Agriculture.

THE OLD FARM.

The old farm house, I see it still
In memory's vision sad;
I wander through its rustic walls,
A happy thoughtless lad.
The house wherein our mother oft,
At evening's solemn hour,
Read to us the holy page—
Of God, his love and power.

The fields decked with wavy grain,
The stream that pearls along,
Upon whose banks the tuned throats
Their notes our joy prolong.
The barn beneath whose shady eaves,
Twittering swallows cling—
The gate, the porch with ivy clad,
The health renewing spring.

May brightest blessings cluster round
That dearest spot on earth—
The home, where childhood's fairy dreams
Entrancing, took their birth.
While life remains, where'er I dwell,
Still lingering but to charm,
My fondest recolections cleave
Toward that dear old farm.

Agricultural Communication.

Editor Columbia Democrat:

Please say to the people of Columbia County, cultivate every spot of ground this season, you can. Many of our men go to the Wars. Those who stay at home, must work the harder. Thousands of the yeomanry of our land, who last year cultivated our fields of corn, &c., are now engaged in putting down the Southern Rebellion. Let there be no *idlers* at home, and let every foot of your gardens and fields be brought into requisition, or provisions will be scarce. A word to the wise is sufficient.

HOW TO HANDLE PEAR STOCKS.—A New York Nurseryman, experienced in handling pear stocks, gives the following advice:

"When pear stocks arrive, dig a trench about a foot deep and two feet wide. Heel stocks in the bottom of this trench, leaving a space of of eight inches between the top of the earth in the trench and surface of the ground. Cover the whole trench with boards, and then earth to a suitable depth to keep from freezing. When the warm weather is like to come in spring, graft them, tying the joint with flax of soft bass bark, and never let them dry in the least degree, using a short root and long scion, and planting out immediately in the open ground.

SALTING CREAM FOR BULTER MAKING.—It was stated, at the Yale Agricultural lectures, last year, that by adding a tablespoonful of fine salt to a quart of cream, as the latter is skimmed from off the milk, and placed in the cream-pots, until enough accumulates for churning, the time required for bringing the butter is reduced to two or three minutes. The salt acts upon the thin coating of the globule of butter, and so dissolves it that a slight agitation breaks it, and the butter comes at once. The truth of the statement can be very

FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. *It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.*

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

READ CAREFULLY!

The Genuine highly concentrated Boerhave's Holland Bitters is put up in half-pint bottles only, and retailed at One Dollar per bottle, or six bottles for Five Dollars. The great demand for this truly celebrated Medicine has induced many imitations, which the public should guard against purchasing.

Philadelphia April 12. 1856.

Messrs. Evans & Watson: Gentlemen—It affords us the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander, Safes which we purchased of you some five months since we saved a large portion of jewelry, and all our books, &c., exposed to the calaminous, fire in Ranstead place on the morning of the 11th inst.

When we reflect that these safes were located in the fourth story of the building we occupied and that they fell subsequently into a heap of burning ruins, where the vast concentration of the heat caused the brass plates to melt, we cannot but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your safes.

We shall take great pleasure in recommending them to men of business as a sure reliance against fire.

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY

DR. J. C. AYER & CO.
LOWELL, MASS.

Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral,

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

AND FOR THE SPEEDY CURE OF

Nervous Prostration, General Debility, Asthma, Dyspepsia, Scrofula, Marasmus, Paralysis, Chronic Bronchitis, Anæmia, Chlorosis, and all Disorders of the Blood System.

DO YOU KNOW IT?

CONSUMPTION IS THE MOST FATAL SCOURGE OF MANKIND. It has been truly regarded as AN INCREASE MALADY—*for ever surviving its attack:* "*One sixth of the whole human race*," says Dr. Churchill, "and MORE THAN ONE HALF OF ALL THE ADULT POPULATION of most civilized communities PERISH BY THIS DISEASE." What a sad commentary on the boasted efficacy of the Healing Art!

The brilliant Discovery of Dr. Churchill, made to the Imperial Academy of Medicine, of Paris, has proved an *inestimable* boon to the world. By the use of this new and *powerful remedial agent*, known to Chemistry as

THE HYPOPHOSPHITES,

"The CURE of CONSUMPTION, even in the Second and Third Stages (at a period, therefore, when there can be no doubt as to the nature of the Disease) is the RULE, while DEATH IS THE EXCEPTION." * * * "I KNOW," says Dr. C., "that they will prove not only as SURE A REMEDY in CONSUMPTION as Quinine is in Intermittent Fever, but also as effectual a PRESERVATIVE as Vaccination in Small Pox."

Let no sufferer, who values health and life, delay an hour to try this remedy. Remember that "prevention is better than cure." Beware of self-deception, or the soothing assurance of friends that "*It is only a little cold!*" Fatal error to myriads who now fill premature graves! Give, I entreat you, prompt attention to the

EARLIEST SIGNS OF CONSUMPTION.

"AND THESE SIGNS SHALL FOLLOW THEM."—*Mark.* The *earliest* symptom of tubercular disease is WASTING. It *precedes* the cough, and it is earlier, in point of time than the sacme. It is first manifested in the *face* and *hands*. The muscular tissues waste; hence DEBILITY: there is a sense of something wrong—a *feeling* that the VITAL POWERS ARE FLAGGING. The *waste* of the living machine is more active than its *repair*."—*Dr. Pollock.*

"If, *without any apparent cause*, or under the influence of causes which induce WEAKNESS and EMACIATION; such as *want, grief, overwork, excess, pregnancy, child-bearing, nursing, rapid growth*, or *slow recovery from disease*, a person begins to lose his flesh, strength, color, or appetite; if he suffers from *shortness of breath*, or *sleeplessness*, and experiences a general feeling of languor and depression, THERE IS DANGER AHEAD; and *he is already predisposed to the complaint*. If to these symptoms be added *cough*, however slight, particularly if it has come on slowly, or during the fair season, THE PROBABILITY IS GREATER STILL."—*Churchill.*

EFFECT OF THE REMEDY.

"If, on the earliest appearance of these signs of Consumption, the patient takes daily about ten grains of the HYPOPHOSPHITES, he will usually see them all disappear in a period varying from a few weeks to a few months; and by continuing the occasional use of the Remedy, HE WILL SPEEDILY FIND HIMSELF IN THE ENJOYMENT OF SUCH HEALTH AS HE, PERHAPS, HAD NEVER KNOWN IN HIS LIFE BEFORE."

"Winchester's Genuine Preparation"
IS THE ONLY RELIABLE

Form of Dr. Churchill's Remedy. [Made from the original Formula.] The action of the Hypophosphites is TWO-FOLD and specific: *increasing* the principle which CONSTITUTES NERVOUS FORCE, and they are the MOST POWERFUL BLOOD-CLEANSING AGENTS KNOWN. The effect upon the tubercular condition is IMMEDIATE, ALL THE GENERAL SYMPTOMS DISAPPEARING WITH A RAPIDITY WHICH IS REALLY MARVELOUS. They *relieve* the cough, *diminish* expectoration, *improve* the appetite, *arrest* diarrhœa; the *night sweats, chills*, and *fever cease*; the bowels *become regulated*, and the system, in short, RENOVATED.

Those Laboring Under

sickness can at once relieve themselves from the thousand maladies that flesh is heir to, if they will only follow the counsels of nature, and take the medicine which best assists her in her operations. That medicine is the Vegetable Life Medicines of Dr. MOFFAT, known as

MOFFAT'S LIFE PILLS
and
PHŒNIX BITTERS.

These Medicines have now been before the public for a period of 30 years, and during that time have maintained a high character in almost every part of the globe for the extraordinary curative properties which they possess.

Moffat's Life Pills.

Moffat's Life Pills are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor; and to the undoubted fact that at a very early part in their history, they had rescued sufferers from the very verge of an untimely grave, perfectly restoring to them that uniform enjoyment of health, without which life itself is but a partial blessing. So great has indeed been their efficacy invariably proved, that it was scarcely less than miraculous to those who were unacquainted with the beautiful philosophical principles upon which they were compounded, and upon which they consequently act.

MOFFAT'S PHŒNIX BITTERS.

Moffat's Phœnix Bitters are so called because they possess the power of restoring the expiring embers of health to a glowing vigor throughout the constitution, as the Phœnix is said to be restored to life from the ashes of its own dissolution.

Mercurial Diseases.—There is probably no one article given as a medicine, the injudicious use of which has caused such wide-spread and terrible mischief to the human system as mercury. Its poison sinks deep into the system, penetrating the substance of the bones, and producing a long train of painful diseases. It is well known that many affections of the throat, of the bones, of the nose, and malignant sores, which have even attributed to syphilis, are so often caused by the injudicious use of mercury, so that the remedy has proved worse than the disease.

LIFE PILLS AND PHŒNIX BITTERS.

The Life Pills and Phœnix Bitters have always been signally successful in this class
