THE NEW YORK WORLD. [From the True Citizen (New Britain, Conn.)] Some nine or ten months since we, like a large per four fellow citizens, received our daily news movements of our armies from the New-Yoyk pools of the "on to Richmond" class, but we become so disgnsted with the senseless outery—which taken up for a time by nearly the weele nation, proved so terribly effective in driving our eneny on to the dereat of Bull Rm and also at the persistant fault-finding with and abuse of fresident Lincoln and the leading Generals of the army, that we took up, as we then supposed, with their slower and more respectable rival. The Work, We slower and more respectable rival, The Work, D. asty remarks we desire certifully to recombine to adors the New-York World as one of the best, of the very best daily journal in the country. #### Choice Wheat. Why sow the Lineaster, when you can

procue Wheat, yielding double the amount per acre. READ THE FOLLOWIN CERTIFICATE FROM EXPERIENCED FARMERS: WE, the undersigned, Farmers, residing in the county

WE, the undersigned, Farmers, residing in the case of Northunberland, do certify, that we purchased of Aanos Wolf, a new article of White Egyptian Boarded Wheat, last Fall, and find it far superior to anything grown in this section. The stem is tail and strong ripen with as to defy the insiduous altack of the Hessia grown in this section. The stem is tail and strong ripes to carly as to dery the insiduous attack of the Hessal Piy and Weevil, and will yield at least, one-third mo to the acre than any other wheat now grown in this section of country. We would conservily recommend to our agricultural friends, throughout the State, as every way worthy of their careful attention.
