

An Awful Crime is said to have occurred near Cynthia, Harrison county Kentucky, some time in the last week of January. It appears that a father and a son, named Carson, had a severe quarrel which ended in a fight. The father threatened to kill his son, and went to the house for his gun. The son, also went for his. They met behind the house, and both took aim at the same moment. The father's gun flashed; the son's shot took fatal effect near the heart of his father, who fell, exclaiming, 'You have killed me.' The mother of the deceased was the only witness of this horrid deed. Is such a thing possible? It is stated in a Covington, Ky., paper of the 7th instant.

INDIANS REMOVING. The N. Orleans Pleasure of the 25th ult says:—Some three or four hundred of Choctaw Indians are now encamped on the Big Bleck, about eight or ten miles from Canton, Mississippi. They are waiting the arrival of the rest of the tribe, to proceed to their new home beyond the Mississippi Messrs. Forrester, of Mississippi and Anderson, of Tennessee, have the contract for their removal.

YANKEE INGENUITY. The New Englanders are proverbial for their tact and inventive faculties. Many of our modern improvements originated in them. Before they applied steam as a propelling power, it took as many days to go to Albany as it does hours now. By steam we navigate our rivers and the boundless ocean; by steam we travel on railroads at the moderate rate of something less than 60 miles an hour; we grind our wheat, saw our timber, clear our docks of mud, shovel down hills; in fact do almost everything but heal the sick, and that has been left for Dr. Sherman to do with his Lozenges. As formerly, weeks or months were required for curing common coughs, colds, asthmas, whooping cough and consumption. But now, in this age of Loco Force Matches, Sherman's Lozenges, partaking of the spirit of the age, do in a few hours what was formerly done in a few weeks; they cure head-aches in a few minutes, and do not excite any disgust in their administration. All travel by the quickest route and all who would be as judicious in being cured, should go at once to the Doctor's.

States, for the purpose of counting the Electoral votes for the President and Vice President. The tellers made the following report:

WORMS KILLS THOUSANDS. CHILDREN are most subject to them but persons of all ages are liable to be afflicted with them. Bad breath, pain about the lips, flatulent stools, picking at the nose, yawning, laceration of the bowels, joints or limbs, disturbed sleep, frightful dreams, moaning and sometimes of voracious appetite, are among the symptoms of worms.

Many are detected for months, for some other imaginary disease, when one box of Sherman's Worm Lozenges would effect a cure. D. Ryan, corner of Prince street and the Bovey, cured a man of worms that was reduced to a skeleton, and by only one box of Sherman's Worm Lozenges. His son, an orphan boy, aged 12, has been cured of worms that had been in him for some time.

Consumption, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the lungs, will find a healing value in Sherman's Cough Lozenges. They saved the Rev. Richard De Forest, the Rev. Mr. Streeter, Jonathan Howarth, Esq. and that worthy old hero, Leonard Rogers, from the consumptive's grave. They cured in one day the Rev. Mr. Dunbar, the Rev. Mr. Hancock, Wm. H. Attee, Esq. of distressing coughs. They are the pleasantest cough medicine and cure the soonest of any known remedy.

Headache, Sea-sickness and Palpitation, relieved in from five to ten minutes by Sherman's Camphor Lozenges. Persons attending crowded scenes of traveling will find them to impart buoyancy of spirits and renew their energies. Those suffering from too free living will find a few of the lozenges to dispel the horrors and looseness of spirits. Mr. Knuth, of the Sunday Mercury, has repeatedly used himself of severe headaches by them. Captain Chadwick, of the packet ship Wellington has witnessed their efficacy in a great many cases of sea-sickness. They operate like a charm upon the agitated or shattered nerves, as Sherman's Poor Man's Plaster does upon rheumatic, lumbago, pain or weakness in the side, back, breast or any part of the body. Mr. H. G. Dagers, 30 Ann street, Henry R. Goulding, 354 Chatham street, Moses J. Henriques Esq. and a multitude of others have experienced the wonderful effects of these Plasters. Price only 12 1/2 cents. Caution is necessary to see that you get the genuine Sherman's Lozenges and Plasters, as there are many worthless articles attempted to be palmed off in place of them, by those who would trifle with your life for a shilling. LADIES' AND GENTLEMEN'S MAGAZINE FOR 1845.

GRAHAM'S MAGAZINE has long enjoyed the enviable reputation of being the best published in the U. S. both in the quality and number of its embellishments, and in the tone of its literary matter. It is the cheapest as well as the best for the year 1844 the publisher has given about 100 pages more original matter than any of his competitors more original steel engravings, in addition to fashion plates and colored flowers. The cheapness and merit of a three-dollar magazine over all others are apparent, which has made an edition of Seven Thousand Dollars greater than other magazines, an addition of engravings over other magazines would embellish the costliest Annual. The publisher is however satisfied that nothing but excellence can maintain the high position his periodical has attained in the United States.

The publisher does not hesitate to say that he defies all competition with Graham's magazine for 1845. His immense subscription list, the merit and number of his contributors, the high order of the engravers engaged, the number and variety of elegant plates already purchased and on hand, and the immense facility which his capital and position give to prosecute the work render any efforts at rivaling a matter of ridicule. Every number of the work issued, bears with it the evidence of its triumphant success, and establishes the impossibility of successful competition, improves and extends for good works, that nothing of a humbug order will be tolerated.

Every number of Graham's Magazine is issued at a cost of nearly \$4000—the plates alone constituting nearly half the sum most of the plates are from Original American Paintings, executed expressly for the proprietor, for engravings for the magazine. Among the pictures painted for the volume for 1845, are two by Sully, the greatest artist, seven by Leuts, Chapman, Luman, Comaoc, Rotterdam, Thomson, and others of the best artists of America. The cost of getting up embellishments in this style may be estimated when we state that some of these pictures cost \$200 a piece, and will cost us some of them three times that sum to have them engraved and worked off for the edition of Graham. But no cost shall be spared to keep our position at the head of the Periodicals of the world.

GRAHAM'S ELEGANT EMBELLISHMENTS. The most splendid engravings of all sorts lend their charm to the pages of Graham's magazine. Everything in the way of novelty and beauty that has ever been invented is laid under contribution. Nothing that capital and taste can supply is omitted. First, as the most elegant and appropriate, as well as the most popular embellishment, we place Sarasin's Brilliant Mezzotint Engraving.

We were the first to introduce this beautiful style of work, as a regular embellishment of the popular monthly. Its wide spread reputation thro' the means of our artist, called forth a host of imitators, but up to this time nothing has been produced to rival the glorious pictures given in Graham's 'The Shepherd's Love,' and 'The Cupid.' These with a host of others, done for us by Mr. Sarasin, stand unopposed and alone at the head of American engraving. We have several of these invaluable plates under way, and shall give one in the January number.

TO POSTMASTERS AND OTHERS. The high merit of Graham's magazine considered the publisher flatters himself that the following liberal terms will induce thousands to subscribe.

TO CLUBS. The following proposals are made—2 copies for \$5; 5 for \$10; 10 for \$18; 11 for \$20. To the Postmaster, or other persons forming a club, the Publisher will forward a Novel for every subscription sent, so that by varying the books, a complete library may be obtained by any person in a short time.

Single Copies, three dollars per annum in advance. And to the person sending the money, a copy of "Ringside the Rover," Herby's plea Novel and also a copy of the "Gems of Art and Beauty," a beautiful work for a lady's Cabinet, containing thirteen splendid steel and brass-plate Engravings, will be forwarded gratis.

GEORGE R. GRAHAM, No. 59 Chestnut Street Philadelphia.

Brandreth's Pills. PICTURE OF HEALTH. HEALTH is cherished in an individual by the absence of all pain, suffering, or affliction in any part of his body; by the free and regular exercise of his functions without any exception. They consist in having a good appetite at meals; in an easy digestion; free evacuations, without looseness or constiveness at least once in every twenty-four hours, and without heatiness, or burning at the passage, the free issue of the water without vomiting or burning, and without a reddish sediment which is always a sign of a present or approaching pain; quiet sleep without agitation or troublesome dreams; no taste of bile or other bad taste in the mouth upon rising in the morning; no sourness or disagreeable rising of the stomach; a clean tongue; a sweet breath; no itching, pimples or spots on the skin; no piercing heat upon any part of the body; no excessive thirst when exposed to labor or other known causes; no interruption to any natural evacuation, nor pain at their periodical return.

Where the state of the system does not harmonize with the above picture of health, it is of the greatest importance that no time be lost in sending for a doctor, or in the use of foolish remedies, to cure the result of speculation instead of this course is a dose of BRANDRETH'S PILLS be taken which will not deceive, but will at once restore health to the organ or part that requires it.

Those who wish to preserve their health, all who are determined to defend their life against the encroachments of disease which might send them prematurely to the grave, will, without hesitation, have recourse to the Brandreth Pills, when the state of the system does not harmonize with the above picture of health. Those who live in a country where contagious or other diseases prevail, should often think of this picture of health, and observe himself with particular attention, in order to act accordingly. The wise and rightly directed will follow this advice: the unwise are left to their own destruction.
