

IRELAND.

If the potato crops have failed in the country this year, it seems at least by the following paragraph from a late English paper, that 'fish or herring' is to be an abundant substitute.

HERING IN IRELAND.—The take of her rings along the west coast of Ireland is so immensely abundant, that the people cannot procure salt in sufficient quantity to save them.

The late Judge Story was not an early riser, remarking that it was better for one to be wide awake when he did rise than merely to rise early.

JUVENILE PRECOGENCY.

The St Louis Organ tells the story of a boy in that city who was caught by an old fellow swinging upon his gate.

'Clear out from there boy, or I'll set the dog on you,' shouted the old man at the top of his voice.

'Go to the d—l, old stick in-the-mud—you aint got no dog!' responded the little shaver.

A Miss Steel, of New York city, lately sued her lover for breach of promise, and recovered \$1000.—His apology for deserting her might have been that Miss Steel was rather hard tempered!

A Reciprocal Commercial Intercourse, between England and the United States, it is proposed, is being arranged by Mr. Buchanan and Mr. Pakenham. It is supposed that if Congress agree to the proposed reduction of the tariff to the horizontal basis of 20 per cent., a similar reduction upon most of the articles of American products into the British ports will be the result.

Hon. Hopkins L. Turney, the new U. S. Senator, has defined his position in a letter. Briefly—he is in favor of a Revenue Tariff but will favor the distribution of the proceeds of the Public Lands.

A LARGE MAJORITY.

The majority in favor of a State Convention to reform the constitution in New York is only 181,000. From this unanimity, it is evident that the people of that State expect something to be done by the Convention.

The Pottsville Journal says, in taking the census during the week, of a portion of the borough, it was discovered that no less than 23 families occupied a building which was erected in the Orchard for a Hotel, numbering upwards of 100 persons. In Morris' Addition also, one house contains 18 families, some of which keep boarders, and in another small house there are 6 families—making 45 families in three houses, with a population of 200 and 27 persons.

WORMS IN CHILDREN.

ALL diseases to which children are exposed are so fatal to them as worms. Unfortunately children are seldom free from them, and as they irritate the symptoms of almost every other complaint they often produce alarming effects without being suspected. Worms are not only a cause of disease themselves but by their irritation aggravate all other diseases, wandering from one part of the body to the other, winding themselves up in large balls and obstructing the bowels and frequently the throat, causing convulsions and too often death. The desired remedy will be found in Dr. Daye's Tonie Vermifuge—which will very soon destroy the worms and invigorate the powers of digestion so as to prevent a return of them.

IT HAS PERFECTLY CURED ME

PHILADELPHIA, December, 1845.

To Dr. D. Jayne—Dear Sir—The astonishing and miraculous beneficial effects of your valuable EXTRACTORIAN I had on my neighbor, the Rev. Mr. Rushing, made a favorable impression on my mind, that after consulting with several friends, and learning that you were a regular Practitioner of Medicine, I called upon you, and purchased half a dozen bottles, and told you that if I lived to take them, you should have a good report from me.

I am alive and well this day! Thanks be to a merciful God, and your Extractor! Now I come forward cheerfully to fulfil my promise.

For twenty long years had I been a constant sufferer from the effects of a bad, dry cough, pain in the breast, and difficulty of breathing; the last five of which chills and fevers, every spring and fall, added to my misery. I was worn away to a mere skeleton with the greatest difficulty, until I could get up and down stairs, my spine was gone, and my strength had so far failed me, that my friends were persuaded I could not survive many weeks, unless I obtained relief.

Indeed, sir, my situation was so perfectly miserable to myself and so distressing to my family, that I felt willing to die, whenever it should please the Master to take me home. But I learned of your medicine, and relied on it. Yest. it proved the "Balm of Gilead" to my poor suffering.

Before I had taken one bottle, I experienced a mitigation of all my symptoms, and to my great joy I found in the continued use of it the longest relief. In short IT HAS MADE A PERFECT CURE OF ME—and I can truly say, I have no desire to be better.

With everlasting gratitude, I am dear sir, your obliged friend,

MARY GILL.
