

MY NAME IS HANES.

There are thousands of people in this country, who make use of the common expression, 'My name is Hanes,' when they are about leaving a place or party suddenly, yet few know from whence the expression is derived.

Some forty-five years since, a gentleman by the name of Hanes was travelling on horseback in the vicinity of Mr. Jefferson's residence, in Virginia.

They finally arrived in front of Mr. Jefferson's residence, Hanes, of course, not acquainted with the fact.

What! Thomas Jefferson? Yes sir! That's Jefferson.

President Thomas Jefferson? continued the astounded Hanes.

The same, rejoined Mr. Jefferson. 'Well my name is Hanes!'

Well my name is Hanes! and putting spurs to his horse he was out of hearing instantly.

This, we are informed, was the origin of the phrase.

SHEEP.

If you desire that your sheep shall pay you in fleece and carcass for your keep, let us, if you have not done so already, advise you to provide them with comfortable sheds.

PHILADELPHIA, December, 1837. To Dr. D. JAYNE—Dear Sir—The astonishing and miscellaneous beneficial effects your valuable EXPECTORANT had on my neighbor, the Rev. Mr. Roshing, made so favorable an impression on my mind,

I am alive and well this day! Thanks be to a merciful God, and your Expectorant, I now I come forward cheerfully to fulfill my promise.

For twenty long years had I been a constant sufferer from the effects of a hard, dry cough, pain in the breast, and difficulty of breathing; the last five of which, chills and fevers, every spring and fall, added to my misery.

A Baltimore correspondent of a new New York Journal, relates the following as a recent case of burying alive—

A most horrid case of burying alive occurred a few weeks since in our city, and which, although generally talked of, has, out of respect to the friends of the deceased been excluded from the public prints.

A young lady was taken sick, and died very suddenly, as was supposed by the family and physician, and was placed in her coffin and carried to the depot of the family and placed in the family vault.

With everlasting gratitude, I am dear sir, your obliged friend. MARY GILL.

NEW SERIES OF THE CONGRESSIONAL GLOBE AND APPENDIX, TO BE STEREOTYPED.

The undersigned originated the mode of journalizing the proceedings of Congress, which presented them entire. Their publication was the first and only one that gave each successive step in every measure in both branches of Congress; a brief of all debates, every important vote; and an Appendix including at full length all the revised speeches delivered during the session. The work thus conducted by them is a most perfect political history. The Senators from the States and the Representatives from every section of the Union bring with them into Congress a knowledge of the feelings, sentiments, and interests of their several constituencies. Public opinion and the public information, as it exists among those who represent, are embodied by them, and in the creeds of Congress the wisdom of our times is brought to its test, and is there concentrated, in directing the political measures of the whole country. The papers thus given through Congress from every quarter reach upon the nation as a whole, and all its component parts are made to move in co-operation. The press cannot be more usefully employed than in condensing and again spreading abroad the intelligence of our free country, leading to such happy results through our almost miraculously adjusted State and National institutions.

Having identified ourselves with the plan of advancing the usefulness of Congress by publishing full and impartial reports, and having a large mass of the Congressional Globe and Appendix, issued during the last ten years, which would be impaired in value to us and utility to the public if the work were discontinued, we have a double motive to prompt us to extend it through a new series. We are resolved it possible to give it permanence, and to hand it down to successors as a standard work, worthy of being maintained and improved. We shall exert upon our new undertaking without being distracted or hindered by any associate labors of the press; and, thus unencumbered, shall hope to make the new series a step in advance of the former in all points of execution. With a view to accomplish this, we shall be (one or the other) always in attendance in Congress—shall compare the manuscript of our own reporters with the daily reports of the city papers—correct all by our own observation and knowledge of the proceedings; and in important matters, where that will not assure us of the fidelity of the reports we will procure the aid of the members themselves, to obtain the exact scope of their remarks. The work thus authenticated, will be merely printed, which is a guaranty that we will make as perfect as it is possible for us to make it, we would not incur the expense of stereotyping it, if we did not feel confident of its superiority over all works of the kind which have been or are likely to be published. Stereotyping the work will enable us to supply lost or mutilated numbers, which we will do without making any charge for them.

The Congressional Globe is made up of the daily proceedings of the two Houses of Congress. The speeches of the members are condensed, to bring them into a readable length. All the resolutions offered, or opinions made, are given in the mover's own words and the yeas and nays on all the important questions. It is printed with a small type—brevier and nonpareil—on a double royal sheet, in quarto form, each number containing sixteen royal quarto pages.

The Appendix is made up of the President's annual message, the reports of the principal officers of the Government that accompany it, and all the long speeches of members of Congress, written out or revised by themselves. It is printed in the same form as the Congressional Globe, and usually makes about the same number of pages.

We print the numbers on fast as the proceedings of Congress furnish enough matter for a number of the Appendix a week; but during remainder of a session there is usually sufficient matter for two or three numbers of each every week. The next session will be a long one, and it is supposed will be unusually interesting; therefore, we calculate that the Congressional Globe and Appendix will each make near one thousand large quarto pages, printed in small type—brevier and nonpareil. We furnish complete indexes to both at the end of a session.

We have on hand the Congressional Globe and Appendix for the last twelve sessions of Congress of which five were long and seven were short sessions. The Congressional Globe and Appendix for each session are bound together in excellent binding, with Russia backs and corners. Our prices for them, thus bound together are \$3 a volume for a short, and \$5 a volume for a long session, making \$40 for a full set. Those who want the back volumes should apply for them immediately, as they are in demand. The last Congress subscribed for two hundred and twenty six sets, and it is probable that the next will subscribe for at least as many more, as the proceedings of Congress for the last eight years cannot be procured from any other source, Giles & Seaton having stopped printing their Register of Debates in 1837. A few hundred copies of the first volume is all we have on hand.

The next session of Congress will be a long one, and therefore, the Congressional Globe and Appendix should be \$2 for the session, which is the price we charge for the unbound numbers of the past long sessions; but we have concluded to reduce the price, as follows, until the first day of next

January, after which time the Congressional Globe and Appendix will each be \$2 for the session, and no deduction will be made on account of the number of copies taken.

TERMS. For one copy of the Congressional Globe \$1 50 For one copy of the Appendix 1 50 For four copies of either, or part of both 5 00 For twenty five copies of either, or part of both 25 00 The copy may be returned by our risk, it should be before the 1st of December, at farthest, to procure all the numbers promptly.

Proprietors of newspapers who copy this Prospectus, and send us one copy of their paper containing it, shall have their names entered on our books for one copy of the Congressional Globe and Appendix during the session.

Our prices for these papers are so low that we cannot afford to credit them out, therefore no person need consume his time in writing for them and not sending the money.

BLAIR & RIVES, Washington City, October 4, 1845.

An interesting Pamphlet, called the FAMILY HEALTH DIRECTORY.

FOR Gratuitous Circulation to all persons who will read, Preserve, and Lend it, at E. Lutz, Bloomsburg, John Moore, Danville, John Ruser, Milton, Waller & Co. Berwick.

All the following named Articles have obtained unbounded popularity: viz: Rheumatism, Contracted cords, Stiff Joints, and Gout, will positively be cured by the sole use of the Indian Vegetable Elixer and Liniment.

Dr. McLean's Acoustic Oil has proved very successful in curing even that deafness. We have many certificates from citizens who have used this Oil, with complete success. We invite all who are troubled with any disease of the Ear, to examine the proof.

Longley's Western Indian Panacea is the best family medicine in the world. It is a cure for Dyspepsia, Asthma, Liver complaint, Indigestion, Cystitis, Jaundice, Epilepsy, Debility, &c. &c. It is a mild but thorough cathartic, and never leaves the person constipated even if taken very often.

The Pills are warranted to be cured by the genuine Hays' Liniment and Lines Palm oil, of the money returned. Who will now suffer with this distressing complaint? Never buy it without the signature of constock & Co.

Constock and Co's Sarsaparilla is as pure and strong an Extract from this celebrated Root as can possibly be made. This price is so reasonably that the poor can afford to use it, being but 50 cents per bottle, or \$4 per dozen. It is the only article that will effectually purify the blood from all impurities. Those who have been imprudent in the use of calomel, &c. will find sure relief from it.

Earl Lada's Hair Dye—This chemical preparation will color the hair any shade from a light brown to a jet black, and not injure the hair or stain the skin in the least.

Preserve and Beautify the Hair by using O'Rourke's Hair Oil of Columbia, which immediately stops the hair from falling out, and restores it when lost. Never buy it without the signature of Constock & Co.

Worms—Kobalstod's Vermifuge is a safe and effectual remedy for Worms, in children or adults, in every case. It is entirely Vegetable and cannot injure the most delicate child, even should there be no Worms. Price 25 cents. Double quantity in other names.

The Mothers Relief has been thoroughly tested by many years' experience. Ladies expecting to become mothers may rest assured that it will always aid and assist in preparing them for the trials before them. It quiets all nervous sensations, always morning sickness, causes natural and sweet rest, equalizes the circulation of the blood, regulates the stomach, and facilitates the birth without such excruciating pains as mothers expect. Many of our best physicians use it in their practice.

New discovery, by which a Jet Black—thin as beauty's blush—is made with one application of a year. It keeps all stains and Pimples from returning through the summer. This Vanishing Lotion is entirely new invention, and surprises and delights all who use it. Specimens of Stoves and Pipes in use may be seen at 21 Cornland-street where the Polish may be had at the cost of 25 cents per bottle.

Loach and red bag-line—A sure remedy. Price 25 cents.

Dr. Lutz's Junco condenser Procreative Elixer, remedy in case of Impotency, Barrenness, Fluor Alba, Stranguria, Hemorrhoids, and all diseases arising from debility of the system where restoration is required.

Rev. Dr. Bartholomew's Pink Expectorant Syrup, for the cure of Consumption, Asthma, Coughs, Colds, Spitting of Blood, Night Sweats, Expectoration, Pain in the side, &c. &c.

Magic Hair Oil—It gives the hair a beautiful Gloss, and inclines it to curl, and wholly unlike any other Oil, it never sours the finest Ladies' hats in the least. If any lady or gentleman shall use this Oil, and find these statements untrue, their money will be refunded.

Caution to be remembered—The above named articles are sold Genuine in this city by Constock & Co, 21 Cornland-street, and NOWHERE ELSE except of their country customers. Remember—take this direction with you.

Brandreth's Pills

READ and understand! The time will come when the medicine, Brandreth's Pills, will be appreciated as they ought and deserve; it will be understood that Dr. Brandreth has the strongest claims upon the public. It is true that every individual who makes a trial of the Brandreth Pills concede them to be the best medicine they ever used. They are indeed a medicine about which there is no mistake. Their value in a climate so changeable as ours cannot be sufficiently appreciated. A fever perspiration is at once restored, thus they cure colds, and consumption is prevented.—Those who have a redundancy of bile find them of the most essential service, and should there be a deficiency of that important fluid the Brandreth Pills have an equally beneficial effect. Often has this important medicine saved valuable lives in those regions where the dreadful yellow fever was prevailing. A few doses taken immediately upon the infection being received into the system, will be sufficient to prevent any material inconvenience, and at no stage of this dreadful epidemic is there so proper a medicine as the Brandreth Pills. Let this medicine be universally used in this disease, and no loss of blood allowed, and few very rare, would be its victims. So it is with other diseases. Assist nature with this all important medicine to remove morbid humors from the blood, and do not resort to bleeding or mercury, and we shall have a very great scarcity of persons afflicted with chronic maladies. The feather-dribble—theau-trunk-kindom—over which we are the lords, are not afflicted with chronic maladies; neither should we be if it were not for our pride which occasions them. Follow nature. Use the medicine which harmonizes with her, which mildly but surely removes all the impurities of the blood, which strengthens the feeble and yet reduces those of too full blood to a healthy standard. Let me again say that every department of the manufacture of Brandreth Pills is personally superintended by me, and that every box with my three labels upon it may be relied upon to have the beneficial effect described if used according to the directions accompanying it.

TO TAX COLLECTORS AND TAX PAYERS.

In consequence of a Circular, lately issued by the State Treasurer, directing that the State Tax still remaining unpaid, for the present and former years, must be paid into the State Treasury, on or before the second Tuesday in January next, and that every county, falling to pay its portion of State Taxes, shall be, after that time charged an interest of five per cent, on each amount so shall remain unpaid, and payments from the State Treasury, for school or other purposes withheld, until such balance with its interest is paid; we are under the necessity of requiring the several Tax Collectors of Columbia County to collect and pay over into the county Treasury, on or before the third Monday of November next, all the State Taxes for former years which still remain unpaid.

The promissory with which our former Circular was responded to, both by Tax Collectors and Tax Payers, by which the county Treasurer was enabled to pay into the State Treasury at that time required, the whole amount of State Tax due from this county, for the present year, induces us to believe, that Columbia County will not, on the second Tuesday of January next, be found among the defaulters.

By order of the Commissioners, E. MENDELHALL, Clerk. Commissioners Office Danville, September 13, 1845.
