MCALISTER'S OINTMENT HAS POWER to cause all external sores, scrofutous humors, skin discusses, poisenous wounds, to discharge their putrid matter and then heals them.

It is rightly termed all healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last fourteen years for all diseases of the chest, involving the utmost danger and responsibility, and I declare before heaven and man that not in one case has it failed to benefit, when the patient was most skilled workmen, he is enables to offer within the reach of mort d means.

I have had physicians, learned in the profession I have had ministers of the Gospel, Judges of the sench, Aldermen, Lawyers, gentlemen of the highest erodition, and multitules of the poor us-it in every variety of way, and there has been but one voice saying, "McAlister, your Ointment is good.

In Scrofula, Old Sores, Erysipelas, Tetter, Liver Complaint, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Bealing or Sore Asthama, Oppressions, Pain-also, Sore Lips, Chapped Hands, Tumors, Cutencous Eruptions, Ague in the face, Nervous Discases, and of the Spine, there is no Medicine now known as good.

SCALD HEAD --- We have cured cases that actually defied everything known, as well as the ability of 15 or 20 doctors. One man told us he had spent \$300 on his children without any benefit when, a few boxes of Olatiment cured them.

BALDNESS.-It will restore the hair sooner than any other thing. HEADACHE .- The salve has cured persons of the headache of 12 years' standing, and who had it regular every week so that vomiting often took place. Deatness and Ear Ache are helped with

like success. BURNS-It is the best thing in the world for Burns (Read the directions around the box ) RHEUMATISM .- It removes almost immediate ly the inflamation and swelling when the pain

ceases. Read the directions around the bex. PILES-Thousands are yearly cured by this Ointment.

TETTER-There is nothing better for the cure of Tetter.

CORNS .- Occasional use of the Ointment will always keep the Corns from growing. Peopli need not be troubled with them if they will use

COLD FEET .- Consumption, Liver Complaint, pain in the cheat or side, failing off of the hair, one or the other, always accompanies cold feet. (This ointment is the true remedy.) It is a true sign of disease to have cold feet.

\$3-Keep the directions around the box and read them before using the Salve. There is no mercury or other mineral in this ointment.

It has the claim also of being purely American in its character, based upon our own beautitui decimal system of currency-and is considered by Teachers as the logituning of a new cra is this department discignice, by rejecting the old English system (from which nearly all our present Arithmetics are copied,) of contining the pupil for years in the process of reducing pounds to farthings, and furthings to pounds. This Book is strongly retamended by the Hon. Thomas H. Burrowes. the late able Supercentendenrot, and Father of our Common school System, as one of the best Arithmetics in the market. It is also recommended by Mr. Olinstead, Professor of Mathimatics in Lafay ette College; Mr. Stoever, Principal of the Preparatory Department of Gettsyburg College, togeth er with several hundred Professors and Teachers in various sections of the country. the cheapest Arithmetic in the market, "The Youth's Columbian Calculator," by the same Author, has just been issued. It contains 94 pages, with about 200 examples for solution on the slate; it embraces the fundamental rules, Compound Rules, Simple and Compound Reduc tion, Single rule of Three, or Proportion, &c. Teachers who have examined this work since its publication, are of the opinion that it is just what is very much wanted at this time in our District Schools as a Primary Arithmetic for those commencing the study of numbers, for the reason that those Primary Books now in use are either too juvenile, or too far in advance of the pupil in fact, that there has been no suitable Frimar treatise on Arithmetic before the public. It is at so believed that this volume will contain a sufficient amount of practical arithmetic, as will com monly occur in the transaction of ordinary business-more particularly in the Female Depart ment of our District Schools, many of whom sel tom learn the use of numbers as far as Reduction or Proportion, and as the work is intended, in part, for this class of pupils, great care and labo as been bestowed with a view to render every part perfectly plain and easy of comprehension by the pupil. The calculations are in "our cuy ency," with the use of a few fractions, sufficient for general use, as a knowledge of fractions can be

equired from the larger volume. The key embraces several hundred examples in Arithmetic and Mensuration, and other valuade matter for the use of the Teacher. The eximples are given in full with notes, explanations. ilustrations, demonstrations, &c. "Ticknor's Arithmetical Tables," is designed

There's room enough for all. What need of all this fuss and strife, Each warring with his brother ?

Why should we, in the crowd of life, Keep trampling down each other ! Is there no goal that can be won, Without a squeeze to gain it? No other way of getting on, But scrambling to obtain it?

Oh, fellow-men, here wisdom, then, In friendly warning call-"Your claims divide, the world is wide-There's room enough for all."

What if the swarthy peasant find No field for honest labor : He need not idly stop behind, To thrust aside his neighbor There is a land with sunny skies, Where gold for toil is given, Where every brawny band that tries

Its strength can grasp a living. Oh, fellow men, remember then, Whatever chance betall, The world is wide-where those abide, There's room enough for all,

From poisoned air ye breathe in courts, And typhus tainted alleys,

Go forth and dwell where health resorts, In fertile hills and valleys, Where every arm that clears a hough

Finds plenty in attendance, Up, leave your loathsome cities, now,

And toil for independence, Ob, hasten, then, from fevered den, And lodging cramped and small ; The world is wide-in land beside,

There's room enough for all. In this fair region far away,

Will labor and employment-A fair day's work, a fair day's pay, And toil will earn enjoyment. What need, then, of this daily strife, Where each wars with his brother ? Having been reqested to give my opinion on the merits of McAlisters salve I am willing to enumerate some of the benefits which I have experienced in the use of the article.

In the spring of 1845, I had an attack of Erysineas in my face which became very painful, and exlended into one of my eves, being attended with tever, my distress was great and 1 became to be fearful of losing my eye.

Although not much a believer in what is terms ed quack medicines. I purchased a box and made application to my face. To my surprise the paid soon abated and in a week's time I was entirely cured, and I firmly believe it was the salve under Providence that cured me

From that time to the present I have used the article as occasion required, and in every case where I have used it I found a decided benefit.

At one time in going to bed at night, my throat was so sore that I swallowed with difficulty, but by an application of the salve I was relieved before morning. I have used it in cases of burns, bruises esprains and flesh-cuts all with the happiest effects, and one case of poisoning by a wild vine in the swoods has been dried up and cured by a lew applications.

From my own experience I would strongly recomended it to all, as a cheap, convenient medicine. It requires no preparation other than to rule it on the afflicted part. I have become so partial to it that I expect to keep it constantly in my family.

Though not ambitious to appear in print, set I cannot refuse to have this communication made public if judged best to serve the cause of humani-
