THREE CHEERS FOR THE UNION GIRLS.

Three cheers for them

The Union girls. With face fair And flowing curts, Or straight, or wavy hair With rosy cheeks, complexion fair.

"And red lips shotting over pearls," Three cheers for them, three cheers. Yes, cheer the Union-toving dears; Burrah! Burrah! Burrah! Bear how they shout, Our setdiers, neble, brave

In frantic glos each voice rings out, And all their starbespangled banners wave, Wave, wave, wave, wave,

Three cheers for them, Our soldiers cry.

Our soldiers brave; For them they'd die There are no inteful churls Among them; they all love the girls; And when war's over by and by, They'll shout again, three cheers For soldier's well beloved dears,

With all their love they'll woo, and woo to win The blessed Union girls; For to deceive would be a sin. And they're more precious far than purest pearls. Pearls, pearls, pearls, pearls,

Than purest, purest pearls. Thrice blessed be The noble souls Of Union girls, Their kindness rolls

O'er souldier's souls, a sea. Where neither winds nor storms can be A sea of bliss, which love controls, Three cheers for them, three cheers, Yes, cheer the soldiers loving dears.

They sacrifice their case and comfort toe, Por Union soldiers, brave; Then shout for them, ye soldiers true, And all your starbespangled banners wave.

Wave, wave, wave, wave, Your banners, banners wave, Three cheers for them, For they are kind; They win the heart, And charm the mind. God bless their noble hearts. For joy their kindness, elections eta To soldiers brave as e'er you'll find, Three cheers for them, three cheers, Yes, cheer the loved, and loving dears. Harrah! Hurrah! Hurrah! cheer once again

The noble men of war: Turough hill and valley field and glon, Their voices ring : "Bless them forever more, More, more, more, more, Forever over more."

Phillips. The following extracts are taken from ult., and published in the Boston Post of

the following day: "Who believed, when, a year ago toemancipation would be deerced in the Distriet, and Northern regiments hold Virginia under their feet? Yet so it is.

But yet I do not think the act abolishing slavery in the District, broad and marked as it is, so significant as the message of the President. After all the President is the millions and says "Support me !" We have not yet answered him officially. That message of his is the boldest voice yet heard over the continent. It means more than men accord to it. May I tell you a story !-he always tells one.-[Laughter] Noticing some criticisms upon his message, he said, "There is more in it than people see. Did you ever hear the story of the to them." [Applause.]

That message says this, substantially: "Gentlemen, now is your time to sell. If you don't seize it, and another twelve months sweeps what you call property never say I did not give you fair notice." [Applause.] That is one-half the message; the other half is an arrow's flight beyond even that, for it says this, "Gentlemen, if you will sell, I will buy." That means that rebellion has given him the right to buy, and he goes on to say, "If the abolition of slavery be an efficient means of ending this war, if I find cannon unsuccesful, I shall try efficient means." In other words, "Gentlemen, I will buy if you will trade. If you won't trade, remember that I have the right to take.' Pregnant words! Be happy that you live to hear them from the head of the Government. For the first time in the history of the Government, it has done an anti slavery act, it has spoken an anti-slavery word. [Applause.] Enough to have gained in twelve months.

The President said to a leading Republican politician of New York, "Why don' you hold conventions often, and let me feel the mind of the nation? You cannot create as much anti-slavery feeling as we shall need before we get through this war. [Applause.]

Give us an intelligent and avowed determination and purpose that this war shall not end until slevery is swept from the surface of the continent.

Life is made up of little things. He who travels over a continent must go step by step. He who writes a book must do it sentence by sentence. He who learns a science must master it by fact, and principle after principle. What is the happiness of our life made up of? Little courtesies, little kindness, pleasant words, wishes, and good deeds. One in a million, once in a lifetime, may do an herois action; but the little things that make up our life, some every day and every hour. If we make the little events of life beautiful and fident ambition of a Greeley and a Fre- good, then is the whole life of beauty and goodness.

> How to FORGIVE A RIVAL .- Resolve that you will love and wish well to the man who has failed. Go to him and get acquainted with him; if you and he are both true men you will not find it difficult to like him. It is perhaps asking too much of human nature to ask you to do all this in the case of the man who has carried off the woman you loved; but as regards anything else, do it all. Go to your successsay frankly you wish it had been you; it will do great good to him and to yourself. Let it not be that envy, that fast growing flend, shall be suffered in your heart for one minute,-Boyd.

"ONE IDEA" OF LIBERTY .- The Radical Abolitiouists idea of liberty is, 'Maine Law." "No Church that is not my Church," "No God that is not my God," No Bible that is not the Bible, as I understand it." "No Constitution, A man winds up his clock to make that is not as Wendell Phillips, or Charles Summer expounds it."

Shooting of Mr. Wharton at Washington. We have been furnished from an authen-

tic source with the particulars of the killing, on Monday, at the Old Capitol prison, Washington city, of Jesso H. Whorton, one of the prisoners confined there. It appears that about 11 o'clock Mr. Wharton approached the window of his room in the second story, when the scatinel standing on the pavement below ordered him to take his damned head in, or he would shoot it off. Wharton, a young man of high spirit, retorted by saying that none but a coward would threaten an unarmed man and a prisoner. An altereation ensued. Wharton walked to the rear of the room, but hearing the sentinel talking on the payement, again advanced to the window, folded his arms and said : "Shoot, you damned coward, if you dare." The sentinel took deliberate aim and fired. the ball passing through the lungs of the unfortunate young man. Mr. Wood, the Superintendent, kindly sent for Mr. Wharton's wife, who is the daughter of Colonel Whiting, of the Federal army; and Dr. John O, Wharton, his father, who resides at the Agricultural Cellege, near Bladensburg, was called to his bedside in time to see him expire. The facts, as above stated, we understand, were derived from his fellow prisoners, one of whom is a son of Chancellor Walworth, of New York. Mr. Wharton was formerly a lieutenant in the U. S. army, but was arrested four months ago at Hagerstown. He was a nephew of the Hon. John Thompson Mason, and his connections are of the highest respectabil-

But ton he lost his life. The Republican papers have not a word to say about this matter. To such a pass we have at last come !- Sclins Grove Times.
