VOL. 14.--NO. 44. BLOOMSBURG, COLUMBIA COUNTY, PA., SATURDAY, JANUARY 5, 1861. VOL. 24.

Germantown Telegraph.

A Family and an Agricultural Newspaper.

PUBLISHED WEEKLY AT GERMANTOWN, PA.

The present is the most suitable period in the year to get up Clubs for the *Germantown Telegraph*. An active person in any neighborhood, could, in a single day, or at odd intervals, raise a club with but little difficulty.—This would be especially the case in localities where the true character and value of the paper is known. It should be always borne in mind that the *Telegraph* is not devoted to party politics, corrupting flashy stories, coarse criminal reports of our courts, or improper reading of any kind; but to choice Literature, a careful condensation of the News of the Day, and especially to an earnest devotion to Agricultural and Horticultural information, in itself worth the farmer and gardener the full price of subscription. Our design has always been, and shall continue to be, publish a Family and Agricultural Newspaper of real interest and entertainment, and of substantial value to the community. How far we have up to this time succeeded in fulfilling the intention may be inferred from the steadily increasing support received during the *thirty years* since we established, and continued uninterruptedly to conduct the paper. As in the past, so shall the *Germantown Telegraph* be in the future, unsectarian and in all the true elements constituting a family journal.

We annex the *cash terms* to which we beg leave to call the attention of all who think of subscribing for a newspaper:

CASH TERMS.

One Copy, One Year, $2; One Copy, Three Years 5; Three Copies, One Year, 5; Five Copies, One Year, 8; Ten Copies, One Year, 15; Twenty Copies, One Year 25. Subscriptions not paid within the year, $2.50.

☞ A Club of five subscribers, at $8, will entitle the person getting it up to a copy for six months; a Club of ten or more, to a copy for one year. All Clubs subscriptions stopped at the end of the time paid for. Specimen numbers sent to applicants. Address

PHILIP R. FREAS,

RYAMOND'S PATENT

SEWING MACHINE!

PATENTED MARCH 9, 1858.

PRICE $10 EACH.

MESSRS. ZUPPINGER & ROBBINS of Bloomsburg, having purchased the exclusive right of the above valuable IMPROVED CHEAP PATENT SEWING MACHINE, for the county of Columbia, will be happy to supply their friends with the article for the accommodation of their families and families. The following are some of the superior advantages this implement possesses over any ever yet offered to the public, Viz:—

1. It sews from 400 to 600 stitches per minute, thus saving both time and labor to the operator.

2. Its construction is so plain and simple, with anything like fair usage, it is easy kept in order and will give entire satisfaction.

3. One of the most valuable features of this Machine, is the smallness and the compactness of its mechanism.

4. Double-threaded Machines are always difficult to manage, and very liable to get out of order, but this Machine is easy learned than even a common needle.

5. It can be attached to a board, table or stand, in operating order, and does it as well as less than half a minute.

6. It generally recommends itself to the eye, and yet, possesses a nature sufficiently strong for any work to which it is desirable, a qualification not known to other sewing Machines.

7. No human hand is capable in producing a seam so regular and elastic.

8. Among the array of Patent Sewing Machines, there are none so cheap and durable as RYAMOND'S PATENT, but no Machine is adapted to all sorts of work as it has proved.

The operation can shape itself, just as the pleasure, wishes, fancies and whims of the operator may be presented or handled.

It is particularly adapted to all kinds of stitching—welting of all sorts of fabrics, seaming, ruffling, quilting and all sorts of fancy sewing, including embroidering, &c., &c., &c.,
