and used by many celebrated Physicians in curing certain diseases, where all other medicine has been used in vain. Early in the year 1792, the extract was combined with a certain vegetable medicine imported from Dura Baca, in the East Indies, and formed into Pills. The admireble effect of this compound upon the human system, led physicans and families into its general use. Their long established character their universal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Repub-

CERTIFICATES.

I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills in my practice, which have borne the highest repute in the public estimation, that have been offered for sale in this vicinity for the last five years, including those called the Resorrection or Persain Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, as an easy and effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

TO MOTHERS.

Messrs, E. Chase & Co .- Gents, -- Hearing much said about the extraordinary effects of the Resurrection or Persian Pills, upon those about to Resurrection or Persian Pills, upon those about to become mothers, we were induced to make a trial of them. My wife was at that time the mother of five children, and had suffered the most tedious and excruciating pains during and after her confinement of each. She had tried every means and taken tunch medicine, but found little or no relief. She commenced taking the Persian Pills about three amounts before her confinement (her health being very poor about this length of time previous) and in a ry poor about this length of time previous) and in a short time she was enabled by their use to attend to short time she was enabled by their use to attend to the cares of a mother to her family until her con-finement. At the time she commanced taking the Persian Pills, and for several weeks previous, she was afflicted with a dry hard cough, and frequent severe cramps, which the use of the Pills entirely removed before using half a box. It is with the greatest confidence that we advise all those about to scome mothers to make use of the Persian Pills. All those that have taken them in our neighborhood have got along in the same easy manner, and are about the house in a few days. There does not appear to be half the danger of other dangers setting in after confinement, where these Pills are taken.—We unitedly say, let none neglect taking them, for they are in the reach of the poor as well as the rich. We are truly thankful that there is a remedy which emales can easily procure which tends to lessen the world of suffering, which many of them have to bear and perhaps save the lives of thousands which would

I think it my duty to let you know what a great cure your Pills have performed on me—I had been sick about 7 years—about 2 years and a half con-fined to my bed. I had been given over as incurable, with Consumption, by twelve physicians of the first standing; my lungs were seriously affected; I had 3 ulcers gather and break; my cough was dry and harsh most of the time; my liver was much swollen, and my stomach very dyspeptic. I had chills, fever, and night sweat, accompanied with extreme irritableness of the nervous system, and other difficulties which I forbear to mention. After I was given over, I tried almost all medicines which were advertised, but to no advantage, until I tried your Vegetable I ersian Pills. I began to gain in a short time after I commenced taking them; and, to be brief, before I took 3 boxes, I was able to ride out and to take considerable exercise, and at this time I enjoy good health, and am able to do good day's work. If any noe wishes a more particular history of my suffer-ings, he may call on me, at the corner of Main and

RHEUMATISM

Entirely cured by the use of Dr. O. P. Harlich's Compound Strengthening and German Aperient Pills.

Mr. Solomon Wilson, of Chester County Pa, affected for two years with the above distressing disease of which he had to use his crutches for eighteen months, his symptoms were excruciating pain in all his joints, especially in his hips, shoulders and ankles, pain increasing towards evening, attended with heat. Mr. Wilson, was at one time not able to move his limbs on account of the pain being so great; he being advised by a friend of his to procure Dr. Harlich's Pills for which he sent to the agent in West Chester, and procure some; on using the medicine the third day, the pain disappeared and his strength increasing fast, and in three weeks was a-ble to attend to his business, which he had not done for eighteen months; for the benefit of others afflicted, he wishes these lines published that they may be relieved, and again enjoy the pleasures of healthy Tobias' Health Emporium Bloomsburg.

MORE POSITIVE PROOFS, Of the efficacy of Dr. Harlich's Compound Strengthening and German Aperient

ALLEGHANY, JAN. 8, 1840. To Dr. Harlich's Agent—Sir: I wish to state for the benefit of those who may be afflicted, that Dr. Harlica's Pills have entirely cured me of Dyspepsia, of which I have been utilicted for ma-ny years. I used both kinds, the Aperient and Strengthening, and I am constrained to say, that they are a valuable discovery, and act upon the system mildly, but very effectually. I found the Tonic Pills to quicken the circulation and cause a determination to the surface, and to strengthen the weak stomach and increase its powers. The Apericant Pills are the best eathartic I ever used. I am confider t all Dyspeptics would do well to make immediate trial and be relieved. Any one can call at my house and be satisfied of the above at pleasure

GENTLEMEN:-The following statement is made n accordance with the School Law passed in 1836. The amount of tax every district must levy to en-title itself to the share of State Appropriation, is a sum equal to at least SIXTY CENTS for every taxable inhabitant in the district, according to the last triennial enumeration made in the spring of 1839. A list of taxables in each district is hereto

Districts that have already accepted the Common Cchool System, and received their share of the ap-Cchool System, and received their stare of the ap-propriation for former years, will on levying the proper amount of tax, be entitled under existing laws to receive for the school year 1842, which commences on the first Monday of next June, ONE

DOLLAR for every taxable.

Districts which have not received any part of the appropriation of former years, but which accept the system FOR THE FIRST TIME, at the annual election in March next, and levy the proper smount of tax, will under existing laws receive \$4 40 for every taxable in the district, in 1835, and \$3 00 for every taxable in 1839, according to the annexed list. These sums by a resolu-tion passed April 13th, 1840, will remain in the State Treasury for the use of non-accepting districts, until the first of November, 1841, and no longer.
