

THE GARLAND

With sweetest flowers enrich'd, From various gardens call'd with care.

From Dickens's London Daily News.

Wait a Little Longer.

There's a good time coming, boys. A good time coming: We may not live to see the day, But earth shall glisten in the ray...

She ties her apron on before— Her bustle on behind.

Whenever she a shopping went, She paid for what she bought, In sleep she always shut her mouth, As every body ought.

Small faults she has, and who has not? She strives them to reform, When her toes are cramped upon— She says 'get off my corn!'

Accomplishments like these would make A match for Count or Earl, And all the neighbors say she is A pattern of a girl.

The following is a valentine received in this city by a gentleman; and so far as our experience enables us to judge, is far superior to the average character of such occasional effusions. The lady's wishes seem so very reasonable, that she had our best wishes for her success in the request.

A VALENTINE.

Wanted, A HAND to hold mine own, As down Life's vale I glide; Wanted, AN ARM to lean upon Forever by my side!

Wanted, A FIRM AND STEADY FOOT With secure and free, Too keep it straight and onward pace Over Life's path with me.

Wanted, A FORK erect and high, A HEAD above mine own So much, that I might walk beneath Its shadow o'er me thrown!

Wanted, AN EYE within whose depth Mine own might look and see Upsprings from a guileless heart O'erdown with love for me!

Wanted, A LIP whose kindest smile Would speak for me alone, A voice whose richest melody Would breath affection's tone!

Wanted, A TRUE RELIGIOUS SOUL To pious purpose given, With whom my own might pass along The road that leads to Heaven!

WATERTOWN, N. Y., Oct 20, 1841.

Dr. D. Jayne—Dear Sir—Your Hair Tonic is an excellent article. Many respectable persons also offer their certificates in favor of your Expectorant. I believe your medicines are the best preparation that have ever been offered to the public for the relief of the afflicted, for the cure of the diseases for which they were intended.

Your Expectorant I think will soon be exclusively popular. Yours &c. A. DEAL ELY.

The following is from a PYSICIAN and a much respected CLERGYMAN of the METHODIST SOCIETY, dated Modes Town, Va. Aug. 27, 1840.

Dr. Jayne—Dear Sir—I have been using your Expectorant extensively in my practice for the last three years, and for all attacks of Colds, Coughs, Inflammation of the Lungs, Consumption, Asthma, Pains and Weakness of the Breast, it is decidedly the best medicine I have ever tried. Very respectfully yours, R. W. WILLIAMS, M. D.

Asthma cured by Dr. Jayne's Expectorant.—Miss MARY CAMPBELL, of New Haven, Fayette county, has been cured of Asthma, of more than eighteen years continuance, by the use of Dr. Jayne's Expectorant. She commenced taking the medicine last summer, and after using eleven bottles, was entirely rid of this distressing disease. We are assured of this cure by a lady of undoubted veracity, and requested to make it public for the benefit of others.—Mount Pleasant Pa Register.

JAYNES EXPECTORANT.—We esteem it a pleasure to be able to recommend this medicine as the best calculated for the purpose of curing coughs, colds, sore throat, asthma, and all affections of the lungs. From a long personal acquaintance with Dr. Jayne, we know that he is no quack, and his medicines are not novelties of the modern cry up, but are the result of his long experience as a practicing physician, and the expense of great labor.—Hartford (Conn.) Daily Review.

NEW YORK, March 10th, 1841.

Dr. Jayne—Dear Sir—Being severely afflicted with INFLUENZA—a hard Cough and ASTHMA—and finding every means fail of relieving me, CONSUMPTION appeared inevitable—but by using two bottles of your EXPECTORANT, I was restored to perfect health.

Respectfully yours JOHN ELLIS, Late Pastor of the Baptist Church, Stamford, Ct.

Cholera, Summer Complaint, Diarrhea, Dysentery and all other derangements of the stomach and bowels, cured by Dr. Jayne's Carminative Balsam.

New York, 8th month, 1838. Friend Dr. Jayne—It gives me much pleasure to inform you of the result of a case in which I administered your Carminative Balsam, and I consider it a matter of duty to these and the public to give the following statements. Being called to visit a patient a few days since, I found he was vomiting and purging most violently, with severe Torment and Cramps in the upper and lower extremities, and also in the abdominal parities. The cramp was so violent, that it took four men to rub him incessantly to keep down the spasms, and to use his own words he said it seemed to him as if his bones would snap in two. There was also violent choleric pains around the umbilical region attended with very distressing nausea. In short I considered it to be a case of genuine cholera. I found on inquiry the patient had been unwell the day previous, with a looseness of the bowels. That six hours before I saw him he was seized with the complaint and had gradually got worse. The extremities were cold and he was nearly pulseless. I immediately gave him a spoonful of thy Balsam which in a few moments was ejected from the stomach, but on giving it a few times the stomach became settled and he expressed himself relieved. I then gave him a calomel and opium powder. In two hours from the time I saw him he felt quite easy and fell asleep, and slept well for five hours; but on waking the symptoms again returned. I directed more of the Balsam to be given him when the disease subsided and the patient was convalescent. It took one bottle to effect a cure. I have also on other occasions witnessed the beneficial effects of the Carminative Balsam in summer complaints and diarrhea that I would not be without for its weight in silver.

I remain thy friend, THOMAS MOTT, 43 Broadway, N. Y. Prepared only at No 8 South Third street, Philadelphia. The above Medicine are for sale at the store of JOHN R. MOYER, Bloomsburg.

Branth's Pills

READ and understand! The time will come when the medicine, Branth's Pills, will be appreciated as they ought and deserve; it will be understood that Dr. Branth's has the strongest claims upon the public. It is true that every individual who makes a trial of the Branth's Pills, concludes them to be the best medicine they ever used. They are indeed a medicine about which there is no mistake. Their value in a climate so changeable as ours cannot be sufficiently appreciated. A free proposition is at once restored, thus they cure colds, and consumption is prevented. These pills have a redundancy of bile from them of the most essential nature, and should there be a deficiency of that important fluid the Branth's Pills have an equally beneficial effect. Often has this important medicine saved valuable lives in those regions where the dreadful yellow fever was prevailing. A few doses taken immediately upon the infection being received into the system, will be almost certain to prevent any material involvement. And in no stage of this dreadful epidemic is there so proper a medicine as the Branth's Pills. Let this medicine be universally used in this disease, and no loss of blood allowed, and few very few, would be its victims. So it is with other diseases. As a nature with this all important medicine to remove morbid humors from the blood, and do not resort to bleeding or mercury, and we shall have a very great variety of persons afflicted with chronic ailments. The feathered tribes—the human blood—over which we are the lords, are not afflicted with chronic maladies neither should we be if it were not for our prior which occasions them. Follow nature. Use the medicine which harmonizes with her, which mildly but surely removes all the impurities of the blood, which strengthens the feeble and yet reduces those of too full habit to a healthy standard. Let me advise you that every department of the manufacture of Branth's Pills is personally superintended by me, and that every box with three labels upon it may be relied upon to have the beneficial effect described if used according to the directions accompanying.
