

The Hodges, two Mormons, who committed the murders recently near Fort Madison, have been taken back from Nauvoo to Iowa, where they will undergo trial.

The Pittsburg fund in aid of the sufferers by the great conflagration in that city, including the \$50,000 from the State, amounts to \$129,058 33.

The last Locomotive Gazette mentions the death of Mrs. Sarah Bliss, of Williamsport, who in a deranged fit drowned herself in the canal near that place. She has left a husband and two children to mourn her loss.

Dr. Alonzo Potter has accepted the office of Bishop to which he was appointed by the late Episcopal Convention at Philadelphia.

TO DESTROY FLIES.

A correspondent of the Cincinnati Chronicle gives the following:—It is perhaps not generally known that black pepper (not red) is a poison for many insects. The following simple mixture is the best destroyer of the common house fly: Take equal portions of fine black pepper, fresh ground and sugar, say enough to cover a ten cent piece, moisten and mix well with spoonful of milk, (a little cream is better.) keep that in your room and you will keep down your flies. One advantage over other poisons is that it injures nothing else; and another, that the flies seek the air and never die in the house—the windows being open.

The Trials of Joe and Hiram Smith's Murders are in progress at Carthage, Illinois. It is stated that the testimony on the part of the State has been very lame, and that of the witnesses so very contradictory, and the fact that improper influences are apparent, that it is not within the bounds of probability that the jury will hesitate in acquitting the prisoners. One of the witnesses, Daniels, and the most important on the part of the State, has been proven to have acknowledged that he was to get \$500 from the Mormons and \$300 from Governor Ford for testifying in the case; another acknowledged from the stand that he did not think he got as well paid as Daniels. A number of charges for perjury have been preferred against Mormons who were engaged as witnesses in this case. Every body almost attending Court comes armed to the teeth, and frequently muskets and rifles will be seen taken out of wagons with as much deliberation as if they were attending a militia muster instead of attending a court of justice. The Mormons are said to have expressed a determination to take revenge, in case the defendants should not be convicted.

HISTORY OF WYOMING BY CHARLES MINER.

SUBSCRIPTIONS are respectfully solicited for the forthcoming History of Wyoming. The work, now ready for Press, will make an Octavo volume of about six hundred pages, of which five hundred pages will embrace the main body of the narrative. The Appendix, besides a variety of curious and illustrative articles, will contain the "Hazetoo Travellers," revised with numerous additions, personal anecdotes, incidents and sketches of character, making about an hundred pages. The author thinks proper to say, that no pains have been spared to obtain information upon every point connected with this subject. He has flattered himself, as Wyoming has become classic ground, as unnumbered errors have heretofore existed in regard to its story, and as its very interesting civil character has been scarcely touched upon, that almost every gentleman would desire for his library, in respect to it, an authentic narrative. The purpose of taking up subscriptions is to enable the author to judge what number of copies it would be proper to publish. The Book will be neatly printed in octavo form, on excellent paper, with several illustrative plates, bound in cloth, in modern style, and delivered to subscribers at Two Dollars a copy. No money to be paid until the Book is delivered. Subscriptions received at this Office.

PROSPECTUS OF THE UNITED STATES JOURNAL.

By JESSE E. DOW & Co.
THE first number of our new paper will be issued this (first) day of May, with an entire new dress—new type, fine white paper, with other important alterations and improvements. The paper will be devoted to a fearless exposition of Democratic principles; it will zealously and unflinchingly oppose each and every effort to establish a monarchic monarchy bank and other miscellaneous corporations and consolidations of wealth, which subvert the rights of the people and undermine the pillars of the Republic; it will oppose an oppressive and anti-republican tariff system, the assumption of the State debts by the General Government, and all other Federal principles which have an inevitable tendency to destroy public prosperity as well as individual happiness. Against all such political delusions we shall wage unflinching, uncompromising war.

The Farmer and Mechanic who produce all the real capital of the nation, will find in our paper an unwavering champion of their inalienable rights; the long cherished principles of the editors are too well known to the public to require any pledge on this point. To the Miscellaneous Department particular attention will be devoted, the Ladies will always find in our columns a choice selection from the current literature of the day, as well as original contributions from the most talented writers of which our country can boast. A general summary of Foreign and Domestic news will be furnished; a regular price current and a correct list of the prices of stocks will also be given.

The conductors have already scanned the aid and cooperation of a large number of the most distinguished literary and political writers of the day; arrangements will also be made, at the earliest possible, to establish our columns by the contributions of correspondents from abroad. With this brief and imperfect outline of our plan, we very respectfully solicit our claims to an extensive patronage to the consideration of a generous public.
