HAND ME THE BOWL.
C. M.
Hand me the bowl, ye jovial band,
He said, 'twill rouse my mirth;

He look'd around, he blush'd, he laugh'd,
He sipp'd the sparkling wave;

He started up like one from sleep,
And trembled for his life;

He grasp'd the bowl to seek relief;
No more his conscience said;

Through haunts of horror and of strife,
He pass'd down life's dark tide;

Brandreth's Pills.
PICTURE OF HEALTH.

HEALTH is destroyed in an individual by the absence of all pain, suffering, or affection in any part of his body; by the free and regular exercise of his functions without any exception.

They consist in having a good appetite at meal times, an easy digestion, free evacuations, without looseness or constipation at least once in every twenty-four hours, and without heat, dyspepsia, or burning at the passage, the free issue of the water without accumulation or burning, and without a reddish sediment which is always a sign of a present or approaching pain; quiet sleep without agitation or troublesome dreams; no taste of bile or other bad taste in the mouth upon rising in the morning; no sourness or disagreeable rising of the stomach; a clean tongue; a sweet breath; no itching, pimples or spots on the skin; no piles; no burning heat upon any part of the body; no excessive thirst when exposed to labor or other known cause; no interruption to any natural evacuation, nor pain at their periodical return.

When the state of the system does not harmonize with the above picture of health, it is of the greatest importance that no time be lost in sending for a doctor, or in the use of foolish remedies, too often the result of speculation; instead of this course take a dose of BRANDRETH'S PILLS be taken which will not deceive, but will at once restore health to the organ or part that requires it.

All who wish to preserve their health, all who are determined to defend their life against the encroachments of disease which might send them prematurely to the grave, will, without hesitation, have recourse to the Brandreth Pills, when the state of the system does not harmonize with the above picture of health.

Those who live in a country where contagious or other diseases prevail, should often think of this true picture of health, and observe himself with particular attention, in order to act accordingly. The wise and rightly directed will follow this advice the unwise are left to their own destruction.

In fact, whatever offer is made, by any other Family Journal, at all approaching in worth, beauty or pretensions, to the Saturday Courier, will be far surpassed by us.

The Courier has become so well and generally known through a triumphantly popular course of fourteen years, that it would be superfluous to say much on that subject here. We may remark, however, that to the industry, talent and enterprise, which have for years kept this paper a bright exemplar for all its imitators, will constantly be added the productions of every available writer, and eminent judicious and liberal expenditures will be made, as well in the Literary as the Topographical departments. Our means will always enable us to be in advance of all others, and we shall be so.

Histories of Modern Republics—
A new and important announcement for the coming year, in addition to our already numerous popular features, will be a series of Condensed Histories of Modern Republics, by a fresh and vigorous writer who will impart a world of important instruction to the rising generation, in this new and entertaining Romance of History.

Biographies and notices of Distinguished Literary and Scientific Men.—
Among the interesting essays and sketches of value, which we shall continue to present in the Courier, will be a full and interesting account of the progress, and present elevated standing of distinguished men, of the Past and Present, at home or abroad, in all departments of Arts, Sciences, Literature, Statesmanship, Poetry, Mechanic, Planting, Agriculture, Printing, Merchandize, &c. This will be a very interesting feature for the Young. It will be a department of the Courier, which it has ever been our aim to render of inestimable value to those for whom we feel so deep an interest as we do for the Young Men of our past and growing Country. The Lives of Distinguished Men are of much value to those who are yet forming their own characters; for the purpose of enabling their parts, correctly, on the Great Stage of Human Life.

Indeed, we hope that this Department of the Courier will be worth more (each year) to every family who have sons and daughters to be reared than five times the amount we ask for a year's subscription to the Saturday Courier.

Incidents, Histories, Scenes, &c. of the American and other Revolutions.

Under this head, [which is, by the way, not all new in the Courier], we shall hereafter give popular and interesting accounts (occasionally beautifully illustrated) of the thrilling incidents, so profusely studied through the deeply important history of the American Revolution, and of all other revolutions that we may regard of the least moment, value the readers of the Philadelphia Saturday Courier. This will be of deep consequence, and every member of any family of the American Republic, who may chance to do themselves and as the favor of securing, regularly, the visits of the Courier at their Family Fireside.

POPULAR TOPOGRAPHY.—
To gratify the growing appetite for a better knowledge of the important features of our great and glorious country, our past exertions shall be redoubled in future to prevent vivid pictures of American cities, with mountains, lakes, rivers, caves, scenery, &c. Our original domestic Tales, Essays, Poems, &c. will continue regularly to be furnished by the minds and pens in the country. These cheap productions are acknowledged to be the best, and useful instruction at the family fireside, that appear in any periodical.

OUR ENGRAVINGS comprise subjects in all branches of Art and Nature, suitable for the family circle, and appear in rapid succession.

OUR TRAVELLER is constantly traversing the world, in search of the wonderful and instructive.

OUR AGRICULTURIST occupies weekly an important space, with all matters of interest for the noble tillers of the soil.

Our European Correspondents, in Liverpool, London, Ireland the East, &c. keep us regularly advised of all subjects of special interest.

Our Markets and Prices Current embrace all the earliest advices in reference to the prices of all kinds of Grain, Produce, &c. the state of Stock's, Banks, Money, and Land's, and our extensive arrangements will hereafter render our Prices Current of more valuable value to the Traveller, Farmer, and all the Business Classes whatever.
