

**The Way it Works—Expeditions Business.**—The Baltimore American has the following paragraph respecting a business transaction by means of the Magnetic Telegraph.

“Last evening, Messrs Parson & Preston, booksellers, whose establishment adjoins the Erie & Maguette Telegraph Office, were asked by a person from Washington, through the Telegraph, to purchase certain books. An answer was returned in a few minutes, which proved satisfactory. An order for the books was the result; and they were dispatched by the train of cars which left soon after for Washington. All this was done in the space of a few minutes, with as much accuracy and satisfaction to the purchaser as if he had been present.”

Well may it be named as a curious fact that there is no English pronouncing dictionary, compiled by an Englishman. Stephen Jones was a Welshman, Sheridan was an Irishman, and Walker was a Scotchman. The other dictionaries are confined more particularly to the origin and meaning of words. It is especially gratifying to see that the great dictionary of our great countryman, Noah Webster, is becoming a standard in England.

**PROPHETIC EPIGRAM.**—After Mr. Clay had made his fierce and unexpected attack on the Hon. John M. Nelson, of Connecticut, three years ago, the latter gentleman closed his reply with the following words, which he declared would be the epitaph on Clay's political grave after 1844. “Here lies Henry Clay, of Kentucky, the four times defeated candidate for the Presidency!”

**SHOCKING.**

The Davenport (Iowa) Gazette, of the 16th ult., says that last Wednesday week some villain or villains mixed arsenic with the feed of the cattle belonging to Mr. W. Field, of Rockingham county, in consequence of which seven fine head were killed. They also killed two fine horses.

**MARRIED.**—On the 19th inst. by the Rev. I. Buhl, Mr. GEORGE MILLER of Centre township, to Miss ANN WOLF of M. H. township.

**OBITUARY.**

**DIED.**—In Catawissa township, on Friday, the 6th inst., after a painful illness, Mrs. GRACE DAVIS, widow of John T. Davis, Esq., aged 78 years.

**LADIES' AND GENTLEMAN'S MAGAZINE FOR 1845.**

**GRAHAM'S MAGAZINE** has long enjoyed the enviable reputation of being the best periodical in the U. S. both in the quality and number of its embellishments, and in the tone of its literary matter. It is the cheapest as well as the best for the year 1844 the publisher has given about 100 pages more original matter than any of his competitors more original steel engravings, in addition to fashion plates and colored flowers. The elegance and variety of a three-fold magazine over all others are apparent, which has made an outlay of Seven Thousand Dollars greater than others and an addition of engravings over other magazines that would embellish the earliest Annual. The publisher is however satisfied that nothing but real excellence can maintain the high position his periodical has attained in the United States.

The publisher does not hesitate to say that he defies all competition with Graham's magazine for 1845. His immense subscription list, the merit and number of his contributors, the high order of the engravings engaged, the number and variety of elegant plates already purchased and on hand, and the immense facility which his capital and position give to prosecute the work render any efforts at rival matter of ridicule. Every number of the work issued, bears with it the evidence of its triumphant success, and establishes the impossibility of successful competition, improves and extends for good works, that nothing of a humbug order will be tolerated.

Every number of Graham's Magazine is issued at a cost of nearly \$4000—the plates alone consisting nearly half the sum most of the plates are from Original American Paintings, executed expressly for the proprietor, for engravings for the magazine. Among the pictures painted for the volume for 1845, are two by Sully, the greatest artist, several by Leutze, Chapman, Inman, Conroy, Rothwell, Thomson, and others of the best artists of America. The cost of getting up embellishments in this style may be estimated when we state that some of these pictures cost \$250 apiece, and will cost us some of them three times that sum to have them engraved and worked off for the edition of Graham's Magazine. But we shall be spared to keep our position at the head of the Periodicals of the world.

**GRAHAM'S ELEGANT EMBELLISHMENTS.**

The most splendid engravings of all sorts lend their charms to the pages of Graham's magazine. Everything, to the way of novelty and beauty that has ever been invented is laid under contribution. Nothing that capital and taste can supply is neglected. First, as the most elegant and appropriate, as well as the most popular embellishment, we place Sartain's Brilliant Acrostic Engraving.

We were the first to introduce this beautiful style of work, as a regular embellishment of the popular monthlies. Its wide spread reputation has become a means of our popularity, called forth a host of imitators, but up to this time nothing has been published to rival the glorious pictures given in Graham's "The Shepherd's Love," and "The Captivity." These with a host of others, done for us by M. Sartain, stand unprecedented and alone at the head of American engravings. We have several of these imitable plates under way, and shall give one in the January number.

The high merit of Graham's magazine considered, the publisher flatters himself that the following liberal terms will induce thousands to subscribe.
