

By last evening's mail we learn that the result of the election in Louisiana has turned in favor of Democracy, and Louisiana is 'right side up.' Monton's majority for Governor, as far as heard from, is 1573! The Whig majority in the same parishes in 1840, was 2,880, consequently the Democratic gain is 4453!

There will be a Democratic majority in both houses of the Legislature!

This is the first time that the Democrats have ever carried their candidate for Governor.

The tables are turned, in the candidates for Congress.

The honorable E. D. White (Whig) has been re-elected from the 1st district without opposition.

General Dawson (Dem) is re-elected from the 2d congressional district; by between five and six hundred majority.

Partial returns received from the 3d congressional district indicate that James G. Bryce (Dem.) has been elected over the honorable John Moore; the present Whig Representative, by a large majority.

The 'sober second thoughts' of the people never wrong, but always efficient.

The Boston Courier says that there was no one seen in the streets of that city on the 4th of July intoxicated; nor were there any accidents of a serious nature during the day and evening. This for a city in which must have been on that day 150,000 people, and nearly all of them, at some time of the day or evening, in the street, is without parallel, we believe, in the history of the world, except in our own city on the occasion, when but two intoxicated people made their appearance in the streets.—N. Y. Sun.

German in America.—A mammoth publication with this title, in the German language, has been started at Harrisburg. It is a larger sheet than the celebrated Brother Jonathan. It is of course, all Dutch to us but we understand that its contents are the choicest literary productions of the 'Father Land.' The present number is embellished with numerous engravings.

The Helena Gazette of the 2nd instant reports a battle between the Sioux and Chippewas—on the authority of the captain of the steamboat Rock River. About one hundred and thirty Chippewas attacked the Lower Sioux village, killed thirteen and wounded eighteen. Five Chippewas were killed and number wounded. The latter then retreated to their own country.

The Bangor Courier of Monday last says:—'It is stated here, and is true, that Captain Talcott and his surveying party north of St John, have been recalled, while the party south of the river will continue their topographical survey. This movement is supposed by some not only to indicate, but almost to prove, that the Boundary Question has been agreed upon.'

We learn from the New York American that on Friday this noted forger and ex-member of Congress, was sentenced to three years imprisonment in the State prison.

Outrage at Harvard University.—Some mischievous person has been preparing an act at Harvard, for which he will probably suffer in the end. On Wednesday, a large bomb shell was placed in Professor Pierce's recitation room in the University Hall, which exploded with such violence as to shatter the room in every part. The partitions of three other rooms contiguous were all thrown down and other injury done to the room. The windows were all broken and the floor broken through down to the Commons Hall. The cause of the outrage is not known nor have the perpetrators been discovered.

Remarkable.—Washington died in the last hour of the last week of the last month of last year in the eighteenth century.

UNCLE SAM CHEATED.—It is said that the new line of demarkation between the United States & Texas gives the latter about seven hundred miles of what has been considered the territory of Louisiana. It also takes from Arkansas the whole of the rich county of Miller, & part of Lafayette, and includes many of the most extensive plantations of the two States.

New Mode of Killing Fleas.—Place the animal on a smooth board, and pen him in with a hedge of shoemaker's wax; then as soon as he becomes quiet, commence reading to him the doings of Congress during the present session; and in five minutes he will burst with indignation.

'EQUIVALENT.'

This word admits of very peculiar significations under peculiar circumstances, as was instanced in debate upon the recharter of Bucks County Bank last Friday in the House of Representatives. One clause restricted its discount to 'the amount of specie in its vaults or an equivalent.' Mr. Stevens did not understand the term, and said he would like to know what specific construction was intended. 'In the Towanda and Berks County Banks,' continued Mr. S. 'the notes of the Director were considered an equivalent—in some sections of the State pork is considered an equivalent, and in others hoop-poles and shingles; and it would be satisfactory to the people to know the real specie basis of the Bank's capital—for if it were either, the director notes, pork, hoop-poles or shingles, he should vote against the bill. Notwithstanding the laughter which followed, the truth of the remark proved somewhat effective. The motion to transcribe for a third reading was voted down.—Washingtonian.

The friends of Clay held a meeting in the court house on Saturday evening, and adopted resolutions favorable to a tariff and 'Harry of the West.' The meeting was addressed by Mr. Cochran of York, Mr. Morris of Philadelphia, and Messrs. Fisher, Berryhill and Sedgwick of this borough. They adjourned seemingly well pleased with each other.—Washingtonian.

SHOCKING ACCIDENT.

A young man named Israel Camp, jr. of Wyatting township, Bradford county, was shot dead, in the morning of the 4th inst. by the accidental discharge of a gun. It seems that young Camp, with several others, was engaged in firing morning salutes with muskets, in commemoration of the great day of our National Independence. In re-loading his gun, after having put down the powder, with one wad just inside the muzzle, he was feeling in his pocket for more wadding, rested against his breast. In this position the gun was by some means discharged, the contents passing directly through the young man's heart, who fell to the ground and instantly expired. This was a young man of great worth and promise hurried into eternity, even while the heart was overflowing with joy and hilarity. He was in the 17th year of his age.—Montrose Volunteer.

Psalm and hims.—A late number of the Glasgow Courier says, that a maiden lady, suspecting her female servant was regaling her beau upon the cold mutton of the bird, called Betty, and inquired whether she did not hear some one speaking with her down stairs. 'Oh no, ma'am, replied the girl, it was only me singing a Psalm.' You may amuse yourself, Betty, replied the maiden, with Psalms, but let's have no Hims Betty; I have a great objection to Hims. Betty curtsied, withdrew, and took the hint.

Damage by Hail.—The Cayuga Patriot estimates that damage to the amount of \$100,000 was done in the towns of Maniz and Sennet, in that country, on Saturday last by a most tremendous hail storm.

This storm extended its ravages at intervals from Onondago to Erie county indicating that its course was uninterrupted through that whole distance.

The committee appointed by the Legislature to investigate matters of Bank bribery has reported a majority & minority reports, both of which exculpate Governor Porter from all the charges alleged against him.

The majority report was made by Mr. Sharwood, and is considered to be an able and impartial document. The minority report was made by Mr. Lowry and concurring with the material points.

It is stated in Bradford's 'History of Massachusetts,' that in 1753, on the anniversary of the Society for promoting Industry three hundred females of Boston assembled on the Common with their spinning wheels. They were neatly attired in cloth of their own manufacture, and a great crowd of spectators assembled to witness the scene.

There was no talk, in those days, of home leagues and protective tariffs.

We learn from the Nashville Whig that the new mail arrangement from Louisville to that city went into operation on the 1st instant. The mail from Baltimore is now only six days in reaching Nashville.

A white woman was recently violated by a black ruffian, near Hopkinsville, Tenn. He was arrested, and will no doubt be punished as he deserves.

The Result thus far.—All the States in the Union, but North Carolina, have held elections since the Extra Session, making 25 States; of this number 19 have given democratic majorities.

The Hard Stuff.—The amount of specie which passed through the Custom House of New York, from June 14th to the 14inst. was \$158,979.

Ladies in Luck.—The Governor of Missouri pardoned a female convict lately, because there were no accommodations in the prison for ladies!

AGRICULTURAL CURIOSITY.—The editor of the Lancaster Intelligencer has in his possession a combination of stalks of rye—making ten vigorous, full grown stalks, each eight feet four inches high with remarkably large and full heads, and all grown from one seed!

Up to the 9th inst. 31,828 emigrants had arrived at Quebec this season.

Thirteen old soldiers of the Revolution were present and took part in the celebration of the 4th instant, at Utica. Twelve of them rode in the procession. The youngest of the twelve is seventy-two, and the oldest ninety-two years of age and their aggregate ages is one hundred and seventy-six.

Bank in Florida.—The Tallahassee Sentinel says.

'There is not, in all Florida' we believe at this time, a bank in existence. We believe the Jacksonville bank, even, has changed its residence, and now sits in Fulton streets New York. The bony arms of Locofocoism, or someism, has cleared the field.'

The Mormon Creed is thus given in a paper called the Wasp published in the city of Nauvoo:—'To mind one's own business, and let every body else do likewise.'

Highest Land.—The highest point of land in North America, east of the Rocky Mountains, is Mount Mitchell, a peak of the Black Mountain, in Buncombe county, North Carolina. It is six thousand four hundred and seventy six feet high, by actual measurement.

Governor Dorr.—Is said to be at Kingston, Upper Canada.

Tremendous Load.—One train of cars on the Worcester Railroad left Boston on the evening of the Fourth, after the fireworks, with twenty-five cars, containing 700 passengers!

Nice Mouthful.—'Hello Pomp, what are you doing?' 'Fishing.' And what you got in your mouf?' 'Nogt but some worms for bait.'

Three men were drowned on the 4th at New Comerstown, Ohio, and the Ohio Star says six persons were drowned on the same day, at Akson, Ohio.

Preparations are in progress in the Twelfth Congressional District of Massachusetts, to give the Hon. John Q. Adams a brilliant reception on his return from Congress.

It is said that a U. S. Steamer has been ordered to Halifax, on some business connected with the Boundary Question, but that she cannot leave New York for want of funds. Can this be possible?

HYMNICAL.

MARRIED.—By the Rev. D. S. Tobias, sometime ago, Mr. JACOB GRUBER to Miss LYDIA SRAAUP, of Hemlock. By the same, on the 21st instant, Mr. GEORGE W. BEATS to Miss MARIA HERMAN, both of Orangeville.
