Experiment in Wire Fencing.

During the fall I constructed 104 rods of wire fence in the following manner: I placed red cedar posts 1 rod apart, the posts being sawed about 3 1/2 inches square at the bottom and 3/4 by 2 inches at the top, and set firmly in the ground to the depth of 2 1/2 feet. I then bored holes through the posts with a 1/2 inch bit—the upper one 4 1/2 feet from the ground, and then 9, 8 1/2, 7 1/2 inches and 6 inches below, using five wires, beneath which I placed a board five inches wide, with a short post in the centre, (to which I nailed the board), which comes near enough to the ground.

I then drew the wires through the posts and strained them by means of a lever, one end of which I stuck into the ground. I then looped the end of the wire around the lever near the ground, and while one is drawing upon the tops of the lever, plug the whole tight with pins of red cedar, previously prepared. I usually strained the wires 18 or 20 rods at a time, then spliced the wires by looping and twisting the ends, and proceeded in like manner again. After the wires are in and the boards on, I take pieces of wires of the right length, and make one end fast to the upper wire, and then wind it round the wires below till I come to the board, through which I bore a hole and fasten the lower end of the wire: three of these wires between each two posts, thus fastening it all together.

The upper and lower wires are No. 10, and the others No. 11. I bought my wire of Messrs. Pratt & Co., of Buffalo, at \$7.50 per hundred. The five wires weighed 355 pound. The wire that I used to weave in up and down was No. 16, and cost 10 cents per pound; it took 25 pounds. My posts I bought in the log (pretty large ones), at \$12 per cord; one cord made 105 posts, the number used.—It took 2,000 feet of hemlock boards, which I reckon at \$7 a thousand. The sawing of the posts was \$2.25. The cost foot up as follows:

35 pounds of wire at 7 cents,	\$25 02
25 pounds of wire at 10 cents,	7 50
1 cord of red cedar posts,	12 00
2,000 feet boards at \$7,	14 00
Sawing posts,	2 25
Making the cost of materials,	\$55 77

Which, being divided by 101, the number of rods of fence made, gives the 53 1/2 cents as the cost per rod—aside from nails of which I kept no account.
Some of your numerous readers may be anxious to know whether such fence will answer the purpose in all cases. I can only say that mine is a road fence, and that when it was built there was a good crop of pumpkins lying in the field alongside, where they grew, and that notwithstanding many cattle and hogs made the attempts at them, they did not succeed; and my short experience goes far to convince me that no cattle, hogs, or fowls, will get over or through it.

KINDS OF FRUIT FOR CULTIVATION.—We advise our friends to try their orchards with a variety of fruit trees, whether of apple, pear, or peaches, and after finding which are best adapted to the soil, let those of the best quality that are found suitable to the land, occupy it almost to the exclusion of the others. There is a wide difference in the production of different trees, and it is in the nice adaptation of each to its most suitable locality, profit of fruit growing, will be found to consist.

DEAD ANIMALS.—All animals which die on a farm should be covered with mould or earth of any kind. Each dead horse or any animal thus treated, would throw out gas enough to impregnate five loads of earth with its fertilizing properties. To promote the speedy decomposition of animal bodies a few bushels of lime should be thrown on them previous to being covered with earth or mould. After the decomposition of the flesh, the bones should be broken up and placed in the soil, where they prove an efficient and lasting manure.

MILK.—Milk is really an article of solid food, being coagulated soon after reaching the stomach. New milk contains 13 per cent of digestible solids, and skimmed milk 11 per cent, that is, the former fully one-half and the latter above a third, of the nutriment contained in the lean part of beef and mutton.

CATTAWISSA, WILLIAMSPORT AND ERIE RAILROAD CO.

PROPOSALS FOR A LOAN.
THE CATTAWISSA, WILLIAMSPORT AND ERIE RAILROAD COMPANY, will receive at their Office, Proposals for the purchase of their Bonds, to be issued as mentioned in the foregoing notice. The Act of the Legislature mentioned in it, renders lawful an investment by a lender or purchaser of the Bonds, at any discount below the amount to be secured; thus enabling capitalists to receive an extra rate of interest, without incurring hazard or penalty of any sort. The money may be paid by instalments as may be agreed with the lenders.
The Company hold 1200 acres of valuable Coal Land at Tamaqua, on the line of their road, which will also pass for about 12 miles along the Coal Lands of the Girard estate, now belonging to the city of Philadelphia.

The Railroad is already graded for a double track, from its junction with the Beaver Meadow Railroad to the river Susquehanna, a distance of 48 miles, and is mostly bridged for the same distance. The Coal Lands of the Company are distant less than 12 miles from the commencement of this graded track at the junction. The actual expenditure already incurred in its construction, including \$80,000 paid for those lands, and damages for lands, &c., taken, has been about \$1,200,000. The whole of this investment will form part of the bond's security, which will be augmented by the expenditure of the loan in the completion of the road, independently of the corporate franchises which the provisions of the law enable the Company to include with all their other property in the mortgage by which the proposed Bonds will be secured.
It is estimated that \$500,000, which is little more than one-half of the sum already invested and expended, will be required for the completion of the road, and for stocking and equipping it. Besides the tolls for the transportation of coal and other commodities, it will form an important link in the chain of intercommunication of the Atlantic, the great Lakes, and the Mississippi. The Charter confers the right to hold 5,000 acres of land, with privileges of mining and transportation, and of making branch Railroads to neighboring mines.
The Company is free of debt, its former liabilities having been converted into stock. The entire Stock is only \$1,400,000, represented by 28,000 shares of \$50 each.

A PLETON'S GREAT CENTRAL Cheap Book Store.

Corner of Seventh, Swain's Buildings, PHILADELPHIA.
KNOWING the wants of the community, the Proprietor of this ESTABLISHMENT has fitted up a store in the most elegant manner, having due regard to the comfort of his customers, so that every stranger visiting his Book Store, may feel entirely at home.
His immense Stock of Books is classified according to the various Departments of Literature, so that visitors can find the Books they are in search of for themselves. Buying his stock for the most part at the Auction Sales, and being connected with one of the Largest Publishing Houses in this country, besides publishing largely himself, enables him to sell ALL BOOKS at **Lower Prices** than any other house of a similar character on this continent. His facilities for the importation of Books from Europe are unsurpassed, having a large collection, which are in all cases for sale at the **Lowest Prices** or, from 25 to 75 per cent. below Publishers' Prices. Thus in buying even a few Books, quite a considerable amount is saved.
As a still further Inducement to strangers visiting the city, every one who purchases one Dollar's worth of Books, will receive a copy of the **STRANGER IN PHILADELPHIA** an elegant 15mo. volume, the price of which is 25 cents.
The limits of an advertisement are too confined to enumerate the prices of any of the Books or to give even a faint idea of the IMMENSE STOCK of Books now on hand, which may be seen at the **Great Central Cheap Book Store**, but let all who are in search of Books send for a catalogue, and buy the Books they are in want of, and when in want of, and when visiting the city, give Ap-leton one call, and you will be sure to CALL AGAIN.

Stationery

in all its branches, furnished at the LOWEST PRICES. The initials of those purchasing Letter and Note Paper, neatly stamped in the corner without charge.
Orders for any article may be sent by mail, addressed to the proprietor, and the directions in all cases will be fully carried out, with great punctuality and despatch.
Orders for Catalogues should be pre-paid.

DR. SWAYNE'S Celebrated Family Medicine.

CURE FOLLOWS CURE!
More proofs of the efficiency of DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY. The Original and Genuine Preparation! CONSUMPTION.
Coughs, Colds, Asthma, Bronchitis, Liver Complaints, Spitting Blood, difficulty of breathing, pain in the side and breast, palpitation of the heart, Influenza, Croup, broken constitution, Sore throat, nervous debility, and all diseases of the throat, breast and lungs: the most speedy cure known for any of the above diseases is DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY. A truly wonderful cure—read this extraordinary case!
December 27, 1848.

DR. SWAYNE, Dear Sir:—Having contracted a severe cold, which settled upon my lungs, attended with a violent cough, pain in my side and breast, difficulty of breathing, I was attended by physicians of the first respectability, but my symptoms became very alarming, there was an abscess formed in my lungs and made its way through my side, and discharged large quantities of pus externally so that my physicians thought the power or functions of one of my lungs were totally destroyed, and therefore supposed the case entirely hopeless.—This mournful state of things continued for a long time, until I was wasted and worn to a skeleton. I had tried a number of remedies, but all failed to do any good. But there still being a spark of hope left within me and my anxious parents, and having heard of the great virtues of your COMPOUND SYRUP OF WILD CHERRY, and its being approved of by physicians of the first eminence, I concluded to make a trial of it, and to my great satisfaction, my cough gradually grew better, the hole in my side began to heal, and I am now happy to say, from a poor and almost hopeless skeleton, I have become healthy and weigh more than I ever have. All my neighbors can testify to the above fact.
ABRAHAM HUNTSICKER,

MORE NEWS FOR THE SICK.

Another severe case of Asthma. PHILADELPHIA, Dec. 12, 1848.
DR. SWAYNE.—Dear Sir: I cheerfully add my testimony in favor of your valuable Compound Syrup of Wild Cherry, which I conceive to be truly the wonder and blessing of the age. For the last four years I have been afflicted with the asthma. Sleep had become a stranger to me; night after night would I have to sit up in my bed. I was attended by four or five different physicians also, having used various patent medicines, but all of no avail. I continued to grow worse, until I commenced the use of your valuable Compound Syrup of Wild Cherry, which afforded me instant relief. After using several bottles I was restored to perfect health.
Yours with respect,
SARAH B. EVANS,
Any information respecting the above case will be freely given by her husband.
HAMPDEN W. EVANS,
Carpenter, corner of Eighth and Paris sts.

An important caution that should be carefully perused by every family in the United States.—Truth, not mere assertion.
There is but one genuine preparation of Wild Cherry, that is, DR. SWAYNE'S, all others, by a little enquiry in the quarter where they originate will be found to be "fictitious and counterfeit." The great and increasing demand for the original article, has induced a host of unprincipled men to put forth spurious, and to give currency to their nostrums, attach the name of Wild Cherry, thinking to borrow a name from that already established. As you value your lives, beware of them—Some are called "Balsam," "Cherry and Tar," "Wine of Wild Cherry," "Wild Cherry Pills," "Sarsaparilla Wild Cherry Bitters," and a host of others, who, in some way, attach the name of Wild Cherry. No one ever thought of using this name for articles of their own until it had become established and known as belonging to one of the greatest remedies ever discovered for the benefit of the human family.
That remedy is Dr. Swayne's Compound Syrup of Wild Cherry, the original and only genuine. Remember it is put up in square bottles, covered with a beautiful wrapper, (steel engraved) with the portrait of DOCTOR SWAYNE thereon, also his signature.
Prepared only by DR. SWAYNE, cor. of 8th and Race streets, Philad.

SWAYNE'S CELEBRATED VERMIFUGE.

A safe and effectual remedy for Worms, Dyspepsia, Cholera Morbus, sickly of Dyspeptic children or adults, and the most useful Family Medicine ever offered to the public.
THIS REMEDY is one which has proved successful for a long time, and it is universally acknowledged by all who have tried it to be far superior (being so very pleasant to the taste at the same time) to any other medicine ever employed in diseases for which it is recommended.
Read this Wonderful Cure Philadelphia, March 20, 1849.
DR. SWAYNE.—Dear Sir:—Having made use of various nauseous Vermifuge Medicines, which had been highly applauded by their proprietors, without the slightest good effect, and having heard my neighbors speaking in the highest terms of your Worm Medicine, its delightful taste and wonderful effect, although I felt somewhat discouraged from the result of the articles I had forced upon my already emaciated, sickly, dyspeptic-looking child, whose delicate and almost worn out frame the Worms had already begun to make their ravages; still there being a ray of hope left by myself and its anxious mother, I concluded to make trial of your most valuable Vermifuge, which, to our great joy, the worms had to get their deadly and strong hold upon the vitals, and like an army that had been attacked by a furious foe, whilst lying still in ambush they were entirely dislodged from their quiet abode. Such was the effect of Dr. Swayne's Vermifuge on my child, which is now perfectly healthy, assuming all the color of the rose, with all the mirthfulness of an innocent and playful child. Indeed my heart is so rejoiced at the great change, I feel it my duty to solicit every person to make trial of this article, which is as pleasant to the taste as the most delightful cordial, and good for the adult as safe for the most tender infant.
Yours, with respect,
TOBIAS WIGGAND, No. 3 Howell St., Between Schuylkill Third and Fourth.
