

The Methodists have purchased a large building and spacious lot in Cincinnati, and intend to establish a Female College, to be called the Western Female College of Cincinnati.

Efforts are now making to establish an Episcopcal Church in Cairo, Egypt, according to plans sent out by the British Government.

We are not unfrequently mortified by some things of our brother editors. The following; from a Kalmazoo journal, is of this character:

"If those of our patrons who are in arrears would remember when they kill a beef or pig, and have any to spare, would send us a piece, we would be under obligations to them. It is a notorious fact, although it may not be generally known that printers have mouths."

Fanny Ellsler lost by roguery at least half of the property she had made during the two years she had performed in America. This was asserted by Fanny Ellsler in the presence of two other persons, and there can be but little doubt but she told the truth. Bring out the rogues.

It is estimated that 20,000 pumpkin pies were demolished and devoured in New Haven, Conn., on thanksgiving day—large sized ones at that. This would be about two a piece to each of the inhabitants.

The amount of maple sugar manufactured in Leveeet the past year, as ascertained by the assessors, was 17,473 pounds. A sweet place that Leveeet, says the lady editress of the Boston Transcript, and she knows. We vote as she does.

A COLORED COLONY. The Detroit Daily Advertiser states that a project is on foot to establish a colony of the colored people on the State Government lands north of the Grand River, Michigan. An agent, from Xenia, Ohio, has been sent to look at the country and make a report to his brethren in that State. The purpose is to buy a large tract, equal to one of the organized counties, and settle it exclusively with the colored race. They think in this way the Legislature will be forced to give them political and municipal rights and privileges.

RANDOLPH'S SLAVES. We learn from the Colonization Journal that Judge Leigh the executor of John Randolph, has purchased a large tract in Mercer county, Ohio, on which to locate the slaves some 3000 manumitted by that remarkable man. A large quantity of land in Mercer county comprising three or four townships is now owned nearly altogether by colored persons.

Mr. Gaillardet, the editor of the French paper published in New York, wrote a letter while on board of the Acadia, in which he expressed the opinion that the public judgement of Europe was decidedly against the United States on the Oregon Question. But since his arrival, he has read the correspondence between Mr. Pakenham and Mr. Buchanan, and he now says that he but speaks the public sentiment in awarding the American negotiation a signal and decided victory. He also thinks now that the whole case has been set forth, there will be a reaction in Europe and in all Europe, favorable to the claim of the United States, and the stronger because it will suggest a near approach to injustice. Even in England, he thinks that impartial minds cannot fail to be brought back to moderation and equity."

CANAL COMMISSIONER. James Burns, Esq., the newly elected Canal Commissioner was duly qualified and entered upon his official duties yesterday morning. The Board being organized William B. Foster Jr. was elected President and David Mitchell Secretary. Under the present organization the people have a sure pledge that the same watchfulness and devotion to the great interests of the State will be rigidly observed which has marked the course of the Board during the past year. It is however but justice to say that Mr. James Clark whose term of service has just expired has discharged his official duties in a manner highly creditable to himself and beneficial to the Commonwealth.—*Union*

Good—At the anniversary of the New England Society in New Orleans the following was the Eighth regular:

The Daughters of Louisiana—Attracted by their bright eyes, enshaded by their sweet smiles the sons of the Pilgrims only await their assent to become Pilgrim fathers. (Drunken Standing) Air—Love not,

DYING IN A BLAZE. A letter writer from Washington, giving an account of the speech of Mr. Adams on Friday, by which the House of Representatives was electrified says one Indiana member was so excited that he could constrain himself no longer and he exclaimed, "the old man will die in a blaze of glory."

Texas New-York Present to Ex-Presd

dent Tyler—Mrs. Sarah A. Wharton, representing the Ladies of Brazoria county, has sent a silver pitcher to Mr. Tyler with a highly eulogistic letter which ascribes the annexation of Texas to his wisdom and zeal. The pitcher is a massive silver one with the arms of the United States on one side and those of Texas on the other elegantly chased.

Pauperism—A writer in Blackwood's Magazine says the number of paupers in Great Britain is four millions or a seventh part of the population of the Empire. In Ireland 2,300,000; England 1,500,000; Scotland 200,000.

Boston owes over one million of dollars. She's able to owe it.

MARRIED AT LAST. Abby Kelly and S. S. Foster were married lately, says the Salem (Ohio) Register at the house of Miss Townsend, New Brighton. Now, the Country is safe!
