

FATTETING HOGS. Grass is an excellent thing as food for hogs, but I connot spare mine from the PRINT 'FROM 7 TO 12' ets A YARD. manure heap to collect the grass for them. Cassimers, selves; but instead of this I always retain a portion of one of the two fields in close proximity to the pen, and cut a portion every morning for them, and place it in a strong upright rack, where Groceries, they have free access to it at all times of the day and night. In this manner I can, with the addition of what slops is made about the house, keep four pigs in good order from the middle of May to the middle of September. One pig, which I fed in this way last summer, gained eighty six pounds during the above time. I consider that the addition to the amount of the manure will amply compensate me for the additional time, (about one fourth of an hour before breakfast every day,) which is required by this plan of feeding.

I consider apples at fifty or sixty cents per bushel'as worth more than corn for fattening pigs,and think the pork so made of a better quality.

superior, bushel for bushel, than corn alone. For young and growing pigs, it forms the best food with which I am acquainted, especially if mixed with milk. Farmer and Gardener.

#### FEEDING OATS TO HORSES.

horse produces different effects according | to the time they are administered. I have made the experiments on my own horses, and have always observed there CALICOE . is in the dung a quantity of oats not digested when I purposely gave them water after a feed of oats. There is, then, decidedly a great advantage in giving horses water before corn. There is another bad habit, that of giving corn and hay on their return to the stable after hard work .---Being very hungry, they devour it eager. ly, and do not masticate ; the consequence is it is not so well digested and not nearly so nutritious. When a horse returns from work, perspiring and out of breath, he should be allowed to rest for a time, then given a little hay, half an hour afterword water, and then oats. By this plan water may be given without risk of cold, as the oats acts as a stimulant. Journal d' Agriculture.

## AYER'S CATHARTIC PILLS.

<image><section-header><text><text><text><text>

From a Porssording Merchant of S. Louis, Fb. 4, 1895, Dr. Arm: Your Pills are the paragon of all that is prest in medicine. They have cured my little daughter of ulcores sorce upon her hands and feet that had proved insurable for years. Her mother has been long griev-ously afficted with bloches and pimples on her stin and in her hair. After our child was cured, she also infed your Pills, and they have cured her. ARA MORGRIDOR.

As a Family Physic.

From Dr. E. W. Cornwright, New Orleans, Your Pills are the prince of purges. Their excellent qualities surpass any estimatic we posses. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of discuss.

treatment of disease.
Headache, Sick Headache, Foul Stomach. From Dr. Edward Dayd, Baltimore.
Bass Biss. Arms: I cannot answee you what complaints I have cured with your Pills better than to say all that we ever treat with a puryative medicine. I place great depen-dence on an effectual cathartic in my daily contest with disease, and believing as I do that your Fills afford us the best we have, I of course value them highly.

DE. J. C. ATEL. SIT: I have been repeatedly used of your beauto the worst headache any hody can have by a dose or two of your Pills. It seems to arise from a foul storand, which they cleanse at once.

#### Yours with great respect, ED. W. PREIME, Clark of Steamer Clarke

Clark of Steamer Clarker, Billous Disorders - Liver Complaints. From Dr. Theodors Bell, of New York City. Not only are your Fills admirably adapted to their pur-pose as an aperient, but I find their beneficial effects upon the Liver vory marked indeed. They have in my prac-tice proved more effectual for the cure of bilious com-plaints than any one remedy I can moniton. I sincerely register that we have at length a gurgative which is wor-thy the confidence of the profasion and the people.

The conduction of the probasion and the proper DEFARTMENT OF THE INTERIOR, Washington, D. C., 7th Feb., 1856. Firs I have used your Fills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartie we employ. Their regu-lating action on the liver is quick and deside, come-quently they are an admirable remedy for deraugements of that organ. Indeed, I have soldom found a case of *discut discus* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D. *Phyteina of the Marine Hoghas*.

### Dysentery, Diarrhea, Relax, Worms,

From Dr. J. G. Green, of Chicogo. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperiants I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small does for billous dysenlary and diarrham. Their sugar-conting makes them very acceptable and convenient for the usu of women and children.

#### Dyspepsia, Impurity of the Blood.

Dyspepsin, impurity of the Blood. From Rev. J. V. Hines, Futor of Advent Church, Rotna, Dn. ATER: I have used your Pills with extraordinary success in my family and among those I am called to visi in distrase. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855. Dran Sm : I can using your Cathartie Pills in my pro-iles, and find them an excellent purpative to cleanse the system and purify the foundation of the blood. JOHN G. MEACHAM, M. D.

Constipution, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Drop-sy, Paralysis, Fils, etc. Pron Dr. J. P. Vaughn, Montreal, Canada. Too much cannot be said of your Pills for the cure of conference. If others of our fraternity have found them as efflections as I have, they should join me in proceedim-ing it for the benefit of the multitudes who suffer from that complaint, which, although had enough in itself, ha the progenitor of others that are worse. I believe cos-dicenses to originate in the liver, but your Pills affect that crant and euro the disease.

#### NUMBER OF HORSES IN THE WORLD.

The general estimate has been eigh to ten horses in Europe for every hundred inhabitants. Denmark has forty five horses to every hundred inhabitants, which is more than any other European country. Great Britain and Ireland have 2,500,000 horses; France 3,000,000; Austrian Empire, exclusive of Italy, 2,-600, 000 ; Russia, 3,500,000. The Uni ted States have 5,000,000 horses, which is more than any European country .--The horses of the whole world are estimated at 57,420 000 .- Goodrich.

### KEEPING FRUIT.

We all know the difference in flavor of a perfectly sound and plump fruit, and that which is withered and the flavor gone. To keep well for a long time, it should be kept as much as possible from the air, and various methods have been resorted to, by packing in bran, chaff, meal &c., with different results. Immersion in water has succeeded in some cases with much satisfaction ; also burying in the earth in packages. For packing material, when left above ground, nothing can excel common land plaster as ground to apply to the land. When enrefully packed, and the fruit sound, it will last a long time.

new Treat your familys kindly, but put your horses and eattle nightly to the rack. Of every description, for sale at this office
