

DEMOCRAT

LEVI L. TATE, EDITOR.
BLOOMSBURG.
SATURDAY MOR., NOV. 3, 1849.

To our Subscribers.

Many persons who take the Columbia Democrat, are now in debt to us for one, two, or three years, and we want the pay. Where we are compelled to employ agents, officers, or travel ourselves, to make collections, the extra charge of 50 cents per year, according to our published terms, will be added to cover expenses. Those who will come forward themselves, or send the money, before or at the coming Court, will have a claim to the remission of at least part of the extra charge. Every subscriber indebted will favor us by considering this notice as particularly intended for himself.

Fatal Flood and Loss of Life.

We learn from the Luzerne Democrat, that on Monday last, a dam on Hickory Run covering some 70 acres and in some places about 40 feet deep, which empties into the Lehigh, some five miles below White's Haven, overflowed and was washed away and with it swept everything off below for miles within its reach. Houses with their sleeping inmates were dashed to atoms, and whole families, without a moment's warning, drowned in the mighty deluge! Twenty persons were missing, of whom seven dead bodies only have been found.

Body Found!—The body of a man named MARTIN BISH, formerly of Towaunda, who was drowned at the Nanticoke Dam, on the 15th of October, was found on the Wilkesbarre Farmer, was found on the 20th ult., about five miles below the Dam, in Hunlock's Eddy.

German Reformed Synod.

The Synod of the German Reformed Church of the United States, composed of Delegates from the several local bodies, was in session at Norris-town the whole of last week and a portion of the previous week. This body embraces a large amount of theological talent, and numbers amongst its members some of the most eminent divines of the country. We learn from the Norris-town papers that the sessions of the Synod were characterized by the utmost harmony and good feeling, evincing a high degree of brotherly regard and Christian unity. By the Statutes laid before the Synod, it appears that the German Reformed Church of the United States is in a prosperous condition, and steadily multiplying its numbers.

THE READER'S ADLER.—published in Reading for more than fifty years, made its appearance on Tuesday last, considerably enlarged. It is now probably the largest and most popular German paper in the United States, and its tone, on general principles, has always been democratic, and not the least useful, is its adoption of the cash system in all their business transactions, which is, after all, the only true way of doing a safe business, and ought to be adopted by all.

Another Bank Broken.

The failure of the Susquehanna County Bank is announced. The fact is sufficiently suggestive says the Pennsylvania, not to require much elaboration. Yet how much disaster must not such a catastrophe occasion in all of North Pennsylvania, especially among the farmers and mechanics of that fair and fertile region. Everybody recollects the ruin spread around by the explosion of the Lewistown bank, and now we have added to this another example scarcely less appalling. Are we never to be sufficiently warned against the evil consequences of an unrestricted banking system? Are we never to be satisfied by the repeated warnings we have received that legislation which encourages the increase of banking capital, and hesitates about refusing charters to new, and restricting those of old banks, is the fruitful source of inconceivable disaster?

George Lippard will publish in a few days, in book form, "The Robbers," a Tragedy, translated from the German of Frederick Schiller. It is a most splendid Drama and no doubt will be got up in good style. It will be the only complete edition ever issued in this country. Our friends will never regret having secured a copy. Address George Lippard, 72 Chestnut St., Philadelphia, 25 cts. per copy, 5 copies for \$1 00.

Wm. L. Waller, of Penna., has been appointed to a clerkship in the 4th Auditor's Office, Washington.

M'Kean Orbit.

Messrs. N. W. Goodrich, and J. B. Oviatt, have assumed the publication of the democratic paper, at Smethport, Pa. (formerly published by A. H. Corny, as the *McKean County Freeman*.) and given it the name of *M'Kean Orbit*. The number before us is truly democratic and bears visible marks of industry and is much improved in appearance. Success attend the new Orbit.

Vote of McKean.—The official canvass of McKean County, shows a poll of 603! Mr Gamble's vote, which is the highest in the county, was only 365, giving him a majority of 127 over Mr. Fuller. Six hundred and three votes for a whole county! about equal to the taxables of the township and village of Bloomsburg.

Monroe County.

The following is the official vote of Monroe county for Canal Commissioner:

	GAMBLE, FULLER.
Stroud,	204 105
Middle Smithfield,	185 5
Lowee Smithfield,	118 26
Pocongo,	107 13
Hamilton,	160 27
Polk,	83 19
Chenethill,	88 3
Ross,	108 19
Jackson,	28 1
Coolbaugh,	35 6
Price,	40 4
Paradise,	41 15
Tobyhuano,	45 11
	1333 251

Rather Unanimous.

From the recent election returns we select the following highly exemplary figures.

CANTON TOWNSHIP, YORK COUNTY.	
Gamble,	232
Fuller,	2

Gamble's majority, 230
The *Lycoming Gazette* has the striking example.

Our friends will recollect, that in the great contest for President in 1844, the Democratic Club of Williamsport, presented a banner to the Democracy of Cherry, that township having given a larger majority for James K. Polk, in proportion to the vote polled, than any other in Lycoming county. The vote then stood for

James K. Polk,	170
Henry Clay,	11

Majority for Polk, 165
The township of Cherry has since been stricken from Lycoming, and now composes a part of Sullivan county—but her Democracy still stand by their guns, and Cherry remains the banner township, not only Lycoming, but of this Senatorial district election, the vote in Cherry stood as follows:

Canal Commissioner.	
For John A. Gamble,	196
For H. M. Fuller,	8

Majority for Gamble 188
Senator,

For Wm. F. Packer,	195
For A. G. Curtin,	6

Majority for Packer, 189
In North Porter and Clover townships, Jefferson county the voters had evidently no knowledge of the existence of such a candidate as HENRY M. FULLER. Behold!

	GAMBLE, FULLER.
North Porter,	80 00
Clover,	73 00
	153 00

Profession vs. Practice.

It has been already stated that Mr. Polk selected the furniture of the White House, as far as was practicable, of American manufacture; but the present occupant of the White House, is seen, will spread upon the floor of the East Room a magnificent carpet of foreign manufacture. So says the Philadelphia Times, in the following paragraph:
A splendid Brussels carpet was last Saturday shipped a New York for Washington. It is for the President. It contained 500 yards, and cost \$3 per yard, is to go on the Reception Room of the White House. The material having been purchased, was sent to the Apollo Rooms to be matched and joined. The pattern was as fine as the material was rich. Fifteen hundred dollars for a carpet?

Washington Matters.

Hon. WALTER FORWARD, of this State, to be solicitor of the Treasury in place of R. H. GILLET, [Dem.] removed.

CHARLES B. PENROE, Esq. of this State resigned as Assistant Secretary of the Treasury, and M'CLINTOCK YOUNG, Democrat, appointed in his place.

MR. GALLAGHER, of Richmond, Va. goes into the 5th Auditor's Department in place of Mr. HAGNER, removed.

"THE ROBBERS" is concluded in this week's number of our paper. We will put to press, next week in book form, a new and splendid edition of this great Drama—the only complete edition ever issued in this country. It can be forwarded by mail to any part of the United States. Brethren of the press who may give this a notice, will be entitled to a copy of the book. Notwithstanding the expense which we have incurred, in the stereotyping of this Drama, we will sell it for 25 cents per copy; or FIVE COPIES for \$1.00 remitted by mail.—*Quaker City.*

Business Men's Almanac.—V. B. Palmer.

The celebrated newspaper agent, has issued a publication with the above title; containing sixty four pages, which should be in every man's hands in the country. Beside being an almanac for 1850, it is filled with the most important information on every subject. Personal sketches, anecdotes, statistics, Banking, cotton, breadstuffs, Canada, post office, the coal trade, rail-ways, Cuba, the iron trade, &c. &c.

Every man should have one of these Business men's almanacs. They are only 12 1/2 cts. a piece. It will be well laid out money. Address V. B. Palmer, Tribune Buildings, New York.

Safety of Sir John Franklin, and his Expedition.

Confirmation of News received by the Niagara. The highly interesting intelligence received by the Niagara from England, of the probable safety of the long lost navigator, SIR JOHN FRANKLIN, and his expedition, is confirmed by an arrival at New London.

This news will send a thrill of joy to all parts of the civilized world.
From the *New London Chronicle*, Oct. 15.
INTERESTING FROM RATTIN'S BAY—SIR JOHN FRANKLIN.

Capt. Chapel, of the bark McLellan of this port, from Davis Straits, whose arrival we announced yesterday morning, furnishes information which will at least be read with interest in the United States, and, indeed, in every part of the world.—About the 1st of August, while the McLellan lay in Pond's Bay, an indentation of Bandfi's Bay, latitude 74. lon. 72, the natives of the coast came on board the Chief, an English whaler, and gave information by signs that two large ships were then lying in Prince Regent's Inlet, and had been there fast in the ice for four seasons, and being asked with regard to those on board, whether they were dead or alive, they replied in the same way that the crews were not "asleep" (that is, not dead) but were all well. This information was considered by the English map and by Capt. Chapel as indicating that the ships of Sir John Franklin were clearly meant.

The Foreign News by the Europa.

The foreign intelligence by the Europa is one week later. The English papers are full of rumors, many of them contradictory, in relation to the difficulty between Russia and Turkey. The reply of Nicholas had not reached Constantinople, but was expected by the twelfth of October. A large fleet of steamers was collecting in the harbor of the Golden Horn.—Twelve ships of the line, fully equipped, were at anchor in the neighborhood of the Black Sea. A Turkish Army of a hundred thousand men had been gathered around the capital, and drills and reviews were in constant progress. A letter states that before entering the territory of the Sultan, Kossuth and his companions were assured of a welcome, with the liberty of proceeding to any part of the world. A number of refugees had been put on board American vessels and a French steamer, destined, it is said, for Greece.

The report from Widdin is, that Bem and some of the other refugees had embraced Islamism, while Kossuth and the other leaders avowed that no inducement could make them apostatize. Some of the Patriarchs on the borders of Turkey, had manifested a disposition to take advantage of the trouble with Russia, and revolt. The English Government had sent a note to its ambassador at St. Petersburg, couched in kindly but firm language, announcing a determination to sustain the Porte. Lord Palmerston had sent like instructions to the British Minister at Constantinople, and placed the Mediterranean fleet at his disposal. France, it is said, is acting with England in this matter.

The appointment of M. Bois le Comte, as French Minister to Whittington is confirmed, but it is stated that when the appointment was made, intelligence had not reached France of the misunderstanding with M. Pousin. The matter had not been discussed in the French Chamber.—General Rostolan has been succeeded at Rome by Gen. de Hautpool. The French in Rome and the Cardinals do not harmonize. Constant disputes occur. The Pope will probably remain at Naples during a portion of the winter. Garibaldi has been offered a post in the Montevideo Navy, which he will probably accept. A formidable conspiracy was lately discovered in Piedmont. The reported assassination of Comoro is contradicted. The surrender of Comoro is confirmed. The cholera was abating in England. The London Money Market still easy. The Cotton market excited, with an advance of prices. More firmness in the Grain markets. Consols 92 1/2 to 92 3/4.

Maj. Gaines has formally accepted the governorship of Oregon, and will sail from N. Y. city in the course of next month.

THE GLOBE:

A Congressional, Agricultural, and Literary Newspaper.

The approach of Congress calls out the Annual Prospectus of the GLOBE Establishment.

The time is full of interest. The coming in of a new Administration—the consequent breaching of a policy touching the internal concerns of the country—the new and most important issues arising from the late vast accession to the public domain, and the great national objects associated with it—the impending difficulty in our relations with France, and the possible complication of our affairs with the troubles of Europe,—conspire to create great expectation as to the proceedings of the next Congress. The approaching session will probably continue till late in the summer of 1850. The debates, from the agitation of so many questions of vital interest to the Republic, will draw forth all the talent of the National Legislature. To bring its deliberations home to the people, on each succeeding day, while measures are maturing, is, in effect, to bring the whole nation into council. The discussion, spreading from the Capitol to the remotest parts of the Union, forms a public opinion which reacts upon Congress and controls its decisions.

To become a useful instrument, however humble, to assist the working of the admirable machinery of our popular institutions, the ambition of the conductor of the GLOBE. Extraordinary preparations have therefore been made to meet the increasing demands of our rapidly improving and growing country for Congressional intelligence.

The GLOBE Press has already elicited the almost universal praise of the public; its materials and machinery are of the best sort; and the exclusive devotion of the individual who for so many years has made it his study to embody and publish the labors of Congress, gives reason to hope that an advance will be in the accomplishment of this undertaking commensurate with its increased importance. But the accumulation of expense consequent on the additional number of Reports required—the extra charges incurred in printing at night the debates of the preceding day—the vast addition made to the mass published, by the protracted sessions and the fuller reports given,—will render our enterprise a failure, unless Congress shall so far patronize it as to become a purchaser of such portion of the daily sheets issued, as shall contribute to make the reports that fill them. The undersigned has ventured on the preparation he has made for the next Session, in the expectation that Congress will subscribe for as many daily sheets for each Member, at the subscription price, as will, in part, defray the expense of reporting, and give them circulation as Congressional documents in their several districts. This will enable the Publisher to bear the charge of reporting, and it will give an impulse to the circulation of the Congressional Print, which, although the cheapest in the Union [the expense of preparation considered] will yet yield sufficient profit to make the system permanent.

JOHN C. RIVES has purchased the interest of P. P. BLAIR, in Jackson Hall—the printing office machinery and material—becomes the sole proprietor thereof, and will give his exclusive attention to the Congressional Department. J. C. PRECUTTER, will conduct the Miscellaneous Department of the Newspaper. P. P. BLAIR retires from business with a view to his permanent usefulness and property.

The GLOBE will be published daily during the session of Congress, and weekly the remainder of the year, and will undergo distribution in the form of a WEEKLY GLOBE, a CONGRESSIONAL and an APPENDIX.

The WEEKLY GLOBE will contain Agricultural and miscellaneous articles; and will occasionally give debates of such importance as command universal interest.

The price of the WEEKLY GLOBE is reduced to one dollar, with a view to obtain a more general circulation. Subscribers who have hitherto paid \$2 per annum, will be charged only \$1 after the expiration of the first year.

The CONGRESSIONAL GLOBE will embody, as it has done for the last sixteen years, Congressional proceedings and debates exclusively.

The APPENDIX will embrace the revised speeches separately, and the messages of the President of the Executive Department.

The CONGRESSIONAL GLOBE and Appendix will be published as fast as the proceedings of Congress will make a number. Subscribers may expect one number of each week during the first four weeks of a session, and two or three numbers of each week afterwards, until the end of the session. Each volume will probably comprise 2000 pages of quarto paper, of small type.

Complete indexes to the Congressional Globe and Appendix will be sent to subscribers soon after Congress adjourns.

Nothing of a political party aspect will appear in the Globe; and that which will be found in Congressional reports, a paper assuming to be an impartial vehicle for all sides, cannot maintain its character if the editorial columns reflect a party bias.

For one copy of the Daily Globe (daily during the session of Congress, and weekly during the recess) a year, and weekly during the recess) a year, \$5 00
For the Daily Globe for less than a year, at the rate of 50 cents a month.

For one copy of the Weekly Globe for one year, \$1 00
For one copy of the Congressional Globe during the session, \$3 00
For one copy of the Appendix during the session, \$3 00

For four copies of either, or part of both during the session, \$10 00
For two copies of either, or part of both during the session, \$5 00

The price for these papers are so low, that advance payments are inadvisable to carry them on.

Postmasters who may obtain subscribers will be allowed twenty per cent, on the subscription price for single papers, which they may retain when they send on the names of subscribers and the subscription money. The price for the Congressional Globe and Appendix in Clubs who take ten copies, is so low, that no deduction can be afforded. Subscriptions may be remitted by mail, at our risk, in money or part in the section of the country where subscribers reside.

The Congressional Globe and Appendix, or the Daily Globe, as they may elect, will be sent to ten or more times more than the first Monday in October, and send us one copy of their paper containing it distinctly marked around with a pen to direct our attention to it.
