DEMOCRAT.

BLOOMSBURG.

SATURDAY, MARCH 3, 1849.

Montour County.

A wild and reckless scheme, has recently been concocted by a portion of the denizens in the lower end of our excellent little county, which contemplates the dismemberment of Columbia and the formation of a small patch around Danville, to be entitled "*Montour county*" The project is as novel as the position of its movers is untenable, and will strike the great majority of our citizens with wonder and surprise, as well at the statements therein made as the spirit in which its language is couched. We insert below, the long petition, tail and all, for the amusement of our readers:—

To the Honorable the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met:

THE PETITION of the undersigned, citizens of the townships of Derry, Limestone, Liberty, Valley, Franklin, Mahoning, and the Borough of Danville, now included within the boundary lines of the County of Columbia, and forming a part of Columbia county—

RESPECTFULLY REPRESENTS:

That in consequence of the long protracted struggle between the inhabitants of the townships above named and those of the middle and upper townships of the County of Columbia, which has ended by locating the Seat of Justice in the Town of Bloomsburg, in said County, a state of feeling and a series of acts aggressive and oppressive in their nature have been induced and carried out to our injury, unendurable on our part and utterly incompatible with our present and future prosperity and happiness. There no longer exists between the upper and lower townships those bonds of union, sources of sympathy, community of interests, and common hopes or feelings, with which there can be nothing to educe associated effort for the accomplishment of the objects of county organization or even social intercourse; there is no common tie to twine us together in any one object involving the common good of the citizens of the County, as at present organized. To such an extent is this dissimilarity of views and interests carried that no party to a suit has any confidence in the verdict of our juries or the proceedings in our courts in cases in which one of the parties is from the upper and one from lower end of the County. Our county officers and jurors, owing to the preponderence of numbers in the middle and upper end of the county are for the most part selected from that quarter, and they enter upon the duties of their offices with a bias against the inhabitants of the lower end prejudical to our rights.

Although the greater portion of the taxes levied for county purposes are collected from us, we have reason to complain that by far the greater portion of the taxes of the county are expended for the construction of bridges, &c., in the upper end of the County, insomuch that we do not receive that fair and just distribution of appropriation and expenditure of the County funds which justice demands or our emergencies require.

We further complain that the provisions of the act for the removal of the Seat of Justice from Danville to Bloomsburg, by which it was made obligatory upon the citizens of Bloomsburg to defray the whole expense of erecting and constructing the public buildings at Bloomsburg, has been evaded by their receiving an appropriation of $25500 00 of the County funds towards defraying said expenses, and by continued exactions from the same source, for purposes, the effecting of which they were pledged to pay out of their own private funds.

We urge moreover, as a further ground of complaint, that in every instance wherein the citizens of the lower end of the County, in the exercise of their just rights, petition for legislative aid, the upper and middle townships being at all times able to elect their Representative, instruct him as their tool and instrument to thwart all and every of our honest efforts to promote our interests, without in any way wishing or attempting to impair or infringe upon the rights of the citizens of the upper and middle townships. We have patiently endured all these annoyances and injuries of which we complain, and others not here enumerated, for a period of thirty-five years, until forbearance is no longer a virtue. We have on many occasions remonstrated and reasoned with our fellow-citizens of the upper and middle portion of the county, but they have turned a deaf ear to all our claims for justice and a fair participation in the common benefits which ought to result from our County organization, until our situation has become intolerable. And inasmuch as we believe that this unfriendly feeling on their part will endure during the present and the next generation, and we remain without a remedy for this accumulation of evil, that we can neither counteract nor patiently submit to, we ask for a separation; and pray your Honorable Bodies to grant the prayers of our Petition, and erect into a separate County, the Townships of Derry, Limestone, Liberty, Valley, Mahoning and Franklin, and the Borough of Danville, under the name of the County of Montour.

We further ask that inasmuch as the public buildings are already erected in the Borough of Danville, and the citizens bind themselves to keep said buildings in suitable repair for all time to come, that the Seat of Justice for the county of Montour aforesaid may be located in the Borough of Danville. And they will, as in duty bound ever pray, &c.

From the extraordinary character of the foregoing *Pronunciamento*, put forth by malicious design, and supported by a few townships in the South-Western part of Columbia county, for the ostensible purpose of severing the bond of union that unites our county—now one of the best arranged and most equitable geographically bounded counties in the State, with a Central Seat of Justice,—but in reality for the purpose of foisting upon the people of the county, against their will and wish, a *Paper Shaver-Shop in Danville*, the Legislature will, we trust, treat it as the overflowing fomentation of diseased intellects and the attempted revenge of a few disappointed demagogues—The allegations set forth in their Petition, not the least among which, is an *open impeachment of our Courts of Justice*, in cases of trial between citizens of different sections of the County, and others of equally astounding falsity, should stamp condemnation upon the projectors of this mendacious act of injustice, and consign the proposed measure to the shades of lasting oblivion. We have no time to regularly dissect this "bantling of iniquity," as we should like to do, and show up the treachery of our Senator, a painful task, who is, as usual, violating all his solemn pledges upon which were predicated his election, but will only advert to one more stereotype hypothesis, assumed by the petitioners, and exhibit its utter falsity.

They allege that "$2,500 00 has been appropriated out of the County funds for constructing the Public Buildings." That is false in fact. The County Statement shows the appropriation to have been only $2,245 78, and *even that small sum*, was not appropriated to the Public Buildings at Bloomsburg required by the Removal Bill, but to "extra work and finishing the same."

Believing that the good sense of the Legislature will utterly repudiate the above wicked project, by giving it a *final quietus*, and thereby thwart a most egregious wrong in its incipient stage, we dismiss the subject, at present, after laying before the public the copy annexed of a Remonstrance, in juxtaposition with the foregoing unique Petition, which has been numerously signed by the citizens of Columbia county.

To the Senate and House, &c.

THE REMONSTRANCE of the undersigned, citizens of the county of Columbia, respectfully represents: That they have learned that petitions are about being presented to your Honorable bodies for the creation of a new county out of certain of the western townships of Columbia, to be called Montour; that the size of this county will not justify its being divided: that the seat of Justice thereof is now located at a central and convenient point, and that any division of the county would impose additional burdens upon the people both of the new county and of the old.

For these and other good reasons, they do most earnestly REMONSTATE against any division or other dismemberment of Columbia County," and ask for the rejection of any bill to erect the said county of Montour. And they will ever pray, &c.

SARTAIN'S UNION MAGAZINE, of March, is on our table, and continues to exhibit tokens of successful competition with the older three dollar Magazines of Philadelphia. Among the embellishments are two of Mr. Sartain's best mezzotints, and the other illustrations, including the fashions, wood cuts and music are of a superior quality. The literary contents are by many of our best writers. Willis contributes a brilliant sketch of fashionable life, and Rev. Geo. W. Bethune and Rev. Thomas Brainard also furnish excellent articles. We can cordially recommend the Union Magazine as one of the best periodicals of the kind in the country.

☞ Will Mr. SARTAIN, send us the *February* number of his Work, which has not yet been received at this office?

☞ The second session of the Thirtieth Congress expires at 12 o'clock, to night (Saturday) It has been one of little profit to the country, but of much expense in the way of squandering the people's money. Next Monday, Gen. TAYLOR will be in the Presidential Chair, when the destinies of the Nation, like those of our own State, will be committed to the keeping and guidance of our federal opponents.

"*Remember the Sabbath Day*," &c.

Gen. Taylor, made a speech at Memphis, on *Sunday*. At Louisville, he was received with firing of artillery, speeches, &c., on Sunday, when two unfortunate men had their arms blown off. What will our *pious* whig friends say to this?

Such conduct, in a high functionary, cannot be too strongly condemned, and we hope the Religious—ay the moral press, will speak on this subject with proper independence. If the President of a great Nation will thus practice, or even countenance, an *open violation of the Lord's day*, who WILL NOT? Nothing is better calulated to give encouragement to vice of all kinds, than the practice of it by high public officers. "Gen. Taylor is a second Washington." Is he? Well, this looks like it.

High-Handed Outrage.

Chambersburg, Feb. 27, P. M.

The court-house was broken into last night by some person or persons as yet unknown. The Treasury was entered, and the vault in which was deposited the money and papers belonging to the county was broken open. The books were torn and so defaced as to make them almost useless, and some of them were carried away. The public document, connected with the Treasurer's office were entirely destroyed. The private papers belonging to the Treasurer were left untouched—Money, evidently, was not the object, as it was found strewn all around the room. The Commissioners' office was also entered, and the papers torn and scattered about in confusion. Circumstance point strongly to a person who is suspected

GIDDINESS AND DIZZINESS.—Wright's Indian Vegetable Pills are one of the best medicines in the world for the cure of giddiness; because they purge from the body those stagnant and corrupt humors which, when floating in the general mass of the circulation, are the cause of a determination of rush of blood to the head, giddiness, headach, loss of memory, dimness of sight, drowsiness, pain of the head, and many other symptoms of a loaded and corrupt state of the blood.

Wright's Indian Vegetable Pills are also one of the very best medicines for the cure of indigestion, and therefore will most assuredly restore the body to a state of sound health.

The genuine for sale by *Hayhurst and Baldy*, Bloomsburg; H. P. Baldy, Danville; Stephen Baldy, Catawissa, and by agents in all parts of the state. Agents whose supplies heretofore exhausted will receive a new lot on writing to Dr. Wright's principal office, 169 Race Street, Philadelphia.
