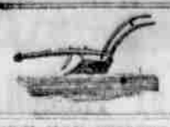
Agriculture.



CURE FOR THISTLE.

A farmer in Wafortown Connecticut, has been fined for letting Canada thistles go to seed on his own land. The sentence seems a just one, as the thistle is one of the greatest annoyances of the farmer.

OINTMENT FOR SCRATCHES.

The Michigan Farmer says: Mr. John Derrick writes that he has found the following a sure cure for the scratches on horses: "Take some rosin, a piece of bees wax, a piece of mutton tallow or lard, each article being about the size of a hen's egg, and then take a teaspoonful of blue vitriol, and one of virdigrise which should be pounded fine as they can be made, and the whole well mixed together so as to make an ointment This article is excellent for burns, as well as a sure cure for scratches.

GREAT AGE OF A HORSE.

Wilkes' Spirit of these Times gives an account of a small black Galloway, eleven hands high, which attained to the greatest age of any horse of which we have any record. He was a resident of a small village near Haddington, in Scotland. He was foaled in 1720, and at the time of his death he was 69 years old. Moreover, he was hale as well as old. A few weeks before his death he trotted for several hours at the rate of seven or eight miles an hour and fed well in his oats and hay to the last.

THE MUCK HARVEST.

These *mines* of the farmer should not fail to be opened the present summer. Probably no natural source for manure is so available to the farmer as muck. It requires but a short time to prepare it for crops. If you have but few or no cattle, it can be prepared by composting it with ashes, or with lime slacked in salt water. The best way for the farmer who keeps cattle or other stock, is to use it as a bedding to his barn-yards and hog sties. By being mingled with the droppings of cattle, sheep or hogs, it is decomposed and divided up, and in less than a year it is ready for use.

TO PREVENT TOOLS FROM RUSTING.

The Prairie Farmer says: Thousands of dollars are lost each year, by the rusting of plows, hoes, shovels, &c. Some of this might be prevented, by an application of lard and resin to all steel or iron implements. Take three times as much weight of lard as resin, and melt them together. This can be applied with a brush, or cloth to all surfaces in danger of rusting, and they can easily be kept bright. If tools are to be laid away for winter, give them a coating of this, and you will be repaid. It can be kept for a long time, and should be always at hand ready for use.

CAPONISING CHICKENS

In the country Gentleman, Mr. William P. Gibson gives the following directions for caponising chickens, which are printed now to be in time for the present season: The operation of caponising is simple, and may oe performed by any one accustomed to the use of a needle and thread and scissors. The chicken should be full four months old, indeed should be just commencing to crow. Now place him across the knee, with the legs pulled forward and firmly held by an assistant. Pluck off the soft fine feathers between the end of the breast bone and fundament, and midway between these points make an incision an inch and a half long, crosswise of the chicken's body, with a sharp pair of scissors. Through this incision insert the fore finger to the back-bone, along which move for an inch and a-half, and on either side will be found a testicle. Dislodge them by a single twist, and withdraw by the route the finger went in.—Draw the edges of the wound made together, and half a dozen stitches with waxed thread complete the operation. The nail of the finger must be smooth, so as not to damage the intestines.

TO BUILD A RAT-PROOF CORN-HOUSE.

A correspondent of the Ohio Cultivator gives the following directions how to do this: Get stone pillars for the foundation, one foot square and to stand 2½ feet high, and for the top a piece of sheet iron 8 inches wider than the top of the stone, and paint it to prevent rusting. Then build your house the size to suit you. Mine is 20 by 26 feet; the door at the end, and a bin on each side to within four feet of the back end, which is for wheat and oats, and is divided by partitions. The wheat and oats bins hold 400 bushels each, corn bins 500, and there is room enough left, in which I have a work bench and fanning mill. The floor should be as high as the bottom of a wagon bed, which is easy for unloading, and if the ground is rising in front of the building, it is easy to back to the door.

SHEEP SHEARING.—The Ohio Farmer advises wool-growers not to wash their sheep, but to shear the wool without being washed, and sell it in that condition. Manufacturers prefer unwashed wool, because much of that which is washed on the animal is injured by the operation

The Horse and his Diseases.

BY ROBERT JENNINGS V. S.
Professor of Pathology and Operative Surgery in the Veterinary College of Philadelphia, etc., etc.

The Horse and his Diseases
WILL TELL YOU Of the origin, history and distinctive traits of the various breeds of European, Asiatic, African and American Horses, with the physical formation and the peculiarities of the animal, and how to ascertain his age by the manner and condition of his teeth; Illustrated with numerous exhaustively engravings.

The Horse and his Diseases
WILL TELL YOU Of Breeding, Breaking, stabling feeding, grooming, shoeing, and the general management of the horse, with the best modes of administering medicine, also, how to treat biting, kicking, rearing, shying, stumbling, crib biting, Halter-pulling, and other vices to which he is subject; with numerous explanatory engravings.

The Horse and his Diseases
WILL TELL YOU Of the causes, symptoms, and Treatment of Strangles, Sore Throat, Distemper, Catarrh, Influenza, Bronchitis, Pneumonia, Pleurisy, Broken Wind Chronic Cough, Roaring and Whistling Lampas, Sore Mouth and Ulcers, and Diseases of the Throat, with other diseases of the Mouth and Respiratory Organs.

The Horse and his Diseases
WILL TELL YOU Of the causes symptoms, and Treatment of Worms, Bots, Colic, Stranguation, Stony concretions, Ruptures, Palsy, Diarrhœa, Jaundice, Hepatirrhœa, Bloody Urine, Stones in the Kidneys and Bladder, Inflamation, and other diseases of the Stomach, Bowels, Liver and Urinary Organs.

The Horse and his Diseases
WILL TELL YOU Of the causes, symptoms, and treatment of Bone, Blood and Bog Spavin, Ring Bone, Sweenie, Strains, Broken Knees, Wind Galls, Founder, Sole Bruise and Gravel, Crooked Hoofs, Scratches, Canker, Thrush, and Corns also, of Megrims, Vertigo, Epilepsy, Staggers, and other diseases of the feet Legs and Head.

The Horse and his Diseases
WILL TELL YOU Of the causes, symptoms, and Treatment of Fistula, Poll Evil Glanders, Farcy, Scarlet Fever, Mange, Surfeit Locked Jaw, Rheumatism, Grease, Galls, Diseases of the Eye and Heart, &c., &c., and how to manage Castration, Bleeding, Trephinning, Rowelling; Firing, Hernia, Amputation, trapping, and other surgical operations.

The Horse and his Diseases
WILL TELL YOU Of Rarey's Method of taming Horses how to approach, Halter, or Stable a Colt, how to accustom a horse to strange sounds and sights, and how to Bit, Saddle, Ride, and Break him to Harness; also the form and law of WARRANTY. The whole being the result of more than fifteen years' careful study of the habits, peculiarities, wants and weakness of this noble and useful animal.

The book contains 384 pages, appropiately illustrated by nearly One Hundred Engravings. It is printed in a clear and open type, and will be furnished to any address postage paid, on receipt of price, half bound, $1.00, or, in cloth, extra, $1.25.

$100 A YEAR can be made by enterprising men everywhere, in selling the above and other popular works of ours. Our inducements to all such are exceedingly liberal.

For single copies of the Book, or for terms to agents with other information, apply to or address

DO YOU WANT WHISKERS?
DO YOU WANT WHISKERS?
DO YOU WANT A MUSTACHE?
DO YOU WANT A MUSPACHE?

Bellingham's Celebrated
STIMULATING ONGUENT,
For the Whiskers and Hair.

THE subscribers take pleasure in announcing to the Citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American public, the above justly celebrated and world-renowned article.

The Stimulating Ongunent is prepared by Dr. C P Bellingham, an eminent physician of London, and is warranted to bring out a thick set of Whiskers or a Mustache in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure baldness, and cause to spring up in place of the bald spots a fine growth of new hair,—applied according to directions, it will turn red or tow hair dark, and restore gray hair to its original color, leaving it soft, smooth and flexible. The "Onguent" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed. Price One Dollar a box—for sale by all Druggists and Dealers; or a box of the "Onguent" (warranted to have the desired effect) will be sent to any one who desires it, by mail strictly, securely packed, on receipt of price and postage, $1.15. Apply to or address

BÆRHAVE'S
HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND ACUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. *It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.*

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally Instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

READ CAREFULLY!

The Genuine highly concentrated Boerhave's Holland Bitters is put up in half-pint bottles only, and retailed at ONE DOLLAR per bottle, or six bottles for FIVE DOLLARS. The great demand for this truly celebrated Medicine has induced many imitations, which the public should guard against purchasing.

☞ Beware of Imposition. See that our name is on the label of every bottle you buy.

Sold by Druggists generally. It can be forwarded by Express to most points.

SOLE PROPRIETORS.

EVANS & WATSON—SALAMANDER SAFES, REMOVED to 304 *Chestnut Street, above third Philadelphia*, have on hand a large assortment of Fire Proof Salamander Safes, Iron doors, for banks and stores, iron shutters iron sash, all makes of locks equal to any made in the United States.

Five Safes in one fire. All came out right; with contents in good condition.

The Salamander Safes of Philadelphia against the world.

EVANS & WATSON,

have had the surest demonstration in the following certificate that their manufacture of Salamander Safes that at length fully warranted the representations which have been made of them as rendering an undoubted security against the terrific element.

Philadelphia April 12. 1856.

Messrs. Evans & Watson: Gentlemen—It affords us the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some five month since we saved a large portion of jewelry, and all our books, &c., exposed to the calamitious, fire in Ranstead place on the morning of the 11th inst.,

When we reflect that these safes were located in the fourth story of the building we occupied and that they fell subsequently into a heap of burning ruins, where the vast concentration of the heat caused the brass plates to melt, we cannot but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your safes.

We shall take great pleasure in recommending them to men of business as a sure reliance against fire.

GEORGE W. SIMMONS & BRO., *Jewellers.*

☞ They have since purchased six large Safes.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIO,

are so composed that disease within the range of their action can rarely withstand or evade them Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Want of Action and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

AND FOR THE SPEEDY CURE OF
Nervous Prostration, General Debility, Asthma, Dyspepsia, Scrofula, Marasmus, Paralysis, Chronic Bronchitis, Anemia, Chlorosis, and all Disorders of the Blood System.

DO YOU KNOW IT?

CONSUMPTION IS THE MOST FATAL SCOURGE OF MANKIND. It has been truly regarded as AN INCURABLE MALADY—few ever surviving its attack. "*One sixth of the whole human race*," says Dr. CHURCHILL, "AND MORE THAN ONE HALF OF ALL THE ADULT POPULATION of most civilized communities PERISH BY THIS DISEASE." What a sad commentary on the boasted efficacy of the Healing Art!

The brilliant discovery of Dr. Churchill, made to the Imperial Academy of Medicine, of Paris, has proved an *inestimable* boon to the world. By the use of this new and *powerful remedial agent*, known to Chemistry as

THE HYPOPHOSPHITES,

"The CURE of CONSUMPTION, even in the Second and Third Stages of a period, therefore, when there can be no doubt as to the nature of the Disease) is the RULE, while DEATH IS THE EXCEPTION." . . . "I KNOW," says Dr. C., "that they will prove not only as SURE A REMEDY in CONSUMPTION as Quinine is in Intermittent Fever, but also as effectual a PRESERVATIVE as Vaccination in Small Pox."

Let no sufferer, who values health and life, delay an hour to try this remedy. Remember that "prevention is better than cure." Beware of self-deception, or the soothing assurance of friends that "*It is only a little cold!*" Fatal error to myriads who now fill premature graves! Give, I entreat you, prompt attention to the

EARLIEST SIGNS OF CONSUMPTION.

"AND THESE SIGNS SHALL FOLLOW THEM."—Mark. "The *earliest* symptom of tuberculer disease is wasting. It *precedes* the cough, and it is earlier, in point of time, than the mucus. It is first manifested in the *face and hands*. The muscular tissues waste; hence DEBILITY: there is a sense of something WRONG—a *feeling* that THE VITAL POWERS ARE FLAGGING. The waste of the living tissues takes place more actively than the repair."—*Dr. J. Pollock.*

"If, *without any apparent cause*, or under the influences of causes which induce WEAKNESS and EMACIATION; such as scant, *grief, overwork, excess, pregnancy, child-bearing, nursing, rapid growth*, or *slow recovery from disease*, a person begins to lose his flesh, strength, color, or appetite; if he suffers from *shortness of breath*, or *sleeplessness*, and experiences a general feeling of languor and depression, THERE IS REASON TO BELIEVE that *he is already predisposed to the complaint*. If to these symptoms be added cough, however slight, particularly if it has come on slowly, or during the fair season, THE PROBABILITY IS GREATER STILL."—*Churchill.*

EFFECT OF THE REMEDY.

"If, on the earliest appearance of these signs of Consumption, the patient takes daily about ten grains of the HYPOPHOSPHITES, he will usually see them all disappear in a period varying from a few weeks to a few months; and by continuing the occasional use of the Remedy, HE WILL SPEEDILY FIND HIMSELF IN THE ENJOYMENT OF SUCH HEALTH AS HE, PERHAPS, HAD NEVER KNOWN IN HIS LIFE BEFORE."

"Winchester's Genuine Preparation"
IS THE ONLY RELIABLE

Form of Dr. Churchill's Remedy. [Made from the original Formula.] The action of the Hypophosphites is TWO-FOLD and specific: *increasing* the principle which CONSTITUTES NERVOUS FORCE, and they are the MOST POWERFUL BLOOD-OXYGENATING AGENTS KNOWN. The effect upon the tubercular condition is IMMEDIATE, ALL THE GENERAL SYMPTOMS IMPROVE PARALLEL WITH A RAPIDITY WHICH IS REALLY MARVELOUS. They relieve the cough, diminish expectoration, *improve* the appetite, *arrest* diarrhœa; the *night sweats, chills, and fever cease*; the bowels *become regular*, and THE BLOOD CALM AND PROFOUND.

A FAIR TRIAL IS A CERTAIN CURE!

☞ BEWARE of *Bogus Remedies* advertised as Dr. Churchill's, and all other SWINDLING DEVICES to rob sufferers of their means, *lose precious time*, and hasten a FATAL RESULT. Write to me for CIRCULARS, and for

Dr. Churchill's Treatise on Consumption,

which contains the *only authentic information* in regard to this NEW TREATMENT. Sent FREE to all inquirers.

PRICE: In 7 and 16-oz. bottles, $1 and $2 each.—Three large, or six small for $5. My fac-simile is on both the Label and Outside Wrapper.

NO OTHER IS GENUINE.

☞ Do not confound this Remedy with the so-called "Chemical Food," and particularly avoid all preparations containing iron, which is DANGEROUS, and *Cod-liver Oil*, which has NO CURATIVE PROPERTY WHATEVER.

Sold by the most respectable Druggists throughout the United States and British Provinces, and Wholesale and Retail at the General Depot in the United States, by

J. WINCHESTER, 36 John Street, N. Y.

March 9, 1861.

YANKEE NOTIONS,

ever brought to this place, all of which please call and see and you must believe.

Having learned by sad experience that "long credits will not keep things moving," I have determined to

REDUCE PRICES,

to cash buyers to make it an object to them as well as the seller, to deal on the cash principle, either money or ready trade.

Having received a regular apprenticeship at the Drug and Apothecary business, besides having carried it on for the last eighteen years, on my own hook, I flatter myself that I am able to do justice to all giving me a trial. Thankful to the public for past favors, I would ask a trial on the new principle, and will guarantee to all, that it will make long friends, and pay best in the long run to pay cash and buy at reduced prices.

PHYSICIANS PRESCRIPTIONS

carefully compounded, and all orders correctly answered. At my residence unobstructed as recommended, Store Room on Main Street, near Market, next door to the Post Office, Bloomsburg, Columbia county, Pa.

EPHRAIM P. LUTZ.

WINE AND LIQUORS,
WHOLESALE AND RETAIL.

THE undersigned, having opened a New Store, on Main Street, a few doors South of Iron Street, Bloomsburg, and stocked it with the best Brands of all kinds of *Imported Liquors*, will be happy to supply the trade on the most accommodating terms and at unusually low prices.

☞ Public Custom is respectfully invited.

D. W. ROBBINS.
Bloomsburg, July 7, 1860. *Agent.*

Those Laboring Under

sickness can at once relieve themselves from the thousand maladies that flesh is heir to if they will only follow the counsels of nature, and take the medicine which best assists her in her operations. That medicine is the Vegetable Life Medicines of Dr. Moffat, known as

MOFFAT'S LIFE PILLS

and

PHŒNIX BITTERS.

These Medicines have now been before the public for a period of 30 years, and during that time have maintained a high character in almost every part of the globe for the extraordinary curative properties which they possess.

Moffat's Life Pills.

Moffat's Life Pills are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and cleansing them with renewed tone and vigor; and to the undoubted fact that at a very early part in their history, they had rescued sufferers from the very verge of an untimely grave, perfectly securing to them that uniform enjoyment of health, without which life itself is but a partial blessing. So great indeed had their efficacy invariably proved, that it was scarcely less than miraculous to those who were unacquainted with the beautiful philosophical principles upon which they were compounded, and upon which they consequently act.

MOFFAT'S PHŒNIX BITTERS.

Moffat's Phœnix Bitters are so called, because they possess the power of restoring the expiring embers of health to a glowing vigor throughout the constitution, as the Phœnix is said to be restored to life from the ashes of its own dissolution.

Mercurial Diseases.—There is probably no one article given as a medicine, the injurious use of which has caused such wide-spread and terrible mischief to the human system as mercury. Its poison sinks deep into the system, penetrating the substance of the bones, and producing a long train of painful diseases. It is well known that many affections of the throat, of the bones, of the nose, and malignant sores, which have been attributed to syphilis, are so often caused by the injudicious use of mercury, so that the remedy has proved worse than the disease.

LIFE PILLS AND PHŒNIX BITTERS.

The Life Pills and Phœnix Bitters have always been signally successful in this class of diseases, and will eradicate all the effects of mercury from the system, sooner than the most powerful preparations of sarsaparilla. They aid nature in casting from the system all poisonous matter, and by thus purifying the vital fluids, they restore the system to health.

Bilious Complaints.—A well regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of good health—it stimulates digestion, and keeps the intestinal canal free from all obstructions. On the interior surface of the liver is a peculiar bladder in which the bile is first preserved, being formed by the liver from the blood. Thence it passes into the stomach and intestines, and regulates the digestion. Thus we see when there is a deficiency of bile, the body is constantly costive. On the other hand, an over abundance of bile causes frequent nausea on the stomach, and often produces very severe attacks of diarrhœa, which sometimes end in death.

LIFE MEDICINES.

The Life Medicines should, if possible, be taken in the early stages of bilious complaints; and if persevered
