BLANKS!!!—BLANKS!!!
Justices Blank EXECUTIONS and SUMMONS just printed and for sale at this Office

We this week devote a large portion of the inside of our paper, to the able and interesting address, to his constituents, of Daniel Snyder, Esq. our late Representative, in the State Legislature. It depicts, in glowing colors, the scenes that have been enacted at Harrisburg by the opponents of Removal to defeat that favorite measure of a large majority of the people of Columbia county, and gives a faithful history of his own acts in its favor. Daniel Snyder has faithfully, honestly and devotedly served his constituents for the last four years, and had it not been for the treachery of Senator Headley, would have procured the triumphant passage of the Removal bill through the Senate, as he has thrice through the House of Representatives. And in retiring from public life he carries with him, not only the consciousness of having done his duty as a Representative of the county of Columbia, but the gratitude of the people.

Last week we gave an account of the two first days of the disgraceful riot in Philadelphia, Monday and Tuesday. On Wednesday, the riot continued with increased fury, though no lives were lost on that day, but an immense amount of property was destroyed. A large number of dwelling houses and other buildings were burnt and destroyed, besides the Catholic Churches of St. Augustine, and St. Michael, and the Sister's of Charity Seminary. Whole loss of property estimated at not less than two hundred and fifty thousand dollars. On Wednesday the Military of the city were called out, and a company from Harrisburg, and one from Lancaster city arrived. The city was declared under Martial Law, and the Military guarded every avenue throughout the disturbed district until Monday last, though no further disturbance occurred after Wednesday, and at the latest dates all was again peace and quietness; the military having been discharged. During the riot, seven persons were known to be killed and six badly wounded, in addition to some 15 or 20 slightly wounded.

Votes for President.—The following is a statement of the votes given at different times for candidates for the Presidency:—
1828 Adams, 507,112 Jackson, 743,096
1832 H. Clay, 238,561 Jackson, 707,107

U. S. Senator.—The Connecticut House of Representatives on Thursday, made choice of Jabez Huntington, as U. S. Senator, for six years from the 4th of March next. Hon. Chauncey F. Cleveland received the support of the democratic members.

A Strange Request.—A gentleman who visited and conversed freely with Hall, the murderer of Mrs. Bacon, in the Middletown (Conn.) jail, a few days since, informs the Hartford Times, that he declares it to be his intention to petition the Legislature for the privilege of being hung in public. He does not like the idea of being put out of existence in a back yard, away from his fellow beings, save perhaps a surgeon and sheriff. He says that he prefers to be executed, rather than to have his punishment commuted to imprisonment for life, and intimates that he shall remonstrate against any petition of his friends for commutation of punishment. Hall is a man who is said to be naturally intelligent, but without any education whatever, being unable to read.

The Schuylkill county papers of Saturday contain a card from F. W. HUGHES, Esq., announcing to his constituents that he has transmitted to the Speaker of the Senate his resignation as a member of that body. Mr. H. was elected last fall, and had yet two years to serve. An extraordinary press of private engagements is assigned as the reason of the resignation.

Congress will probably adjourn on the 17th of June, the House having passed a resolution to that effect.

General Jackson has recently written another letter in favor of the Annexation of Texas, declaring his belief that it must take place, "peaceably if we can, forcibly if we must."

Virginia has gone Whig, by a majority of two on joint ballot.

The Whigs are beginning to paint caricatures, as usual. We hear it said that a new cut is soon to be issued, giving Mr. Clay two faces, one smiling very tartly towards the North, the other grinning free trade to the South.

MARRIED.—On the 12th inst, by the Rev. William J. Eyer, Mr. THOMAS BOMBOY, of Bloomsburg, to Miss CATHERINE JANE ARMSTRONG, of Madison.

On the same day, by the same, Mr. CHRISTOPH BUGLEY, to Miss MARGARET ROTENBERGER, both of Schuylkill Haven, Schuylkill county.

OBITUARY.
DIED.—On the 13th inst, MARGDALE A, wife of John Shuman, in the 28th year of her age.

In Hemlock, on Wednesday last, Mrs. BARBARA, wife of Mr. Alexander Road aged 30.

COMMUNICATED.
On the 11th inst, in Cattawissa, HENRY ERWINE, in the 93d year of his age. In his early youth he enlisted in the regular army of the Revolution, and fought under Washington in the ever memorable battles of Brandywine, Trenton and Monmouth. At the close of the war, he settled in this county, which then composed a part of Northumberland, and lived happy in the bosom of his family till the close of his earthly career. He was a patriot indeed, and warmly attached to the political institutions of his country. In his later years he was very feeble and experienced severe bodily afflictions; but he endured them all with a murmur, and, although he was fully aware, that he was fast hastening to the grave, still he had no fear, for the truths of the Gospel sustained him in his trying seasons, and gave him hope of a blissful immortality beyond the bounds of time. On the 13th his mortal remains were conveyed, followed by a large concourse of relatives and friends, to the Lutheran burying ground, of which church he was for many years a consistent and efficient member.

Brandreth's Pills.
PICTURE OF HEALTH.
HEALTH is characterized in an individual by the absence of all pain, suffering, or affliction in any part of his body; by the free and regular exercise of his functions without any exception. They consist in having a good appetite at meal times, an easy digestion, free evacuations, without looseness or constiveness at least once in every twenty-four hours, and without heat, dryness, or burning of the passage, the free issue of the water without urticaria or burning, and without a reddish sediment which is always a sign of a present or an approaching pain; quiet sleep without agitation, or troublesome dreams; no taste of bile or other bad taste in the mouth upon rising in the morning; no soreness or disagreeable rising of the stomach; a clean tongue; a sweet breath; no itching, pimples or spots on the skin; no itching, heat upon any part of the body; no excessive thirst when exposed to labor or other known cause; no interruption to any natural evacuation, nor pain at their periodical return.
Where the state of the system does not harmonize with the above picture of health, it is of the greatest importance that no time be lost in sending for a doctor, or in the use of foolish remedies, too often the result of operation; instead of this course, a dose of BRANDRETH'S PILLS be taken, which will not deceive, but will at once restore health to the organ or part that requires it.
All who wish to preserve their health, all who are determined to defend their life against the encroachments of disease which might send them prematurely to the grave, will, without hesitation, have recourse to the Brandreth Pills, when the state of the system does not harmonize with the above picture of health.
Those who live in a country where contagious or other diseases prevail, should often think of this true picture of health, and observe himself with particular attention, in order to act accordingly. The wise and rightly directed will follow this advice; the unwary are left to their own destruction.

THE SATURDAY MUSEUM.
New and Improved Series.
To the Subscribers of the Philadelphia Saturday Museum.
It is with unfeigned satisfaction on the part of the Proprietors, Editors and Regular contributors of the Saturday Museum, that their paper is now offered to its numerous subscribers, under such arrangements as will place it beyond all rivalry as among American Weekly Newspapers. Certain features in the typography having heretofore been adopted by the Museum, which it is now considered expedient to discard, and new ones substituted in their stead. The sections into which the paper was divided, occupied much valuable space, which by the present compact arrangement of the matter, increases the amount of reading in every number nearly four columns, equal in the course of a year to two double column volumes of three hundred pages each.
With this change in the Museum we have the pleasure of announcing also, a general improvement in all its departments, with additional advantages exclusively presented in this journal. They are briefly explained under the following heads.
ORIGINAL ARTICLES.
The Museum is continued in its editorial columns by the talents and experience of gentlemen competent for every species of periodical writing. The violence of political partisanship and the prejudice of religious sectarianism will be equally excluded.
ORIGINAL FICTION.
It is hardly necessary to assure the subscribers of the Museum that this department will be richly supplied.
ORIGINAL SKETCHES, ESSAYS, &c.
Under these titles the Museum will contain the contributions of the ablest writers of our day.
FOREIGN LITERATURE.
This general head embraces an endless variety of selections from the Reviews and magazines, and other periodical publications of Europe. This advantage the Museum boasts as peculiar, and of itself sufficient to secure its universal popularity.
NEWS.
This head will include every species of matter properly belonging to a Newspaper.
COMMERCIAL AND OTHER MATTERS.
An experienced editor is employed exclusively for the selection and reporting of the markets, the revision of the Bank Note and stock Tables, and the regular correction of the price current.
AGRICULTURE.
As the most important of all arts, a portion of the Museum will be regularly devoted to the subject of Agriculture.
MISCELLANY.
We might proceed to enumerate innumerable other heads, the subjects which will constitute distinguishing features of the Museum. Suffice it to say that nothing will be omitted necessary to preserve its character as the greatest and best

BEE HIVES
A New Kind.
THIS is one of the best constructed Bee Hives ever invented. It is so arranged, that you can draw from the bees, honey at any season of the year, without any injury to them. It also prevents the bees being injured by the worms. The subscriber is now prepared to dispose of township or single rights in the following townships, on the most reasonable terms.—Bloom, Hemlock, Liberty, Jefferson, Mt. Pleasant, Greenwood, Orange, Fishing Creek, Sugarloaf and Jackson.
He also keeps them on hand, ready made, which he will sell cheap.
He has in his Bee house, several swarms of bees in operation in hives of this above description, which he would invite the public to call and examine, for he believes that all who do so, will at once acknowledge that they are the best he ever saw.
