DEMOCRAT.

Bloomsburg:

SATURDAY, AUG. 25, 1849.

Democratic Candidate
FOR CANAL COMMISSIONER,

JNo. A. GAMBLE,

OF LYCOMING COUNTY:

☞ We have THREE new candidates and one declination this week.

The Homage of Gratitude.

We return unfeigned thanks for the large accession of subscribers we have received, and the increasing patronage with which our office has been favored. Never, since we have been engaged in business, has our success in *substantial patronage*, equalled that of the present week. On Monday last alone, there were SEVENTEEN PATRONS, added to the list of the COLUMBIA DEMOCRAT, and since that time the number has been more than doubled.

A gentleman who had long been a patron to this paper, but who had been alured from our social greetings, came in and remarked that he must renew the old associations, as himself and family felt quite lost without the *Democrat*. Another who had been off for a short time, returned to our books, and owned, that this was the democracy in which he believed. And so we might enumerate instances of voluntary encomiums, in reference to our course, by the very people whose opinions we most value.

We thank them sincerely and truly for their unmistakeable tokens of friendship. The sentiments of the ever faithful democracy of Columbia county have breen freely interchanged and fully expressed, and we here aver, that we have never before known them more resolutely determined to frown down all efforts at dictation and to utterly route out the last and *least* germ of disaffection and disorganization. We are not infallible, and hence we may be deceived, but we think we are not mistaken in the state of the political themometar.

Our advertising department too, contains this week, about three colums of paying advertising. This is truly encouraging, as it is the strongest demonstration we could wish that our labours are approved by the people and the democracy. But how will our little neighbor *Weaver* of the Star, reconcile this ocular evidence, with his fallacious *assertion*, that he was "running into our patronage."

Look at the columns of the Democrat, and contrast them with those of the Star. In that sheet you will find *one new notice this week*, and the advertiser there told us, voluntarily on Tuesday, that he had such an announcement to make, and had directed a former similar notice to be inserted in our paper, which appeared in the columns of that organ, but would this time have it in the Democrat, but when he informed us who his *counsel* was, we promptly told him it would appear there again, and we were not disappointed.

Last week our advertising was more than three to their one, and the week before—the very time that thing boasted of the injury it was inflicting upon us,—we booked thirty two dollars worth of advertising and it had not even three. Another fact we might mention, as we are considering *small things*, that our columns are ALWAYS WELL FILLED with *paying advertising*, and we frequently omit, for want of room, three or four columns, after passing every one out as soon as they come to maturity. Not so with the Star. In its columns may be found some near six months out of date, and quite frequently a column or two published and republished (in the other side) in the same paper.

We should not have noticed, thus minutelly, the business operations of the two offices, had not that little disorganizer, imprudently and foolishly, urged the issue. It is now before the public and he is welcome to its benefit. When we can find time, otherwise unemployed, we may lay out the young limb of the law on his boasted theme of wealth capital and ability. We will give facts and figures.

☞ On motion of Joshua W. Comly, Esq., *Leonard Kean*, Esq., of McEwensville, was admitted to practice law in the several Courts of this county.

☞ On motion of F. Stewart, Esq., GEORGE PERKINS, Esq., of Wilkesbarre, was admitted to practice law in the several Courts of this county.

A Contrast.

We are somewhat at a loss to know which of the subjoined extracts, one from little Reuben's Star, and the other from Thaddy O'Reyley's letter, are of the best manufacture:

☞ Our exchanges must pardon us if they do not receive the Star of this week. "Circumstances," as said a distinguished man,—"will of allow it!"

P. S.—If this letter doesn't reach, you must let me know by return of Post and don't wait for another until you heat from me again.

Fire.—We learn from the Luzerne Democrat, t on Saturday night last, about midnight a fire discovered in the barn of Joseph Slocum in esbarre, which destroyed a large amount of erty—Cows, horses and a large stable. Mr. m's loss is about $2,000. The work of inrism.

We understand that Jesse Crawford, one of ersons convicted of passing counterfeit ved sentenced to one year's Solitary con- in the Penitentiary,—not having been t; disappeared—ll into the hands of the has not since been heard between two days. ence was forfeited, [illegible] orse the

☞ The last *Democrat* barks at Stewart Pearce. Reason.—He has stopped Tate's paper, and neglected to pay the proper tribute of black mail levied on him by that notorious Rob Boy of journalism.

Tate boa's that he committed himself for Gamble in December last. He should have added the fact that a month or two after that time he wrote to Mr. Pearce saying, if that gentleman would *get him some subscribers*, he would favorably notice his position before the people as a candidate for Canal Commissioner. If *getting some* subscribers could buy Tate's support of Stewart Pearce; query—how *many* would it take to hire him to be honest for the term of one whole week? And echo answers:—"how many!!!"

The Disorganizer's Journal.

We have very good-naturedly transferred to our columns the forgoing interesting extract from that delectable sheet the last issue of the *Collings paper in Bloomsburg*, for the three-fold purpose of showing its spirit, correcting its falsehood and administering a caution.

Instead of barking at Stewart Pearce, we had the independence to inform him that a portion of his address which the Star cordially approved, was deficient in fact, and an unjust reflection upon the friends of Mr. Gamble. This they dare not deny. And shall not a freeman speak his thoughts?

The story about offering to support him for subscribers, or on any other consideration, is utterly at varience with the truth. We do not deny, that two or three months after we had embarked for Mr. Gamble, Mr. Pearce apprized us of his *intentions*, and asked what could be done, at the same time intimating that he would soon send the Democrat several subscribers, (an act of which he was never guilty,) to which we simply replied, in a slip to our next number, that WHEN THEY CAME ALONG, *we would talk about Canal Commissioner*. Shall we publish the correspondence?

Now, without desiring—as we certainly do not wish—to raise an issue with Mr. Pearce, who was down this week from Luzerne county, at Court, and had frequent confabs with Lord Weaver & Co., who assume to be his conscience keepers, we will just ask him if the developement was *made with his approbation*. An affirmative answer will clear our way at once; but if it be a negative or evasive one, we have only to say to Mr. Pearce, —"CALL OFF YOUR DOGS!"

The attendance at court this session, particularly during the first part of the week, was unusually good. There was quite an amount of Commomwealth business. No doubt the Sheriff is pleased that the thing is over, for he has had for the last few weeks a precious time of it.

The Grand Jury did up the business before them with "neatness and dispatch." We hope to see a few more of our friends on hand next week.

☞ COULD NOT AGREE.—The Hunker and Barnburner Conventions, held at Rome, New York, last week, with a view to effect a union of the Democracy of that State, could not agree upon a platform.—Sorry for it.

☞ What is the difference between Noah's Ark and Joan of Arc? One was made of Gopherwood, the other Maid of Orleans.

The corner stone of a new Episcopal church, was laid at Milton' Pa., by Bishop Potter, on the 11th ult.

☞ A politician.—There is a man in Illinois named Barrow, who has changed his politics so often that he has now got the sobriquet of wheel-Barrow.

☞ The man that sleeps in Church, is becoming quite a noted character. He was last Sunday seen, in Trenton, and has visited Germantown repeatedly within the last few months. He is now in Bloom.

☞ The Salary of the President of Mexico has been fixed at $25,000 annually the same is our President.

☞ There are no less than fourteen candidates for the office of Sheriff in Columbia county. Why dont Col. TATE, come out and beat the whole of them?—*Jerseyshore Republican.*

First.—Because we are not an aspirant for office

Second.—Because we wish to fight in the ranks,

Third.—Because we——might not be elected!

Col. *Seely*, will this suffice, or have you any more questions to propound!

Washington Cavalry.

The Washington Cavalry, of Berwick, on Monday last elected the following officers:—

Captain, JACOB W. DEITERICH,
1st. Lieut. ENOS FOWLER,
2d. Lieut. J. D. CORTRIGHT.

☞ A CHANGE.—We perceive by the last No. of Bowen's North American Farmer, that E. Bowen, Esq., having been promoted to a lucrative station in the Philadelphia Post Office, has retired from the editorial department of that paper, and that it will hereafter be published by MYER STROBE, who was connected with Mr. B. in the publication of the paper since its establishment. The "Farmer" is an excellent Agricultural, Literary and News paper, and we hope Mr. S. will meet with the encouragement he so justly deserves

DEATH OF COL. THOMAS—Colonel John Thomas, father of ex-Governor Francis Thomas of Maryland, died at his residence, near Petersville, Md, on Friday last, Col. Thomas was in his 80th year.

CHOLERA IN CINCINNATI.—Fully six thousand people have died of cholera and other diseases in this city, since the first of May. The estimate is founded upon published reports.

NOT DISCOURAGED.—No less than ten vessels are advertised to sail from New York for San Francisco, in all of next week.

BE CAUTIOUS.—Spurious bank notes are in circulation, altered from the State Bank of Trenton, to represent bills of the Camden and Morris Banks.

$5 counterfeit bills of New Haven Bank, new plate, and dated October 4, are afloat

$1 bills of Eagle Bank, Boston, altered into TENS, are reported in the city papers

☞ OLD BERKS.—The Democracy of Old Berks, at their County Meeting held on the 7th inst., unanimously endorsed the Platform adopted by the Pittsburg Democratic State Convention.

☞ "A Democrat of 1800," as also our main rejoinder to the pusillanimous pimp of the Star, is unavoidably omitted until next week, when it will appear, and with it, will be swept away—in the language of Clayton—"the last refuge of a scoundrel!"

☞ BENJAMIN P. FORTNER, of Franklin township, will—we are authorized to say,—be a candidate for COUNTY COMMISSIONER, and respectfully solicits the support of his fellow citizens.

CAUTION EXTRA

A man by the name of *CLAPP* has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it *GENUINE*, Original, etc. This Townsend is no doctor, and never was; but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the *GENUINE ORIGINAL OLD* Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms.

Principal Office, 102 Nassau-st., New York City.

OLD DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE

Genuine Towsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long been known as the *AUTHOR* and *DISCOVERER* of the *GENUINE ORIGINAL "TOWNSEND SARSAPARILLA."* Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

HEALING POWER.

Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied; this

GRAND AND UNEQUALED PREPARATION

is manufactured on the largest scale, and is called for throughout the length and breadth of the land especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on *scientific principles* by a *scientific man*. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce *fermentation* and *acid*, which is injurious to the system. Some of the properties of sarsaparilla are so *volatile*, that they entirely evaporate and are lost in the preparation, if they are not preserved by a *scientific process*, known only to those experienced in its manufacture. Moreover, these *volatile principles*, which fly off in vapor, or as an exhalation, under heat, are the very *essential medical properties* of the root, which give to it all its value.

Any person can boil or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root than from any thing else; they can then strain this liquid or vapid liquid, sweeten with sour molasses, and then call it "SARSAPARILLA EXTRACT or SYRUP." But such is not the article known as the

GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is so prepared that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of innumerable diseases.

Hence the reason why we have recommendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of

CONSUMPTION, DYSPEPSIA, and *LIVER COMPLAINT*, and in *RHEUMATISM, SCROFULA, PILES, COSTIVENESS*, all *CUTANEOUS ERUPTIONS, PIMPLES, BLOTCHES*, and all affections arising from

IMPURITY OF THE BLOOD.

It possesses a nervelous efficacy in all complaints arising from *Indigestion*, from *Acidity of the Stomach*, from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flushes over the body. It has cut the cure in Colds and Coughs; and possesses easy expectoration and gentle perspiration, relaxing tincture of the lungs, throat, and every other part.

But in nothing is its excellence more manifest than in

FEMALE COMPLAINTS.

It works wonders in forming *Fine Colors of Whites, Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity in the menstrual periods*, and the like; and is as effectual in curing all the forms of *Kidney Disorders*.

By removing obstructions, and regulating the general system it gives tone and strength to the whole body, and thus cures all forms of

Nervous diseases and debility,

and this prevents or relieves a great variety of other maladies, as *Spinal irritation, Neuralgia, St. Vitus' Dance, Hysterics, Epileptic Fits, Convulsions*, &c.

It cleanses the blood excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration relaxes all shrinkings too tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

The medicine you pre-eminently need?

But can any of these things be said of S. P. Townsend's inferior article? This young man's hand is not to be

COMPARED WITH THE OLD DR'S,

because of one GRAND FACT, that the one is INCAPABLE OF DETERIORATION and

NEVER SPOILS,

while the other DOES, *souring, fermenting*, and *leaving the bottles* containing it into fragments; the sour, acid liquid expanding and changing other goods! Must not this form the compound be poisonous to the system?—*What! put acid into a system already diseased with acid!* What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs, what misery it produces? flatulence, heartburn, palpitations of the heart, liver complaint, diarrhea, dysentery, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the wounds which break out in Carbuncles of the Skin, scald Head, salt Rheum, Erysipelas, White Swellings, Fever Sores, and all blotches, internal and external? It is nothing under Heaven, but an acid substance, which sours, and then spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid which lodges itself between the joints and elsewhere, irritating and inflaming the tender tissues upon which it acts? So of nervous diseases, or insanity of the blood, or deranged circulations, one nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell, and to use, sours to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND,

and yet the worse than fools it undermines and ruins, Jacob Townsend's *Genuine Original* Sarsaparilla, is an IMITATION of his inferior preparation!!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's *article*, and which should bring down upon the Old Dr. such a mountain load of complaints and condemnations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND.

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are *Antagonists equal, and reflective dissimilar*, that they are unlike in every particular, having not one single thing in common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of change which might render them the AGENTS of human misery and death.

But what else should be expected from one who knows nothing consistently of medicine or disease? It requires a person of some experience to cook and serve up even a common dessert meal. How much more important is it that the persons who manufacture medicine, designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS,

should know well the medical properties of plants, the best manner of steeping and preserving their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to their diseases!

It is to such a one that we look, to pour balm into wounded humanity, to kindle hope in the despairing heart, to restore health and vigor to the crushed and broken, and to build indestructibly that OLD DR. JACOB TOWNSEND has sought and found the opportunity and means to bless us.
