

General Revolution in Mexico.—The New York Courier says it has advices from Washington, through a source fully entitled to confidence, that the initial steps have been taken in nearly all the departments of Mexico, for combining together to overthrow the existing administration in that country, having for its object the restoration to power of Santa Anna. The Courier states that our government has had for several weeks, full details of the movements. A plan for a new administration is said to have been drawn up by Santa Anna himself, and by his adherents circulated in Mexico. The Courier anticipates the entire success of the project.

The Washington Union, noticing the statement of the Courier, says: "We deem it our duty to state, in the most positive terms, that our government has no sort of connection with any scheme of Santa Anna for the revolution of Mexico or for any sort of purpose. Some three months ago some adventurer was in Washington, who wished to obtain their countenance and aid in schemes or other connected with Santa Anna. They declined all sort of connection, co-operation, or participation in any effort for the purpose the government of this country declines all such intrigues or bargains. They have made war openly in the face of the world. They mean to prosecute it with all their vigor, they mean to force Mexico to do us justice at the point of the sword. This, then, is their design—this is their plan, and it is worthy of a bold, high minded, and energetic people."

The new tariff bill was received in the Senate on the 6th and made the special order of the day for Monday next and for every succeeding day until disposed of.

Jayne's Expectoat.—This is undoubtedly the most valuable, (as it is decidedly the most popular) medicine of its kind, ever introduced in this State. The demand for it has been constant and increasing, from the time it was first offered for sale here to the present time; numerous testimonials of its great worth and usefulness, from very many of our citizens, might be produced, but a trial will satisfy all, that it is a speedy cure for Coughs, Colds, Influenza, Asthma, Hoarseness, Spitting of Blood, and all kinds of Pulmonary Affections.—Bangor (Me.) Daily Whig.

From the Norridgework (Me.) Journal.

We publish the following, as among the many evidences which we are constantly receiving of the increasing popularity of Dr. Jayne's Expectoat. We have no interest in "puffing" it—any further than we have a desire to promote the health and happiness of our fellow-creatures, who are wasting away with those complaints, for which this medicine is an absolute remedy. And in calling the attention of the public to it, we feel that we are in the faithful discharge of our duty.

New Portland, Nov. 4, 1842.

Mr. Pratt.—Sir: I wish you to send me 3 bottles of Jayne's Expectoat, and in this connection, I would say, that I deem it an invaluable medicine, and an article that no family should be without for a single day. I have used it for two years in my family, and have always found it a quick and efficient remedy for tightness of the lungs, produced by long protracted colds, which produce the short hacking cough, the premonitory of Consumption, in which it so frequently terminates in this climate. If properly and seasonably administered, it will effectually break up the most violent fevers, so frequently consequent upon them. I would most cheerfully recommend this medicine to the public in all cases of that nature, as invaluable.

**JOHN H. WEBSTER,** CHOLIC and FRETTING of INTESTINES.

Every mother should have Jayne's Carmine. It is the very thing they need for their children, as it immediately cures the cholera and allays all irritation of the stomach and bowels.

The above Medicine are for sale at the store of **JOHN R. MOYER,** Bloomsburg.
