BLANKS!!—BLANKS!! Justices Blank EXECUTIONS and SUMMONS just printed and for sale at this Office

Our beautiful village has been filled with strangers, mostly iron masters, for a week or two past, making examinations for situations for the building of Furnaces. The superior advantages that the vicinity of Bloomsburg possesses over any other location in this section of country, are beginning to be appreciated by business men, which will soon render it a large iron manufacturing mart.

The Bloomsburg Rail Road Iron Company are now rapidly improving their immense Water Power on Fishing creek, having laid the foundation for a Furnace of the largest class; and preparing for another of the same size, while their canal or race is being built, and will be completed early in the fall.

HAIL STORM.

On Sunday afternoon last we were visited by a heavy shower of rain, accompanied with wind and hail. The severest portion of the hail was mostly confined to a small space, doing considerable damage to the grain upon Col. Paxton's farm near the mouth of Fishing creek, thence passing up the Susquehanna river about a mile, entirely destroying about fifteen acres of rye upon the farm of Mr. Joseph Hendershot, upon the east bank of the river, besides destroying the garden and other vegetables. What is singular, although the hail continued to fall uninterruptedly for nearly half an hour on this farm, leaving the ground covered some three or four inches deep, yet but little hail fell on the adjoining farms, and they received little or no injury.

The Hon. GEORGE M. DALLAS has formally, in a letter to the Committee of the Convention by whom he was nominated, accepted the nomination tendered him as the Democratic candidate for the Vice Presidency.

Gen. Lewis Cass attended a Democratic meeting at Detroit, last week, and expressed his hearty concurrence in the nomination of the Baltimore Democratic Convention, and announced his determination faithfully to support it.

The Hon. A. H. Read, the Representative of the Twelfth District of Pennsylvania in Congress, died at his residence, in Montrose, Susquehanna county, last week. He left Washington several weeks since.

A Government agent in Cincinnati has purchased provisions for the army on the Sabine to the amount of \$200,000.

We have been requested to publish the following extract from the Minutes of the proceedings of the Susquehanna Classis, convened at New Berlin, Union county, on Saturday, May 4th, 1844. The papers in the county are requested to copy.

MINUTES OF CLASSIS.

Among the items of unfinished business of the last Classis, the following are worthy of being noted:

The Committee appointed to examine into the charges preferred against J. A. Farsch reported, that in one point of view, they had not carried out the instructions of Classis, in that they did not proceed to the place where the circumstances occurred which gave rise to the charges preferred, but they believe they can justify their course in this respect if it be required. They had however, ascertained from credible sources, that the charges against the individual in question, were in the main true, and they on this account, deemed it unnecessary to make further inquiries in reference to these matters, as the result would only be unfavorable. The Committee therefore recommended that the Classis adhere to the resolution adopted at the special meeting of the last year, which declares, that inasmuch as the Synod at Winchester, Va., has not extended the period of Mr. Farsch's probation, we cannot regard him as a member of our body.

The report was adopted, and it was resolved, that the churches in Columbia county, which are at present supplied by Mr. Farsch be recommended to apply to a minister in our connection, and that in the mean time, they allow themselves to be supplied with preaching by the Rev. D. S. Tobias, until they obtain the services of a regular pastor.

The Texas Treaty Rejected.

The Texas Treaty of Annexation was rejected by the U. S. Senate, on Saturday last by the following vote:

Yeas—Messrs. Aitchison, Bagby, Breese, Buchanan, Colquitt, Fulton, Hayward, Henderson, Huger, Lewis, McDuffie, Semple, Sevier, Sturgeon, Walker and Woodbury—16.

Nays—Messrs. Allen, Archer, Atherton, Barrow, Bates, Bayard, Benton, Berrian, Choate, Clayton, Crittendon, Dayton, Evans, Fairfield, Foster, Francis, Huntington, Jarman, Johnson, Mangum, Merrick, Miller, Morehead, Niles, Pearce, Phelps, Porter, Rives, Simmons, Tallmadge, Tappan, Upham, White, Woodbridge and Wright—35.

The vote, it will be seen, was more than two to one; every Senator but one (Mr. Hannegan) being present. One whig, Mr. Henderson, voted in favor of it, in deference to the known sentiments of the State which he represents, and about one third of the democratic Senators voted against it.

After the rejection of the Treaty, Mr. Benton gave notice, in open Senate, of his intention to move for leave to introduce a bill, to make provision for the annexation of Texas. It proposes to authorize negotiations with Mexico as well as Texas towards this object.

Mormons.—The increase of Mormons during the past year amounts to six or eight hundred from foreign countries, and three or four hundred from the United States, (principally from Pennsylvania, Connecticut and Massachusetts.) Fifty or sixty missionaries arrived there yesterday, on their way to preach Mormonism in different parts of the country.—St. Louis Era, May 31.

A Singular Case.—The Louisville Dime says that a sprightly child, living near Mayslick, Mason county, who has been ill for some weeks with a fever somewhat prevalent in that neighborhood, had not spoken a word since she was attacked, although she is now almost entirely recovered.

Remedies.—Mr. Ellsworth, alluding to the valuable discoveries that have recently been made in medical science, notices the immediate relief which may be obtained from that most painful of diseases, the doloureux, by the simple application of ammonia; and the allaying, in the most speedy and effectual manner, the paroxysms of delirium tremens, by the use of carbonate of ammonia.

The End of the World.—Father Miller, at the Tabernacle, in Boston, on Tuesday night, said he had made a great mistake about the end of the world.—The time had now gone by, and he must confess that he knew nothing about it. He made this confession with tears in his eyes.

A novel but not irrational mode of regulating the fare of passengers has been adopted by the proprietors of wagons on the National Road from Cumberland to Wheeling. It is literally by weight; each passenger being tested by the scales, and charged so much per pound. The price is double the weight of inanimate freight, as the stowage cannot be quite so close—of course.—The passengers are chiefly emigrants.

Probable Division of the Methodist Episcopal Church.

We have given up a large space in our paper for some days past to the exciting and important debate on the question of slavery, which has been going forward before the Conference of Bishops sitting at New York. On Saturday last the vote was taken on the main question, to wit, to depose Bishop Andrew in consequence of his being connected with slavery, and carried. To this vote, the Bishops from the slave holding States have drawn up a protest, which was read to the Conference on Thursday morning, from a rough draft, by Dr. Bascom of Ky. This is, by far the most important document that has ever been offered to the Conference since the organization of the Church.—It was listened to with breathless attention, not only by the members and others on the floor, but also, by a large audience in the gallery. The "Protest" enters fully into the illegality of the proceeding of the Conference in Bishop Andrew's case, and charges home upon the Northern members (or the majority on the vote of Saturday) the abandonment of the compromise which was an integral feature of the establishment of the Church. It is clear and explicit in its language, elevated in its tone, and firm in its positions. It throws its signers upon the inviolability of the law and leaves it to the country and to posterity to say who have been the breakers of that law. The "Protest" is a paper of extraordinary length, having occupied Dr. Bascom (who is a fast and fluent speaker) precisely one hour in the reading. He retains it, at present, for the purpose of transcription and signature, and in the mean time, a Committee, consisting of Messrs. Olin, Durbin and Hamlin, has been appointed to draw up a counter statement, to be styled "a statement of facts in the case of Bishop Andrew." There is every probability, from the present issue on this question, that the Church will split in twain.—The Southern members, retaining their faith and discipline, will organize as a distinct and separate body, leaving the members of non-slaveholding States under their present Church government. The vexed question will be that of a division of property.—Ledger.

Bishop Onderdonk, it is asserted, intends to resign his office. It was stated so several days ago, denied, and is re-asserted.

Expected Resignation.—Senator Huger, of South Carolina, it is said, intends to resign his station in the U. S. Senate. Several names have been mentioned as likely to succeed him—among them Pickens, Rhett, M'Willie and Davis.

LOOK OUT! STAND BACK!

Several leading Whigs of this city have abandoned Mr. Clay, and come over in support of Polk and Dallas, from their knowledge and admiration of the latter. Mr. Sharswood, for several years a distinguished member of the legislature from this city, is about, we are told to 'take the stump' for the Democratic nominees. Judge Todd, who was a warm Harrison man, has come over—so has his son—so have numbers whose names we have forgotten.—Philadelphia Paper.

"YOUNG HICKORY!"

At the time of the Bank panic the National Intelligencer, in derision of Governor Polk's unbending hostility to the Biddle Bank, termed him the "Young Hickory of Tennessee!"—Let us thank the great Clay organ for teaching us that word. The venerable chief of the Hermitage, the old Hickory, is fast descending to his grave, and it is fit that he should leave behind him one who is worthy to assume his unspotted mantle. Let it be understood then, now and hereafter, that the Democracy of the Union have placed a "Young Hickory" in the field, who is both able and willing to "tread in the footsteps of his illustrious predecessor."—Dem Union.

There are sixty papers in the German language; printed in the United States.

On the 22d ult. the river opposite St. Louis was about nine miles wide.

Monster Cucumbers.—We yesterday saw (says the N. Y. Sun) two cucumbers grown by T. J. Wood, Esq., of Long Island, which were a little the tallest vegetables we have seen for some time. One measured nineteen inches in length, eight in circumference, and weighed two and a quarter pounds; the other measured seventeen and a half inches, by eight, and weighed two pounds and an ounce. Who can beat that?

Six thousand Prussians have, through their agents, purchased a large tract of land in Texas, and also contemplate planting a colony in Virginia.

Wheat.—The entire crop of wheat in the United States, for 1843, was, as near as can be estimated, 102,317,540 bushels, or 10,674,683 bushels more than was produced in 1841.

The Federalists have already invented one falsehood about the Democratic candidate for the Presidency. They pretend that he has killed somebody or other in a duel, but cannot tell who it is. The truth is, Gov. Polk is a member of the Presbyterian church and is remarkable for his strict observance of the Sabbath, and other religious duties.

Very Good.—A jolly jack-tar rolling along Commercial street in Boston, enquired what the Democratic nomination was. 'Polk and Dallas,' says a bystander. 'Pork and dollars,' says he. 'That's the ticket; something to eat and money in the pocket.'

The Richmond Compiler of the first of June, says that the farmers along James River below that city, have been engaged in harvesting their wheat crop for a week or more.

The following is a copy of the bill for the Removal of the Seat of Justice of Columbia County, introduced into the Senate last winter.

AN ACT

To Authorize the Removal of the Seat of Justice in the County of Columbia, and for other purposes.

WHEREAS, a large majority of the taxable inhabitants of the County of Columbia have, by their memorial, set forth to the General Assembly of this Commonwealth, the great hardships and inconvenience they suffer in consequence of the seat of Justice for said county being located at Danville, which they state to be situated on the verge of the county, and praying the same may be removed to the town of Bloomsburg. For remedy whereof, Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That at any time within three years from the passage of this act it shall be lawful for the citizens of Bloomsburg, in the county of Columbia, to erect, or to be erected, at THEIR OWN PROPER EXPENSES, in the town of Bloomsburg suitable buildings, of brick or stone, of not less size and dimensions than the county buildings now at Danville, for a Court House, prison, and different offices for the keeping of the public records, under the direction of the county Commissioners, who are authorized to receive a conveyance for such lot or lots of ground, for the use of such county buildings, not exceeding one acre, in fee simple, clear of all incumbrances, for the use of the county of Columbia. It shall be lawful for the county Commissioners to sell or lease any lot or lots of ground thus conveyed. And the said county Commissioners are hereby authorized to sell at public auction, or otherwise, all the lot, lots and interest which the said county may have in the real estate situate in the town of Danville, and to execute a conveyance to the purchaser or purchasers, and the MONEY ARISING FROM THE SAME TO BE PAID INTO THE COUNTY TREASURY FOR COUNTY PURPOSES.

Sec. 2. That as soon as the public buildings are completed according to the provisions of the first section of this act, the Commissioners aforesaid shall file a report of the same in the Court of Common Pleas of said county, and thereupon the county Commissioners and Sheriff of said county, shall cause the prisoners, if any there confined in the old prison to be safely removed to the new, and the public papers and records remaining in the public offices at Danville, to be safely deposited in the new buildings as so aforesaid built and prepared for the reception thereof, and from thenceforth the seat of justice in and for the county of Columbia shall cease to be at Danville, and the same shall be removed and fixed at the town of Bloomsburg, in the said county, and the public offices heretofore kept, and the courts of justice heretofore held at Danville, in and for said county of Columbia, shall be kept and held at Bloomsburg, in the buildings erected for their accommodation as aforesaid.

Sec. 3. It shall be lawful for the citizens of Bloomsburg to obtain subscriptions from any person or persons willing to subscribe any money or materials for the erection of such public buildings, as are provided for in the first section of this act, and in default of the payment of the same the county Commissioners are hereby empowered to cause suits to be brought in the name of the county to enforce the collection of the same, and when collected to be applied towards defraying the expenses of such buildings.

Sec. 4. So much of the existing laws of this Commonwealth as are altered by this act, and the same are hereby repealed.
