

MARKET STREET.

We supposed we had said enough on this subject in the card which we submitted to the people of Columbia County, previously to the nomination. We have nothing to add to that; but we are informed that the republicans are making use of the fact that we live in Bloomsburg, as the foundation of an insinuation that we might favor the project. Our position, we now repeat, is unchanged; but as a complete answer to whatever there might be in such an insinuation we beg leave to say—that Emanuel Lazarus is supported for the Legislature by the very men who have always favored, and are now favoring the widening of Market Street at the expense of the County—by Deacon Waller, by John K. Grotz, by McKelvy, Neal & Co., and other prominent citizens of Bloomsburg, on the same side.

Those who have opposed it are for the Democratic candidate; and it may be as well for the people of the County to remember that the career of Emanuel Lazarus as a politician, is at any rate finished; and he may as well round it off, if he should be elected, by passing the Market Street Bill, which his supporters desire, and to which the people of the County are opposed. More than one man who affects to believe his neck politically broken, is proceeding to dig his grave by his present course; and nobody will be surprised at any exhibition of "grand and lofty tumbling."

We annex the Card:—

A CARD.

TO THE ELECTORS OF COLUMBIA.

Fellow Citizens:—Intimations are afloat, that the political log-roll of the past few years—viz: that somebody, if elected to the Legislature for the next Session, will favor the passage of an Act for the widening and straightening of Market Street in Bloomsburg at the expense of the Tax-payers of Columbia County. The circulation of a similar story last fall, on the eve of the delegate election, by which alone the candidate of the people's choice was defeated, cost the State over Ten Millions of Dollars, and will cost the people of Columbia County annually Eight Thousand Seven Hundred and Twenty Six Dollars and Twenty Five Cents. Inevitably, and not now, nor never will be, in favor of the passage of such an Act, whether in or out of the Legislature. LEVI L. TATE.

Exchange of Certificates.

Dr. Polecat, gave Gen. Fleming a certificate, recently, through the "Bloomsburg Smut Machine," to the effect, that he—the said Gen. Fleming—was a sound Democrat and good Union-man. Gen. Fleming, in his great Speech, on the 14th of September, in our Court House, proved him—the said Polecat John,—a malicious falsifier by publishing in his paper that the Democratic Party of Columbia, were the "Jeff Davis Reserves of the North," thus giving aid and comfort to the SOUTHERN REBELS, and was guilty of the crime known in Law, as "TREASON." This we call a fair exchange of Certificates.

In the Columbia County Republican of Sept. 5, 1861, we find the following paragraph:

"A well regulated mind does not regard the abusive language of a black-guard in the light of an insult, and deems it beneath revenge. All the abominations to which the latter may give utterance, will not raise him one jot above his proper level, or depress the former, in the slightest degree, below his sphere."

And we publish it as a complete and satisfactory reason why we take no notice of Dr. John's repeated tirades of abuse of us. We believe we have a well regulated mind, and we know Dr. John to be a blackguard: We are convinced he cannot in the least degree depress our position, or raise his own up to our level.

Messrs. Lazarus, Snyder, Stiles & Co., are supported by John Staley, Dr. Lott, Dr. John, Jno. K. Grotz, and the McKelvy crew. These old enemies of the Democracy, know their men, and each fellow has an axe or old scythe to grind. And strange to tell, they say their candidates are Democrats!

It is expected that every Democrat will do his entire duty to the cause at the coming election. Our faith is sound—our principles are right—our candidates are every way worthy of support. Let no one think that his vote or influence is of no account—But fire away for truth and Justice!

Our paper, this week, is quite political. It will bring down the opposition game. Next week we shall resume our literary and miscellaneous varieties and selections.

STREUBEN JENKINS, Esq., has our thanks for a complimentary ticket, entitling us to a Membership of the Luzerne County Agricultural Society.

The rallying watchword of our glorious Democratic party now is: "THE TICKET, THE WHOLE TICKET, AND NOTHING BUT THE TICKET."

Messrs. Burgess, Staley and Dr. John, have every man of them been driven to the water!

FRIENDS, please send us the earliest Election Returns.

"Backwoodsman," and "Back-towrshin," next week.

Democrats.

We speak to Union men when we address the readers of the Democrat. For they are such from education, from conviction and from practice. The labors and anxieties of the past have woven the love of the Constitution and the interests of our government into one, no event of the times can shake the ancient loyalty of the party to which we belong. Our opponents have taken a new step, instead of fighting us upon their old grounds and taunting us for our loyalty and Union love, they now assume great loyalty themselves and strive by epithets and slander to draw us from those ancient landmarks which have ever been the boast and glory of our party. Let us not be shaken in our firm purposes by their changes of name, or new sommersaults of principle. But without heeding the epithets and slander by which they seek to provoke us into disloyalty, let us cling to the old Constitutional doctrines of our fathers, and the new catch vote scheme of our opponents will soon die away.

CHANGED THEIR NAME.—The "Republican" party is to be known no more forever. In less than six months after their access to power, the great Republican party has been compelled to assume a new name, in the vain attempt thus to hide its rotten and destructive principles. But it won't do. They have the same look, smell and taste they had last fall, and a simple change of name will not be sufficient to commend them to popular favor. Last fall they laughed at the idea of the Union being in danger. But now that the nation is weeping over the effects, they seek to hide themselves under the name of the "Union Party"—the "Unconditional Union Democracy," &c., &c. But we tell them it will not work. THEY ARE KNOWN—and the people will be as careful not to vote for them under their new name as they would be if they had retained the one they have so shamefully disgraced.

Hang Out Your Flag!

Fellow Democrats, the second Tuesday of October is close at hand. The time for decisive action has arrived. Let us be up and doing, and prepare ourselves for victory. Let every man resolve to do his duty; and not only vote himself, but see that his neighbor and friends do the same thing. If we but will it, we can give our ticket an old fashioned Jackson majority. The opposition are dissatisfied at the dictation of their ring-leaders; while no murmur of discontent is heard along our ranks. Use every honorable effort, and success must follow of course.

Brother Democrats!

True to your faith—devoted to your country, gathering around the Jackson flag, and firm on the hickory platform—next Tuesday go in the might of freedom to the ballot-box, and then, Strike for your altars and your fires! Strike, till the last armed foe expires, Strike for the green graves of your sires God, and your native land.

Wonder if Dr. John attended the Mass Meeting in this place on Saturday last, and if so did he 'lock up his pocket-book?' Star of the North.

The valorous Doctor, it is said on that occasion was non est inventus. He feared to face the honest Democrats whom he had so lately denounced as "thieves" and "PLUNDERERS." Didn't like to come in contact with honest men who generally wear heavy kip-skin Boots!

LOYD'S WAR MAP.—We have received from Mr. James T. Lloyd, Publisher of New York, a copy of his map of the Southern States, which embraces the entire seat of war. It is admirably, and, we think, truthfully gotten up, and at a time like the present, when all minds are excited upon the great subject of the war, it must prove to be highly popular. The copy sent us, we presume, is sold for \$1, which can be obtained by inclosing that amount to James T. Lloyd, New York city.

Col. Hugh Brady, of Jefferson county, Pa., died recently at the age of 64 years. He was a descendant of the celebrated Indian hunter, Capt. Samuel Brady, and son of Gen. Hugh Brady, who served his country in 1812 with distinguished honors. Capt. John Brady, his brother, was in the battle of Lundy's Lane, and acquitted himself well. Capt. E. R. Brady, now in the Union army on the Potomac, near Washington City, is the only son of the Colonel.

Dr. John talks about the "loathing the Patriots of the revolution felt toward the Tories of their time."

Has the Dr. any traditional knowledge derived from his ancestors on that subject? There are several people in Columbia county now going for what they call the Union ticket who could tell something about that if they would. They will keep dark however.

Tickets! Tickets!!

The full Democratic Ticket is now printed and ready for distribution. Democrats are invited to call at the office and supply themselves.

The Fremont and Blair Difficulty.

Re-Arrest of Col. Blair—General Scott Orders his Release.

From facts ascertained, it appears that on Wednesday last General Fremont released Col. Blair from arrest, using language in the order tantamount to a defiance of the Colonel to present his charges formally. On Thursday Colonel Blair presented charges formally against Gen. Fremont, in response to the defiance.—Thereupon General Fremont immediately arrested Colonel Blair and sent him to Jefferson Barracks. On Friday night the telegraph was allowed to communicate the fact that Blair had been freed from arrest the previous Wednesday, but the offensive paragraph in the order of release was suppressed, and the fact of Colonel Blair's second arrest withheld.

The army regulations allow no officers to be arrested for a longer period than eight days, without charges being preferred. General Fremont disregarded the regulations in the case of Colonel Blair. After this violation of the regulations, a second arrest for the same cause, and without charges, has attracted attention and caused much remark. The great fact in relation to this case is that General Scott to-day ordered the unconditional release of Col. Blair.

WHO ENCOURAGES THE SOUTH?—The Democrats tell the Southern rebels that the entire North is determined to put down rebellion, and that this unanimous North has the power to do it. The Democrats tell the Union men of the South to stand firm, that their rights shall be protected, and if not sufficiently secured at present additional guarantees will be given.

The Republicans assure the Southern rebels that a large number of the Northern people sympathize with them and wish them success. The Republicans say to the Southern Union men, they shall have no further guarantees for their rights, and those they have already will not be further respected than events render necessary.

Who, then, are the true friends of the National cause? Who is acting wisely and patriotically?

The Lyeomg Gazette, which at present takes no part in politics says:—"A large proportion of our Republican exchanges are laboring industriously to create the impression that to be a Democrat is of necessity to be a secessionist. If the men engaged in that work are sincere in what they say, they are fools; and if they are not sincere, they are knaves. What kind of an army would the government have now if all the Democrats were discharged from it?"

The Democratic party is based upon fealty to the Union, and whoever is not for the Union, as a necessary consequence can not be a Democrat—no matter what he may profess to be.

Northampton Legislative Nominations.—Col. DANIEL H. NEIMAN, and AARON HESS, Esq., have been nominated by the Democracy of Northampton county for the Legislature. They are able men and sound Democrats. Col. NEIMAN is the Editor of the Easton Sentinel, whose office the mobles recently destroyed, as an offset to which, the glorious Democracy of old Northampton will now triumphantly elect him to the Legislature.

EDITORIAL VISIT.—COL. LEVI L. TATE, one of our Candidates for Representative, and publisher of the Columbia Democrat, paid us a visit on Tuesday last. Col. T. is a sprightly and able representative of the editorial corps, and as he is a deserving and able gentleman we have no doubt he will be a Representative of the people in the Legislative halls the coming winter, despite the scurrilous tricks of Republicans in this District.—Sullivan co. Democrat.

Brother KUELER will accept our sincere thanks, and with them, our distinguished considerations.

In another column of our paper will be found the proceedings of the so-styled Union Conference, which met in this place on Wednesday last. A copy of the proceedings was sent us, we presume, for publication. A resolution is attached to the proceedings asking all loyal papers of the District to publish them. As a matter of some interest to our readers, to know who was there and what was done, we give them an insertion. We see by those proceedings that Emanuel Lazarus, of Orangeville, Columbia county, and Joseph T. Jennings, of Wyoming county, were nominated. They are now, considered the opponents of TATE and TUTTON, the Democratic nominees, which nominees we would not mind wagering a Summerhill farm will be triumphantly elected. This Union Ticket, as it is called, will receive nothing more than the usual Republican vote.—Star of the North.

Court was quite largely attended on Tuesday. It was called at 2 o'clock and adjourned in the forenoon of Wednesday. Very little business was transacted. Among the many distinguished gentlemen in attendance was Col. Levi L. Tate, one of our Candidates for Representative, and Col. John G. Freeze, of Bloomsburg, William Elwell, and Elhanan Smith Esqrs., of Towanda A. J. Deitrich Esq., of Williamsport and Colonel J. Richter Jones of this county.—Sullivan co. Democrat.

Our Candidate for Sheriff.

The office of Sheriff is of no little importance to the people of Columbia county. It is one of the best offices in the gift of the people of the county, and one which, it is highly important, should be filled by a competent person. The candidate chosen by the Democratic Convention—Mr. Josiah H. Furman—is, in every respect, qualified to fill the office of Sheriff. We may safely say that, no better man has been before the people asking for their support for this office since the county was formed. He is everything that could be said of any man in his favor. We notice that the Republican has published an article laudatory of the Opposition candidate—Mr. Stiles—claiming him to possess all the requisite qualifications, and that he is still a Democrat. We do not hope that he will claim votes on that head, if he does, there is a democratic candidate in the field, who is entitled to all the Democratic support.—The democratic candidate is not running on a ticket that will allow him to be this and be that for the sheer purpose of getting votes. He is a sound Democrat, and always has been; more, is as good a Union man as can be found in the county, the whole Union Ticket included; and will be elected by an overwhelming majority. There is no reason for not voting for JOSIAH H. FURMAN; he is amply fit for the position to which he aspires; and on the war question he stands where all true Democrats stand. He is an ardent supporter of the Government, and is supporting it every day both by men and treasure. On that point, what is to be gained over Mr. Furman, for the Opposition? Then, on another point, he is a sound Democrat consequently his opponent can have no advantage in that respect. Our candidate is the man for the people! Hurray for FURMAN!—Star of the North.

Stephen Baldy.

HON STEPHEN BALDY having declined the nomination, given him by this Republican Union Party, for Associate Judge we notice by the last Republican that, the Hon. George H. Willis has been placed upon their ticket in Baldy's stead. The Republican, up town says: "Stephen Baldy has done a very foolish thing." This is said in reference to Mr. Baldy's having refused to be a candidate upon the ticket formed, as they say, by "the people," which was nothing more than the Republican party, say about it what they will. Mr. Baldy did not think he was doing a "foolish thing," when he wrote that letter of declination. He is a man of sound judgment, capable of doing and thinking for himself, and if he has erred in this matter, he will not blame the editor of the Republican.—Mr. Baldy is "unconditionally a Union man," always has been, and always expects to be; and he knowing the people to be of that stripe, who first placed him in nomination for Judge, he was, and is ever, willing to travel in their company. He holds the position at present for which he is nominated, and the Democratic party of this county have made up their minds to keep him there, and place by his side Hon. John McReynolds, who is also a regular nominee upon the Democratic ticket. Star of the North.

Capt. Jennings.

Joseph T. Jennings, one of the dis Union, Republican, no party candidates for Assembly, in this district, was, a short time ago, the Captain of a Rifle Company in Mahopony, (the town in Wyoming county in which he resides,) and as we are informed, the Company of which he was Captain, offered to volunteer their services for the war, but Capt. Jennings finding that the Company desired to go at once to the seat of war, made the excuse that he could not leave for a month, during which time he could arrange his business so as to leave. The company willing to accommodate their patriotic captain, agreed to wait for him that length of time; upon which he made the further excuse that, he could not leave until after corn husking in December. This satisfied the members of the company of his patriotism and bravery and many of them have now volunteered into service in other companies, while the brave and courageous quasi Capt. Jennings, remains at home to vend tape and Molasses, catch votes and vilify Democrats. Comment is unnecessary.—Star of the North.

COL. PHAON JARRETT.—The Democracy of Clinton could not have made a wiser choice for Representative. In Col. Jarrett, we find the necessary qualifications for a Legislature at this peculiar period. Having just returned from the field of active service, he is well acquainted with the wants and rightful claims of our Pennsylvania volunteers, and can enter into their feelings, sustaining the war without restoring to heresy evidence concerning matters directly leaning upon that branch of our legislative duties. He is a true patriot, a brave soldier and a firm unwavering Democrat, one whom you can sustain upon FIGHTING as well as Democratic grounds with entire confidence.—Williamsport Democrat.

The Ladies' Ohio Repository, is on our Desk for October. It is an excellent Magazine. We have so often commended this work, that we scarce know what more to say in its favor.
