

It is contemplated by the British Government to send out another expedition to the Arctic regions, with the view of discovering the northwest passage between the Atlantic and Pacific. The command of the expedition, it is said, has been offered to Sir James Ross; should that officer decline it, it will fall upon Sir John Franklin.

A LIVING SKELETON. TO ALL appearance, applied to Dr. Hyan corner of Bowers and Pine street for advice. After relating his symptoms, the Doctor told him 'he had worms, and he could cure him. The man shook his head, and said it was impossible. He gave him a box of Sherman's Worm Lozenges with directions how to take them. In three days he returned and said he felt like a new being—that the first dose brought away a tape worm 70 or 80 feet long, and the second dose brought away about 28 feet more. Thus two doses of Sherman's Worm Lozenges effects a cure, where the combined skill of our best physicians could afford no relief. Although but a few months have elapsed, he now is fat and hearty as he ever was in his life. After years of misery, swallowing enormous quantities of medicine, and spending hundreds of dollars without benefit, he was cured by only one box of Sherman's Worm Lozenges.—Dr. Sherman's Warehouse is at 106 Nassau street, N. Y.

WORMS KILLS THOUSANDS.

CHILDREN are most subject to them, but persons of all ages are liable to be afflicted with them. Bad breath, paleness about the lips, flushed cheeks, picking at the nose, wasting away, leanness in the bowels, joints or limbs, disturbed sleep, frightful dreams, moaning and sometimes of voracious appetite, are among the symptoms of worms. Many are doctored for months, but some other imaginary disease, when one box of Sherman's Worm Lozenges would effect a cure. D. Ryan, corner of Prince street and the Bowers, cured a man of worms that was reduced to a skeleton, and by only one box of Sherman's Worm Lozenges. Let us now as to an Alderman, The Hon. B. B. Beardsley has saved the life of one of his children by them. The sale of over 3,000,000 of boxes has fully testified to their efficacy. They are the only infallible worm destroying medicine known. What family will be without them?

Consumption, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the lungs, will find a healing value in Sherman's Cough Lozenges. They saved the Rev. Richard D. Forest; the Rev. Mr. Streeter, Jonathan Howarth, Esq., and that worthy old hero, Leonard Rogers, from the consumptive grave. They cured in one day the Rev. Mr. Dunbar, the Rev. Mr. Hancock, Wm. H. Atzoo, Esq. of distressing coughs. They are the pleasantest cough medicine and cure the most of any known remedy.

Headache, Sea-sickness and the Salivation, relieved in from five to ten minutes by Sherman's Camphor Lozenges. Persons attending crowded rooms or travelling will find them to impart buoyancy of spirits and renew their energies. Those suffering from too free living will find a few of the lozenges to dispel the torors and lassness of spirits. Mr. Rath, of the Sunday Mercury, has repeatedly cured himself of severe headache by them. Captain Chadwick, of the packet ship Wellington, has witnessed their efficacy in a great many cases of sea-sickness. They operate like a charm upon the agitated or shattered nerves, as Sherman's Plaster Man's Plaster does upon rheumatism, lumbago, pain or weakness in the side, back, breast or any part of the body. Mr. H. G. Dagers, 30 Ann street; Henry R. Goulding; 35] Chatham street; Moses J. Henriques Esq., and a multitude of others have experienced the wonderful effects of these Plasters. Price only 12 1/2 cents. Caution is necessary to see that you get the genuine Sherman's Lozenges and Plasters, as there are many worthless articles attempted to be palmed off in place of them, by those who would wrile with you life for a shilling. Jan. 4—1845—37. 6w,

LADIES' AND GENTLEMEN'S MAGAZINE FOR 1845.

GRAHAM'S MAGAZINE has long enjoyed the enviable reputation of being the best periodical in the U. S. both in the quality and number of its embellishments, and in the tone of its literary matter. It is the cheapest as well as the best. For the year 1844 the publisher has given about 100 pages more original matter than any of his contemporaries more original steel engravings, in addition to fashion plates and colored flowers. The cheapness and merit of a three-dollar magazine over all others are apparent, which has made an outlay of Seven Thousand Dollars greater than others, and an addition of engravings over other magazines that would embellish the costliest Annual. The publisher is however satisfied that nothing but real excellence can maintain the high position his periodical has attained in the United States.

The publisher does not hesitate to say that he defies all competition with Graham's magazine for 1845. His immense subscription list, the merit and number of his contributors, the high order of the engravings engaged, the number and variety of elegant plates already purchased and on hand, and the immense facility which his capital and position give to prosecute the work render any efforts at rival matter of ridicule. Every number of the work issued, bears with it the evidence of its triumphant success, and establishes the impossibility of successful competition, improves and extends for good works, that nothing of a humbug order will be tolerated.

Every number of Graham's Magazine is issued at a cost of nearly \$4000—the plates alone consisting nearly half the sum most of the plates are from Original American Paintings, executed expressly for the proprietor, for engravings for the magazine. Among the pictures painted for the volume for 1845, are two by Sully, the greatest artist, several by Lentz, Chapman, Inman, Conroy, Rothermel, Thomson, and others of the best artists of America. The cost of getting up embellishments in this style may be estimated when we state that some of these pictures cost \$200 a piece, and will cost us some of them three times that sum to have them engraved and worked off for the edition of 'Graham.' But no cost shall be spared to keep our proud position at the head of the Periodicals of the world.

GRAHAM'S ELEGANT EMBELLISHMENTS.

The most splendid engravings of all sorts lend their charm to the pages of Graham's magazine. Everything, in the way of novelty and beauty that has ever been invented is laid under contribution. Nothing that capital and taste can supply is omitted. First, as the most elegant and appropriate, as well as the most popular embellishment, we place Sartain's Brilliant Mezzotint Engraving. We were the first to introduce this beautiful style of work as a regular embellishment of the popular monthly. Its wide spread reputation thro' the merits of our ampletist, called forth a host of imitators, but up to this time nothing has been produced to rival the glorious pictures given in Graham's 'The Shepherd's Love' and 'The Cosquette.' These with a host of others, done for us by Mr. Sartain, stand unreplicated and alone! at the head of American engraving. We have several of these limitable plates under way, and shall give one in the January number.

TO POSTMASTERS AND OTHERS

The high merit of Graham's magazine considered the publisher flatters himself that the following liberal terms will induce thousands to subscribe.

TO CLUBS.

The following proposals are made—2 copies for \$5; 5 for \$10; 8 for \$15; 11 for \$20. To the Postmaster, or other persons forming a club, the Publisher will forward a Novel for every subscriber sent, so that by varying the books, a complete library may be obtained by any person in a short time. Single Copies, three dollars per annum in advance. And to the person sending the money, a copy of 'Ringwood the Rover,' Herbert's poem, Novel and also a copy of 'The Gems of Art and Beauty,' a beautiful work for a lady's Cabinet, containing thirteen splendid Steel and mezzotint Engravings, will be forwarded gratis.

GEORGE R. GRAHAM, No. 82 Chestnut Street Philadelphia.

Brandreth's Pills. PICTURE OF HEALTH.

HEALTH is characterized in the absence of all pain, suffering, or affliction in any part of his body; by the free and regular exercise of his functions without any exception. They consist in having a good appetite at meal times, an easy digestion, free evacuations, without looseness or costiveness at least once in every twenty-four hours, and without heat, dryness, or burning at the passage, the free issue of the water without acrimony or burning, and without a reddish sediment which is always a sign of a present or an approaching pain; quiet sleep without agitation or troublesome dreams; no taste of bile or other bad taste in the mouth upon rising in the morning; no sourness or disagreeable rising of the stomach; a clean tongue; a sweet breath; no itching, pimples or spots on the skin; no piles; no burning heat upon any part of the body; no excessive thirst when exposed to labor or other known cause; no interruption to any natural evacuation, nor pain at its periodical return.

Where the state of the system does not harmonize with the above picture of health, it is of the greatest importance that no time be lost in sending for a doctor, or in the use of foolish remedies to the result of speculation; instead of this course a dose of BRANDRETH'S PILLS be taken which will not deceive, but will at once restore health to the organ or part that requires it. All who wish to preserve their health, all who are determined to defend their life against the encroachments of disease which might steal them prematurely to the grave, will, without hesitation, have recourse to the Brandreth Pills, when the state of the system does not harmonize with the above picture of health.

Those who live in a country where contagious or other diseases prevail, should often think of this true picture of health, and observe himself with particular attention, in order to act accordingly. The wise and rightly directed will follow this advice the unwise are left to their own destruction.
