COLUMBIA DEMOCRAT.

Local and Special.

John G. Freeze, Editor.

SATURDAY MORNING, MARCH 30, 1861.

☞ To-morrow is Easter Sunday.

The first Federal Congress met, April 1, 1789.

Florida was discovered by Ponce de Leon April 2, 1512.

April 3 1783 Franklin made his treaty with Sweden.

President Harrison died April 4, 1841.

The Philosopher Plato, died April 5, 348 years before Christ.

Badajos taken by Lord Wellington, 6 April 1812.

—:o:—

☞ A writer in the Luzerne *Union* is down on any importation of Judges, and insists that Luzerne can furnish its own Judges. Of course!

—:o:—

☞ The Congress to assemble next December, is the XXXVII, and it consists of 237 members. The XXXVIII will be reduced to 233 members. The XXXVII congress is the one elected last fall.

—:o:—

☞ We observe that the legislature are erecting Jefferson, Elk, Cameron & Forest counties into the 26th Judicial District—In April 1856 the then Legislature erected Columbia, Sullivan & Wyoming into the 26th district. But nothing is beyond the power of the gentlemen now at Harrisburg.

—:o:—

☞ The President has appointed Hon. Robert M. Palmer, of Schuylkill county (now Speaker of the State Senate,) Minister to the Republic of Ecuador. This office is now held by Mr. Buckalew, of Columbia county, who was himself Speaker of the Senate under the Democratic regime.

The Luzerne *Union* is mistaken. Mr. Buckalew never was speaker of the Senate. And besides Palmer is not going to Ecuador.

—:o:—

☞ Those who are curious in such matters, will find, by a reference to the *N. Y. Daily Tribune* of May 18th 1860, page No 5; that Judge Jessop of Pennsylvania in the Republican Chicago Convention, moved to strike out the word "National," from the name of the Republican party—It was carried and the word "National" was stricken out.

—:o:—

☞ This No. of the Atlantic Monthly is a very good one. "April Days," "Cities and Parks," "Life in the Iron Mills," "Two or three troubles" a story, are very excellent. "The Professors Story" is concluded. "Charleston under arms" is profane vulgar and a disgrace to the magazine. Where was the Editor? and a lot of twaddle about "King Cotton" have crept in between naps editorial. Ticknor & Fields, Boston $3,00 a year.

—:o:—

☞ Hon. Geo. W. Scranton, Member of Congress for this district, composed of the counties of Wyoming, Luzerne, Columbia and Montour, died on Sunday night March 24, 1861, at his residence in Scranton. The Scranton *Daily News* says:—Col. Scranton was born in Madison, Conn. 11th May 1811. In 1828 he went to Belvidere N. J. In 1840 he bought the pleasant site of Scranton, and moved there in 1845. Since then he has been intimately connected with the large business interests of Luzerne; of his political life our readers are as cognizant as we—Whatever may be his faults, let them be buried with him. Requiescat in pace.

—:o:—

☞ There will be a regular meeting of the Democratic Association, at its Reading Room, on Tuesday evening at 7 o'clock P. M.

In this connection it may be proper to say, that the reports that some interested republicans have been retailing, to wit:—That no persons were allowed the use of the room but Democrats, are altogether unfounded. We cordially invite every man, no matter what his politics, to drop into the Reading Room at any time, and look over the papers and talk and make himself generally happy. The Room is for the use and accommodation of the public, come in and welcome—no questions asked.

—:o:—

☞ The death of Hon. George W. Scranton, announced in another part of to-day's issue, creates a vacancy in the congressional Representation from this State, which will be filled by election this fall; unless the President shall call an extra session of Congress, when we presume a special election will be ordered, in advance of the regular campaign in October.

This case is precisely similar to that occurring in 1857, by the death of Hon. John G. Montgomery. He was elected in the fall of 1856—died April 23, 1857, never having taken his seat; and Mr. Leidy was chosen his successor, in October, 1857. Mr. Scranton, elected in the fall of 1860 dies March 1861, not having taken his seat.

The election of Mr. Scranton's successor will be made in the district as at present arranged. Any new district to be made will not at present affect us. So the battle will be fought with the old men on the old field: Select your best men, and let us put a Democrat in the vacant place.

Easter.

Easter is the festival commemorating the resurrection of Jesus Christ. Good Friday being the day of the crucifixion, the third day, on which the release from the grave took place, is celebrated by the Easter ceremonies. The name of this festival originated from the notion that Christ was typified by the paschal lamb, ordained by Moses in the Feast of the Passover. The Latin word is *pascha*, and the French *paques*. Among the Greeks and Roman Catholics, Easter is the most joyful festival of the church. It is also observed with great solemnity by the English Church, the Lutheran, and the European Calvinists.—The Greek and Roman Catholic Churches did not celebrate it at precisely the same time. While some christians, were mourning in commemoration of the passions, others were rejoicing in the triumphant resurrection of the Saviour. In the second century the dispute became warm. The Eastern Church would not discontinue the celebration of the feast at the same time with the Jews, while the western Church insisted upon celebrating it without the paschal lamb, and beginning it on Sunday the day of Christ's resurrection.

It was fully settled by the Council of Nice, in 325, that the feast should be held on the Sunday following the first full moon after the vernal equinox, and not on the same day with the Jews. The English name *Easter*, and the German *Ostern*, are most probably derived from the name of the feast of the Teutonic goddess *Ostera*, which was celebrated by the ancient Saxons early in the spring, and for which as in many other instances, the first missionaries wisely substituted the christian feast of *Easter*. Adelung derives *Ostern*, and *Easter* from the old words *oster*, *os.en*, which signifies *rising*, because nature arises anew in the spring. This is also the derivation of *East*, in German, *osten*.—Easter fires, Easter eggs, and many other customs and superstitions, have all their origin from the ancient heathen feast, which as the celebration of the resurrection of nature from the grave of winter, was very appropriately succeeded by the festival which commemorates the resurrection of the Saviour of the world.

—:o:—

☞ We observe several projects up in the Legislature, to annex parts, or townships of some counties to others; either to straighten lines for some other good reason. Now by permission of Schuylkill county, and the people to be affected we can point out a line which might be helped by such a process.

Starting at a point in the line between Schuylkill and Montour counties, follow the top of Mahanoy mountain eastwardly, until you strike the point where the lines of carbon, Luzerne and Shuylkill meet, annexing to Columbia County the territory north of the proposed line. It would straighten the line, and the territory being intersected by the Cattawissa rail road, is conveniently accessible to Bloomsburg, the pleasantest town on the North Branch.

—:o:—

☞ On the 19th March, Horace Greeley, Esqr, delivered a lecture before The Central Republican Club, at the Cooper Institute, New York; in which he used the following words:—

First, you must begin by admitting the right of secession, and if no such right exists, these men are clearly traitors. All these men are patriots or traitors, according as you admit the right of secession.

The N. Y. Tribune of Nov. 9th, 1860, said—"The right to secede may be a revolutionary one, but it exists nevertheless."

Now Greeley himself being the Judge, the Southern Secessionists are patriots.—What a pity it is Greeley has not time to read The New York Daily Tribune occasionally.

—:o:—

☞ On Tuesday night last, or rather on Wednesday morning, we had the first thunder storm of the season; and it is hailed as the harbinger of spring, as an indication that the snow is down, and warm weather about to begin. The rain itself was much needed, and if it should now become warm the season will open gloriously.

WINCHESTER'S Genuine PREPARATION of the Hypophosphites THE Specific Remedy FOR CONSUMPTION

AND FOR THE SPEEDY CURE OF

Nervous Prostration, General Debility, Asthma, Dyspepsia, Scrofula, Marasmus, Paralysis, Chronic Bronchitis, Anemia, Chlorosis, and all Disorders of the Blood System.

DO YOU KNOW IT?

CONSUMPTION IS THE MOST FATAL SCOURGE OF MANKIND. It has been truly regarded as an INCURABLE MALADY—for ever surviving its attack. "*One sixth of the whole human race,*" says Dr. CHURCHILL, "and MORE THAN ONE HALF OF ALL THE ADULT POPULATION of most climates consumptive FINISH BY THIS DISEASE." What a sad commentary on the boasted efficacy of the Healing Art!

The brilliant Discovery of Dr. Churchill, made to the Imperial Academy of Medicine, of Paris, has proved an indomitable boon to the world. By the use of this new and powerful remedial agent, known to Chemistry as

THE HYPOPHOSPHITES,

"THE CURE of CONSUMPTION, even in the Second and Third Stages (at a period, therefore, when there can be no doubt as to the nature of the Disease) is the RULE, while DEATH IS THE EXCEPTION." * * * "I KNOW," says Dr. C., "that they will prove not only as SURE A REMEDY in CONSUMPTION as Quinine is in Intermittent Fever, but also as effectual a PRESERVATIVE as Vaccination in Small Pox."

Let no sufferer, who values health and life, delay an hour to try this remedy. Remember that "prevention is better than cure." Beware of self-deception or the soothing assurance of friends that "*It is only a little cold!*" Fatal error to myriads who now fill premature graves! Give, I entreat you, prompt attention to the

EARLIEST SIGNS OF CONSUMPTION.

"AND THESE SIGNS SHALL FOLLOW THEE."—*Mark.* "The earliest symptom of tubercular disease is wasting. It precedes the cough, and it is earlier, in point of time, than the uneasy. It is first manifested in the *face* and *hands*. The muscular system also wastes; hence there is a sense of something wrong—*a feeling that the vital powers are flagging.* The inside of the living machine is more active than its repair."—*Dr. Colock.*

"If, without any apparent cause, or under the influence of causes which induce weakness and exhaustion (such as want, grief, overwork, excess, pregnancy, child-bearing, nursing, rapid growth, or slow recovery from disease), a person begins to lose his flesh, strength, color, or appetite; if he suffers from shortness of breath, or palpitations, and experiences a general feeling of languor and depression, THERE IS REASON TO FEAR that *he is already predisposed to the complaint.* If to these symptoms be added cough, however slight, particularly if it has come on slowly, or during the late season, THE PROBABILITY IS GREATLY STILL."—*Churchill.*

EFFECT OF THE REMEDY.

"If, on the earliest appearance of these signs of Consumption, the patient takes daily about ten grains of the HYPOPHOSPHITES, he will usually see them all disappear in a period varying from a few weeks to a few months; and by continuing the occasional use of the Remedy, HE WILL SPEEDILY FIND HIMSELF IN THE ENJOYMENT OF SUCH HEALTH AS HE, PERHAPS, HAD NEVER KNOWN IN HIS LIVE BEFORE."

"Winchester's Genuine Preparation"

IS THE ONLY RELIABLE

Form of Dr. Churchill's Remedy. [Made from the original Formula.] The action of the Hypophosphites in two-fold and specific: increasing the principle which CONSTITUTES NERVOUS FORCE, and they are the most POWERFUL BLOOD-CREATING AGENTS KNOWN. The effect upon the tubercular condition is IMMEDIATE, AND THE GENERAL SYMPTOMS DISAPPEARING WITH A RAPIDITY WHICH IS REALLY MARVELOUS. They relieve the cough, diminish expectoration, improve the appetite, arrest diarrhœa; the night sweats, *if any exist, soon cease*; the bowels *become regular*, and THE STRONG FLESH AND PERFECT HEALTH OF

A FAIR TRIAL IS A CERTAIN CURE!

☞ BEWARE of *Pious Impostors* advertised as Dr. Churchill's, and all other pretending COMPOUNDS and PREPARATIONS, and Cod-liver Oil, which has NO CURATIVE POWERS WHATEVER.
