

DECEPTION EXPOSED.

At the top of the fifth column, on the second page, of the Danville Democrat of August 7th 1846 we find an article of which the Editor should be heartily ashamed.

Duty on Rail Road Iron.—An ineffectual attempt was made in the U. S. Senate on Tuesday last by Mr. Dickinson, the Loco Foco Senator from New York, to permit railroad iron to be imported free of duty.

At a scathing commentary upon the foregoing piece of eloquence, we extract from the Congressional Globe for 1846 pages 1188 and 1194, the following proceedings and votes in the Senate.

Tuesday, August 4th, 1846.—Mr. Evans (Whig Senator from Maine) said he should once more move, as the opportunity now afforded, to take up the bill to remit duties which have been paid or which have accrued upon the importation of rail-road iron in certain cases.

Mr. Evans' motion to take up the bill was agreed to, yeas 24, nays 15—

Mr. Evans then took the floor and made a speech in favor of the bill.

Mr. Dickinson moved an amendment to include future importations of rail-road iron.

Mr. Bagby (Democrat) moved to lay the bill on the table. Rejected, yeas 10 Democrats and 2 Whigs; Nays 19 Whigs and 7 Democrats. So the bill was not laid on the table.

Mr. Dickinson's, and other amendments, were afterward rejected, and the bill was ordered to a third reading by a vote of 24 to 21, yeas 17 Whigs 7 Democrats; nays, 18 Democrats 3 Whigs; and Mr. Dickinson voting NO!!—

August 5th, the Bill came up again, and was discussed by Mr. Evans in its favor and Mr. Atherton and Mr. Bagby in opposition; and on the question of the final passage of the bill the yeas and nays were as follows: (Whigs in italics)

YEAS. Messrs. Allen, Ashley, Atherton, Bagby, Benton, Breese, Bright, Cameron, Cass, DICKINSON, Dix, Fairfield, Hannegan, Houston, Lewis, Miller, Semple, Sturgeon, Turney and Westcott, 20—

All the nays but one are Democrats, and Mr. Dickinson among them!! There stands the evidence upon record, & so this bill, which our neighbor Cook calls, 'an additional stab at our infant rail-road iron manufacturing,' passed the senate by the aid of every Whig vote present but one, and against the vote of Mr. Dickinson and the vast majority of the greater portion of the Democrats in that body.

THE STATE ELECTIONS.

Sufficient returns have come to hand to show that the States of Illinois, Indiana, Missouri and Alabama, remain firm in their attachment to the Democratic faith. Democracy has triumphed in all these States. In Kentucky and North Carolina the victory of the Whigs are certain. In Tennessee, the only remaining State in which an election has been held, we have as yet no returns, though we have little doubt that she has gone Democratic.

The Girard Bank has been re-opened for Banking purposes.

COURT WEEK.

The courts for this county met at Danville on Monday last, all the Judges present, Peter Rupert of Monroeville, was appointed foreman of the Grand Jury. The new Attorney General having chosen as yet no Deputy for this county, the court appointed Mr. Buckalew for the present courts. On Monday, Joseph Fausy was tried for committing an assault and battery upon William Cunningham, in February last, and was found guilty. Same day John Q. A. Shoemaker, a boy of 11 years old, was found guilty of an assault on Henry Whitehead a boy some what older, and of stabbing him in the breast with a knife. He was sentenced to a short imprisonment in the county jail, to pay a fine and the costs. John Carr and Eli Wagner who were arrested some time since, on a charge of murdering or abducting Margaret Carr, were discharged from their recognizances by the court, after an examination of witnesses and inquiry into the circumstances of suspicion against them. On Tuesday Patrick Cratey plead guilty to an assault and battery on Elizabeth Kelly, but there appearing strong circumstances of provocation, he was only sentenced to pay costs and a fine of one dollar. The Grand Jury found a true bill against the Supervisors of Sugarloaf township, for not repairing the road from Ezekiel Coles to near John Kites, in that township; it being returned as out of repair by the constable. The other matters in the Quarter Sessions were unimportant. Three jury causes were tried in the common Pleas, and on Wednesday about noon after a session of only two days and a half the jury men were finally discharged for want of further business. The Judges all left for home on Thursday morning.

Whitecomb, the Democratic candidate for Governor in Indiana, has been re-elected by a majority of 2,000. The Democrats have secured a majority in the State Senate, and the Whigs will have a small majority in the House. Rather cold comfort this for Whiggery!

A letter written at Antwerp, Belgium, says that upwards of 12,000 emigrants will leave that port alone this year, for the U. States.

Discovery of Gold in Massachusetts.—Some very fine specimens of gold have recently been discovered by John H. Blake, Esq., of Boston, while examining a quartz vein which was laid open in Dedham, Mass. by his directions, for the purpose of ascertaining whether it was worth working for galena. This is probably the first discovery of gold in any place in New England. Besides galena there were found in the same vein carbonate and sulphuret of copper.

MILITARY COURT INQUIRY.

We learn from the Norfolk Beacon, that Gen. GAINES concluded his defence before the Court on Monday evening, and that the finding of the court was sealed on Tuesday, the 11th inst, and despatched to the head of the War Department, at Washington.

MISSOURI.—The Constitution formed by the convention of the people of Missouri, to revise the constitution of that State, has been rejected it is believed, by a decided majority.

A large amount of counterfeit gold coin is said to have made its appearance in the South and West.

Mr. Wilmot, of Bradford county, has been renominated, for Congress, from that district.

LOOK OUT!

It is reported that the Lewiston Bank has failed. The Bills are not purchased by the Brokers of Philadelphia.

The result of the examination into the conduct of Gen. Gaines is favorable, it is said, to the old veteran, and a court martial will not be ordered.

THE WARM WEATHER.

The sudden changes of the weather, during this season of the year, exhibit a most baneful effect on the human system, debilitating and prostrating it.—The stomach and bowels become deranged, giving timely notice to all, who are inclined to give attention to the warning voice of nature. At such times 'Jayne's Carminative' never fails to afford immediate relief, checking the disease and restoring the patient to vigorous health. Mothers cannot be too cautious with their children during this month and the month following, and in the earliest stages of this summer disease, whether from teething, oppressive heat or other causes they should at once resort to this never failing remedy. Hundreds of certificates from respectable persons in this city are in possession of the proprietor ready to exhibit to all who may desire to see them at his office, No. 8 South Third street, Philadelphia.

LIFE! LIFE!! LIFE!!!

'All that a man hath will he give for his life,' so we find recorded in the most ancient and best of books, but as we see thousands dying around us with Consumption, Croup, Cough, Asthma, Bronchitis, Spitting Blood, and other Pulmonary affections we are led to doubt the correctness of the above assertion especially since it is so well known that a certain remedy may be obtained which always arrests these diseases. Dr. JAYNE'S EXPECTORANT never fails to give relief, and cures after every other means have failed. This can be has been proved in thousands of instances where it has effected radical cures patient that has been given up by all and physicians.

The above Medicine are for sale at the store of JOHN R. MOYER, Bloomsburg.
