Popular Sentiment.

We clip the following from the *Greenburg Democrat*, which has Douglas and Johnson at its head, but supports the recommendation of the State Central Committee:

"Col. Forney, in the Philadelphia Press, of a late date, proposes a union of the friends of Lincoln, Douglas, and Bell, to defeat Breckinridge. The infamy of such a proposition is only equalled by the impudence of this paid hirsing of Black Republicanism in claiming to be a Democrat. Bought and paid for by the Abolitionists, and supporting Judge Douglas only to betray him, his effrontery is most brazen and shameless."

MERITED PRAISE FROM HIGH AUTHORITY. — In a recent Lecture before the Students of the Iron City College, of Pittsburgh, Pa., by the distinguished capitalist and financier, J. M. Schermerhorn, Esq., President of the Syracuse and Binghamton R. R., the Lecturer said: "that he knew of no place in the country that afforded such advantages to young men as the Iron City College; and that a course of training in that Institution was worth at least \$3000 to every one of its graduates."

A FACT. — When JAMES BUCHANAN went into office there was Twenty Millions of Dollars in the Treasury. Now we are Eighty Millions in debt! Think of that, Republican.

The natural result, Dr. John, of Republican Legislation, in reducing the Tariff of 1846, and substituting that of 1857, which has nearly ruined the country."

Pennsylvanian and Philadelphian Gazette. — Dr. J. H. PELESTON, late Editor of the Pittston Gazette, has favored us with his new paper, bearing the above name, published at Phoenixville, in Chester county. It is handsome in appearance, conducted with great spirit, and promises to be a model newspaper. Success to our excellent friend, Dr. PELESTON, and the "Phoenix Gazette."

NATIVE TALENT.—James Carr, a young man residing in Sunbury, who has been practicing privately on the wire for some time, made one of his first public appearances in the capacity of wire-walker, in Sunbury, on last Wednesday evening. His wire was stretched from Weaver's Hotel to Bassler's store. The performance was good for a beginner.—*Sunbury Gazette.*

DANVILLE ACADEMY.—Mr. J. W. WESTON, Principal of the Danville Academy, publishes his Card elsewhere in the *Columbia Democrat*. We understand that it is a well-established and flourishing Literary Institution. Mr. Weston, and his accomplished Assistant, Miss HALL, are known as the most successful disciplinarian and thorough teachers in this entire section of country.

WITH TIME AND PATIENCE THE LEAF OF THE MULBERRY TREE BECOMES SATIN," and also with time and patience, in depositing small as well as large amounts in the Franklin Saving Fund, No. 136 South Fourth street, below Chestnut, Philadelphia, they will become to you an independent fortune to retire upon in old age. This Saving Fund always pays on demand, with five per cent interest, and never suspended. See advertisement in another column.

AN INDUSTRIOUS CENSUS TAKER.—Mr. J. L. Barber, Assistant Marshal, in Lawrence county, Ohio, thus sums up his week's labor in a note to the U. S. Marshal: — I commenced on Monday at 12 o'clock, after walking ten miles from home, visited every house in Lawrence town ship, filled thirty pages of Schedule No. 1, four of No. 4, and took all the other statistics. He walked over 100 miles through brush, briars, wheat and corn fields, and named two babies—called one James Buchanan and the other Lewis C. Ford. Finished the township by Saturday noon, and walked home, a distance of fifteen miles, by sunset. And all this time the mercury 90 deg. Fahrenheit. We call that a week's work which few men have equalled. After this we have no aspiration to become a census taker.

SAMUEL KELCHNER,
680 H. KELCHNER,
Chestnut.

THE Heavens were illuminated on the evening of August 27, 1860, the most splendid Aurora Borealis ever seen in the country. Rays of colored lights filled across the sky, and the shades were beautiful in the extreme. At one time a rapt observer remarked, that he fancied he could see the sparkling lights form them selves into the following words: "Buy all your garments at the Brown Stone Clothing Hall of ROCKELL & WILSON, Nos. 603 and 605 Chestnut street, above Sixth, Phila-

During the Summer that has just passed away, thousands of sufferers from dysentery and diarrhea have been relieved by the use of HOFFETTER'S Bitters, a medicine which is evidently destined to become a permanent place in the public estimation. Bilious diarrhea is one of those diseases which baffles the skill of the physician. The art and they administer to act upon the bowels and rectum, and the source of the evil. The difficulty is to get a remedy that will act on all the digestive organs, and give them a sense of ease, yet not irremediable of this disease. This problem is solved by the Bitters, which never fails to conquer the most stubborn cases. It is only fair to say, that during the season just closed, this medicine has achieved more than any other ever presented to the public, and during the fall, which that terrible scourge, the fever and ague, is so prevalent, the Bitters will gain fresh fame.
