

HEIRS OF ROBERT FULTON.

The bill for the relief of the heirs of Robert Fulton, which has passed the Senate, appropriates \$70,000 for that purpose. It is in the same shape as it passed the Senate at the last session.

DR. SHERMAN'S MEDICATED LOZENGES.

These medicines have already performed many almost incredible cures. They have been used by ministers of the Gospel, some of whom have been tottering upon the very brink of the grave, and have raised them up; they have been used by all professions and classes of men, in Coughs, Colds, Consumption, Asthma, and various diseases of the Lungs, and found to be more effective than any medicines ever used. They have destroyed more Worms, and saved more children from an early grave, than any other preparation in the world; and they have relieved more Headaches, Palpitations, Nervous Affections, Rheumatism, Pains, &c. than any other preparation that was ever recommended. The testimony of rats, cats, dogs, &c. has been published in pamphlet form, which may be had from all Agents who sell the Lozenges and Poor Man's Plaster. Were it desirable, an overwhelming mass of the like testimony could be produced, to show that Dr. Sherman's Lozenges are the very best medicines in the world. They are strongly concentrated, and are prepared under the direction and inspection of a skillful physician; and are offered with perfect confidence, as they have been before the public for more than five years, and have never been known to do any injury, or produce the least dissatisfaction with those who have used them according to the accompanying direction.

WORMS KILLS THOUSANDS.

CHILDREN are most subject to them, but persons of all ages are liable to be afflicted with them. Bad breath, paleness about the lips, flushed cheeks, picking at the nose, wasting away, leanness in the bowels, joints or limbs, disturbed sleep, fainting, dizziness, vomiting and sometimes of voracious appetite, are among the symptoms of worms. Many are declared for months of Sherman's Worm Lozenges would effect a cure. D. Ryan, corner of Prince street and the Brewery, cured a man of worms that was reduced to a skeleton, and by only one box of Sherman's Lozenges he is now as fat as an Alderman. The Hon. B. B. Beardsley has saved the life of one of his children by them. The sale of over 3,000,000 of boxes has fully tested them. They are the only infallible worm destroying medicine known. What family will be without them!

Consumption, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the lungs, will find a healing value in Sherman's Cough Lozenges. They saved the Rev. Richard De Forest; the Rev. Mr. Stever, Jonathan Howard, Esq. and that worthy old hero, Leonard Rogers, from the consumptive's grave. They cured in one day the Rev. Mr. Dunbar, the Rev. Mr. Hancock; Wm. H. Atree Esq of distant coughs. They are the pleasantest cough medicine and cure the soonest of any known remedy.

Headache, Sea-sickness and Palpitation, relieved in from five to ten minutes by Sherman's Camphor from too free living will find a few of the lozenges to dispel the horrid and lowness of spirits. Mr. Kraih, of the Sunday Mercury, has repeatedly cured himself of severe headache by them. Captain Cluswick, of the packet ship Wellington, has witnessed their efficacy in a great many cases of sea-sickness. They operate like a charm upon the agitated or shattered nerves, as Sherman's Poor Man's Plaster does upon rheumatism, lumbago, pain or weakness in the side, back, breast or any part of the body. Mr. H. G. Degeers, 39 Ann street; Henry R. Gouthing, 351 Chatham street; Moses J. Henriques Esq. and a number of others have experienced the

beneficial effect of these Plasters. Price only 25 cents. Caution is necessary to see that you get the genuine Sherman's Lozenges and Plasters, as there are many worthless articles attempted to be palmed off in place of them, by those who would injure your life for a shilling.

LADIES' AND GENTLEMEN'S

MAGAZINE FOR 1845.

GRAHAM'S MAGAZINE has long enjoyed the enviable reputation of being the best periodical in the U. S. both in the quality and number of its embellishments, and in the interest of its contents. It is the cheapest as well as the best for the year 1844 the publisher has given about 100 pages more original matter than any of his contemporaries, besides original steel engravings, in addition to fashion plates and colored flowers. The Magazine is a three-dollar magazine over all other magazines, which has made an outlay of a dollar and a half greater than others, and a million of engravings over other magazines that would embellish the contents. The publisher is however satisfied that nothing but real value can maintain the high position his periodical has attained in the United States.

The publisher does not hesitate to say that he has done all in his power to make his Magazine for 1845. His immense subscription list, the number of his contributors, the high order of the engravers engaged, the number and variety of elegant plates already purchased and on hand, and the immense facility which his capital and position give to prosecute the work under any difficulties, are a matter of ridicule. Error numbers will be tolerated.

Every number of Graham's Magazine is issued at a cost of nearly \$4000—the plates alone constituting nearly half the cost of the plates. The Original American Paintings, executed expressly for the proprietor, for engravings for the magazine. Among the pictures painted for the volume for 1845, are two by Sully, the greatest artist, general by Leutze, Chapman, Inman, Conover, Rothermel, Thomson, and others of the best artists of America. The cost of getting up embellishments in this style may be estimated when we state that some of these pictures cost \$200 a piece, and will cost us some of them three times that sum to have them engraved and worked off for the edition of "Graham." But no cost shall be spared to keep our periodical at the head of the Periodicals of the world.

GRAHAM'S ELEGANT EMPELLISHMENTS.

The most splendid engravings of all sorts lend their charm to the pages of Graham's magazine. Everything in the way of novelty and beauty that has ever been invented is laid under contribution. Nothing that capital and taste can supply is omitted. First, as the most elegant and appropriate, as well as the most popular embellishment, we place Sartain's Brilliant Mezzotint Engraving.

We were the first to introduce this beautiful style of work, as a regular embellishment of the popular monthly. Its wide spread reputation thro' the means of our splendid, called forth a host of imitators, but up to this time nothing has been produced to
