

ANGULAR SIGHT.

There is living in the Rue d'Enfer, Paris, a young operative who can only see by the light of the sun. After sunset he can distinguish no object, even if it be lighted by the most powerfully concentrated artificial light.

CHOKED TO DEATH

The wife of Mr. Enos Simpkins, Sen. of Bridgeton, (West Jersey), was choked to death, on Friday evening last, by getting a piece of ham fast in her throat.

In Ohio there are a half a million of children of a schoolable age, and of them only 43,370 are receiving education.

Noah Webster wrote and published twenty-one works, requiring great study and labor.

THE JEWS IN RUSSIA.

The National states, that Russian and Polish Israelites are emigrating in great numbers to Prussia, in order to avoid being transported by force to the remotest quarters of the Russian empire.

Arrangements are about being made by an enterprising and experienced company to put again into operation the extensive iron works on the Lyeomung creek, above Williamsport, Pa.

We believe that the proprietors of all the different works in our State which are in any way eligibly located are warranted at the present time in putting their furnaces in blast.

In connection with this subject, we may state our opinion that, within a short period of time the iron used for railroads as well as for all other purposes of consumption in this country will be manufactured at home and that by far the greater portion of it will come from the coal regions of Pennsylvania where the ore and the coal are so abundant.

ANNEXATION.

The Richmond Compiler, a decided whig paper, has a sensible article on this subject, from which we extract the following. The other portions of the article ridicule the idea of the annexation producing war with Great Britain or Mexico.

The Texas Question—On this question we see and we are glad of it. We have scarcely a doubt but the Senate will act this session, and admit Texas. The signs and the most reliable rumors justify this conclusion. They are questions of utility connected with it which give rise to a great contrariety of opinion.

A PUBLIC BENEFACTOR.

DR. SHERMAN, for the last five years past has been laboring to spread his Medicinal Lozenges for colds, and his labor has not been in vain—they are known in every part of our land and on the Continent and have met with universal approbation.

THE DEMOCRATIC UNION, Semi-Weekly during the Session of the Legislature at TWO DOLLARS!

The Democratic Union will, as usual, be published twice a week, during the coming session of the Legislature, and we encourage an early application to comment it to the favor of the reading public.

Neither pains or expense shall be spared to report to its columns additional zest and vigor. Ample and correct reports of the proceedings of the Legislature, together with sketches of the debaters on all public and important questions, will be furnished, competent stenographers having been engaged for that purpose.

The installation of new administrations, State and National, and the development of the measures they may propose to the country, will render the coming winter one of unusual public interest. Persons desirous of obtaining true and early intelligence will always find in the Democratic Union a "true and honest chronicle."

To Attorneys, Judges, Justice of the Peace, and public officers generally, it will be invaluable. The Union executes all the STATE PRINTING, and the LAWS of a public and general nature are published in it immediately after their passage, usually three months before promulgation in pamphlet form.

To increase our facilities for the most prompt execution of all the public printing, we are now procuring our presses by the aid of STEAM, almost important matter to the legislative body.

A corps of able correspondents have been employed at Washington City, who will keep our readers constantly apprised of events transpiring at the seat of the National Government.

TERMS: For the whole year, (twice a week) \$3.00 For the session only, (twice a week) 2.00

Any person sending us ten subscribers for the session, accompanied by ten dollars, shall receive a copy gratis for his trouble. Payments may be transmitted by mail, and the Post Office is permitted a bank letter containing money for newspaper subscriptions. Address: ISAAC G. KRINLER & Co.

LADIES' AND GENTLEMEN'S MAGAZINE FOR 1845.

GRAHAM'S MAGAZINE has long enjoyed the enviable reputation of being the best published in the U. S. both in the quality and number of its embellishments, and in the tone of its literary matter.

For the year 1844 the publisher has given about 100 pages more original matter than any of his contemporaries more original steel engravings, in addition to fashion plates and colored flowers. The cheapness and merit of a three-dollar magazine over all others are apparent, which has made an entire addition of Seven Thousand Dollars greater than others, who would embellish the costliest Annual.

The publisher does not hesitate to say that he defies all competition with Graham's magazine for 1845. His immense subscription list, the merit and number of his contributors, the high order of the engravers engaged, the number and variety of elegant plates already purchased and on hand, and the immense facility which his capital and position give to prosecute the work render any efforts at a rival a matter of ridicule.

Every number of Graham's Magazine is issued at a cost of nearly \$4000—the plates alone consisting nearly half the sum most of the plates are from Original American Paintings, executed expressly for the proprietor, for engravings for the magazine.

Among the pictures painted for the volume for 1845, are two by Sully, the greatest artist, several by Leutze, Chapman, Luman, Comroe, Rothermel, Thomson, and others of the best artists of America. The cost of getting up embellishments in this style may be estimated when we state that some of these pictures cost \$200 a piece, and will cost us some of them three times that sum to have them engraved and worked off for the edition of Graham's Magazine.

But we shall be spared to keep our position at the head of the Periodicals of the world.

GRAHAM'S ELEGANT EMBELLISHMENTS. The most splendid engravings of all sorts lend their charms to the pages of Graham's magazine.

Nothing that capital and taste can supply is omitted. First, as the most elegant and appropriate, as well as the most popular embellishment, we place Sartain's Brilliant Mezzotint Engraving.

We were the first to introduce this beautiful style of engravings, as a regular embellishment of the popular monthlies. Its wide spread reputation thro' the means of our pupil, called forth a host of imitators, but up to this time nothing has been produced to rival the glorious pictures given in Graham's Magazine.

The "Shepherd's Love," and "The Coquette," those with a host of others, done for us by Mr. Sartain, stand unprecedented and alone at the head of American engraving. We have several of these immortal plates under way, and shall give one in the January number.

TO POSTMASTERS AND OTHERS. The high merit of Graham's magazine considered the publisher flatters himself that the following liberal terms will induce thousands to subscribe.

TO CLUBS. The following proposals are made:—2 copies for \$5; 5 for \$10; 8 for \$15; 11 for \$20.

To the Postmaster, or other persons forming a club, the Publisher will forward a Novel for every volume sent, that by varying the books a complete library may be obtained by any person in a short time.

Single Copies, three dollars per annum in advance. And to the person sending the money, a copy of "Ringwood the Rover," Herbert's prize Novel and also a copy of "The Genius of Art and Beauty," a beautiful work for a lady's Cabinet, containing thirteen splendid Steel and mezzotint Engravings, will be forwarded gratis.

BRANDRETH'S PILLS. PICTURE OF HEALTH.

BRANDRETH'S PILLS is a certain and effectual remedy for the absence of all pain, suffering, or affliction in any part of the body; by the free and regular exercise of its functions without any exception.

They consist in having a good appetite at meals; a ready digestion; free evacuations, without looseness or constiveness at least once in every twenty-four hours, and without head-dizziness, or irritation of the passage, the free issue of the water, without burning or burning, and without a reddish sediment which is always a sign of a present or approaching pain, quiet sleep, without agitation or bloodless dreams, no taste of bile, or other bad taste in the mouth upon rising in the morning; no sourness or disagreeable rising of the stomach; a steady tongue; a sweet breath; no itching, pimples or sore on the skin; no piles; no burning heat upon any part of the body; no excessive thirst when exposed to labor or other known cause; no insensibility to any natural evacuation, nor pain at their periodical return.

Where the state of the system does not harmonize with the above picture of health, it is of the greatest importance that no time be lost in sending for a doctor, or in the use of foolish remedies, but from the real and accumulated method of this course to a dose of BRANDRETH'S PILLS be taken which will not deceive, but will at once restore health to the organ or part that requires it.

All who wish to preserve their health, all who are determined to defend their life against the encroachments of disease which might send them prematurely to the grave, will, without hesitation, have recourse to the Brandreth Pills, when the state of the system does not harmonize with the above picture of health.

Those who live in a country where contagious or other diseases prevail, should often think of this picture of health, and observe himself with particular attention, in order to act accordingly. The use and rightly directed will follow this advice: the unwise are left to their own destruction.

WORMS KILLS THOUSANDS. CHILDREN are most subject to them, but persons of all ages are liable to be afflicted with them. Bad breath, paleness about the lips, flushed cheeks, picking at the nose, wasting away, leanness on in the bowels, joints or limbs, disturbed sleep, fainting, dizziness, and sometimes of voracious appetite, are among the symptoms of worms.

Many are doctored for months, for some other imaginary disease, when one box of Sherman's Worm Lozenges would effect a cure. D. Ryan, corner of Prince street and the Dovesy, cured a man of worms that was reduced to a skeleton, and by only one box of Sherman's Lozenges; his now as fat as an Alderman. Th. Hon. B. B. Beardsley, one saved the life of one of his children by them. The sale of over 3,000,000 of boxes has fully tested them. They are the only infallible worm-doing medicine known. What family will be without them?

Consumption, Coughs, Colics, Whooping Coughs, Asthma, and all affections of the lungs, will find a healing value in Sherman's Cough Lozenges. They cured the Rev. Richard Do Foster; the Rev. Mr. Steyer, Jonathan Howarth, Esq. and that worthy old hero, Leonard Rogers, from the consumptive's grave. They cured in one day the Rev. Mr. Dunbar, the Rev. Mr. Hancock, Wm. H. Attree, Esq. of distressing coughs. They are the pleasantest remedy and cure the source of any known cough.

Headache, Seasickness and Palpitation relieved in from five to ten minutes by Sherman's Chamber Lozenges. Persons attending crowded rooms or travelling will find them to impart buoyancy of spirits and renew their energies. Those suffering from too free living will find a few of the Lozenges to dispel the horrors and looseness of spirits. Mr. Smith, of the Sunday Mercury, has repeatedly cured himself of severe headache by them. Captain Chadwick, of the packet ship Wellington, has witnessed their efficacy in a great many cases of seasickness. They operate like a charm upon the irritated or shattered nerves, or Sherman's Poor Man's Plaster does upon rheumatism, lumbago, pain or weakness in the side, back, breast or any part of the body. Mr. H. G. Dazzer, 30 Ann street; Henry R. Goulding; 35 1/2 Chatham street; Moses J. Henriques Esq. and a multitude of others have experienced the wonderful effects of these Plasters. Price only 12c. Caution is necessary to see that you get the genuine Sherman's Lozenges and Plasters, as there are many worthless articles attempted to be passed off in place of them, by those who would wring your life for a shilling.

Dr. Sherman's warehouse is at 106 Nassau street.—For sale by John R. Moyer—Bloomsburg; Wm. L. Walker & Co.—Berwick; Low & Thompson—Lime Ridge; E. & J. Lazarus—Orangeville; M. G. Shoemaker—Buckhorn; L. & A. T. Biel—Jerseytown; Dent & M'Brice—White Hall; John Moore—Danville; Stephen Baldy, Cattawissa, Jan. 4—1845—37.
