This Distressing Affection—which renders life miscrable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excess from not being aware of the dreadful consequence that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is best somer by those falling into improper habits than by the product. Besides being deprived of the pleasure of healthy off-springs, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged; the physical and mental functions weakened, loss of procreative power, notwork irritability. The Abolition Schemes of Negro Equality Exposed.

What the Tax-paners are Pauing for the Experiments— \$100.000 per day Expended on Runnway and Vagabond Negroes

SPEECH OF HON. W. A. RICHARDSON, this he is required upon his honor to de-Of Illinois, in the House of Representa- clare his loyalty and fidelity to the Govtives, May 19, 1862.

Mr. Richardson-Mr. Chairman. I desire this morning to submit a few remarks for the consideration of the House and the country. It is not my purpose to discuss questions pertaining to the army already in the field, which, if judiciously officered and managed, is able to crush out the rebellion. I shall direct my attention, therefore to the consideration of some of the many new questions which are continually arising during the progress of this terrible civil war.

Negro Equality Determined upon. Mr. Chairman, there is a manifest anxiety, an overweening desire, a persistent purpose, upon the part of the prominent members of the dominant party in this Government, to place upon terms of equality and make participants with us in the rights of American citizenship an inferior race. The negro race, which is incapable of either comprehending or maintaining any form of government-by whom liberty is interpreted as licentiousness-is sought to be exalted, even at the cost of the degradation of our own flesh and blood.

We all remember with what intense satsfaction a recent order of the Secretary of State, Mr Seward, one of the chief clerks of the President, was received in certain quarters, because it declared that no fugitive slave should be retained in custody House. Those gentlemen dare not let longer than thirty days, unless "by special order of competent civil authority."

That I may do no injustice to the head of the State Department and his unwarranted assumption of power, I quote the official paper itself :

"DEPARTMENT OF STATE, ? "IVashington, January 25, 1862. "SIR: The President of the United States being satisfied that the following instructions contravene no law in force in this District, and that they can be executed without waiting for legislation by Congress, I am directed by him to convey them

"As Marshal of the District of Columbia, you will not receive into custody any persons claimed to be held to service or no statement that I have not received and not charged with any crime or misdemeanor, unless upon arrest or commitment pursuant to law, as fugitives from such service or labor; and you will not

to be made of this order, and at the expiration of ten days therefrom you will apply the same to all persons so claimed to be held to service or labor, and now in your custody.

"This order has no relation to any arrests made by military authority.

"I am sir, your obedient servant, "WILLIAM II, SEWARD." Privileges for the Negro-Oppression for

the White Man. While Mr. Seward was issuing this order for a general jail delivery of the negroes, he was also sending, under a usurpation of power, and in violation of the laws and the Constitution, hundreds of the prisons in this District and throughout the loyal States. Against many of these white men and white women thus incarcerated by this despotic Secretary of State, no charge has ever been made; they are imprisoned without the form or authority of law, and thus the personal liberty of the Caucasian is ruthlessly violated, while the African is most tenderly and carefully guarded, even to the nullification of State enactments and the national statutes. Let a rumor become current that a negro has been deprived of personal liberty-either Delaware or Maryland. in this District or anywhere else-and there are dozens of Republican members upon this floor striving to obtain the attention of the House while they may offer resolutions inquiring by what law, by whom, when and where these objects of their undivided affections may have been arrested. But never yet has any of these philanthropic gentlemen made inquiry for the law and or authority under which white American citizens have been kidnapped by the State Department, dragged from their homes, and left to pine, and die perchance, in some of the many bastiles which this Administration has estab-

In this District you have abolished sla very. You have abolished it by compensation, by adding \$1,000,000 to the national debt, and a tax of \$73,000 to be paid annually, as interest upon this sum, by taxes imposed on the laboring white pcople of these States. Not satisfied with doing this much for your especial favorite, the hospitality of the Government to all Welles, as follows: the runaway negroes in this country who choose to visit the District of Columbia. You issue rations to them day after day, be paid for through the sweat and toil of the tax ridden white men. You are thus supporting in indolence hundreds upon hundreds of black men. How many and at what cost I am unable to state, because when a resolution, asking for this information, was introduced by the honorable gentleman from Ohio, (Mr. Cox,) it was immediately tabled by the Republican majority upon the other side of this this information go to the country; they shrink from the exposure which a truthful reply to such inquiry would make, The resolution of Mr. Cox also asked for the number of negroes employed as teamsters in the army, and at what wages; but this was equally objectionable, for it would have illustrated the fact that nogroes by the hundred are receiving better pay as drivers than our own white sons and brothers are for periling their lives as soldiers in the defence of the Union

Wherever you find our army, with one or two honorable exceptions, you will find that hundreds of rations are being issued daily to unemployed negroes who rendezvous in and about the camps; wherever the army is they are being employed in various capacities at good wages, and to the utter exclusion of white labor, that now languishes in irksome idleness throughout our country. I state therefore, and I think truthfully, that the Government is already paying \$100,000 per citizen, perhaps a father or brother, des. day for the support and employment of ires to visit a relative or acquaintance in negroes-paying it, too, out of money the military service of this Government, raised through the toil, deprivation and

As he closed with a two years sentence in the penitentiary, she yelled out, "can't you give me a longer sentence, you d-d old-" and let fly four or five stones one after the other like lightning. The Judges ducked their heads and dodged, barely escaping a hit. Then she bounded like a wild-cat for the Jude and actually got partly behind the benefit before she was seized and held, while all yelled and struggled with the strength of a strong man. We never saw such de peration. She would no doubt have stabbed the Judge if she had been armed.
