

Pennsylvania Legislature.—The following list of candidates for the Speakerships, of the two Houses, and for the Clerkship of the Senate, were from the "Keystone"—viz:

For Speaker of the Senate.—John S. Gibbons, of Lehigh; Thomas McCully, of Philadelphia county; Benjamin Champneys, of Lancaster; James X. McLanahan, of Franklin; Luther Kidder, of Luzerne; Samuel F. Headley, of Columbia; Benjamin Crispin, of Philadelphia county, and Wm. Bigler, of Clearfield.

For the House.—A. L. Roumfort, of Philadelphia county; William Elwell, of Bradford; Hendrick B. Wright, of Luzerne; George R. Barrett, of Clearfield; Samuel Kert, of Mercer; William B. Hahn, of Montgomery; and James P. Brawley, Esq. of Crawford county.

Clerk of the Senate.—John W. Ryan and John J. McCahen, Philadelphia county; Charles W. Hegins, of Northumberland; Henry Buehler and Samuel D. Patterson, of Harrisburg; Hugh S. Morehead, of Lehigh; A. J. Glossbener of York.

Universalists.—That this doctrine is making great progress in the United States generally, and in this State particularly, appears from the following statistics, just published in the Universalist Register for 1843:

There are in the United States and Territories 1 general convention, 1 historical society, 13 state conventions, 62 associations, 918 societies, 576 preachers.

During the past year the denomination has gained 1 state convention, 3 associations, 53 societies, 46 meeting houses, and 49 preachers.

In the State of New York, Universities have 1 state convention, 1 literary institution, 15 associations, 280 societies; 136 meeting houses, and 133 preachers. Showing an increase during the past year of 12 societies, 15 meeting houses and 13 preachers.—*Albany Eve Jour.*

A MEDIATION.

The New York American says it is stated with confidence in the Courier des Etats Unis, upon the faith of recent private letters from Paris, that the French and English Governments have determined to unite in offering their mediation between Mexico and Texas, to the end of inducing the recognition by Mexico of the independence of Texas, and of consolidating peace between them.

Sugar.—In the reign of Henry IV. about two centuries and a half ago, sugar was so scarce in France, that apothecaries sold it by the ounce, at a price equal to what is now given for quinine. In the year 1790 the consumption of sugar did not exceed 2,170,000 pounds annually, which was about three ounces per head—the population then being about 16,000,000. The great consumption of sugar dates only from the eighteenth century. In the year 1789, 49,910,000 pounds were consumed in France alone.

The Vicksburg Sentinel states with confidence, that a personal reconciliation has been brought about between General Jackson and Mr. Calhoun.

Effects of Millerism.—A Boston paper states that four females, living within a short distance of each other in Somerset, have within a few weeks become deranged, in consequence of the preaching of the Millerites. One is since dead—one has been sent to the lunatic asylum at Worcester, and two remains with their friends.

A MAMMOTH PEAR.

The Cincinnati Chronicle boasts of a mammoth pear, from the orchard of Mrs. Eliza F. Morgan, North Bend, whose dimensions startle the beholder. It measures; on one circumference, 15 1/4 inches, and on another, 19 1/4 inches. It weighs three pounds.

Flour at Pittsburg on the 10th \$2 47, and \$3 00 from wagons and boats.

The amount of frauds perpetrated in New York by E. Husted, are estimated at nearly \$60,000.

An inventory was lately taken of the Crown diamonds, pearls, &c. of France. The number is 61,302, weighing 18,751 and valued at \$0,900,260f. about £5,000,000 sterling.

In Paris, Mo, on the 29th, corn was selling at 10 cents a bushel, oats 10 cents, and pork from \$1 to \$1.50 per 100 lbs.

Were you born in 'Wedlock,' asked a quizzical lawyer of a country fellow. 'No sir, I was born in the Jerseys.'

An exchange says the girls complain that the times are so hard the young men can't pay their addresses. Why don't the girls sue, and have them bound over to court?

THE ELECTIONS.

Massachusetts.—We have returns by express from eight towns. They give Morton (Dem) a majority over Davis of 310. Last year they gave Davis a majority over Morton of 104. Democratic gain 420!

Michigan.—The election in this state is for members of the Legislature.

In Detroit, the Democratic ticket has succeeded by 198 majority, showing a gain of 298 since the general election of 1840.

Wayne county, in which Detroit is situated, gives an average majority for the Democrats of 591—total gain, in two years, 339.

Washtenaw County—Democratic by 350 majority!

Jackson County—Democratic by 300 majority!

A Most Mysterious and Extraordinary Affair is now going the rounds of the papers, which reads something in the manner and wise as follows:—

'Two legs sat upon three legs, watching one leg; in came four legs, upset three legs, knocked down two legs, and seized on one leg. Up jumped two legs, kicked out four legs, brought back one leg and all was right as before.'

For the last ten days we have seen this in almost every exchange paper; so we must not fall behind the age, and neglect publishing what the world finds so good and new. We remember, however, when we were once 'but a very little lad,' this puzzle used to be one of our favorites, and we were proud of the manner in which we could rattle it off from the tip of the tongue, to the manifest wonderment of other juveniles. Old things die, and are forgotten, and after a while rise from their graves again. If there is novelty in this, the solution might as well go along with it.

'Two legs (a boy) sat upon three legs (a stool) watching one leg (a leg of lamb); in came four legs (a dog), upset three legs (the stool) knocked down two legs (the boy,) and seized on one leg (the leg of lamb.) Up jumped two legs (the boy,) kicked out four legs (the dog,) brought back one leg (the leg of lamb,) and all was right as before. That's all—and now the world may be satisfied, and go to dinner.'—*Picayune.*
